Please respond to this letter by amending your registration statement and providing the requested information. If you do not believe our comments apply to your facts and circumstances or do not believe an amendment is appropriate, please tell us why in your response.

Amendment No. 5 to Form S-1

Our warrants are expected to be accounted for as equity..., page 63

1. We note your risk factor that currently your warrants are expected to be accounted for as equity in your balance sheet, but you cannot guarantee that your warrants would not be classified as liabilities. We further note your disclosure that if auditors of a potential target disagree or the SEC issues a statement in the future, it could result in different accounting treatment and you may need to restate your financial statements. These statements appear to qualify the accounting treatment of the warrants. Please tell us how this disclosure is appropriate in light of the audit report that states the financial statements are the responsibility of management and in which your auditor opines that the financial statements present fairly, in all material respects, your financial position and the results of your operations and cash flows in conformity with accounting principles generally
