## THE RUNDOWN

### THE PROBLEM

- The plastic straw you use today will be around longer than your bones... and your children's
- The amount of plastic produced every year is equivalent to the weight of the entire world's population
- "I love soggy straws"... said no one ever
- Sippy cup lids and going straw-less excludes disadvantaged groups

### WHAT WE ARE

- Solutions that don't ask you to learn something new or change your actions/behavior
- An ecosystem – the Shopify for sustainable product globalization – to bring to the world Vietnam and Southeast Asia's best innovation from every corner of the world, no matter how small
- A brand
- Female and minority-founded

Started in 2020 by:

### THE OPPORTUNITY

- Sweeping government bans make single-use plastic alternatives MANDATORY – people will be forced to make a change
- Disposable drinking straws, cutlery and dishware categories are still growing, especially during COVID, despite years of reusable alternatives

### WHAT MAKES US DIFFERENT

- High quality control
- Local farming support
- Variety of materials
- On-the-ground team
- Promoting a circular economy
- Easy, no-brainer solutions
- Vision for mass adoption through affordability and accessibility
- Long-term brand building
- Exclusive supply and distribution
- World-class team balancing profit and purpose

#### Driven by:

- 1) Building a more sustainable world for her nephew
- 2) Creating jobs in her parents' home country of Vietnam and raising the country's profile as a global leader in sustainability
- 3) Changing the sustainable industry's all-or-nothing dogma approach to consumers and standard branding
