## Strategic Stock Selection

- High-quality businesses trading at a significant discount relative to their intrinsic value
- Small-cap companies which offer the greatest upside potential
- Concentrated, high-conviction portfolio based on rigorous investment criteria

## Drive Value Through Activism

- Align the interests of companies' boards and management with those of shareholders
- Have successfully placed more than 30 new board members at our portfolio companies – over 40% have been women and/or ethnically diverse<sup>2</sup>
- Enhance and accelerate value creation through a variety of activist strategies

## Aligning with Long-Term Goals

- Top 5 institutional investor in Genesco with 5.9% ownership<sup>3</sup>
- Legion executed a prior campaign to increase Genesco's shareholder value
- During Legion's first campaign, Genesco sold the underperforming Lids business for \$100 million – repurchased shares which significantly boosted ROIC

Note: 1. As of May 31, 2021; 2. This includes board members placed due to Legion settlements through April 2021;  
3. Represents 888,680 shares in aggregate

# Legion's Track Record of Success in Consumer and Retail Space

Approximately \$0.6 billion of value for stockholders has been generated since Legion's initial involvement in October 2016; stock price has increased 184%

**PERRY ELLIS**

Approximately \$210 million of value was generated for Perry Ellis stockholders from Legion's initial involvement with the Company in March 2014; stock price increased 97% until going private

# Legion's Nominees Have the Right Mix of Skills and Experience

## Marjorie L. Bowen

Corporate governance and qualified NYSE and NASDAQ financial expert with 20-year career in investment banking at Houlihan Lokey

## Margenett Moore-Roberts

Recognized leader in inclusion and diversity with experience across data & technology, digital media, software development, and marketing services

## Dawn H. Robertson

Experienced C-level executive of major retailers with extensive turnaround experience at Old Navy, Myer, Sak's Avenue, OCM, May Dept Stores, and Macy's

## Hobart P. Sichel

Former Chief Marketing Officer at Burlington and a key member of the leadership team that turned the business around and IPO'd the company

# Business Overview

**Genesco is a retailer and wholesaler of footwear, apparel and accessories in a holding company structure**

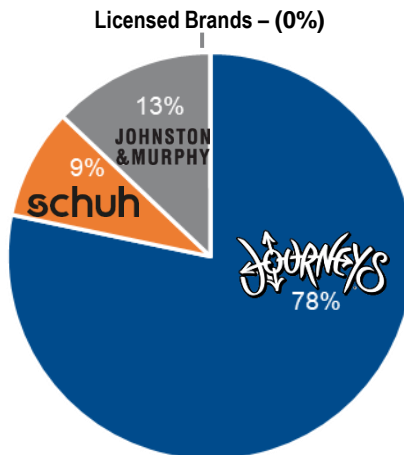

- Leading children's and teens' footwear retailer headquartered in Nashville, TN
- Owns brands well-recognized by consumers
- Key company statistics (pre-COVID)<sup>1</sup>
  - Revenue of \$2,197mm
  - Adj. EBITDA of \$146mm

**Sales by Category<sup>1</sup>**

**EBITDA by Category<sup>1</sup>**

**Physical vs Online Sales<sup>1</sup>**

**Genesco has been plagued by an extraordinarily long history of value erosion as a result of “Group Think” and a myopic Board’s blind adherence to an ill-conceived and underperforming business strategy**

Source: SEC Filings, Legion Partners’ Estimates  
 Note: 1. Results shown for FY 2020, the year ended February 1<sup>st</sup>, 2020 or the most recent fiscal year pre-COVID

**This campaign is about breaking up an insular, interconnected Board that has kept Genesco from achieving full value by maintaining a costly conglomerate structure lacking in synergies**

# Legion's First Campaign to Unlock Value at Genesco

## Legion launched its first campaign at Genesco in late 2017

- Legion owned ~5% of GCO shares in the first campaign
- GCO agreed to increase the size of the Board by two directors and appointed two Legion candidates, Marjorie L. Bowen and Joshua E. Schechter, to the Board
- Legion pushed GCO to make organizational changes including selling underperforming businesses
  - GCO announced the sale of Lids, its struggling hat retailing business, for ~\$100 million in cash in December 2018 and received another \$29 million of tax benefit
  - The Company used the cash generated by the sale to implement share repurchases that represented ~25% of shares outstanding at that time
- Legion completed the first investment in early 2019 with the stock price up ~75% from \$25+ to \$45+

## Current campaign is focused on rebuilding a broken board, adding new nominees who have the experience and independence to evaluate all opportunities to unlock full value, including a full strategic review of non-core assets

- We don't believe a real comprehensive strategic review has ever been conducted
- It is time for GCO to eliminate its value destroying conglomerate structure that is devoid of meaningful synergies

### First Campaign – Limited Progress

### Current Campaign – Full Strategic Review

# Why Are We in This Proxy Contest?

## Poor Track Record & Conglomerate Structure

- Chronic underperformance vs. peers and relevant indices over an array of near-term, mid-term and long-term horizons
- The underlying footwear businesses have weak synergies and low strategic value to one another
- Journeys, which is the largest segment, has been substantially under-managed for years
- Genesco's expense structure is bloated and while management promised to fix this during our first campaign, the bloated structure has not been addressed

## Board Is Broken & Needs Refreshment

- Board has consistently been comprised of directors with professional or personal connections to other board members or management, creating a lack of independent and diverse perspectives
- When we learned the Board intended to unilaterally add 3 new directors, we were prepared to settle for a single board seat, which GCO proposed, if 20-year veteran Board member Matthew C. Diamond would agree to leave the Board by next year's annual meeting – **the Board chose to fight and spend \$8.5mm to protect Mr. Diamond**
- The Board's recent refresh was reactive and flawed – two newly appointed directors seem to have close ties with management and the Board, and four long serving directors, with irrelevant skillsets, will remain in control of the Board unless our nominees are elected

## Our Nominees Can Create Value

- Our nominees have spent months studying Genesco's underperformance
- They believe there are substantial opportunities to significantly improve Genesco
- The nominees have ideas to address ESG issues, simplify the corporate structure, improve operations, and monetize real estate
- We believe our nominees' value creation ideas can improve EPS to over \$13 per share<sup>1</sup> and yield a stock price of over \$100<sup>2</sup> in three years

**Shareholder-driven Board change is needed to break-up a dysfunctional Board which seems more interested in preserving the status quo than driving long-term shareholder value**

# We Believe Numerous Issues Weigh on GCO's Valuation

## We believe the Board has failed for years to add directors with the right experience and skill sets relevant to the Company's business

- **Conglomerate Structure Destroying Value:** Genesco is a conglomerate of very different footwear businesses with few synergies and an expensive and poor performing corporate center
- **No Credible Strategy to Fix Valuation:** The Company didn't appear to have a strategic plan in place to improve operations and shareholder value until 2020, and the newly introduced "six pillars" show little signs of working, even though GCO tried to take digital growth credit from COVID and EPS growth credit from share count reduction pushed by investors
- **Questionable Capital Allocation:** The Board has historically approved acquisitions that have either generated poor returns or their performance cannot be assessed due to management's poor disclosure – many times both
- **Poor Strategic Oversight:** The Board has overseen a heavily delayed transition to digital, undisciplined CapEx spending, poor M&A decisions, and a bloated cost structure
- **Misaligned Executive Compensation:** Overly complicated executive compensation program that has paid increasing "performance" awards while operating results deteriorated
- **Confusing Investor Communications:** Management has not held an investor day in more than a decade, and has been reluctant and unclear when answering questions from sell-side or investors

**At its core, this is a failure in governance**

# Executive Compensation Paying for Underperformance

Genesco's executive compensation appears to serve executives instead of shareholders – our nominees will seek to redesign executive compensation to better align with performance

NEOs' Compensation vs. Operating Profit

Top 5 Comp (\$mm):

*Top 5 executive compensation has increased by 43% while operating profit declined by 49%*

## Current Plan

- Base Salary

---

- Annual Incentive Bonus
  - Overly complicated EVA structure

---

- Stock Based Compensation
  - Restricted stock
  - Zero performance vesting

## A Better Plan

- Base Salary

---

- Annual Incentive Bonus
  - Sales + EBITDA margin + FCF goals (incl. inventory)
  - Individual goals including ESG and D&I targets

---

- Long-Term Incentive Plan
  - Restricted stock
  - Performance vesting metric: 3-year ROIC metrics

# Genesco Has No Discernible ESG Program

Genesco announced an ESG subcommittee only in June 2021, led by two lackluster incumbent directors, Marshall Jr. and Barsh, with no announced goals, targets or framework

# III-Conceived and Inefficient Footwear Conglomerate Structure

Genesco is a conglomerate of two very different footwear businesses supporting an expensive and poor performing corporate center

Sales: \$2,197mm  
EBITDA: \$146mm

Corporate center that sees itself as a private equity firm, making acquisitions, allocating capital between and within the two businesses and poorly shared services  
EBITDA: (\$38mm)

**Footwear Retailers**

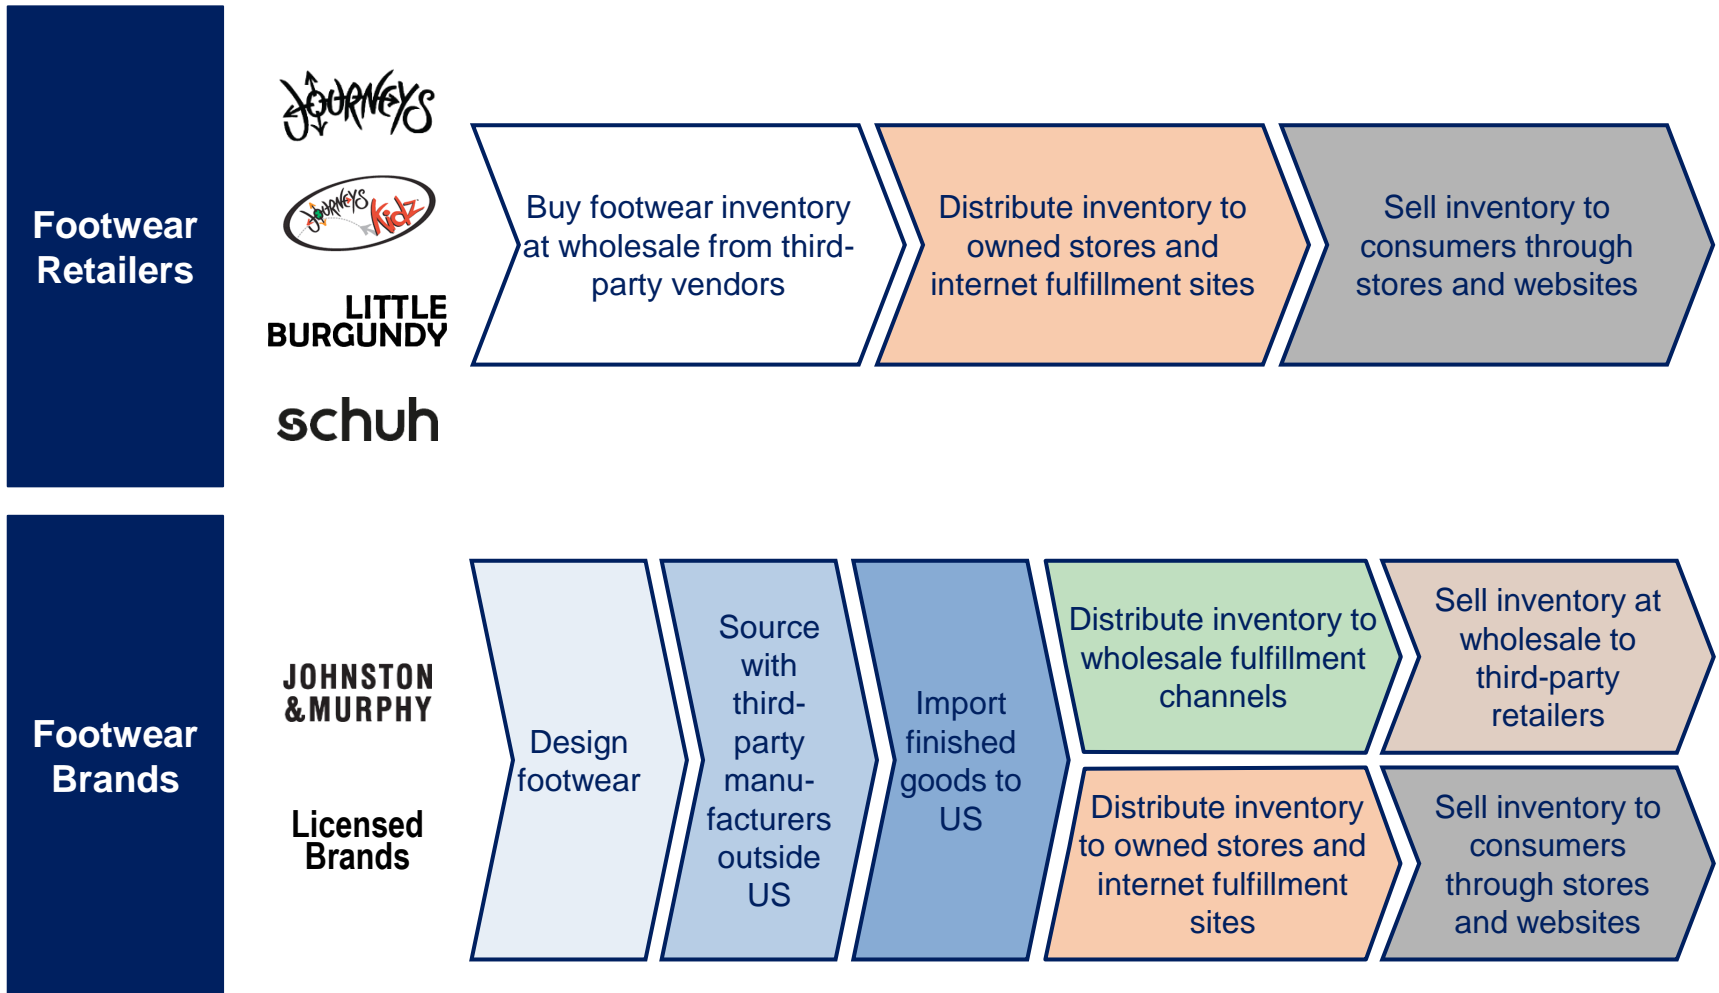

Sales: \$1,835mm  
EBITDA: \$160mm

**Footwear Brands**

Sales: \$301mm  
EBITDA: \$24mm

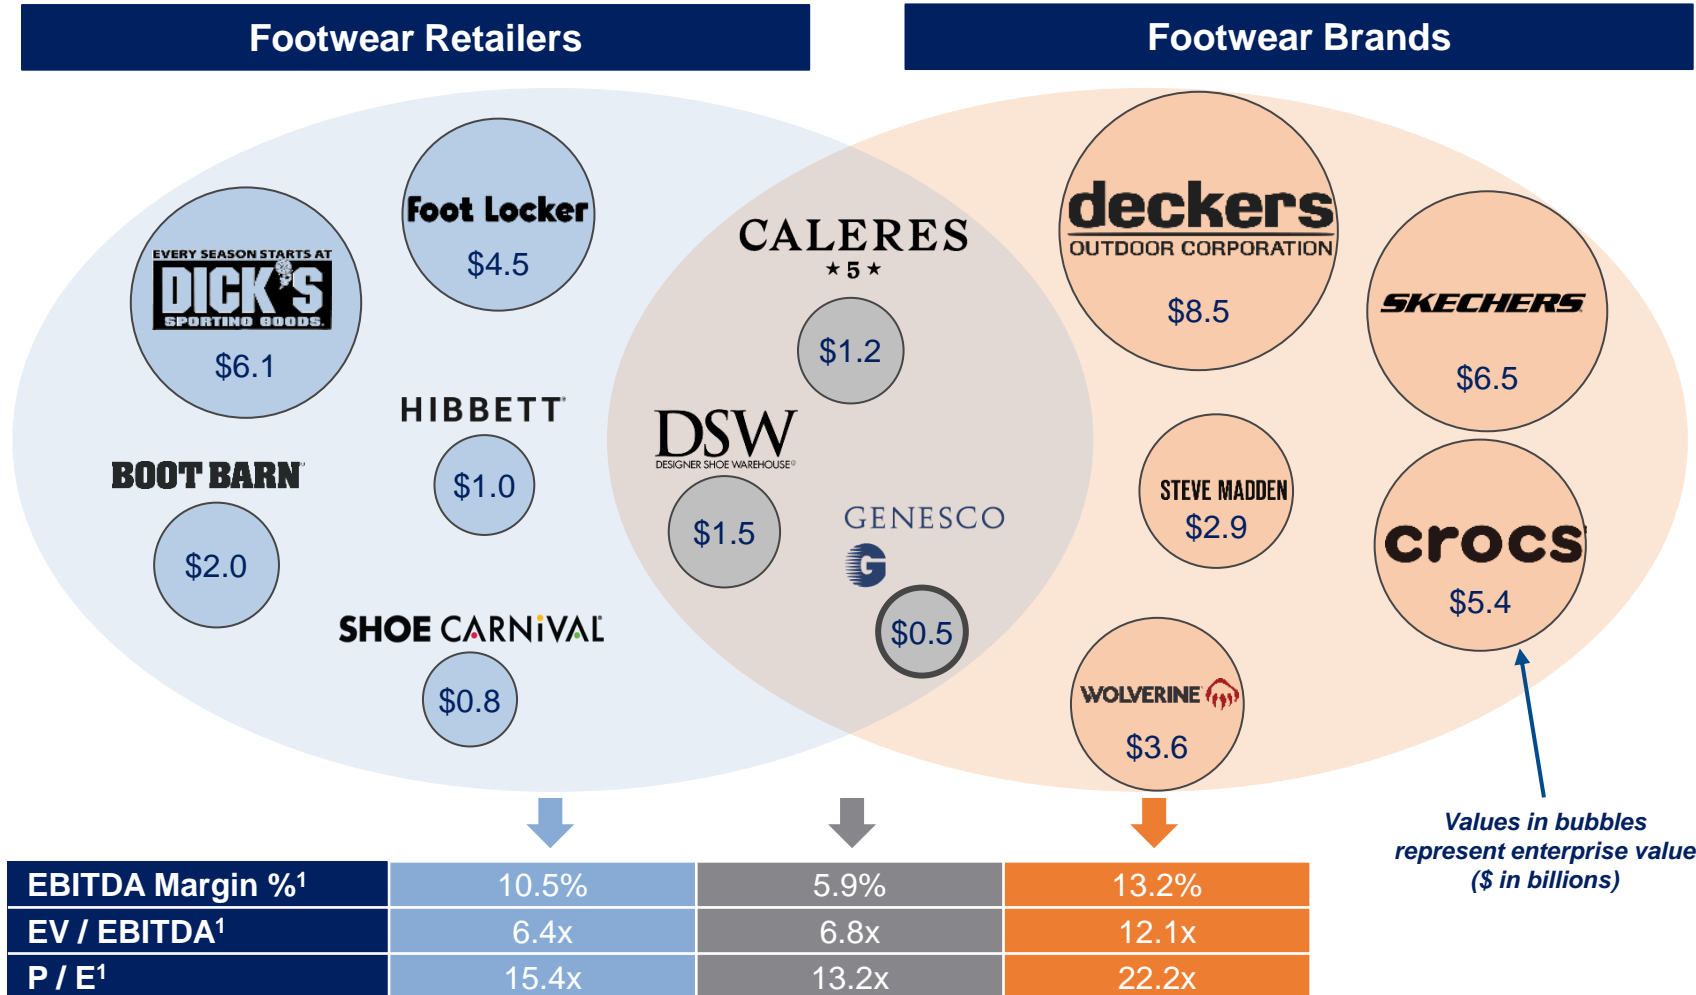

# GCO's Disparate Segments Have Almost Nothing in Common

The underlying value chains of GCO's two businesses are completely unrelated

# Conglomerates in Footwear are Rare and Destroy Value

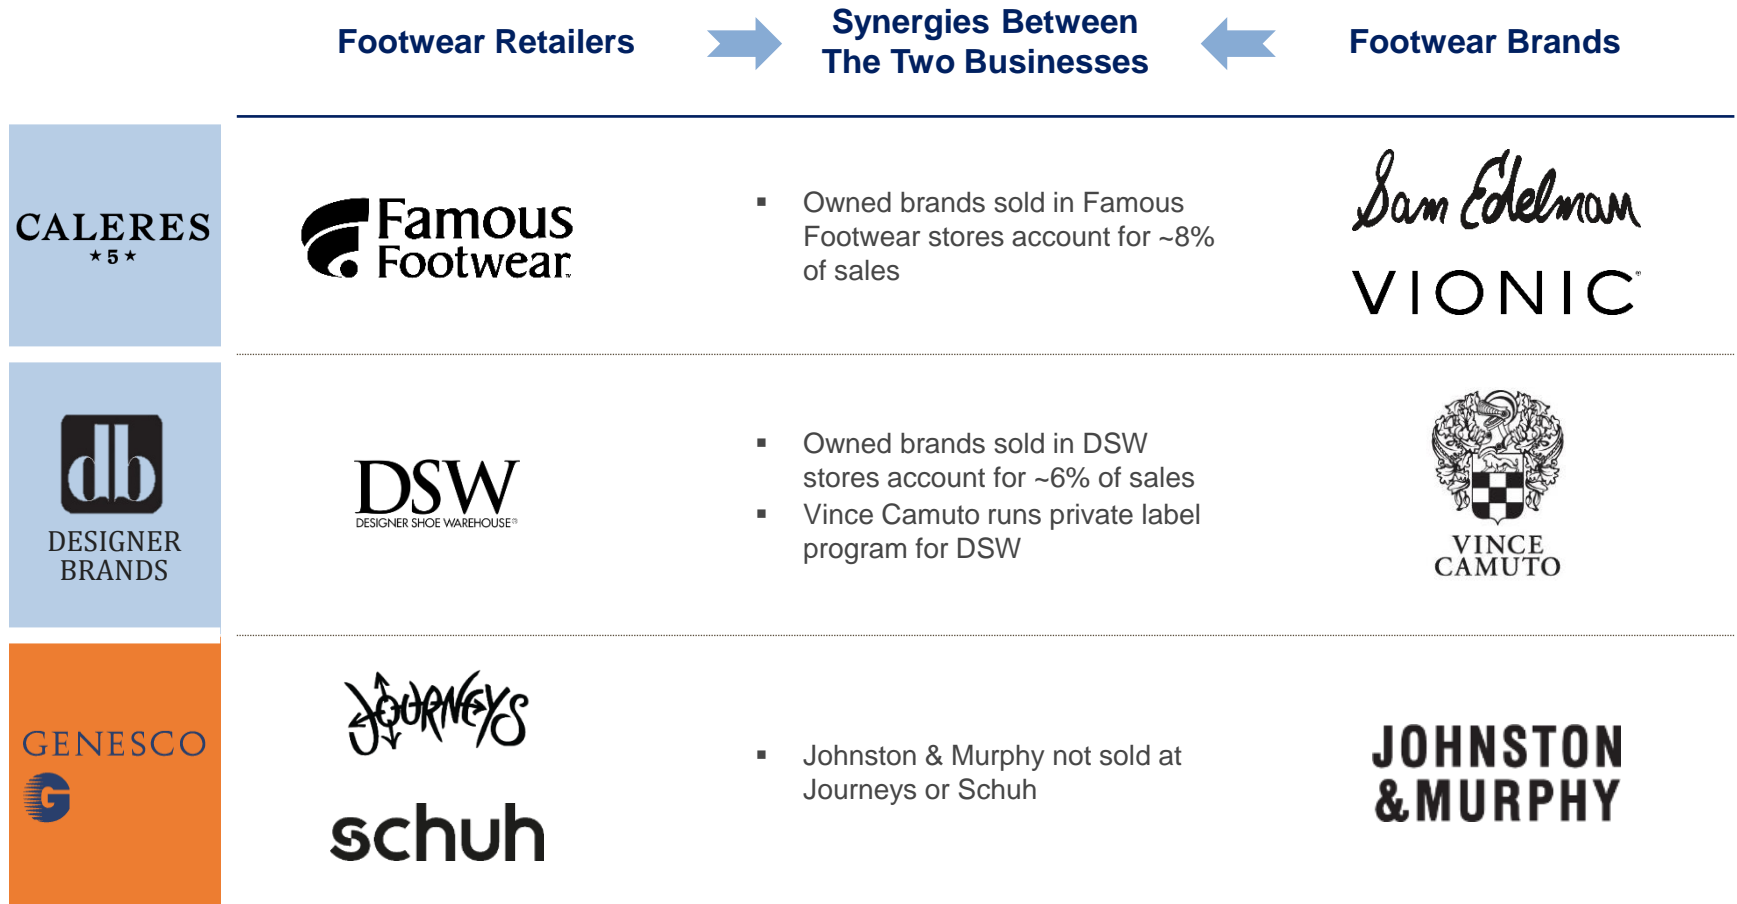

Most of the players in the US footwear industry do not straddle the two business models and the few that do, like GCO, underperform

Values in bubbles represent enterprise value (\$ in billions)

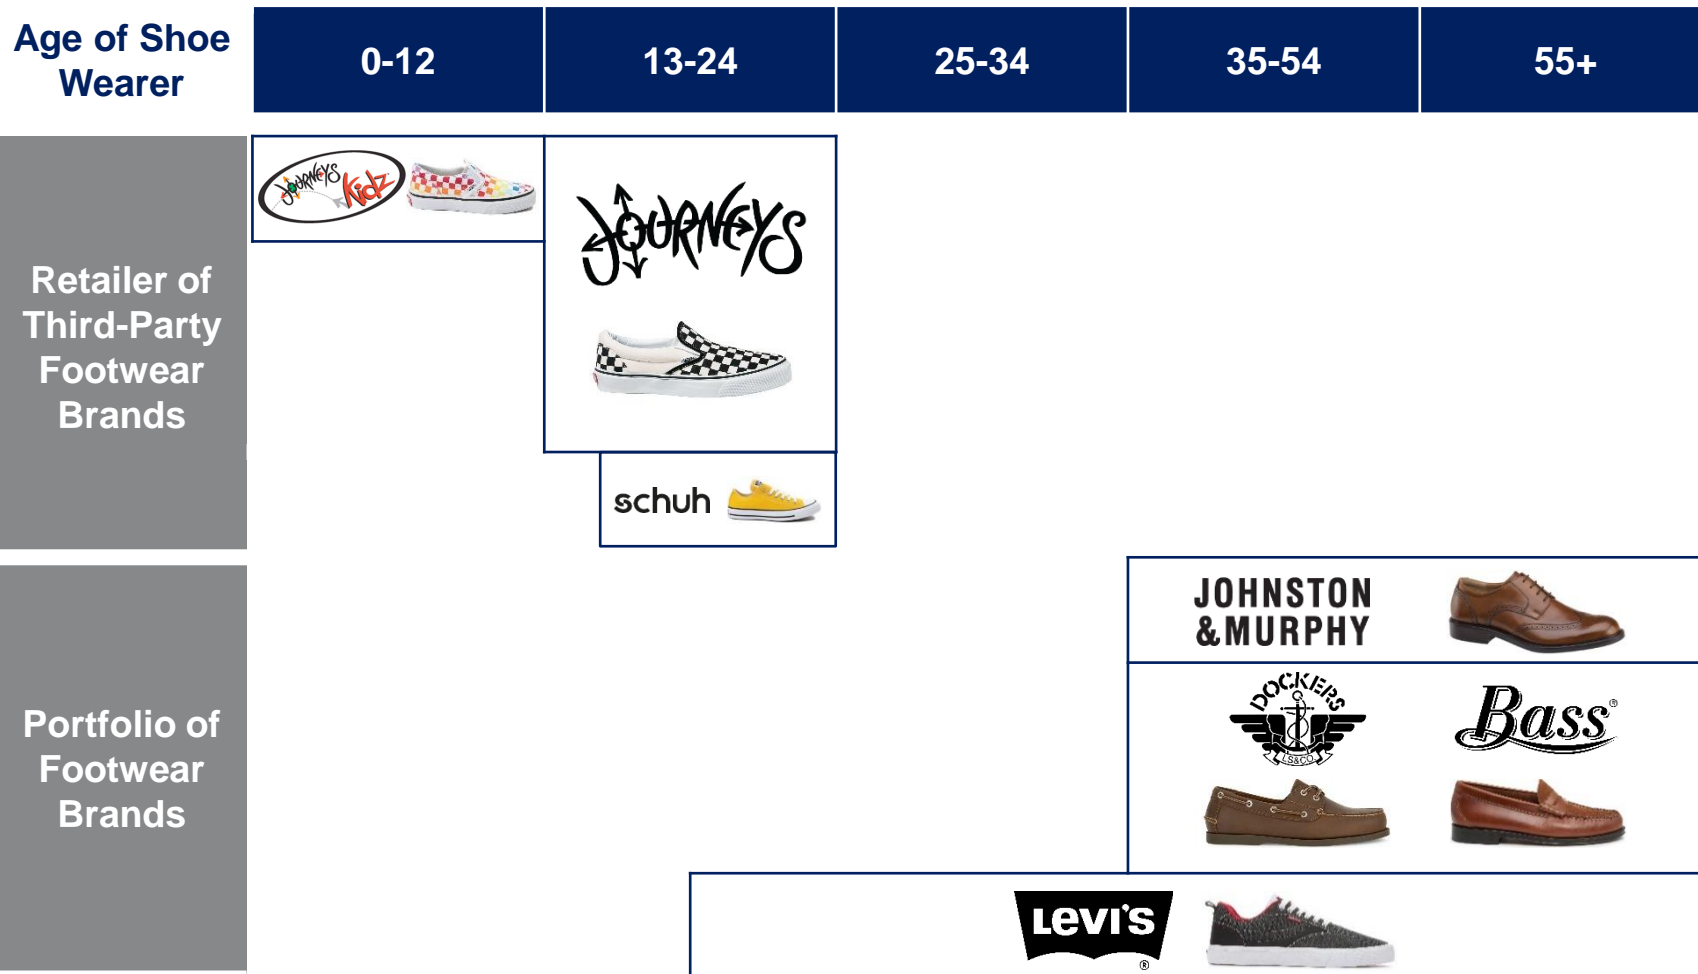

# Genesco Lacks Typical Synergies

Of the three US footwear companies straddling the two business models, Genesco has the least synergies

# Segments Lack Meaningful Demographic Overlap

There are no synergies between Genesco's two businesses because they target very different customer demographics

# GCO Structure Explained By Former CEO and Chairman

Robert J. Dennis promoted and closely mentored fellow McKinsey alumni Mimi E. Vaughn to ultimately lead Genesco – the structure they have implemented is more akin to a private equity firm than a footwear operating company – the Company continues to highlight this portfolio operating structure in its May 2021 Company Overview

*“We are structured so that we...we’re not a holding company, but directionally we are like that.”*

*“I have four operating heads who run businesses.”*

*“I went around to each of the business managers, and I listened a lot to what they thought their opportunities were and asked them specifically how they could be most successful operating, and they all told me a certain degree of independence.”*

*“We are structured very much by saying to the operating heads – You are in charge of your businesses!”*

*“I get involved in pretty much zero operating decisions.”*

Robert J. Dennis, Former Chairman, President & CEO

Genesco Company Overview, May 2021

Genesco

Meaningful Synergies  
Across our Footwear  
Focused Portfolio

**Genesco is a holding company with little operational role beyond simply allocating capital and its track record on that is poor**

# GCO Justifies Its Conglomerate Structure with Illusory Synergies

Synergy Cited By Management	Management Quotes	Reality
Product / Vendor Synergies	 <i>"Since Journeys and Schuh enjoy significant overlap in their vendor base, their combined scale allows for stronger brand relationships"</i>	<ul style="list-style-type: none"> <li>Despite claiming substantial vendor synergies, Schuh has been unable to get adequate inventory on top-selling items on many occasions</li> </ul>
Strategic Initiatives	 <i>"Journeys and Schuh have also benefited from exchanging ideas and sharing strategic initiatives"</i>	<ul style="list-style-type: none"> <li>Retailing ideas can be picked up without owning the source of the ideas - it may actually broaden perspectives to look beyond what Genesco's owned subsidiaries are doing</li> </ul>
Wholesale Relationships – Between Trask & J&M	 <i>"Our developing Trask brand is sold at Nordstrom and Dillard's today, helped by access through strong J&amp;M wholesale buyer relationships"</i>	<ul style="list-style-type: none"> <li>Recent Trask closure eliminates this purported synergy and calls management's plan to build branded portfolio into question</li> </ul>
Sourcing Platform	 <i>"One of the top sellers in J&amp;M's factory stores today is a huge source by Licensed Brands, which has greater capability to hit more moderate price points"</i>	<ul style="list-style-type: none"> <li>We would recommend evaluating strategic opportunities for J&amp;M and Licensed Brands together to preserve such synergies, if any</li> </ul>
Operational Best Practices	 <i>"We saw the effectiveness of using traffic counting data in Schuh, which helped inform the ROI potential for investing in these capabilities elsewhere"</i>	<ul style="list-style-type: none"> <li>After owning these businesses, enough time has passed to capture operational best practices – external thought partners can be brought in to help in future as needed</li> </ul>
North American Shared Services	 <i>"We have a shared services platform across our North American operations that encompasses logistics, HR, IT, legal, financial services..."</i>	<ul style="list-style-type: none"> <li>This is not a valid reason to justify a business combination - this would argue that McDonald's and Exxon could merge and find synergies too</li> </ul>
Technology	 <i>"This is an important area of synergy...particularly in an omnichannel world where ongoing investment is necessary to be competitive and small businesses can't afford what is required"</i>	<ul style="list-style-type: none"> <li>We believe the businesses have enough scale to support required technology – there are many smaller companies profitably operating with similar technology needs</li> </ul>

# To Fix the Company, We Must Fix the Board

We are seeking to replace **FOUR** incumbent directors, the majority of whom have led the Board over long periods of underperformance and appear to lack experience that a modern footwear retailer would require

**Matthew C. Diamond (52)**

**Relative TSR: (3,446%)**

*Lead Independent Director & Chair of Nominating and Governance Committee*

**Director since 2001 (20 Years)**

- ✗ Career in digital media and marketing – has been unable to translate his background to help Genesco's failing digital initiatives
- ✗ Piles of lawsuits alleged – failure to pay, breach of fiduciary duties, fraud claims and copyright infringement
- ✗ 20-year tenure affects Diamond's independence, and he is not the logical choice for Lead Independent Director or to lead the Board's recent unilateral refresh

**Thurgood Marshall, Jr. (64)**

**Relative TSR: (258%)**

*Member of Compensation Committee*

**Director since 2012 (9 Yrs.)**

- ✗ Career lawyer and lobbyist at Morgan, Lewis & Bockius LLP, a firm Genesco paid for services for many years, with no other retail or consumer experience
- ✗ Serves on the board of CoreCivic Inc., an operator of private prisons, with former Genesco Chairman and CEO Robert J. Dennis
- ✗ ISS has recommended CoreCivic shareholders withhold votes for Mr. Marshall, Jr., citing **material governance failures** for four straight years, from 2017 to 2020

**Joanna Barsh (68)**

**Relative TSR: (176%)**

*Chair of Compensation Committee*

**Director since 2013 (8 Yrs.)**

- ✗ Career consultant at McKinsey, the same firm where both GCO's current and previous Chairman/CEO, and another GCO executive previously worked
- ✗ During her first year as the Chair of the Compensation Committee, Ms. Barsh approved \$13.1mm in payouts to Genesco's top five executives in 2020, the highest amount since 2014, when operating profit was around half of the 2014 level

**Kevin P. McDermott (67)**

**Relative TSR: (279%)**

*Chair of Audit Committee*

**Director since 2016 (5 Yrs.)**

- ✗ Career accountant at KPMG LLP Nashville, the same office where GCO's previous long-tenured Chair of Audit Committee, William F. Blaufuss, Jr., also worked, with no other retail or consumer experience
- ✗ Served as the Chief Audit Executive for Pinnacle Financial Partners, where long-tenured GCO director Marty Dickens serves as a director
- ✗ ISS and Glass Lewis recommended withhold for Mr. McDermott at Daktronics in 2019 for adopting a poison pill without shareholder approval

# Genesco Stakeholders Deserve New Board Leadership

**We believe Genesco's management, employees, customers and stockholders all deserve new Board leadership that is highly experienced in leading and overseeing retailers**

- **C-Level Retail Operations / Merchandising Experience:** to evaluate Genesco's operational performance and implement detailed value creation ideas to sell underperforming businesses as well as to improve the core business
- **Digital / Technology / Marketing Experience:** to help successfully complete the transition to an omnichannel retailer that has a meaningful digital presence
- **Cost Cutting / Operational Efficiencies Experience:** to help substantially reduce corporate expenses and improve operational efficiencies
- **Capital Markets Experience:** to advise on retail market valuations, capital allocation including divestitures, and to effectively communicate a retailer story to investors
- **Governance and Investment Experience:** to implement a formal ESG framework and reporting structure, transform executive compensation programs to align with long-term value creation, in addition to overseeing a comprehensive strategic review process

**Is it too much to ask that the Company add independent directors not connected through personal or professional connections?**

# Legion's Nominees Bring the Right Skills and Experience to Genesco

# The Value Creation Opportunity

Eliminating the inefficient conglomerate structure, coupled with monetizing non-core assets, share buybacks and operational improvement could lead to significant value creation

The Value Creation Opportunity: EPS Improvement

Source: Legion Partners' Estimates. Note: Status quo EPS of \$4.58 reflects FY 2020 adjusted EPS as reported by the Company. Status quo (adjusted) EPS reflects FY 2020 Adj. Net Income divided by shares outstanding as of fiscal year end 2021. Sale-leaseback assumes \$87mm of share buyback at share price of \$65. Buyback with excess cash assumes \$164mm of share buyback at share price of \$70, allowing the Company to have \$50mm of net cash on balance sheet. Non-core asset sale assumes \$282mm of share buyback at share price of \$75 to \$90 (please refer to slide 136 for details). Corporate cost reduction assumes \$15mm of annual cost reduction. Journeys' margin expansion assumes 100bps expansion vs. FY 2020 (pre-COVID) level. Journeys' sales growth assumes 5% annual growth for 3 years vs. FY 2020 level. All non-reported EPS calculations assume a tax rate of 25%.

# Sell-Side Recognizes the Need for Strategic Review

---

**“I don’t think Genesco is getting lift for owning a brand, Johnston & Murphy...[Genesco] is trading at a retail multiple even though they own a brand. If you were to divest J&M once it rebounds, you could probably get more for that business than investors are giving it credit for now.”**

*May 2021*

# GCO Needs to #GoForward

We urge fellow stockholders to vote the **WHITE** proxy card to elect strong and proven industry leaders to the Board

- **Legion's nominees will seek to:**
  - ✓ Restore profit and revive growth of Journeys through various tactical initiatives such as reducing corporate expenses, accelerating renegotiations of leases, and embracing digital marketing and social engagement
  - ✓ Refine investor communications & materials and boost sell-side coverage
  - ✓ Implement best practices in governance and redesign executive compensation to align with long-term value creation
  - ✓ Explore all opportunities to achieve fair value of GCO stock, including divestiture of non-core businesses, execution of sale leasebacks and improvement of capital allocation efficiency

**Without the spotlight of pressure and meaningful Board refreshment, we fear that GCO will continue to be undermanaged and TSR will continue to underperform**

# Genesco Shares Have Materially Underperformed

## Genesco shares have underperformed retail peers and market indices over the last 10 years (share price adjusted for dividends)

- Significant destruction of shareholder value over the last ten years
- TSR for pre-COVID to Present, three, five and ten-year periods lag relevant peers and the market by a significant margin
- Management's misleading statement – *“Recent momentum exhibited by sequential improvement in every quarter since Q1 fiscal 2021 and one-year stock appreciation of over 150%”* – the appreciation was really due to how poorly Genesco performed during initial phases of the COVID

The cherry-picked short-term performance reflects how poorly Genesco did during initial phases of the COVID pandemic instead of so-called “momentum”

# GCO Focus on Short-Term Outperformance is Misleading

The attempt by Genesco to dismiss its chronic poor stock performance by focusing on the past one year is disingenuous – the highlighted short-term performance reflects how poorly it did during initial phases of the COVID pandemic instead of so-called “momentum”

# Share Price Erosion Impacted by Declining Returns

Annual ROIC<sup>1</sup> and Share Performance

**ROIC has declined since 2012, reaching the level at which it no longer covers the Company's cost of capital; Legion believes the recent recovery was partially due to its first campaign**

## 2 Genesco Has Been A Poor Allocator of Capital

# Board Approved Value-Destructive Capital Allocation

The Board has historically provided little or poor disclosures regarding M&A performance, implying a lack of accountability

- The Company has a history of not disclosing (e.g. Togast) or not taking account of (e.g. Lids / Schuh) a target's poor performance post-acquisition
- While claiming to have various sources of synergies from acquisitions, the Board has never detailed synergy targets or provided updates on post-merger integration processes

Capital Allocation (FY 2012 - 2020)

**What is management saying:** “Yes, we have a really good track record of not sitting on cash. We realize that that's not the way to create shareholder value. In the past, **we have benefited significantly from acquisitions that we've done, Lids was an acquisition, Schuh was an acquisition.**”

– Mimi E. Vaughn, President & CEO and Former CFO, 06/06/2017

**Without substantive change to the Board, we fear stockholders will continue to witness questionable and value destructive capital allocation decisions**

# Acquisitions Have Not Helped Improve ROIC

**Lids**

**schuh**

**Togast LLC**

**Sold at 64% discount to acquisition cost after 15 years of ownership**

**Estimated value at 80% discount to acquisition cost with negative IRR**

**No meaningful cash generation or value creation since acquisition**

**Is there really a reason to be positive based on the performance? “As I said earlier, there are reasons to be positive about each of our businesses in both the near and long term and the opportunity for multi-year margin expansion.”**

– Robert J. Dennis, Former President & CEO, 03/10/2017

Source: SEC Filing , Capital IQ, Legion Partners' Estimates. Note: IRR calculated for holding period for each asset. Cash flows include acquisition costs, CapEx, cash flow generated (NOPAT based on effective tax rate of each year + D&A) and selling price / current valuation including real estate value and tax benefits. Lids IRR is calculated based on its acquisition and divestiture valuation, as well as operational metrics disclosed by the Company. Schuh IRR calculation is based on the acquisition price of £100 million, plus £5 million paid in 2014 as holdback and deferred purchase price payments totaling £25 million, and acquisition cost totaled \$196 million. Please refer to slide 136 for the estimated Schuh's current valuation.

# The Board Has Indulged in Undisciplined CapEx Spending

The Board has historically allowed CapEx that outpaced depreciation and amortization by large margins, and while CapEx accumulated to \$732 million over fiscal year 2012-2020, GCO's operating income almost halved from \$161 million to \$83 million

CapEx vs. D&A (\$m)

FY 2021 CapEx Budget of \$60-65m

**As an example of how the Board has indulged in undisciplined CapEx spending, it approved a \$60-65 million budget for FY 2021 pre-COVID that included \$15 million for the build-out of new headquarters**

## Schuh Mismanagement

# Schuh – A Case of Serious Mismanagement

Genesco announced the Schuh acquisition in June 2011 – after nearly a decade, the business is performing terribly

	At Acquisition	FY 2020
# of Stores	75 <sup>1</sup>	127
Sales (\$mm)	\$271mm	\$374mm
Operating Profit (\$mm)	\$25mm	\$5mm
Operating Margin %	9.1%	1.2%

## schuh

*"Schuh provides us with an immediate and established retail presence in the United Kingdom, a highly experienced international management team, and improved insight into global fashion trends. The concept is similar to Journeys in customer demographics, product offering and operating philosophy, so it is a business we know and understand."*

– Robert J. Dennis, 06/23/2011

**Genesco's inexperienced team ventured into Europe and in the process destroyed a ton of value**

# Schuh – What Went Wrong? Poor Board Oversight

Key Area	Issues
<p><b>Approved the Decision to Expand to Europe</b></p>	<ul style="list-style-type: none"> <li>Management dreamed of Genesco expanding abroad without properly recognizing that European market was very competitive and that the acquired venture was more of a small-town shoe store than a viable growth engine</li> </ul>
<p><b>Approved the Decision to Expand Store Base in Southern UK And into Germany</b></p>	<ul style="list-style-type: none"> <li>Management entered into prohibitively expensive leases in the UK (in and around London area) as well as an ill-fated expansion into Germany</li> </ul>
<p><b>Casted no Doubt on M&amp;A Reason of Visibility into Footwear Trends</b></p>	<ul style="list-style-type: none"> <li>Management claimed buying Schuh would offer fashion perspectives. This is one of the most misguided reasons for doing an acquisition we have ever heard. If you need to monitor European fashion trends – fly to Europe and walk around – it would be cheaper</li> </ul>
<p><b>Casted No Doubt on Vendor Synergies</b></p>	<ul style="list-style-type: none"> <li>Vendor synergies were noted as a key reason for the Schuh acquisition, but instead product availability for Schuh has been a major issue</li> </ul>

CONFIDENTIAL & PROPRIETARY

# Schuh's Expansion Failure

- ◆ Locations before GCO acquisition
- ★ Expansions under GCO leadership

Despite being aware of the challenging UK retail environment especially on High Street as early as 2014, management continued to open stores in the most expensive area in London

*“...this is a business that began in Scotland and worked its way down and now we are growing out southern England, including London. Here is an example of one of our newer stores. **This is much larger than normal because it sits on Oxford Street, which is the closest thing to Fifth Avenue in London. This is our second store on Oxford Street and we have a third one planned.**”*

– GCO at ICR Conference, 01/14/2014

Schuh announced the closure of three stores in Germany in 2019, 4 years after entering the market

*“Over the past few years, these markets have changed considerably in a constantly evolving retail landscape, not least with the impact of Brexit.”*

– Schuh, 05/31/2019

The result was elevated rent expenses hurting Schuh's margins

*“We're attacking Schuh's fixed cost structure with a strong focus on rent reduction. We must renegotiate rents for Schuh's store fleet in order to improve profitability following the ongoing declines in High Street and mall foot traffic, making these rents uneconomical.”*

– Robert J. Dennis, Former Chairman, President & CEO of Genesco, 12/06/2019

# Schuh Is Neither A Margin Story Nor A Growth Story

While Schuh's FY 2020 sales of \$374 million barely grew from \$370 million in FY 2013, average sales per square foot plummeted by more than a half from \$1,163 to \$579 under GCO leadership

*"...our plan on Schuh did not have a lot of operating margin expansion. It's really a growth story."*

*– Robert J. Dennis, Former Chairman, President & CEO of Genesco, 11/22/2011*

# Schuh Failed to Replicate Journeys' Story in UK

Management suggests that part of the reason to own Schuh was to keep up with fashion trends in Europe – however, Schuh seems to be the one that leverages Journeys' assortment instead, which did not line up with management's initial expectations

*"If you look at Schuh over in the UK, the history at Schuh is that the brands they sell have heavy, heavy overlap to Journeys, which is why we bought them 3.5 years ago. But, this year, while the overlap is the same, the trends were quite different. And so, several of the brands that really worked for us here in the US weren't anywhere near as robust in the UK. And so, our assortment was a little less productive."*

– Robert J. Dennis, Former Chairman, President & CEO of Genesco, 01/13/2015

**The “significant overlap” in Journeys' and Schuh's vendor base failed to translate into success**

*"In Q2, Schuh's performance was also impacted by certain vendors' decisions to pursue a scarcity model, limiting supply of some top-selling styles in the UK. As a result of all this, comps for Schuh were down high single-digits, which generated significant expense deleverage in this low-volume quarter. Schuh also needed to take additional markdowns to keep inventory clean, putting additional pressure on margins."*

– Robert J. Dennis, Former Chairman, President & CEO of Genesco, 09/07/2018

**Schuh's operating margin suffered as a result**

## JOHNSTON & MURPHY

### Wholesale Business Has Been Undermanaged

### Retail Store Base Has Substantial Room for Expansion

### Footwear Design Issues

### Women's Business

- Wholesale business has many retail doors to penetrate, and deeper SKU penetration is needed in existing wholesale doors
- Management has been very slow to maximize opportunity to open stores in top malls and noted there were 200+ store locations that could be added
- Introductions during FY 2020 performed poorly as new J&M management has struggled to stay on trend
- J&M aggressively introduced women's category, but it sold poorly and has led to frequent inventory markdowns and liquidations

## Why is Cole Haan outperforming J&M?

- Cole Haan has developed 4 sub-brands, each positioned to appeal to different customer segments and wear occasions
- Cole Haan sells to specialty and off-price retailers far more aggressively than J&M

## # of SKUs<sup>2</sup>

	JOHNSTON & MURPHY	COLE HAAN
DSW.com	15	192
NordstromRack.com	116	649

- Cole Haan is pursuing growth to moderate-priced customer segment, launching in select stores and online at Kohls.com beginning Spring 2021

*“We are delighted to partner with Kohl’s to expand our reach and introduce Cole Haan to their millions of customers across the country. As a leader in national brands, as well as innovation, customer service and technology, Kohl’s is an incredible retail partner for our casual lifestyle assortment. We see this partnership as an excellent way to increase the accessibility of the Cole Haan brand.”*

# Comparison of J&M to Cole Haan

The key difference between J&M and Cole Haan is its leadership and ownership

## JOHNSTON & MURPHY

## COLE HAAN

### Who Owns It?

- Genesco, a conglomerate of two different business models, with the majority of revenue and profit coming from Journeys, a retailer of third-party brands

- Apax Partners, a PE firm with extensive experience in fashion apparel, footwear and accessories
- Investments include:
  - Tommy Hilfiger – sold to PVH Corp.
  - Partnered with PVH in its acquisition of Calvin Klein
  - Current investment in Rue21, Inc.

### Who Is The CEO

- Mimi E. Vaughn, a McKinsey consultant that turned CFO of Genesco
- No brand management experience
- Runs Genesco as if it were a private equity firm with convoluted focus on highly unrelated footwear operations

- Jack Boys, a brand manager who successfully transformed multiple global lifestyle brands including Converse and The North Face
  - Led the turn-around and engineered the sale of Converse to Nike, Inc. in 2003
  - Created and implemented the "Never Stop Exploring" brand and merchandise strategy that led to the successful turnaround and aggressive revenue growth for The North Face brand

### Who Manages The Brand

- Danny Ewoldsen – since 2018
- Works on the retail side of the J&M brand
- No experience as a brand manager

- David Maddocks, an experienced brand manager
  - Chief Marketing Officer at Cole Haan and Converse

## **Journeys Undermanaged And Stagnant**

# Journeys' Business Has Stagnated

Genesco's core business, Journeys, has been the one bright spot at Genesco – However, even this store base has produced highly inconsistent profitability

Journeys' Net Sales and Operating Margin Performance

We believe the “blind” expansion of Journeys stores was the primary reason behind a sharp operating margin decline, serving as another example of the Board's lack of strategic oversight

**While Journeys has a strong, loyal customer base and good sales momentum, we believe there are opportunities for growth and profitability that have been neglected by the Board and management**

# Consumer Feedback on What's Missing Or Broken

Legion Partners conducted a proprietary survey of 252 active Journeys' customers

"Offer military discounts"

"Offer a loyalty program and provide rewards"

"Make the website easier to navigate"

"Add brands such as Nike, Under Armour, Skechers, Asics, and Brooks"

"Add store pickup option"

"Display items in store better – a lot of times things seem crowded"

"Add locations that aren't inside malls"

# Journeys' E-Commerce Business Poorly Managed

Journeys has greatly under-managed digital channels relative to its teen retailer peers or other national brand retailers

# Investor Concern on Lack of Urgency over Digital

Journeys does not appear to be prioritizing a clear strategy for the new digital world

“

*Samuel M. Poser, Susquehanna Financial Group, Research Division, 09/06/2019 – “I’ve asked this question a zillion times, but mobile app for your Journeys Kidz. Can you tell us has anything changed there? Many other retailers say they’re very successful with it. You’ve chosen not to go there. Can you give us any update for if it’s unchanged or whatever?”*

*Robert J. Dennis, Former Chairman, President & CEO of Genesco, 09/06/2019 – “Yes. We continue to think that websites perform well. There -- the average app on someone’s phone is very short list. We tested apps in other businesses of ours. We continue to revisit it because things can change very quickly. But right now, we’re very happy with the way that we’re set up at the moment.”*

”

*Samuel M. Poser, Susquehanna Financial Group, Research Division, 09/03/2020 – “Great. And then I’ll ask you my mobile app question. Where -- are you working on that now? And given the kind of scale and given some of the results we’re hearing from other people that are driving a lot of business or a lot of interactions through their mobile apps, is that something that you’re advancing right now?”*

*Mimi E. Vaughn, Chairman, President & CEO of Genesco, 09/03/2020 – “...we found that the consumer has a higher propensity to use mobile apps for purchases that they do frequently. And so we felt like, yes, consumers downloaded the mobile app, but didn’t engage.”*

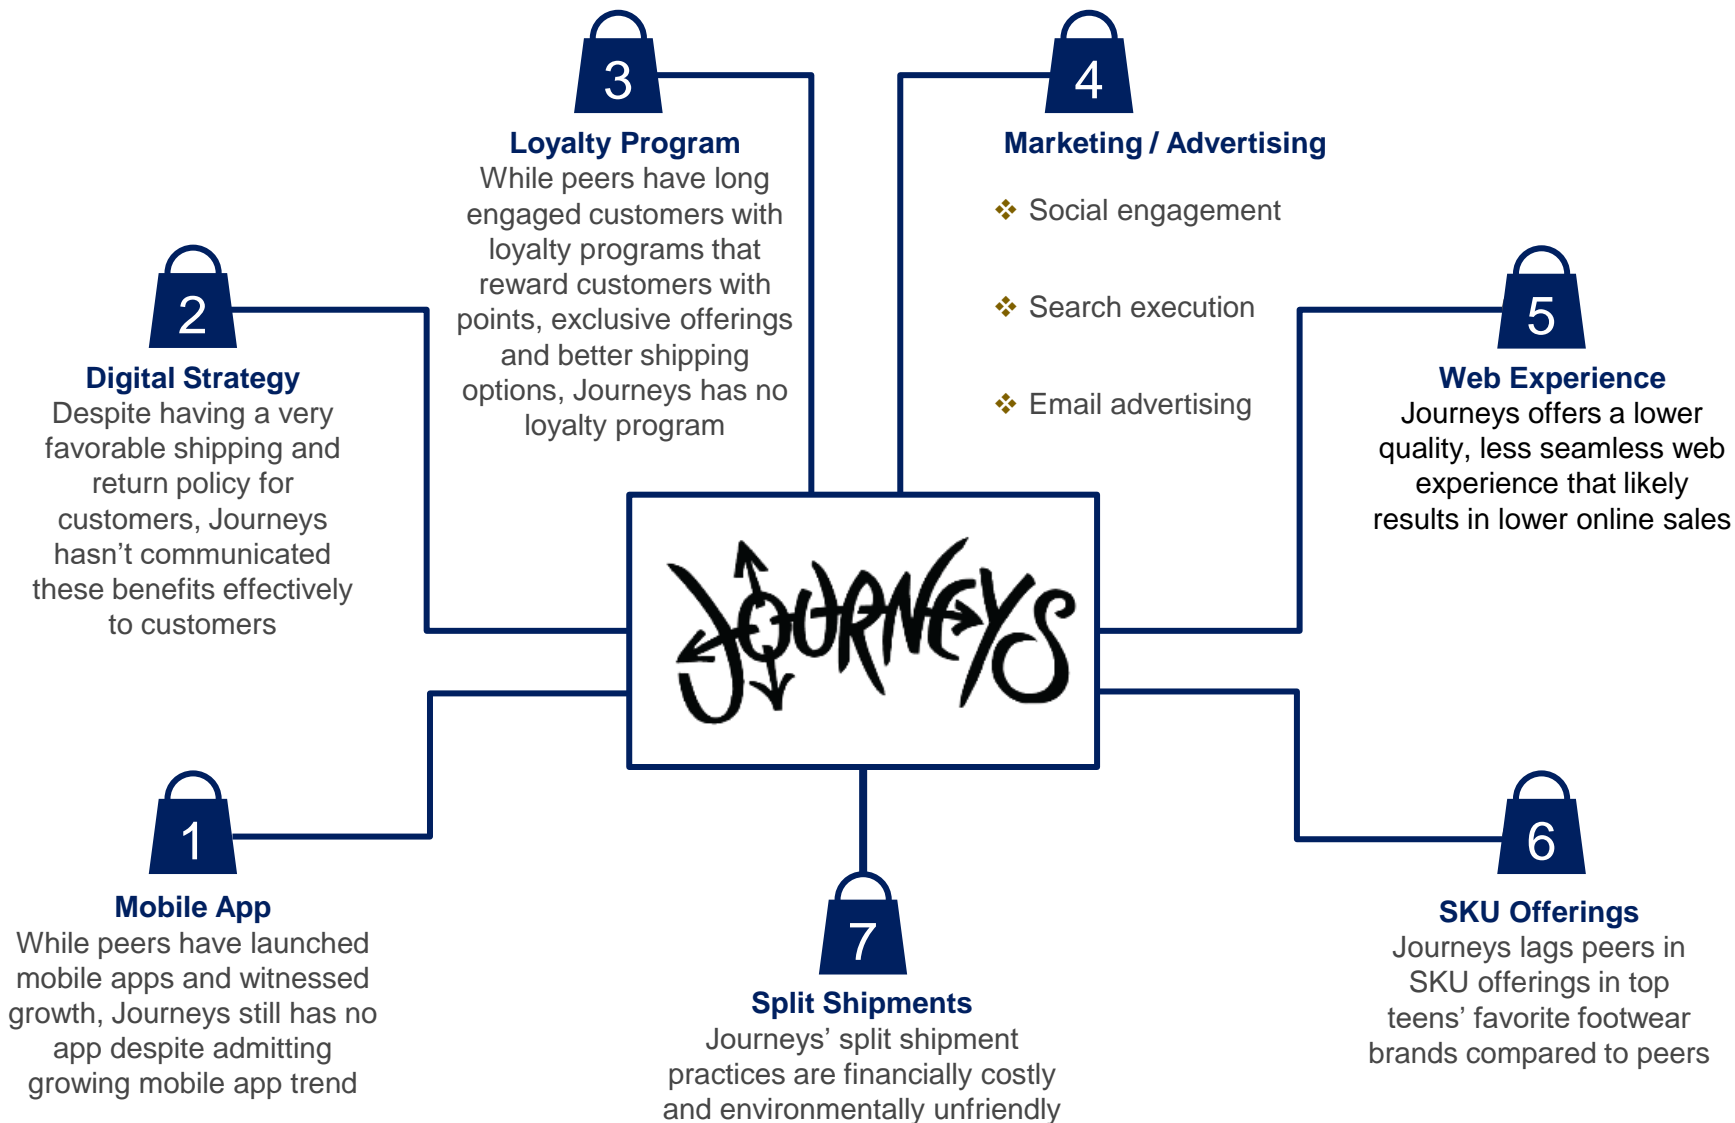

## Investor’s Concern

Former CEO’s answer highlights Genesco’s miscalculation of the challenge and opportunity offered by the digital world. The internet and mobile phones are making footwear and apparel available at the click, and teenagers are spending increasing time on mobile.

**Genesco’s management’s tone seems uncomfortably dismissive of the digital and mobile opportunity.**

# What's Missing Or Broken

# What's Missing? Mobile App

While peers have launched mobile apps and witnessed success...

**GCO still has no app despite admitting growing mobile app trend**

*"We continue to think that websites perform well. There -- the average app on someone's phone is very short list. We tested apps in other businesses of ours. We continue to revisit it because things can change very quickly. But right now, we're very happy with the way that we're set up at the moment."*

– Robert J. Dennis, Former Chairman, President & CEO of Genesco, 09/06/2019

*"Several years ago, actually, Schuh had launched a mobile app. And we found that the consumer is -- has a higher propensity to use mobile apps for purchases that they do frequently. And so we felt like, yes, consumers downloaded the mobile app, but didn't engage. The world has changed a lot since then, and a mobile app certainly is something that others have found to really help drive their business."*

– Mimi E. Vaughn, Chairman, President & CEO of Genesco, 09/03/2020

# What's Broken? Digital Strategy and Execution

Despite providing favorable product shipping and returning terms to customers, Journeys achieved the lowest digital penetration among many of its footwear peers, implying poor strategy and execution

○ Least Favorable to Customers ● Most Favorable to Customers

Source: Company Websites, Legion Partners' Estimates

Note: 1. For non-members; 2. Excludes special occasions such as during COVID-19 and holiday seasons; 3. Represents pre-COVID statistics; represents digital penetration in retail business only for all peers except for DSW and Shoe Carnival whose numbers include wholesale; 4. For full-price purchases only. Free shipping minimum of \$75 for purchases that include on-sale items.

# What's Broken? Digital Strategy (cont.)

Despite having a highly favorable shipping and return policy for customers, Journeys hasn't communicated these benefits effectively to customers

Did you know Journeys offers a 365-day return policy for online orders?

When asked about what Journeys could do to improve their online shopping experience, many customers mentioned “free shipping” while Journeys already provides free shipping

*One reason is that Journeys.com only has a scrollbar to show 365-day return and free shipping features, which is invisible 2/3 of the times*

# What's Missing? Loyalty Program

While peers have long engaged customers with loyalty programs that reward customers with points, exclusive offerings and better shipping options, GCO has no loyalty program for any of its businesses

Loyalty Program Members (in Millions)<sup>1</sup>

*“Our Web presence exists in the form of a loyalty site for our rewards program as well as a DSW brand and store locator site. As we previously discussed we see our loyalty program with over 6 million members as a significant competitive asset.”*

– Peter Horvath, President of DSW, Inc., 08/30/2006

*“A new loyalty card program was rolled out to our stores late in the second quarter. This program is similar to that of the one that Foot Action had employed for several years... The initial receptivity to this program has been good and we expect this will be a very effective medium to communicate with our best customers. We believe that the loyalty program is something that we have been remiss on and some of our competitors are ahead of us, and this is a good opportunity to catch up.”*

# What's Broken? Marketing And Advertising

Less than 20% of customers first saw or heard about Journeys via advertising – this also ties directly into why online penetration lags

While customers pay most attention to social media, online search and emails, these advertising efforts have been poorly executed

# Genesco's Board Lacks Shareholder Alignment

**For years, Genesco's Board has allowed management to perpetuate a conglomerate structure that has failed to generate shareholder value**

Prior reviews of strategic alternatives seemed disingenuous and designed to avoid change

The governance structure is suboptimal, particularly with combined Chairman and CEO roles

Recent Board changes were reactive to Legion's nominations by adding at least 2 directors with questionable relationships with insiders, and, nonetheless, is insufficient

Compensation has been misaligned with shareholder value creation

There is no discernible ESG program

**More Board changes will be required to drive alignment and fix Genesco**

# Genesco's Governance Structure Concerns

## Targeted Directors lack relevant backgrounds and have long tenures

Genesco Incumbent Directors:

### Other governance structure issues:

- ✗ Plurality voting standard where Directors are elected by a plurality of the votes cast – i.e. even if they receive the affirmative vote of less than a majority of the votes cast
- ✗ Combined Chairman and CEO role
- ✗ Lead Independent Director has served on the Board for 20 years, which we believe impairs his independence
- ✗ Supermajority shareholder approval required to amend charter

# Genesco's Board Has Mischaracterized Its Track Record

Between data manipulation and cherry-picking dates, we believe the Board has misleadingly claimed “momentum”

Misleading Claim	Reality

# Legion's Settlement Talks with Genesco

## GCO Board clearly demonstrates its dysfunction during settlement talks – chooses to spend \$8.5 million to protect Matthew C. Diamond

- For nearly 3 weeks in May 2021, Legion tried to avoid a proxy contest with Genesco
- Direct discussions between Legion and Chairwoman and CEO Mimi Vaughn and Lead Independent Director Matthew Diamond were not productive as they reacted negatively to our request to see substantial change on the Board, including the retirements of several long-tenured directors
- During these direct discussions, Ms. Vaughn and Mr. Diamond indicated that the Board planned to add two directors they had identified to the Board and would not commit to any existing director stepping off the Board
- Counsels to Legion and Genesco then tried to engage in settlement discussions
  - The Company's last proposal made through counsel was to add three directors they identified plus one Legion nominee to the Board, with two long-tenured directors stepping off at the 2021 Annual Meeting, while Mr. Diamond, a 20-year tenured director, would remain on the Board
- Legion was willing to accept this offer, and just a single board seat, if Mr. Diamond would agree to step off by next year's annual meeting – the Company rejected this counterproposal and announced its self-refresh the same day
- While presiding over abysmal stock performance throughout his excessive 20-year tenure, Matthew Diamond has clearly gained outsized influence over Geneseo's Board and the Company's recent disclosure of an astonishing \$8.5m budget to defend his seat reeks of Entrenchment

**After reviewing Genesco's three new director additions, two of whom appear to have prior connections to management/the Board, Legion understands now why Mr. Diamond would not agree to retire – next year – after then 21 years on the Board: this Board simply desires to maintain the status quo**

# Genesco Refused to Use a Universal Proxy Card

**We suggested the use of a universal proxy card for the upcoming election to allow shareholders the best opportunity to select the best nine directors to represent shareholders**

- May 24, 2021** ▪ Legion requested that the Board agree to the use of a universal proxy card for the 2021 Annual Meeting
- May 27, 2021** ▪ Legion sent a follow up letter to the Company regarding the use of a universal proxy card  
▪ The Company's general counsel responded by email that the Company had been focused on its earnings announcement but was reviewing Legion's proposal to use a universal proxy card
- June 1, 2021** ▪ Legion publicly reiterated its proposal of a universal proxy card
- June 7, 2021** ▪ On June 7, 2021, Legion's counsel received a letter from the Company's general counsel refusing Legion's request for the use of a universal proxy card at the 2021 Annual Meeting

**If the Company genuinely believes that 20-year tenured director Matthew Diamond and other long-serving incumbents are such world-class board members with the optimal blend of relevant experience and expertise, it should embrace a universal card**

# To Fix the Company, We Must Fix the Board

We are seeking to replace **FOUR** incumbent directors, the majority of whom have led the Board over long periods of underperformance and appear to lack experience that a modern footwear retailer would require

**Matthew C. Diamond (52)**

**Relative TSR: (3,446%)**

*Lead Independent Director & Chair of Nominating and Governance Committee*

**Director since 2001 (20 Years)**

- ✗ Career in digital media and marketing – has been unable to translate his background to help Genesco's failing digital initiatives
- ✗ Piles of lawsuits alleged – failure to pay, breach of fiduciary duties, fraud claims and copyright infringement
- ✗ 20-year tenure affects Diamond's independence, and he is not the logical choice for Lead Independent Director or to lead the Board's recent unilateral refresh

**Thurgood Marshall, Jr. (64)**

**Relative TSR: (258%)**

*Member of Compensation Committee*

**Director since 2012 (9 Yrs.)**

- ✗ Career lawyer and lobbyist at Morgan, Lewis & Bockius LLP, a firm Genesco paid for services for many years, with no other retail or consumer experience
- ✗ Serves on the board of CoreCivic Inc., an operator of private prisons, with former Genesco Chairman and CEO Robert J. Dennis
- ✗ ISS has recommended CoreCivic shareholders withhold votes for Mr. Marshall, Jr., citing **material governance failures** for four straight years, from 2017 to 2020

**Joanna Barsh (68)**

**Relative TSR: (176%)**

*Chair of Compensation Committee*

**Director since 2013 (8 Yrs.)**

- ✗ Career consultant at McKinsey, the same firm where both GCO's current and previous Chairman/CEO, and another GCO executive previously worked
- ✗ During her first year as the Chair of the Compensation Committee, Ms. Barsh approved \$13.1mm in payouts to Genesco's top five executives in 2020, the highest amount since 2014, when operating profit was around half of the 2014 level

**Kevin P. McDermott (67)**

**Relative TSR: (279%)**

*Chair of Audit Committee*

**Director since 2016 (5 Yrs.)**

- ✗ Career accountant at KPMG LLP Nashville, the same office where GCO's previous long-tenured Chair of Audit Committee, William F. Blaufuss, Jr., also worked, with no other retail or consumer experience
- ✗ Served as the Chief Audit Executive for Pinnacle Financial Partners, where long-tenured GCO director Marty Dickens serves as a director
- ✗ ISS and Glass Lewis recommended withhold for Mr. McDermott at Daktronics in 2019 for adopting a poison pill without shareholder approval

# An Ineffective Long-Tenured Lead Director with Problematic Career

20-year tenured Board member and current Lead Director Matthew C. Diamond has controlled key leadership positions for decades – we believe he is responsible for the consistent underperformance, inflated compensation and misalignment with shareholders

# Diamond Brings with Him a Poor Track Record Instead of “Experience”

Mr. Diamond was the CEO of Defy Media LLC from 2013 to November 2018, when the company suddenly went out of business after apparently running out of funding – and prior to Defy, Mr. Diamond co-founded Alloy Media in 1996, took the company public in 1999, and helped take it private in 2010 with a TSR of negative 70%

## Track Record Concerns

### Allegations from Piles of Lawsuits

Failure to pay, breach of fiduciary duties, fraud claims, and copyright infringement

### Problematic Career History as the CEO/Founder

- ✗ Alloy Media – negative 70% of TSR as a public company
- ✗ Defy Media ceased operations after assets were frozen by creditors
- ✗ MOTOM – a startup from 2019 is still in “beta phase” and currently valued at \$12k

### Questionable Digital Expertise

- ✗ Digital penetration rates at GCO trail peers after Diamond’s 20 years of service with “his knowledge of digital media and direct marketing”
- ✗ GCO’s social media presence and engaging efforts are far behind peers
- ✗ GCO’s omnichannel operations are far behind peers

## Allegations in Different Phases in Diamond’s Career...

Defy Media stole **\$1.7 million** in YouTube AdSense earning from 50 YouTube channels – A Content Creator And Former Employee

...behind in payments by **\$101,583** – An Israeli-based Advertising Media Platform

... failed to pay **\$118,000** – Proper Media

... failed to **\$115,486** – Shandy Media

**Chan v. Diamond lawsuit filed October 21, 2003:** Named Alloy Inc. and other Alloy executives a derivative shareholder lawsuit alleging breach of fiduciary duties in allowing “material public misrepresentations” related to the company’s financials.

Defy Media and Diamond deliberately diverted funds that were due to the plaintiffs and to the plaintiff’s clients in excess of **\$200,000**

– A Talent Agency Taken over by Defy Media

Defy was the subject of 8 separate copyright infringement cases and one patent infringement case, where senior management failed to instill upon its staff an understanding of legal requirements that intellectual property can only be used when authorized by its owner

## Alloy Share Price Performance under Mr. Diamond’s leadership

Source: Capital IQ, SEC Filings, Legion Partners’ Research

## Marshall Jr.'s Professional Connections to Genesco Seem Problematic

Director Thurgood Marshall Jr. is a career lawyer and lobbyist, retired from a law firm used repeatedly in the past by Genesco – we believe his “expertise in corporate governance and oversight” has not been reflected in Genesco’s governance history during his 9-year tenure

NO RETAIL EXPERIENCE

Tenure: 9 years

Relative TSR: (258%)<sup>1</sup>

- Mr. Marshall Jr. has no other retail experience and serves on the board of CoreCivic Inc.(CCA), an operator of private prisons, with former Genesco Chairman and Chief Executive Officer Robert J. Dennis
  - Mr. Marshall Jr. also served as a lobbyist for Securus, that was later sued along with CCA for listening into inmate's phone calls with attorneys
- Institutional Shareholder Services (ISS) recommended **WITHHOLD** for Mr. Marshall Jr. at Corecivic in 2020, 2019, 2018 and 2017 citing material governance failures, and >20% of shareholders voted against him in the 3 most recent votes

### CoreCivic Withhold / Against Vote Results

**How can a Board keep as its "corporate governance expert" a director that has repeatedly been cited for "material governance failures" by ISS?**

# Marshall Jr. Led a Series of Controversial Lobbying

Does a paid lobbyist for a casino, asbestos defense, paid militia really bring unique and valuable perspective to Genesco?

## Key Elements

## Marshall Jr.'s Involvement

**SECURUS**  
Technologies

- Marshall Jr. lobbied for Securus, which had a \$19 million contract with CoreCivic to run inmate telephones at its prisons
- Securus was later sued along with CoreCivic for listening into inmates' phone calls with attorneys**

**Asbestos  
Study Group**

- Marshall Jr. lobbied for Artichoke Joe's, a California casino that was fined \$8 million by FinCEN because it "turned a blind eye to loan sharking, suspicious transfers of high-value gaming chips, and flagrant criminal activity that occurred in plain sight."
- Artichoke Joe's received a record \$5.3 million fine because it didn't tell state regulators about the FinCEN investigation
- Marshall Jr. lobbied for Asbestos Study Group, an association of major companies that exposed workers to asbestos
- Sen. Ted Kennedy (DMA), whom Marshall Jr. worked for at one time, opposed an asbestos bailout bill because victim payouts were "based on highly questionable estimates of the number of companies that would be required to contribute and how much each one would pay, contained in a secret list known only to the Asbestos Study Group, the key lobbyists for the bill."

**Prince  
Group**

- Marshall Jr. lobbied for Prince Group that operated Blackwater, the military contractor that killed unarmed civilians in Iraq
- Four Blackwater employees were convicted in the killings – recently pardoned by former President Trump

**Dean**  
FOODS

- Marshall Jr. lobbied for Dean Foods, one of the largest dairies in the country
- While Marshall Jr. was its lobbyist, Dean Foods was sued by Black and Hispanic employees who said "they were called 'slaves' and that they found swastikas drawn on lockers and a noose hanging from a bulletin board," and that a Confederate flag, and "The South will rise again" and "white power" were scrawled on a men's room wall

GENESCO We Live our Values  
Everyday

**We fail to see how a lobbyist for a casino, asbestos defense, paid militia, etc. aligns with Genesco's everyday values**

## Connected to NEOs, Barsh Also Leads Questionable Compensation Program

Joanna Barsh has served on Genesco's Board for nearly eight years, has no modern retail operations experience and previously worked as a consultant at McKinsey & Company

**Tenure: 7 years**  
**Relative TSR: (176%)<sup>1</sup>**

- McKinsey & Company is the same firm where a number of Genesco executives previously worked
  - Mimi E. Vaughn (current Chairman and Chief Executive Officer)
  - Robert J. Dennis (former Genesco Chairman and Chief Executive Officer)
  - Parag D. Desai (current Genesco Chief Strategy and Digital Officer)
- As Chair of the Board's Compensation Committee, Ms. Barsh has overseen a compensation structure that we believe is not aligned with shareholders and has provided increasing payouts for declining performance
- During her first year as the Chair of the Compensation Committee, Ms. Barsh approved \$13.1 million in payouts to Genesco's top five executives in 2020, the highest amount since 2014, when operating profit was around half of the 2014 level

Operating Profit (\$mm)

NEOs' Compensation (\$mm)

**Misaligned**

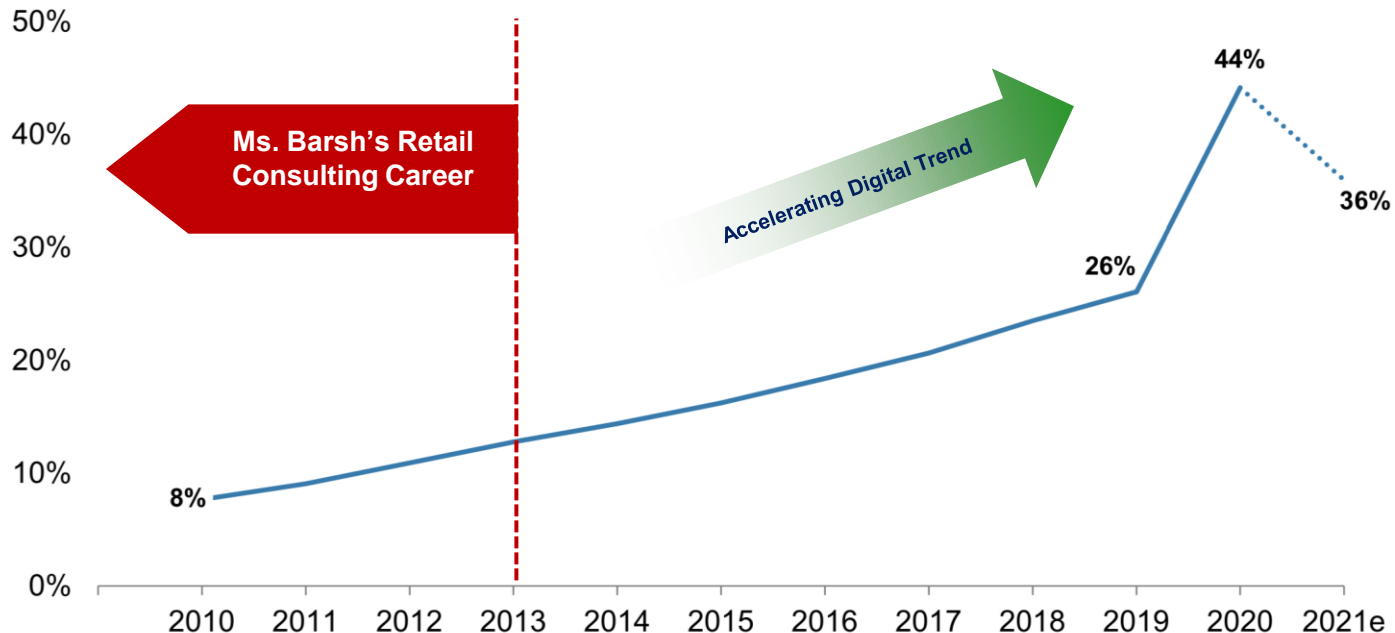

# Barsh's Retail Experience Pre-Dated Digital Era

Despite her being a Director Emerita at McKinsey – we believe Barsh's retail consulting experience before her retirement in 2013 is no longer relevant to the current digital world

- Ms. Barsh consulted consumer-facing clients for over 30 years at McKinsey
- When she retired in 2013, mall-based retail e-commerce penetration was at around 10%, while it has passed 40% during COVID

Mall-based retail and Department Store eComm Penetration (% of total sales)

**With Joanna's "expertise gained through more than three decades of" consulting, Genesco's digital penetration was 11% pre-COVID, almost reaching the industry level when Barsh retired**

# McDermott Has Multiple Ties to GCO Board and Lacks Relevant Qualifications

**Director Kevin P. McDermott is a retired accounting executive from KPMG – we believe the poor TSR track record at Daktronics under his chairmanship reveals his level of ineffectiveness and accountability**

**NO RETAIL EXPERIENCE**

**Tenure: 5 years**  
**Relative TSR: (279%)<sup>1</sup>**

- As a KPMG veteran, McDermott was most recently the Chief Audit Executive for Pinnacle Financial Partners, a publicly traded (NASDAQ: PNFP) bank holding company headquartered in Nashville, Tennessee
  - Notably, Marty Dickens, with whom McDermott has served on the GCO Board, is a prominent member of Pinnacle’s board of directors
- We have reason to believe that Mr. McDermott was referred to the Board by William F. Blaufuss, Jr., a fellow retired partner from KPMG LLP and GCO Director from 2004 to 2016 – an example of the Board’s relationship-based self-directed refresh<sup>2</sup>
- As the Director of Daktronics since 2015, and now Chairman and Lead Independent Director, Mr. McDermott has overseen a total shareholder return of a negative 33%

Source: Capital IQ, SEC Filings, Legion Partners’ Research

Note: 1. Relative TSR represents GCO’s Relative TSR over each incumbent director’s tenure vs. Peer Group. Peer Group includes BOOT, DBI, CONFIDENTIAL & PROPRIETARY FL, SCVL, CAL, DKS, HIBB, WWW, CROX, DECK, SHOO, SKX. 2. Both McDermott and Blaufuss Jr. were Partners at KPMG Nashville – Blaufuss Jr. worked at KPMG for 37 years until his retirement in 2000, and McDermott worked at KPMG for 33 years until his retirement in 2013

# GCO's Recent Partial Refreshment Invites Scrutiny

We believe Genesco's partial refreshment following our nomination was inadequate to break the culture of entrenchment, self-interest and underperformance in the boardroom

**Angel R. Martinez (66)**  
*Retired CEO/Chairman, Deckers Brands*

**Mary E. Meixelsperger (61)**  
*CFO, Valvoline*

**Gregory A. Sandfort (66)**  
*Former CEO/Director, Tractor Supply Company*

- ✗ Lack of necessary independence
- ✗ Track record of operational efficiency
- ✗ Track record of capital allocation
- ✗ Up-to-date retail experience
- ✗ **We do not have confidence that the Board's eleventh-hour refresh, conducted only after we launched a proxy contest and following its delay of the annual meeting by a month, will be sufficient to improve the Board's culture and performance to the long-term satisfaction of shareholders – rather, it was done in defense of the status-quo**

## Martinez Worked Closely Together with GCO's Interim CFO for 7 Years

Angel Martinez and Genesco's interim Chief Financial Officer Thomas A. George previously worked together in the c-suite at Deckers Outdoor Corporation ("Deckers"), leading us to question how authentic the Company's search process was

- Most recently, Martinez was CEO of Deckers from April 2005 to May 2016 and Chairman of the Board from May 2008 until August 2017
  - In May and August 2012, shareholders filed two federal class action lawsuits against Deckers, Martinez and Thomas A. George, claiming that defendants had made "materially false and misleading statements during the Class Period in press releases, analyst conference calls, and in the Company's filings with the SEC"
  - In 2017, following Marcato's nomination of a full slate of nominees, Martinez stepped down from Deckers' Board
- Deckers' operating margin dropped from 21% in FY'11 to 9% in FY'17 – its board and management had failed repeatedly to achieve margin targets

Who/When	Target	Result
Thomas George, CFO, 2/23/12 Deckers earnings call	"...we think longer term, we can still -- we still are targeting an operating income margin of 20%."	MISS
Angel Martinez, CEO, 2/27/14 Deckers earnings call	"We have talked previously about a 15% operating margin goal. That continues to be the target and we anticipate achieving this primarily through gross margin expansion that will come from lower input costs and increased penetration of our direct-to-consumer channel."	MISS

**Marcato's Letter to Shareholders:** "Our concerns are supported by a review of Deckers' history of underperformance, which is not the result of one-off events beyond the Company's control, but is instead attributable to years of poor decision making and operational neglect, highlighted by a failed retail expansion strategy, runaway corporate expenses, and wasteful capital allocation."

**These issues are similar to those that have plagued Genesco for years**

# Meixelsperger Brings Irrelevant and Lackluster Background

## Mary Meixelsperger has very little successful retailing experience in her background

- Ms. Meixelsperger spent the bulk of her career at Shopko before that store chain ultimately filed for bankruptcy
- While GCO highlighted her experience at Designer Brands, Inc. (NYSE: DBI), she only had a very short stint of less than 26 months there before she quit to pursue her current job working at an automotive servicing business
  - From April 2014 to June 2016, Meixelsperger was Senior Vice President and Chief Financial Officer of Designer Shoe Warehouse

# Sandfort is Another Nashville Executive with Questionable Credentials

**Greg Sandfort is a prominent member of the greater Nashville area, where the Company's headquarters are located and where the Board's selections have historically been biased**

- Sandfort was among the most highly compensated executives in Tennessee, earning salary and stock awards worth \$9.3 million in 2018 and \$8.7 million in 2019
- We are also concerned with Mr. Sandfort's history of changing credentials, particularly his educational background – some of his biographies note he “studied” at the University of Louisville while other indicate he earned a “B.S.” in business administration and science
  - **IN FACT, HE NEVER EARNED THE DEGREE**

# Genesco's Board Requires A Further Refresh

- Legion's nominees have key skillsets that remain lacking following recent Board refresh: capital allocation, ESG, turnaround, and marketing
- Legion's nominees have spent substantial time strategizing on how to materially improve shareholder returns
- A full strategic review will enable significant optimization of the current structure

Note: 1. Represents Key Performance Indicators

# Legion's Nominees Have the Right Mix of Skills and Experience

## Marjorie L. Bowen

Corporate governance and qualified NYSE and NASDAQ financial expert with 20-year career in investment banking at Houlihan Lokey

## Margenett Moore-Roberts

Recognized leader in inclusion and diversity with experience across data & technology, digital media, software development, and marketing services

## Dawn H. Robertson

Experienced C-level executive of major retailers with extensive turnaround experience at Old Navy, Myer, Sak's Avenue, OCM, May Dept Stores, and Macy's

## Hobart P. Sichel

Former Chief Marketing Officer at Burlington and a key member of the leadership team that turned the business around and IPO'd the company

# Our Nominees Bring a Relevant Track Record of Success

**Marjorie Bowen**, Former MD at Houlihan Lokey, Former GCO Director

*“My career has always been focused on driving shareholder value. I have nearly two decades of experience as an investment banker who specialized on advising boards of directors on how to first understand what drives, and then how to maximize, shareholder value. I shifted into the board room using my financial and governance expertise and have now served on over a dozen public and private companies boards over the past decade. I’ve built my reputation as a shareholder/constituent centric director, I work for the shareholders, and am focused solely those ownership interests and holding management and the entire board accountable. I’m often asked by larger institutions (for example, KKR and Blackrock) to join boards to assist through periods of necessary transition or change. I’m always \ focused on the value maximizing strategy and resulting execution. This is true with my prior role on the Genesco board, and every other board on which I’ve served. I believe that Genesco has tremendous opportunity to shift strategy and drive long term value, but structural change is needed and I’m well suited to oversee and contribute to that process.”*

**Margenett Moore-Roberts**, Chief D&I Officer at IPG DXTRA

*“More than ever, companies are being held accountable for authentic and responsible engagement with the markets and customers they serve - ESG should be on every corporate agenda right now. I’ve worked at early-stage start-ups and large multi-national organizations across Media, Technology, Communications, and Graphics industries in functional roles across Product, Operations, Human Resources, and Sales. During my career, I’ve built strategic business units from scratch and led the growth of businesses that have generated more than \$100M in revenues and I’ve learned that long-term growth and scale come from a deep understanding and respect for the needs of the customer. That understanding comes from having the right perspectives and lived experiences of the customer in the rooms where key decisions are made - especially in the Boardrooms. My experience as a Chief Inclusion, Equity, & Diversity Officer and a strategic Sales Leader allow me to operate at the intersection of diversity, equity, inclusion and market impact. As a member of the Genesco Board, I will ensure that the voice and perspective of all customers is considered in every decision, and I look forward to collaborating with my fellow board members to balance growth with positive impact on people, business, and society.”*

**Dawn Robertson**, Experienced C-level Retail Executive

*“With over 24 years of leading retail companies internationally and in the USA both large and small, with restructuring focused on driving growth and improving weak margins with clear operational alignment has proven to me that regardless of the size, the focus on opening new channels for innovation and growth while balancing cost control, competition, building powerful teams, and constantly re assessing the customer focus does not change. My executive retail experience of setting strategy balanced with constant cost focus and on changing consumer trends has led to strong results as a public board chair. It has enabled me to understand the CEO and management challenges and an ability to help support them while driving change.”*

**Bart Sichel**, Former Burlington Stores CMO, Former McKinsey Partner

*“I’ve been part of and supported quite a few business transformations, and they are hard to pull off, but very rewarding when they do. I see great promise in GCO that requires some big strategic changes to the way they run the business, including structural changes that are hard to get right. Assembling a balance of diverse backgrounds and skills on a governing board is critical, and I believe I add the marketing, digital, retail operations, and change management background that needs to be part of that blend. Thomas Jefferson is credited with saying he was a great believer in luck, and that the harder he worked, the more luck he had. GCO can’t count on luck to drive performance, they need to do the hard work to earn it, and I would be pleased to be part of that process.”*

# Legion Partners' Nominee: Marjorie L. Bowen

**We believe that Ms. Bowen's extensive board experience across 10 companies, including significant capital allocation and corporate governance experience, coupled with her investment banking and financial expertise would make her a valuable asset to the Board**

**Marjorie L. Bowen**  
(Age: 56)

**CENTRIC

GENESCO

TALBOTS

- **Marjorie L. Bowen is an experienced public company director with extensive knowledge of corporate governance, capital markets strategies and strategic transactions**
  - Ms. Bowen previously served a one-year term as an independent director of Genesco from 2018-2019. During that period, she actively monitored the successful sale process for Lids, and participated in the consideration of other strategic alternatives. Her prior tenure as a director will allow her to immediately understand the Company, its operations, and challenges
  - Ms. Bowen has served as a director at over a dozen public and privately held companies, including Genesco and other industry participants such as Centric Brands and Talbots
  - As a qualified NYSE and NASDAQ financial expert, Ms. Bowen has experience chairing Special Committees, Audit Committees, and Restructuring/Strategic Committees
  - She also has experience serving as a director in situations that call for improved governance, transparency and accountability
  - Prior to her directorships, Ms. Bowen had a nearly 20-year career in investment banking at Houlihan Lokey, serving as Managing Director from 1997 to 2008 and heading its industry leading fairness opinion practice. During her tenure at Houlihan Lokey, Ms. Bowen was the most senior woman at the firm
  - As both an investment banker and corporate director, Ms. Bowen has experience across different types of corporate finance and M&A transactions for both healthy and distressed companies
  - In addition to the retail experience above, she has broad industry experience, including a focus in real estate intensive and related industries while at Houlihan Lokey
  - Ms. Bowen holds a B.A. and graduated cum laude from Colgate University in 1987. She holds an M.B.A., with a concentration in Finance from the University of Chicago in 1989

# Marjorie L. Bowen – Refocused GCO via Sale of Lids

Ms. Bowen previously served a one-year term as an independent director of Genesco from 2018 to 2019, when she actively monitored the successful sale process for the struggling Lids business, driving the Company to refocus on its core footwear business

Lids' Net Sales and Operating Margin Performance

**Management acknowledgement:** *“Under new ownership, the very talented team at Lids will continue to have the opportunity to realize the potential in this business. We look forward to closing the transaction and devoting the full attention of Genesco's management team to the opportunities we see in a footwear-focused company.”*

– Robert J. Dennis, Former Chairman, President & CEO, 12/14/2018

# Legion Partners' Nominee: Margenett Moore-Roberts

**We believe that Ms. Moore-Roberts' broad functional experience in operations, account management, customer service, product management, human resources and business strategy across a variety of industries, including digital media, technology, data management and licensing, marketing services, communications, and software development, would make her a valuable asset to the Board**

**Margenett Moore-Roberts**  
(Age: 50)

Source: Legion Partners' Research

- **Margenett Moore-Roberts is a seasoned marketing strategist and an expert in diversity and inclusion initiatives**
  - Ms. Moore-Roberts serves as Chief Inclusion & Diversity Officer for IPG DXTRA, a global collective of 28 marketing services and agency brands as a part of Interpublic Group (NYSE: IPG), since January 2020
  - Previously, Ms. Moore-Roberts held Corporate Diversity & Inclusion leadership roles at Golin and Yahoo. She served as VP and Global Head of Inclusive Diversity at Yahoo from 2016 to 2017 and established Yahoo's first Office of Inclusive Diversity as a global Center of Excellence. She also established and led the growth of Yahoo's first video advertising network
  - Prior to joining Yahoo in 2011, she served as VP of Client Services & Ad Operations at Scanscout / Tremor Video (now known as Telaria) from 2007 to 2011 and VP of Client Services at Muze from 2001 to 2007
  - Ms. Moore-Roberts holds a B.A. from Otterbein University

**IPG DXTRA**

**MUZE**

**yahoo!**

**telaria**

# Legion Partners' Nominee: Dawn H. Robertson

**We believe that Ms. Robertson's extensive experience in the retail industry and executive roles coupled with her service on corporate boards would make her a valuable asset to the Board**

**Dawn H. Robertson**  
(Age: 65)

- Dawn H. Robertson is a proven retail executive with significant operational, omnichannel and marketing experience
  - Ms. Robertson has served as Independent Non-Executive Chairman at Splitit Payments Ltd (OTCMKTS: STTTF) since February 2021 and previously served as a Director of the Company
  - Ms. Robertson serves as the CEO of On Campus Marketing, a nationwide leader in endorsed marketing to college students and parents since 2018
  - Ms. Robertson is a business leader of major retailers, department stores and startups with extensive turnaround experience at Old Navy, Myer, Sak's Avenue, OCM, May Dept Stores, and Macy's – She has 26 years' expertise at the executive management level
  - Ms. Robertson served as the Chief Executive Officer of Stein Mart Inc. in 2016
  - Ms. Robertson served as the President of Old Navy, Inc. from November 2006 to February 2008
  - She served as Managing Director of Myer Grace Bros of Coles Group Limited from 2002 to 2006
  - She has extensive omnichannel experience, including the development and launch of Macys.com and Bloomingdales.com and currently as CEO of OCM, an online retailer of college dorm essentials
  - Ms. Robertson is a graduate from Auburn University with a BA in Fashion Merchandising

# Dawn Robertson – Successful Myer Turnaround

As the former Managing Director of Myer Department Stores, the largest store in Australia, Ms. Robertson developed and executed a new strategy for the department store, achieved strong EBIT turnaround, spearheaded board-initiated sale process of the company, and sold it for A\$1.4 billion, significantly beating market expectations of A\$700 million

## APPLIANCE RETAILER

“

*The [A\$900] million price-tag is understood to be a best-case scenario for Coles Myer, with Newbridge Capital's bid said to be well above the figure offered by its nearest competitors*

**Coles Myer acknowledgement:** *“When Dawn came to Myer four years ago, she took over a poorly performing business which she and her team have restored both as an icon fashion brand and a sustainably profitable business...the level of interest and the price achieved for Myer and the Myer Melbourne property, reflected the strength of the business and the success of its turnaround strategy under Robertson.”*

*– John E. Fletcher, Former Coles Myer CEO, 03/13/2006*

# Legion Partners' Nominee: Hobart P. Sichel

**We believe Mr. Sichel's 25-year record of success in the retail, media, and financial service sectors, as well as his deep expertise in marketing, digital transformation, and corporate strategy, make him highly qualified to serve on the Board**

**Hobart P. Sichel**  
(Age: 56)

- **Hobart P. Sichel is a proven marketing leader and veteran c-level executive in the retail space**
  - Mr. Sichel is the President of bps Captura, an independent advisory and consulting firm to senior corporate leaders, private equity firms, and boards across multiple consumer-facing industries, since 2019
  - Mr. Sichel previously worked at Burlington Stores from 2011 to 2019, where he served as Executive Vice President and Chief Marketing Officer. He was a key member of the leadership team that turned the business around and launched its initial public offering
  - At Burlington, Mr. Sichel was responsible for marketing, corporate strategy and the company's push into e-commerce
  - Prior to joining Burlington and since 1998, Mr. Sichel served as a Principal at McKinsey & Company. He was a leader in McKinsey's Marketing and Retail practices in North America. Prior to 1998, Mr. Sichel worked in various capacities across consumer facing industries including retail, e-commerce, packaged goods, financial services, and media
  - Mr. Sichel holds an M.B.A. from Columbia University and a B.A. from Vassar College

# Hobart Sichel – Burlington Stores' Value Creation

As the former Chief Marketing Officer (CMO) at Burlington Stores, Bart was an integral member of the dedicated executive management team that turned the business around and took the company public – BURL stock price increased by ~6x over his tenure

## BARRON'S

*“Since the company returned to the public markets in 2013, its stock has risen at an annualized rate of 51%, well ahead of the Russell 2000 Index’s 8.3% annual rise and the S&P 500’s 12.5% gain.”*

– 05/03/2019

# Hobart Sichel – Burlington Stores Value Creation (Cont.)

During Bart's tenure as CMO, advertising cost as a percentage of total revenue declined from 2.0% to 1.0% while fueling 30% compounding comparable store sales growth

Burlington's Compounding Comparable Store Sales Growth vs. Advertising Cost Reduction During Bart's Tenure

**Burlington acknowledgement:** *“Our successful TV testimonial campaign has generated positive customer sentiment and strong brand recall. Also, we have been pleased with the results of our ongoing personalized marketing efforts, where we are able to deliver the most relevant content to customers in ways that matter most to them, including digital, mobile and social media. As mentioned previously, our dollar marketing spend will be comparable to prior years, though we will continue to incrementally shift into digital media.”*

– Thomas A. Kingsbury, Former BURL Chairman, President & CEO, 05/31/2018

## 1b Transform Culture: Modern and Performance Driven

# Improve Corporate Structure And Governance

**Evaluate all strategic alternatives selling non-core businesses**

**Eliminate management layers and reduce SG&A**

**Implement new executive compensation structure that properly aligns pay and performance**

**Promote culture focused on diversity & inclusion both internally and externally and commit resources to this mission**

**Implement ESG framework and annual reporting**

**Lead in customer facing sustainability and thread sustainability into product lifecycle**

**Rectify corporate governance shortcoming**

**Improve investor relations**

# Develop An Action Plan to Support Diversity and Inclusion

Increase diversity in product offerings and workforce, more inclusive marketing programming, and greater accountability through the institution of updated employee conduct policies

## Marketing and Merchandising

- **Represent Minority Businesses and Communities**
  - Increase assortment of minority-owned brands
  - Feature and advertise minority-owned brands through a dedicated tab on the Journeys website
- **Establish marketing production guidelines that incorporate a diverse array of backgrounds, identities, ages and body types in our marketing campaigns, social media, and more**
  - Cultivate a diverse influencer group on social media

## In-Store Experience and Operations

- **Create new D&I training modules required for all store staff**
  - Better define what client engagement should look like at each point in the shopping experience
- **Establish a D&I In-Store Experience Dashboard that will provide analytics on client service and feedback**
- **Implement procedural and operational guidelines to better allow store staff to focus solely on client service, versus other tasks that can create a misperception by shoppers**

## Talent Acquisition and Advancement

- **Build new HR programs to support the hiring and advancement of a diverse core and extended team**
- **Ensure all corporate team members have D&I goals as part of KPIs**
  - Add new employee training modules that offer strategies to identify bias and exhibit inclusive behaviors in the workplace
- **Implement zero-tolerance policies that prohibit discrimination and harassment and other misconduct**
  - Ensure clearer communication, expectation and enforcement of our policies for employees, including set outcomes if violated

# Lead in Customer Facing Sustainability

We believe caring about the environment matters to Gen Z. – Journeys 2.0 will thread sustainability into each of the 3 phases of the product lifecycle, making visible to customers the environmental impact of their choices

## Supply Chain and Manufacturing

- Partner with vendors to commit to 30% of assortment made from renewables or upcycled materials by 2025
- Work with logistics and vendors to identify and share with consumers a product roadmap
  - Show its carbon footprint created via manufacture: water usage, energy consumption, etc.
  - Country of origin for each of the component materials
  - The path the components' product takes to arrive at a vendor's facility

### Most Important Political & Social Issues to GenZ

## Delivery and Returns

- Demonstrate that “free” shipping and “free” returns are not free to the environment
  - Allow customers the option of environmentally friendly delivery and returns
  - When environmentally preferable, drive customers to stores for products and returns
- Implement Journeys “one box”
  - Eliminate the need for a “box in box” when ordering online, or “box in bag” when purchasing in store
- Tie Loyalty Credits to “Good for the Environment” customer choices
  - Not unlike carbon credits – give the customer something if he/she forgoes a box, fast shipping, or “first available” split shipments for orders with multiple pairs

## End of Life

- When a pair of shoes has reached their end of life, provide an option to recycle the shoes at Journeys for loyalty program credits
  - Give customers the option to donate “no longer fit for me” shoes that are gently worn. Journey’ customers have growing feet
  - Implement a Refurbishment program for the shoes customers just can’t live without: Resoling, repairing, professional cleaning
- Tie Recycle / Donate / Refurbish to the loyalty program for rewards

# Rectify Corporate Governance Shortcoming

**Implementation of majority vote standard** – 53% of Russell 3000 companies have a majority vote standard

**Separation of Chairman and CEO roles** – 63% of Russell 3000 companies have a separate Chairman / CEO

**Implementation of minimum ownership** guidelines for directors along with holding requirements until six months after leaving Board

# Improve Investor Relations

Genesco needs a comprehensive **investor presentation**

Host annual **Investor/Analyst Day**

**Set 3-year goals** – revenue growth, profitability and ROIC

**Improve segment financial disclosures** – disclose gross margins and SG&A by segment

Attract additional **analyst coverage**

# Improve Inventory Turns

Journeys should implement better practices to improve inventory turns by 0.5x to match Foot Locker (FL) and Designer Brands (DBI)

Inventory turns (COGS / inventory)

**Better inventory turns can help improve margins and free up ~\$40 million of cash**

Source: SEC Filings, Legion Partners' Estimates

Note: Financials based on the latest fiscal year filings. \$40mm of cash free up assumes Journeys inventory turns improvement of 0.5x.

# Increase Vendor Direct Fulfillment

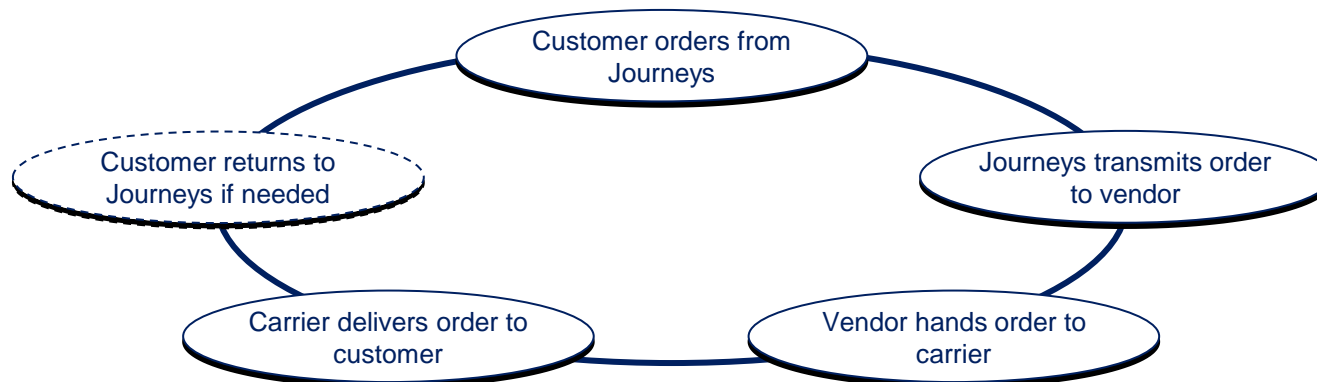

Journeys should test to increase vendor direct fulfillment, which will not only help expand assortment, but also help the bottom line by reducing working capital requirements

## Top-Line

- **Expand Assortment:** Provide inventory coverage to avoid missed sales opportunities when items are not available on Journeys.com and app, out of stock in the Journeys fulfillment network, or exclusives that vendors wish to carry by themselves
- **Increase Sales:** Make more of vendors' product catalog available to Journeys customers, including items that Journeys does not have the ability to stock, thereby increasing sales

## Bottom-Line

- **Inventory Control:** Inventory feed allows vendors to control the number of SKUs and units available to customers on Journeys.com and app in real time.
- **Increase Inventory Turns:** Improve inventory turns and reduce working capital for Journeys
- **Reduce Shipping Costs:** Reducing steps of shipping from 2 (vendor → Journeys → customer) to 1 (vendor → customer)

# Reduce Excessive Corporate Spending

- **Genesco has a bloated corporate structure**
  - The level of corporate costs that are not allocated back to business units at Genesco is a staggering sum of nearly \$40 million per year
  - Corporate & Other expenses have grown faster than revenue as noted in the table below
  - Preserving the status quo has been top priority instead of increasing shareholder value
  
- **Review and assess all corporate costs to determine strategies to lower costs and drive efficiency**

	Fiscal Year									'18-'20
	2012	2013	2014	2015	2016	2017	2018	2019	2020	Change
Net Sales	\$2,292	\$2,605	\$2,625	\$2,860	\$3,022	\$2,868	\$2,907	\$2,189	\$2,197	(24%)
Corporate & Other Expenses	\$46	\$43	\$28	\$30	\$30	\$31	\$33	\$39	\$40	21%
% of Net Sales	2.0%	1.6%	1.1%	1.0%	1.0%	1.1%	1.1%	1.8%	1.8%	68bps

**We believe through streamlining of corporate costs, Genesco can save \$15 million a year**

# Reduce Store Rent

Review every store lease for opportunities to reduce rent and accelerate the move to a variable structure

- Benefits of a variable lease include adopting a variable cost structure, providing comfort in pursuing online growth, in addition to saving occupancy costs

Adjusted Occupancy Costs as % of Total Revenue

**We believe through better management of leases, Genesco can save \$8-10 million a year**

Source: SEC Filings, Legion Partners' Estimates

Note: Financials based on the latest fiscal year filings. \$8-10 million annual store rent savings assumes 20% of leases renewal and 20% reduction in renewed leases

# Unlock Value Trapped in Real Estate

## Genesco has substantial real estate value on the balance sheet that is being underutilized

- GCO could unlock the \$141mm of frozen real estate value on its balance sheet through business sales of Schuh and Johnston & Murphy, plus sale-leaseback (SLB) transactions on the remaining Journeys segment
- Portfolio of distribution centers will be easy to monetize and are worth over \$140 million
  - Company-owned properties are over 1.3mm sq. ft
  - The \$141mm value implies \$105 per sq. ft on average
- We believe that a monetization of certain assets could occur within 90 days of starting a process
- In addition to monetizing frozen value of properties, SLB partner could add rooftop solar and other environmental upgrades to work toward achieving LEED certifications

# The Value Creation Opportunity

## 3 Revive Growth: Journeys Will Be –

**For Customers:** Preferred Teen Destination for Footwear

**For Brands:** Strategic Retail Partner

The Value Creation Opportunity: EPS Improvement

Source: Legion Partners' Estimates. Note: Status quo EPS of \$4.58 reflects FY 2020 adjusted EPS as reported by the Company. Status quo (adjusted) EPS reflects FY 2020 Adj. Net Income divided by shares outstanding as of fiscal year end 2021. Sale-leaseback assumes \$87mm of share buyback at share price of \$65. Buyback with excess cash assumes \$164mm of share buyback at share price of \$70, allowing the Company to have \$50mm of net cash on balance sheet. Non-core asset sale assumes \$282mm of share buyback at share price of \$75 to \$90 (please refer to slide 136 for details). Corporate cost reduction assumes \$15mm of annual cost reduction. Journeys' margin expansion assumes 100bps expansion vs. FY 2020 (pre-COVID) level. Journeys' sales growth assumes 5% annual growth for 3 years vs. FY 2020 level. All non-reported EPS calculations assume a tax rate of 25%.

# Improve Journeys' Value Proposition

Leverage Journeys' differentiation from existing retail landscape with its otherwise hard-to-reach teens and kids shoe buying audience and bring the most popular footwear brands to teenagers

## Differentiation

### Unique Customer Base

- Young
- Frequent shoppers with growing feet
- Highly fashion conscious
- Openminded to trying brands and styles

### National Footprint and Variety of Assortment

- National footprint with 1,159 stores
- Shoe assortment ranging from casual to dress –strong athleisure and skate

## Win-Win Relationships

### Brands

- Opportunity for product introductions to unique teen market missing at other retailers
- Engage with teen audience across channels and social vehicles
- Drive brand awareness and engagement with key teen buying demo
- Showcase new/cutting-edge products to openminded audience

JOURNEYS

- Fuel growth
- Drive platform awareness
- Increase loyalty

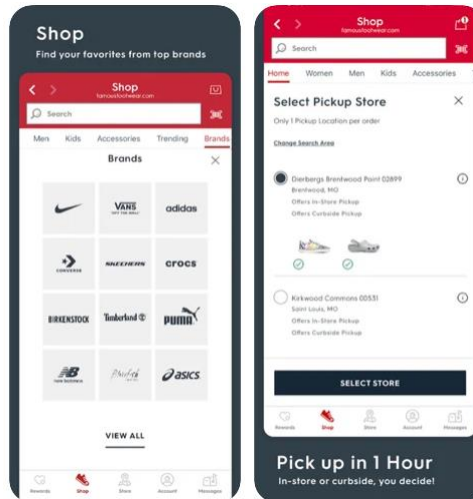

# Re-Engineer Journeys' Ecosystem

Build a high engagement model and elevate customers' experience whenever, wherever, and however they shop, with tactical growth initiatives outlined in the following pages

## Digital

## Engagement

### Loyalty Program

Deeper use of analytics to more effectively mine the data in loyalty program to drive targeted marketing

### BOPUS

### Same-Day Delivery

### Personalization

Develop customized communications based on individual preferences to improve customer acquisition and retention

### Social Media

Further increase brand awareness with our target consumer

# Optimize Journeys' Store Base in US

Current top customers underpenetrated – disciplined growth and rotation opportunities available supervised by the Board

## Location Types

## Of The 1,167 Malls in US, Journeys is in 677 Malls

**Journeys has exposure to 58% of malls in US and has flexibility to move to healthier malls over time as well as to improve underwriting model to identify productive store locations**

Source: SEC Filings, Morgan Stanley Research, CoStar Realty Information, Legion Partners' Estimates  
 Note: Excludes 85 stores in Canada and 22 stores in Puerto Rico

# Improve Sales By Leveraging Store Base – BOPUS

Journeys should have BOPUS which will not only help top-line by increasing both foot traffic and customer satisfaction, but also reduce shipping costs and offset the digital headwind

## BOPUS Benefits

- ✓ Provide the convenience and validation that customers love
  - ✓ Shorten the time required for customers to receive footwear
- 
- ✓ Build trust and loyalty from customers
  - ✓ Drive traffic to store
  - ✓ Reduce shipping and packaging costs

# Develop Stronger Marketing Initiatives

- Journeys should focus on improving key word search results to achieve better placement
- Social engagement should be improved as Journeys was late to key platforms like YouTube and Twitter and has weak content
- Engagement and content should be improved on Instagram, Facebook, and Pinterest
- Consider improving engagement with either social media influencers or sports professionals

## Add Platforms / Features

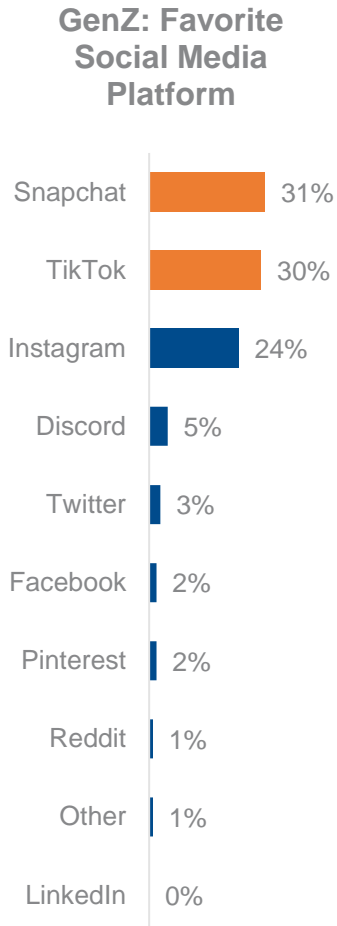

## Improve Platforms

# Penetrate GenZ's Favorite Social Media Platforms

Journeys needs to upgrade its social media presence – Journeys should build and establish a presence on GenZ's favorite social media platform Snapchat and adopt authentic ways to intersect with teenaged consumers and foster genuine connections with them in the digital world

Learn from Peers

*“As a brand we need to **make sure we intersect with our consumers wherever and whenever they want to shop.** – Brady Stewart, Former Levi's SVP, 6/11/2019*

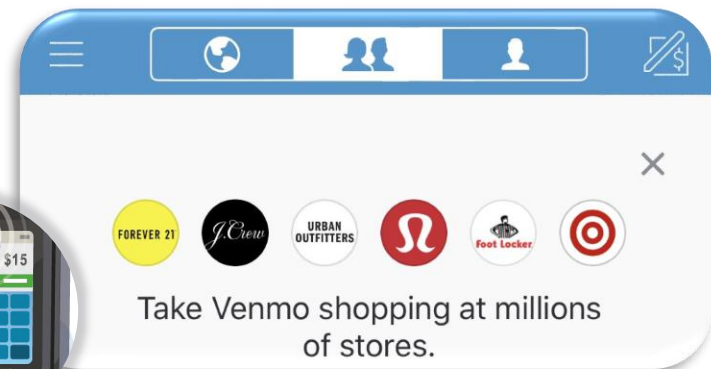

*“Considering that 60% of Tik Tok's audience is Gen Z, it's a perfect platform to reach this vital demographic.” – TotalRetail, 01/12/2021*

# Increase Payment Options That Are Teen-Friendly

Journeys should offer teens' favorite payment options in-store like Venmo, and roll out mobile POS to keep up with other teen retailers who adopted the trend more than 3 years ago

### Top Payment Apps For Teens

### Learn from Peers

*"PayPal this morning announced its mobile payments service Venmo is now available at over 2 million online U.S. retailers, allowing Venmo users to shop on the mobile web at almost everywhere PayPal is accepted today. This includes popular retailers like **Lululemon, Forever21 and Foot Locker** via the mobile web, the company says..."*

*...The move to make Venmo an online checkout option will give merchants a better way to attract millennial shoppers, as the customer base for the social payments app skews millennial and its users are heavily engaged."*

# GCO Needs to #GoForward

We urge fellow stockholders to vote the **WHITE** proxy card to elect strong and proven industry leaders to the Board

- **Legion's nominees will seek to:**
  - ✓ Restore profit and revive growth of Journeys through various tactical initiatives such as reducing corporate expenses, accelerating renegotiations of leases, and embracing digital marketing and social engagement
  - ✓ Refine investor communications & materials and boost sell-side coverage
  - ✓ Implement best practices in governance and redesign executive compensation to align with long-term value creation
  - ✓ Explore all opportunities to achieve fair value of GCO stock, including divestiture of non-core businesses, execution of sale leasebacks and improvement of capital allocation efficiency

**Without the spotlight of pressure and meaningful Board refreshment, we fear that GCO will continue to be undermanaged and TSR will continue to underperform**

# GCO's Misleading Attacks on Our Nominees Don't Hold Up

**In the Company's June 18th letter, we believe the Board impugns its own credibility by misrepresenting our nominees' exceptional credentials and omitting important information pertaining to their successful track records**

Genesco's Misrepresentation	The Reality
<p><b>✗</b> <i>Genesco claims Ms. Robertson has a "[r]eputation for short tenures at companies" and that she "[d]oes not have substantial experience in eCommerce or footwear"</i></p>	<p><b>✓</b> What Genesco labels "short tenures" is actually diverse and valuable experience – Ms. Robertson has been a business leader at Old Navy, Myer, Sak's Avenue, OCM, May Dept Stores, and Macy's (where she had a key e-commerce role)</p>
<p><b>✗</b> <i>Genesco claims Ms. Bowen is "on a competitor's Board" and lacks relevant experience</i></p>	<p><b>✓</b> Ms. Bowen, who is committed to taking the steps necessary to rectify any legitimate conflict to serve shareholders, has significant turnaround experience from her tenures as an advisor and director in the retail sector and other challenged industries where she often enters a boardroom under difficult or distressed situations</p>
<p><b>✗</b> <i>While touting its reactionary ESG efforts, Genesco completely omits the fact that Ms. Moore-Roberts has significant experience in the ESG and D&amp;I areas at a large public company</i></p>	<p><b>✓</b> Ms. Moore-Roberts currently serves as Chief Inclusion &amp; Diversity Officer for IPG DXTRA, a global collective of 28 marketing services and agency brands, and previously served as Global Head of Inclusive Diversity at Yahoo!</p>
<p><b>✗</b> <i>Genesco claims it "considered Mr. Sichel as a potential director candidate in fall 2020 and did not move forward given his narrowly focused skills and experience in digital marketing"</i></p>	<p><b>✓</b> Mr. Sichel's experience in digital marketing and e-commerce strategy would fill clear gaps that Genesco has on its Board, as evidenced by the Company's meager social media presence and insufficient online sales</p>

# What's Broken? Web Experience Not Competitive (FL)

Footlocker.com offers a broad selection of products and customer-friendly features including fit tips and width information

The screenshot shows the product page for 'adidas Originals NMD R1' on the Foot Locker website. The page includes a navigation bar, a search bar, and a main product area with a large image of the shoe and a smaller gallery of five different angles. The product details section includes a star rating of 4.6 (5618 reviews), a color selection carousel with '+10' more options, a width selection dropdown set to 'Width - B - Medium', a price of \$140.00, and a financing option for 4 interest-free payments of \$35.00 using Klarna. A size chart is also visible, showing sizes from 05.0 to 11.0. A 'Fit Alert' suggests ordering a .5 size smaller than the normal size. Below the size chart, there is a 'BUY & PICK UP IN STORE' section with a 'Find a store near me' link. The 'ADD TO CART' button is prominently displayed. At the bottom, there is a membership promotion: 'MEMBERS GET FREE SHIPPING'. The page footer includes tabs for 'Details', 'Size & Fit', 'Reviews' (4.6 stars, 5618 reviews), and 'Q&A'. On the right side of the page, there is a vertical 'Feedback' button.
