The form of note itself is attached as part of Exhibit H and should be reviewed in its entirety before you invest, but a summary of certain terms in the note are as follows:

Maturity Date and Prepayment. The note will become due and payable at any time on or after the “Maturity Date” (the thirtieth-month anniversary of the initial closing of the purchase of the note, or such later date as determined in accordance with Section 3.1 of said note). To the extent not previously converted pursuant to Section 4 of the note or accelerated pursuant to Section 8 of the note, the Wunderground will repay the outstanding balance of the note. If Wunderground determines that it does not have sufficient cash on hand to make such payments and remain solvent, the date shall be extended to a later date mutually agreed upon by the Wunderground and Wunderground SPV. Except as provided in Sections 3, 4 or 8 or elsewhere in the note, the notes may not be prepaid without the prior written consent of Wunderground SPV.

Conversion. If Wunderground consummates a “Qualified Financing” prior to the Maturity Date, then, effective upon the closing (or first in a series of closings) of such Qualified Financing, the outstanding balance of the Note shall automatically be converted into a number of Common Units in Wunderground as determined by dividing the note’s outstanding balance by the “Conversion Price”, rounded down to the nearest whole unit.

“Qualified Financing” means an issuance and sale by the Wunderground of its units: (1) that (i) results in the Wunderground’s receipt of total cash proceeds of at least \$500,000 (excluding the conversion of the note, any indebtedness or convertible note or security instruments); and (ii) is accomplished in one or more closings as part of a single plan of financing based upon a single set of unit purchase agreements and ancillary documentation; or (2) as otherwise approved by the Wunderground SPV.

“Conversion Price” means 80% of the price per unit paid by investors in the Qualified Financing.

The Company and its Business

Company Overview

Better Science, LLC (“Wunderground” or the “Company” or the “Issuer” or “We”) is a United States based company that manufactures and sells coffee and tea products enhanced with adaptogenic mushroom extracts to help people feel better, without compromise on taste. Wunderground is Coffee 2.0 and exists to make wellness as easy as drinking your coffee.

The co-issuer, Wunderground Coffee CF SPV, LLC (which may be referred to as the “Wunderground SPV” is a limited liability company formed under the laws of Delaware on September 5, 2023 and was formed for the sole purpose of being a crowdfunding special purpose vehicle where investors in this Regulation Crowdfunding offering will initially hold their equity, and where the investment funds will be used to purchase a convertible note on a dollar-for-dollar basis in Better Science, LLC. The convertible note terms are found in the summary form in the Convertible Note Terms above, and the form of note itself and deal terms are attached as part of Exhibit H.

We have two distinct coffee blends - Brainchild (for cognitive function) and Hocus Pocus (to support immunity.) For those who prefer tea, we have Dream Supply Tea which is decaffeinated and supports sleep cycles.

Our Vision & Mission

Anchored in coffee, enhanced by mushrooms, we were founded to help combat the new normal of stress and worry – to help people feel and perform better – through the daily ritual of coffee.

Powerful concentrates of superfood adaptogenic mushrooms are combined with obsessively sourced and roasted coffee bringing wellness without compromising taste. Adaptogens are naturally occurring biological compounds found in plants or fungi that help us adapt to stress and keep our bodies in balance. Also called superfoods, the mushroom extracts Wunderground uses have been a part of wellness and medicine for more than 2,000 years in Eastern cultures. Benefits from Wunderground mushrooms include improved cognition and focus, decreased anxiety, uplifted mood, boosted immunity and support for better sleep cycles. In a word – balance. We are passionate about improving mental health, which is one of the key reasons Wunderground was founded. Not only do we aim to create the most efficacious product on the market, but we have also pledged to give 5% of profits to innovative treatments that positively impact the mental health crisis young adults are facing.

We use four adaptogenic mushrooms in our products:

- Chaga: Boosts energy, fights fatigue from adrenal overload, helps maintain a healthy gut, packed with beta-glucans to keep hormones balanced and improve absorption of essential nutrients and antioxidants.
- Cordyceps: Balances hormones, reduces free radicals and inflammation, boosts athletic performance

- Reishi: Beta-glucans that aid in digestion, eases anxiety, supports sleep cycles, promotes nerve growth in the brain
- Lion's Mane: Aids with memory loss, focus and cognition, emotional regulation, balancing out stressors in the adrenal system.

We're hard core coffee snobs. We only wanted to create our Coffee 2.0 if we could accomplish two things: the coffee needed to taste great and also make you feel great.

We believe our competitors' products don't taste very good so we needed our coffee to taste as good as the best micro-roasters. We obsessed over this – playing with roast level and curve, sourcing premium green coffee, sourcing specific origins to dial in great taste while eliminating bitter notes of the mushroom extracts to deliver excellence in every cup. We've given out more than 30,000 samples at our Seattle-Tacoma Airport location and the feedback we get is that people can't believe there are mushrooms in our delicious cup of coffee. Wunderground was heralded as the best tasting mushroom coffee by *Gear Patrol* and others. The best way for us measure our taste is through customer reviews. With almost 90% of our hundreds of reviews being 5-star reviews, we are confident we've nailed it.

In addition, we want you to feel the benefits of these potent superfoods so it's imperative that we provide a high enough quality and concentration of mushrooms so that our customers really do feel a difference - less stress, fewer jitters, better health. Each serving is typically more than a typical supplement dose with benefits of 4.5g per serving of organic, fruiting body mushrooms.

Our Innovation

We figured out how to infuse whole bean coffee with mushroom extracts. It's part of our trade secret and something that differentiates us. Being able to offer whole bean coffee opens up a market that we believe our competitors can't reach: at-home coffee geeks who want to control the grind of their coffee, but who also want the health benefits that mushrooms provide.

Aside from our product, another innovation we are excited about is our distribution strategy. We initially launched as a Direct to Consumer (DTC) website. Soon after launch, we heard from six of the top tech companies who wanted to bring Wunderground into their offices as a benefit for their employees. Premium amenities are top of mind for these organizations as they think about attracting workers back to the office, employee retention, and mental health benefits for their teams. On average, these tech companies have 500 kitchenettes at their headquarter locations alone. This is where they brew coffee and feature coolers full of ready to drink (RTD) beverages for employees, and they reached out to us wanting Wunderground for both.

This unique opportunity feels as though it was made for us. None of our competitors are positioned in this space and we've already built the right supply chains, manufacturing processes, and have the inside relationships. We have already launched filter coffee and our Brain Wash Latte Booster in two of these global tech company headquarters and we are actively expanding the opportunity. Our founders have done this before and have built the company for this type of opportunity.

The visibility we get at these tech company kitchenettes (led by Aramark, Compass Foods and others) helps us build brand, trial, and awareness, one cup at a time. Rather than focusing on

high levels of media spend in an environment where customer acquisition cost is astronomically high, we are able to focus on converting people to customers through trial at their place of employment. And we already know (through our retail locations) that once people try Wunderground, they love it. Once enough demand is built up, we plan to launch grocery and big box retail products.

Our Team

Our success is driven by a team of passionate experts with decades of experience in the coffee industry. Our coffee expertise is unparalleled, with key members having spent years at Starbucks, Stumptown, Verve and others, mastering the art of sourcing, roasting, and flavor development.

Wunderground Founder & CEO, Jody Hall is a three-time entrepreneur, and brings 10 years of experience in operations and marketing at Starbucks during their growth stage (1989-2000). She cherry-picked an incredible team along with investors and advisors - many coming from C-level leadership from Starbucks.

Wunderground's co-founding advisor and Head Formulator Hannah Su brings 23 years of R&D at Starbucks Coffee. She built the Bottled Frappuccino product and commercialized Starbucks Via Instant Coffee. Our Head of Operations, Jason Sawiki has a long history of building roasteries, managing supply chains, quality and innovation.

Some of our other key investors and advisors include:

- Howard Behar - former COO of Starbucks
- Mary Wagner, former Chief of R&D Starbucks
- Craig Russell, former SVP supply chain and quality at Starbucks
- Jim Alling, former President of Starbucks North America
- Eric Hoest, former Vice President of Stumptown Coffee
- Brian Lovejoy, former GM Innovation at Calafia
- Mike McCready of Pearl Jam

We have a medical board advisor as well, Dr. Arti Chandra (MD, MPH and IFM Certified Practitioner).

The Market

Coffee is the second most traded commodity in the world. It's the most ritualistic beverage in the world. Our goal is to create Coffee 2.0, that adds wellness to your everyday routine. There is a lot of momentum in this space:

- The US coffee market is \$27.06B in 2023 and is expected to grow to \$32.44bn by 2028 - a CAGR of 3.69%.
- The US functional mushroom market was \$15.3B in 2022 and is expected to grow to \$23.3B in 2030 - a CAGR of 10.1%
- The US functional mushroom coffee market was at \$532M in 2023 and is expected to grow to \$786M in 2030 - a CAGR of 5.0%

Competition

First and foremost, we believe Wunderground is the best tasting option among all competitors. We feel our competitors lack the coffee background, R&D sophistication and ability to work with roast and varieties to mask the off-putting flavors mushrooms can add.

Additionally, we are going to market in a very different way from our competitors. Competitors are focused on grocery and Direct to Consumer (DTC) - while these are typical channels for almost everyone, both are increasingly tough to break through and expensive to scale. While Wunderground has Direct To Consumer, it's not our main channel to scale. Instead, because of inbound requests from top global tech companies, Wunderground is leaning into these market forces and is scaling in the foodservice channel. This channel's focus is selling our coffee and our Ready-To-Drink Super Boost Oat Latte for break rooms in top global tech companies to begin. We do this through foodservice companies such as Compass USA - the global leader in this space. We are also in discussions with major airlines, universities and music events. The innovation here is around Wunderground meeting this cultural moment around

1. Health & Wellness are paramount
2. Mushrooms recognized as Super Food.
3. Mental Health Epidemic and
4. Work habits have changed.

Wunderground is uniquely positioned in the center of these trends and changes and uniquely services the needs of this moment, without competition. This market is massive and a complete greenfield opportunity for us and we believe we are uniquely suited to capitalize on this opportunity with our coffee-savvy leadership and our capabilities to scale manufacturing and distribution strategies.

Traction to Date + Press

Wunderground has been gaining significant traction, with mentions in notable publications like *Gear Patrol* and *Women's Health*. Our B2B growth is also soaring, with partnerships with industry tech giants. We've made waves as the first choice for airport mushroom coffee.

A few key dates on our traction timeline include:

April 2023: Brainchild Whole Bean Infused coffee was launched, leveraging the Company's proprietary methodology of infusing whole coffee beans with concentrated mushroom extracts. This product received a warm welcome from coffee geeks who wanted to control the grind of their beans, but also wanted the health benefits provided by mushrooms.

May 2023: Wunderground was selected from over 50 applicants to have a retail space at Seattle-Tacoma International airport, the 8th largest airport in North America.

June 2023: Six tech companies show inbound interest in bringing Wunderground to their campuses as part of return to work initiatives.

July 2023: Brain Wash was brought to market – the Company's powdered adaptogenic mushroom super-booster with off-the-charts popularity at its Seattle cafe. Brain Wash contains

all four of the mushrooms used at Wunderground and can be added to any espresso drink, tea, or smoothie. Esteemed roasters also feature this product in their cafes and distribute to their roaster accounts including Puff Coffee in Portland - founded by the Stumptown Founder Duane Sorenson and Equator Coffee in the Bay Area and LA areas of California.

We have exciting plans on the horizon, including the launch of our Brain Wash SuperBoost Oat Latte in Ready-to-Drink (RTD) format in January 2024, targeting beverage coolers at tech companies, airlines and music festivals. This expansion requires funding to support sustainable packaging and further innovation.

Litigation

The Company and Co-Issuer knows of no litigation pending or threatened to which Wunderground or Wunderground SPV is subject or may be a party, which it believes would have a material adverse effect on the Company and Co-Issuer or their business, and no such proceedings are known to be contemplated by governmental authorities or other parties.

A visionary and mission-driven entrepreneur, Jody Hall has always been inspired by human connection as a thread through all the companies she's founded. Her career started in 1989 in the early days at Starbucks - as one of the first hires in marketing to open new stores and markets and build the brand "one cup at a time" via events, experiences and storytelling. After 10 years of growing Starbucks, she took the entrepreneurial leap to found Cupcake Royale in 2003, one of the first cupcake bakeries in the US - with a mission to be the most joyful part of your day. She founded The Goodship - a cannabis edibles brand that launched when Washington legalized marijuana in 2014, with a mission to inspire human connection, discovery, wonder and joy. She had a successful exit in 3 years to Privateer Holdings, a global cannabis titan and the first to take a company public on a US stock exchange. Risk Factors

The SEC requires the company to identify risks that are specific to its business and its financial condition. The company is still subject to all the same risks that all companies in its business, and all companies in the economy, are exposed to. These include risks relating to economic downturns, political and economic events and technological developments (such as hacking and the ability to prevent hacking). Additionally, early-stage companies are inherently more risky than more developed companies. You should consider general risks as well as specific risks when deciding whether to invest.

These are the some of the risks that relate to the Company, but are not an exhaustive list of such risks:

Uncertain Risk

An investment in Better Science LLC and/or Wunderground Coffee CF SPV LLC (collectively in these Risk Factors - the “Company”) involves a high degree of risk and should only be

considered by those who can afford the loss of their entire investment. Furthermore, the purchase of any of the Shares and ultimately the use of your investment to purchase the convertible note (collectively in these Risk Factors - the “Investment”) should only be undertaken by persons whose financial resources are sufficient to enable them to indefinitely retain an illiquid investment. Each investor in the Company should consider all of the information provided to such potential investor regarding the Company as well as the following risk factors, in addition to the other information listed in the Company’s Form C and Exhibits. The following risk factors are not intended, and shall not be deemed to be, a complete description of the commercial and other risks inherent in the Investment in the Company.

Our business projections are only projections

There can be no assurance that the Company will meet our projections. There can be no assurance that the Company will be able to find sufficient demand for our products, that people think it’s a better option than a competing product, or that the Company will be able to make a profit.

Any valuation at this stage is difficult to assess

The valuation related to the Investment was established by the Company. Unlike listed companies that are valued publicly through market-driven stock prices, the valuation of private companies, especially startups, is difficult to assess and you may risk overpaying for the Investment.

The transferability of the securities you are buying is limited

Any Shares and/or Note purchased through this Regulation Crowdfunding offering are subject to SEC limitations of transfer. This means that the Shares that you purchase cannot be resold for a period of one year. The exception to this rule is if you are transferring the Shares back to the Company, to an “accredited investor,” as part of an offering registered with the SEC, to a member of your family, a trust created for the benefit of your family, or in connection with your death or divorce.

Your investment could be illiquid for a long time

You should be prepared to hold the Investment for several years or longer. For the 12 months following your investment there will be restrictions on how you can resell the securities you receive. More importantly, there is no established market for these securities and there may never be one. As a result, if you decide to sell these securities in the future, you may not be able to find a buyer.

If the Company cannot raise sufficient funds it will not succeed

The Company is offering the Investment in the amount of up to \$750,000 in this offering, and may close on any investments that are made. Even if the maximum amount is raised, the Company may need additional funds in the future and if it cannot raise those funds for whatever reason, including reasons relating to the Company itself or the broader economy, it may not survive. If the Company manages to raise only the minimum amount of funds, sought, it will have to find other sources of funding for most of the plans outlined in “Use of Proceeds.”

We may not have enough capital as needed and may be required to raise more capital.

We anticipate needing access to credit in order to support our working capital requirements as we grow. Although interest rates are low, it is still a difficult environment for obtaining credit on favorable terms. If we cannot obtain credit when we need it, we could be forced to raise additional equity capital, modify our growth plans, or take some other action. Issuing more equity may require bringing on additional investors. Securing these additional investors could require pricing our securities below its current pricing. If so, your investment could lose value as a result of this additional dilution. In addition, even if the investment is not priced lower, your ownership percentage would be decreased with the addition of more investors. If we are unable to find additional investors willing to provide capital, then it is possible that we will choose to cease our sales activity. Even if we are not forced to cease our sales activity, the unavailability of credit could result in the Company performing below expectations, which could adversely impact the value of your investment.

Terms of subsequent financings may adversely impact your investment

We will likely need to engage in common equity, debt, or preferred stock financings in the future, which may reduce the value of the Investment. Interest on debt securities could increase costs and negatively impact operating results. Preferred shares could be issued in series from time to time with such designation, rights, preferences, and limitations as needed to raise capital. The terms of preferred stock could be more advantageous to those investors than to the holders of the Investment. In addition, if we need to raise more equity capital from the sale of equity, institutional or other investors may negotiate terms that are likely to be more favorable than the terms of your investment, and possibly a lower purchase price.

Management Discretion as to Use of Proceeds

Our success will be substantially dependent upon the discretion and judgment of our management team with respect to the application and allocation of the proceeds of this offering. The use of proceeds described below is an estimate based on our current business plan. We, however, may find it necessary or advisable to re-allocate portions of the net proceeds reserved for one category to another, and we will have broad discretion in doing so.

Projections: Forward Looking Information

Any projections or forward looking statements regarding our anticipated financial or operational performance are hypothetical and are based on management's best estimate of the probable results of our operations and will not have been reviewed by our independent accountants. These projections will be based on assumptions which management believes are reasonable. Some assumptions invariably will not materialize due to unanticipated events and circumstances beyond management's control. Therefore, actual results of operations will vary from such projections, and such variances may be material. Any projected results cannot be guaranteed.

Minority Holder; Securities with No Voting Rights

The Shares that you are buying have no voting rights attached to them. This means that you will have no rights in dictating on how the Company will be run. You are trusting in management discretion in making good business decisions that will grow your investments.

You are trusting that management will make the best decision for the Company

You are trusting in management discretion. You are buying securities trusting the management of the Company to make good business decisions that grow your investment.

Insufficient Funds

The Company might not sell enough securities in this offering to meet its operating needs and fulfill its plans, in which case it will cease operating and you will get nothing. Even if we sell all the Investment we are offering now, the Company will possibly need to raise more funds in the future, and if it can't get them, we will fail. Even if we do make a successful offering in the future, the terms of that offering might result in the Investment being worth less, because later investors might get better terms.

We have the right to extend the Offering deadline and to end the Offering early.

The Company may extend the offering deadline beyond what is currently stated herein. This means that your investment may continue to be held in escrow while the Company attempts to raise the offering minimum even after the offering deadline stated herein is reached. While you have the right to cancel your investment in the event the Company extends the offering deadline, if you choose to reconfirm your investment, your investment will not be accruing interest during this time and will simply be held until such time as the new offering deadline is reached without the Company receiving the offering minimum, at which time it will be returned to you without interest or deduction, or the Company receives the offering minimum, at which time it will be released to the Company to be used as set forth herein. Upon or shortly after release of such funds to the Company, the Securities will be issued and distributed to you. The Company may also end the offering early; if the offering reaches its target offering amount after 21-calendar days but before the offering deadline, the Company can end the offering with 5 business days' notice. This means your failure to participate in the offering in a timely manner, may prevent you from being able to participate – it also means the Company may limit the amount of capital it can raise during the offering by ending it early.

We face significant market competition

We will compete with larger, established companies who may have much better financial means and marketing/sales and human resources than us. They may succeed in developing and marketing competing equivalent products earlier than us, or superior products than those developed by us. There can be no assurance our products will be preferred to any existing or new products. It should further be assumed that competition will intensify.

We are an early stage company and have not yet generated profits

The Company has a limited history upon which an evaluation of its performance and future prospects can be made. Our current and proposed operations are subject to all business risks associated with new enterprises. These include likely fluctuations in operating results as the Company reacts to developments in its market, managing its growth and the entry of competitors into the market. We will only be able to pay dividends on any securities once our management determine that we are financially able to do so. The Company has incurred a net

loss. There is no assurance that we will be profitable in the next 3 years or generate sufficient revenues to pay distributions to investors.

Our trademarks, copyrights and other intellectual property could be unenforceable or ineffective

Intellectual property is a complex field of law in which few things are certain. It is possible that competitors will be able to work around our intellectual property. If competitors are able to bypass our trademark and copyright protection without obtaining a sublicense, it is likely that the Company's value will be materially and adversely impacted. This could also impair the Company's ability to compete in the marketplace. Moreover, if our trademarks and copyrights are deemed unenforceable, the Company will almost certainly lose any potential revenue it might be able to raise by entering into sublicenses. This would cut off a significant potential revenue stream for the Company.

The cost of enforcing our trademarks and copyrights could prevent us from enforcing them

Trademark and copyright litigation has become extremely expensive. Even if we believe that a competitor is infringing on one or more of our trademarks or copyrights, we might choose not to file suit because we lack the cash to successfully prosecute a multi-year litigation with an uncertain outcome; or because we believe that the cost of enforcing our trademark(s) or copyright(s) outweighs the value of winning the suit in light of the risks and consequences of losing it; or for some other reason. Choosing not to enforce our trademark(s) or copyright(s) could have adverse consequences for the Company, including undermining the credibility of our intellectual property, reducing our ability to enter into sublicenses, and weakening our attempts to prevent competitors from entering the market. As a result, if we are unable to enforce our trademark(s) or copyright(s) because of the cost of enforcement, your investment in the Company could be significantly and adversely affected.

The loss of one or more of our key personnel, or our failure to attract and retain other highly qualified personnel in the future, could harm our business

To be successful, the Company requires capable people to run its day to day operations. As the Company grows, it will need to attract and hire additional employees in sales, marketing, design, development, operations, finance, legal, human resources and other areas. Depending on the economic environment and the Company's performance, we may not be able to locate or attract qualified individuals for such positions when we need them. We may also make hiring mistakes, which can be costly in terms of resources spent in recruiting, hiring and investing in the incorrect individual and in the time delay in locating the right employee fit. If we are unable to attract, hire and retain the right talent or make too many hiring mistakes, it is likely our business will suffer from not having the right employees in the right positions at the right time. This would likely adversely impact the value of your investment.

We rely on third parties to provide services essential to the success of our business

We rely on third parties to provide a variety of essential business functions for us, including accounting, legal work, public relations, advertising, and distribution. It is possible that some of these third parties will fail to perform their services or will perform them in an unacceptable manner. It is possible that we will experience delays, defects, errors, or other problems with their work that will materially impact our operations and we may have little or no recourse to

recover damages for these losses. A disruption in these key or other suppliers' operations could materially and adversely affect our business. As a result, your investment could be adversely impacted by our reliance on third parties and their performance.

The Company. Is Dependent On Its Management and Founders to Execute the Business Plan

The Company is dependent on its management and founders to execute the business plan. The Company's operations and viability will be dependent on Jody Hall and others. The success of the Company will depend on its ability to compete for and retain additional qualified key personnel. The Company's business would be adversely affected if it were unable to recruit qualified personnel when necessary or if it were to lose the services of certain key personnel and it were unable to locate suitable replacements. The loss, through untimely death or otherwise, of any such persons could have a materially adverse effect on the Company and its business.

The Company's Bank Account Will Not Be Fully Insured

The Company's regular bank account and the escrow account where investor's funds will be held prior to closing each have federal insurance for only up to \$250,000. It is anticipated that the account balances in each account could exceed \$250,000 at times. In the event that either bank should fail, the Company may not be able to recover all amounts deposited in these bank accounts.

There Is No Assurance The Company Will Be Able To Pay Distributions To Shareholders

While the Company intends to pay distributions in the future to its investors if the Company is profitable or is acquired or goes public, there can be no assurance that cash flow and profits will allow such distributions to be made, or that an acquisition, merger or public offering will ever occur.

The Shares In This Offering Is Not Registered and Have Restrictions on Transfer.

The Shares of this Offering have not been registered under the 1933 Securities Act in reliance upon an exemption under such act. Further, the Shares are being sold pursuant to exemptions from registration in the various states in which they are being offered. There is no assurance that this Offering presently qualifies or will continue to qualify under such exemptions due to, among other things, the adequacy of disclosure and the manner of distribution of this Offering, the conduct and timing of similar offerings by the Company or its affiliates in the past and in the future, or the change of any securities laws or regulations. Further, the exemptions may not be available if the Company attempts to distribute the Shares in a manner prohibited by either federal or other applicable state securities laws. For instance, if any payments made by the Company to third parties who are not registered broker/dealers are categorized as sales commissions, the Company may lose its eligibility for certain registration exemptions. If, and to the extent, suits for rescission are brought and successfully concluded for failure to register the Shares under various state or federal securities laws, or for acts or omissions constituting certain prohibited practices under state and federal securities laws, both the capital and assets of the Company could be adversely affected, thus jeopardizing the ability of the Company to operate successfully. Further, the time of the Company's management and the capital of the Company could be expended in defending an action by investors or by state or federal authorities even where the Company ultimately is exonerated.

There is No Market for the Company's Shares

The Company has not registered, is not under any obligation to register, and does not presently intend to register the Shares with any regulatory authorities at any time in the future. Non-registration of the Shares makes the investment extremely illiquid and impairs the ability of shareholders to dispose of their holdings. Although it may be possible, after a period of time, under certain limited circumstances and subject to the terms of legends affixed to the Share certificates, to dispose of the Shares, no market currently exists for the Shares or any of the Company's securities, and you should not expect such market will exist at any time in the future. You probably will not be able to liquidate this investment in the event of an emergency or for any other reason. The Shares are illiquid and should be considered a long-term investment. There are substantial restrictions on the transferability of the Shares and in all likelihood, you will not be able to liquidate the investment.

The Management Of The Company Has Broad Discretion In Application of Proceeds

The management of the Company has broad discretion to adjust the application and allocation of the net proceeds of this offering in order to address changed circumstances and opportunities. As a result of the foregoing, the success of the Company will be substantially dependent upon the discretion and judgment of the management of the Company with respect to the application and allocation of the net proceeds hereof.

The Business May Be Affected by Economic Conditions.

As with all new or emerging ventures, the Company's business may be highly sensitive to general economic conditions. Consequently, there can be no assurance that the Company will achieve the profitability necessary to pay investors a return on their investment.

Management, Officers, Directors and Shareholders/Owners Have Conflicts of Interest and Affiliated Companies That Will Do Business With Company.

Management and/or executives may own, control or manage other companies or businesses that may do business with the Company. Contracts with such affiliated companies have inherent conflicts of interest and such agreements will not have been the result of arms' length negotiations or third-party bidding. Certain members of management have interests in other companies that will or may do business with Company, which may create a conflict of interest, and management of Company may agree to waive those conflicts of interest to do business with the other companies.

DUE TO THESE FACTORS, AND OTHERS DESCRIBED ELSEWHERE OR NOT PRESENTLY FORESEEN, THE PURCHASE OF THE SECURITIES INVOLVES AN EXTREME DEGREE OF RISK. THE SECURITIES SHOULD BE PURCHASED ONLY BY INVESTORS WHO CAN AFFORD TO SUSTAIN A TOTAL LOSS OF THEIR INVESTMENT AND WHO HAVE NO NEED FOR LIQUIDITY WITH RESPECT TO THIS INVESTMENT.

Investors should understand the potential for dilution. The investor's stake in a company could be diluted due to the company issuing additional securities. You will own a smaller piece of a larger company. This increase in number of securities outstanding could result from a stock offering (such as an initial public offering, another equity crowdfunding round, a venture capital round, angel investment, employees or others exercising stock options, or by conversion of certain instruments (e.g., convertible bonds, convertible shares or warrants) into shares.

Re: Financial Statement Review

We have reviewed the accompanying consolidated financial statements of BETTER SCIENCE, LLC (the "Company"), which comprise the consolidated balance sheet as of December 31, 2022 and 2021, and the related consolidated statements of operations, members' equity/deficit and cash flows for the calendar year periods ended December 31, 2022 and 2021, and the related notes to the financial statements.

A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially limited in scope compared to an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying consolidated financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Going Concern

As discussed in the Notes and Additional Disclosures, certain conditions indicate there is substantial doubt as to whether the Company may continue as a going concern. The accompanying financial statements do not include any adjustments which might be necessary should the Company be unable to continue as a going concern. Our conclusion is not modified with respect to that matter.

Sincerely,

IndigoSpire CPA Group

NOTES TO FINANCIAL STATEMENTS

(UNAUDITED)

NOTE 1 – NATURE OF OPERATIONS

BETTER SCIENCE, LLC and subsidiary (which may be collectively referred to as the “Company”, “we,” “us,” or “our”) was organized in Washington on October 24, 2019. The Company operates a coffee café in the Capitol Hill area of Seattle, Washington through its wholly owned subsidiary.

Better Science LLC wholly owns all the membership interest in Wunderground Retail Cap Hill LLC, a Washington limited liability company.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America (“US GAAP”). The accompanying unaudited financial statements do not include all the information and notes required by GAAP for complete financial statements. In the opinion of management, all adjustments considered necessary for the fair presentation of the unaudited financial statements for the years presented have been included.

Principles of Consolidation

For the fair presentation of the consolidated financial position and financial activity of the Company, relevant intercompany items and investment accounts have been eliminated.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and footnotes thereto. Actual results could materially differ from these estimates. It is reasonably possible that changes in estimates will occur in the near term.

Significant estimates inherent in the preparation of the accompanying financial statements include valuation of provision for refunds and chargebacks, equity transactions and contingencies.

Risks and Uncertainties

The Company’s business and operations are sensitive to general business and economic conditions in the United States and other countries that the Company operates in. A host of factors beyond the Company’s control could cause fluctuations in these conditions. Adverse conditions may include recession, downturn or otherwise, local competition or changes in consumer taste. These adverse conditions could affect the Company’s financial condition and the results of its operations. In 2020, the world economy suffered a global slowdown while dealing with the COVID-19 pandemic. The Company’s business may also be affected during this time and the ensuing years of higher inflation and economic slowdown.

Concentration of Credit Risk

The Company maintains its cash with a major financial institution located in the United States of America, which it believes to be credit worthy. The Federal Deposit Insurance Corporation insures balances up to \$250,000. At times, the Company may maintain balances in excess of the federally insured limits.

Cash and Cash Equivalents

The Company considers short-term, highly liquid investment with original maturities of three months or less at the time of purchase to be cash equivalents. Cash consists of funds held in the Company's checking account. As of December 31, 2022 and 2021, the Company had \$235,172 and \$1,103,508 of cash on hand, respectively.

Fixed and Long-Lived Intangible Assets

Property, equipment and intangible assets are recorded at cost. Expenditures for renewals and improvements that significantly add to the productive capacity or extend the useful life of an asset are capitalized. Expenditures for maintenance and repairs are charged to expense. When equipment is retired or sold, the cost and related accumulated depreciation are eliminated from the accounts and the resultant gain or loss is reflected in income.

Depreciation is provided using the straight-line method, based on useful lives of the assets which range from three to seven years. Amortization is provided using the straight-line method based on the useful life of software, patents and copyrights. Other intangibles such as goodwill are not amortized but rather tested for impairment. Amortization of software development costs are discussed below.

The Company reviews the carrying value of property and equipment for impairment whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. In cases where undiscounted expected future cash flows are less than the carrying value, an impairment loss is recognized equal to an amount by which the carrying value exceeds the fair value of assets. The factors considered by management in performing this assessment include current operating results, trends and prospects, the manner in which the property is used, and the effects of obsolescence, demand, competition, and other economic factors.

As of December 31, 2022 and 2021, the Company had \$761,922 and \$774,568 of net fixed assets.

Fair Value Measurements

Generally accepted accounting principles define fair value as the price that would be received to sell an asset or be paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price) and such principles also establish a fair value hierarchy that prioritizes the inputs used to measure fair value using the following definitions (from highest to lowest priority):

- Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2 – Observable inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data by correlation or other means.
- Level 3 – Prices or valuation techniques requiring inputs that are both significant to the fair value measurement and unobservable.

Income Taxes

Income taxes are provided for the tax effects of transactions reporting in the financial statements and consist of taxes currently due plus deferred taxes related primarily to differences between the basis of receivables, inventory, property and equipment, intangible assets, and accrued expenses for financial and income tax reporting. The deferred tax assets and liabilities represent the future tax return consequences of those differences, which will either be taxable or deductible when the assets and liabilities are recovered or settled. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more

likely than not that some portion or all of the deferred tax assets will not be realized. Any deferred tax items of the Company have been fully valued based on the determination of the Company that the utilization of any deferred tax assets is uncertain.

The Company complies with FASB ASC 740 for accounting for uncertainty in income taxes recognized in a company's financial statements, which prescribes a recognition threshold and measurement process for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. FASB ASC 740 also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. Based on the Company's evaluation, it has been concluded that there are no significant uncertain tax positions requiring recognition in the Company's financial statements. The Company believes that its income tax positions would be sustained on audit and does not anticipate any adjustments that would result in a material change to its financial position.

Revenue Recognition

The Company recognizes revenue in accordance with ASC 606 when it has satisfied the performance obligations under an arrangement with the customer reflecting the terms and conditions under which products or services will be provided, the fee is fixed or determinable, and collection of any related receivable is probable. ASC Topic 606, "Revenue from Contracts with Customers" establishes principles for reporting information about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts to provide goods or services to customers. Revenues are recognized when control of the promised goods or services are transferred to a customer, in an amount that reflects the consideration that the Company expects to receive in exchange for those goods or services. The Company applies the following five steps in order to determine the appropriate amount of revenue to be recognized as it fulfills its obligations under each of its agreements: 1) identify the contract with a customer; 2) identify the performance obligations in the contract; 3) determine the transaction price; 4) allocate the transaction price to performance obligations in the contract; and 5) recognize revenue as the performance obligation is satisfied.

The Company earns revenues through the sale of its mushroom based coffees and teas. The revenue is recorded when the products are sold to the end customer.

Accounts Receivable

Typically, sales of the Company's products are done through point-of-sale systems and collecting cash up front. If applicable, trade receivables due from customers are uncollateralized customer obligations due under normal trade terms requiring payment within 30 days from the invoice date. Trade receivables are stated at the amount billed to the customer. Payments of trade receivables are allocated to the specific invoices identified on the customer's remittance advice or, if unspecified, are applied to the earliest unpaid invoices. As of December 31, 2022 and 2021, the Company had \$11,052 and \$0 accounts receivable, respectively.

The Company estimates an allowance for doubtful accounts based upon an evaluation of the current status of receivables, historical experience, and other factors as necessary. It is reasonably possible that the Company's estimate of the allowance for doubtful accounts will change. The Company does not believe that any of the accounts receivable balance is reasonably uncollectible at this time.

Advertising

The Company expenses advertising costs as they are incurred.

Organizational Costs

In accordance with FASB ASC 720, organizational costs, including accounting fees, legal fees, and costs of incorporation, are expensed as incurred.

Recent Accounting Pronouncements

In June 2019, FASB amended ASU No. 2019-07, Compensation – Stock Compensation, to expand the scope of Topic 718, Compensation – Stock Compensation, to include share-based payment transactions for acquiring goods and services from nonemployees. The new standard for nonpublic entities will be effective for fiscal years beginning after December 15, 2019, and interim periods within fiscal years beginning after December 15, 2020, and early application is permitted. We are currently evaluating the effect that the updated standard will have on the financial statements and related disclosures.

In August 2019, amendments to existing accounting guidance were issued through Accounting Standards Update 2019-15 to clarify the accounting for implementation costs for cloud computing arrangements. The amendments specify that existing guidance for capitalizing implementation costs incurred to develop or obtain internal-use software also applies to implementation costs incurred in a hosting arrangement that is a service contract. The guidance is effective for fiscal years beginning after December 15, 2020, and interim periods within fiscal years beginning after December 15, 2021, and early application is permitted. We are currently evaluating the effect that the updated standard will have on the financial statements and related disclosures.

The FASB issues ASUs to amend the authoritative literature in ASC. There have been a number of ASUs to date, including those above, that amend the original text of ASC. Management believes that those issued to date either (i) provide supplemental guidance, (ii) are technical corrections, (iii) are not applicable to us or (iv) are not expected to have a significant impact on our financial statements.

NOTE 3 – GOING CONCERN

These financial statements are prepared on a going concern basis. The Company began operation in 2016 and incurred a loss since inception. The Company's ability to continue may be dependent upon management's plan to raise additional funds and achieve profitable operations. The financial statements do not include any adjustments that might be necessary if the Company is not able to continue as a going concern.

NOTE 4 – DEBT

The Company has issued convertible notes to investors. These amounts, and the accrued but unpaid interest, have been recorded as long-term liabilities of the Company. The instruments accrue interest at the rate of 4 percent per annum and allow the holder to convert the face value and accrued but unpaid interest into equity at 80 percent of the price paid by investors in a qualified financing event (or a valuation cap of \$12,000,000).

NOTE 5 – INCOME TAX PROVISION

The Company has filed or will file its partnership income tax return for the period ended December 31, 2022 and 2021. The income tax returns will remain subject to examination by the Internal Revenue Service under the statute of limitations for a period of three years from the date it is filed. The Company incurred

a loss during the period from Inception through December 31, 2022 and the deferred tax asset from such losses have been fully valued based on their uncertainty in being used.

NOTE 6 – COMMITMENTS AND CONTINGENCIES

The Company is not currently involved with and does not know of any pending or threatening litigation against the Company.

NOTE 7 – EQUITY

The Company has issued 7,927,083.33 units of its membership interest. Only the founder and chief executive, Ms. Jody Hall beneficially owns more than 10 percent of the equity of the Company on a fully diluted basis.

NOTE 8 – RELATED PARTY TRANSACTIONS

The Company does not have any transactions among related parties aside from those occurring within the normal course of business.

NOTE 9 – SUBSEQUENT EVENTS

Anticipated Crowdfunded Offering

The Company is offering (the “Crowdfunded Offering”) securities in an offering exempt from registration.

Management’s Evaluation

Management has evaluated subsequent events through September 29, 2023, the date the financial statements were available to be issued. Based on this evaluation, no additional material events were identified which require adjustment or disclosure in the financial statements.

NOTE 1 – NATURE OF OPERATIONS

WUNDERGROUND COFFEE CF SPV, LLC (which may be referred to as the “Company”, “we,” “us,” or “our”) is a limited liability company formed under the laws of Delaware on September 5, 2023 and is a company formed for the purposes of running a crowdfunding campaign and acquiring an equity interest in Better Science LLC.

Since inception, the Company has not conducted any business. These matters raise substantial doubt about the Company's ability to continue as a going concern (see Note 3). The Company intends to fund its operations with funding from the crowdfunding campaign (see Note 9), if any. These financial statements and related notes thereto do not include any adjustments that might result from these uncertainties.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America ("US GAAP"). The accompanying unaudited financial statements do not include all the information and notes required by GAAP for complete financial statements. In the opinion of management, all adjustments considered necessary for the fair presentation of the unaudited financial statements for the years presented have been included.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and footnotes thereto. Actual results could materially differ from these estimates. It is reasonably possible that changes in estimates will occur in the near term.

Significant estimates inherent in the preparation of the accompanying financial statements include valuation of provision for refunds and chargebacks, equity transactions and contingencies.

A host of factors beyond the Company's control could cause fluctuations in these conditions. Adverse conditions may include recession, downturn or otherwise, local competition or changes in consumer taste. The Company maintains its cash with a major financial institution located in the United States of America, which it believes to be credit worthy. The Federal Deposit Insurance Corporation insures balances up to \$250,000. At times, the Company may maintain balances in excess of the federally insured limits.

The factors considered by management in performing this assessment include current operating results, trends and prospects, the manner in which the property is used, and the effects of obsolescence, demand, competition, and other economic factors. As of September 30, 2023, the Company had no net fixed assets.

Fair Value Measurements

Generally accepted accounting principles define fair value as the price that would be received to sell an asset or be paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price) and such principles also establish a fair value hierarchy that prioritizes the inputs used to measure fair value using the following definitions (from highest to lowest priority):

For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. FASB ASC 740 also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. Based on the Company's evaluation, it has been concluded that there are no significant uncertain tax positions requiring recognition in the Company's financial statements. The Company believes that its income tax positions would be sustained on audit and does not anticipate any adjustments that would result in a material change to its financial position.

Revenue Recognition

The Company recognizes revenue in accordance with ASC 606 when it has satisfied the performance obligations under an arrangement with the customer reflecting the terms and conditions under which products or services will be provided, the fee is fixed or determinable, and collection of any related receivable is probable. ASC Topic 606, "Revenue from Contracts with Customers" establishes principles for reporting information about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts to provide goods or services to customers. Revenues are recognized when control of the promised goods or services are transferred to a customer, in an amount that reflects the consideration that the Company expects to receive in exchange for those goods or services. The Company applies the following five steps in order to determine the appropriate amount of revenue to be recognized as it fulfills its obligations under each of its agreements: 1) identify the contract with a customer; 2) identify the performance obligations in the contract; 3) determine the transaction price; 4) allocate the transaction price to performance obligations in the contract; and 5) recognize revenue as the performance obligation is satisfied.

The Company has not yet earned revenue as it continues to be in early-stage fundraising to acquire an equity interest in Better Science LLC.

Advertising

The Company expenses advertising costs as they are incurred.

Recent Accounting Pronouncements

In June 2019, FASB amended ASU No. 2019-07, Compensation – Stock Compensation, to expand the scope of Topic 718, Compensation – Stock Compensation, to include share-based payment transactions for acquiring goods and services from nonemployees. The new standard for nonpublic entities will be effective for fiscal years beginning after December 15, 2019, and interim periods within fiscal years beginning after December 15, 2020, and early application is permitted. We are currently evaluating the effect that the updated standard will have on the financial statements and related disclosures.

In August 2019, amendments to existing accounting guidance were issued through Accounting Standards Update 2019-15 to clarify the accounting for implementation costs for cloud computing arrangements. The amendments specify that existing guidance for capitalizing implementation costs incurred to develop or obtain internal-use software also applies to implementation costs incurred in a hosting arrangement that is a service contract. The guidance is effective for fiscal years beginning after December 15, 2020, and interim periods within fiscal years beginning after December 15, 2021, and early application is permitted. We are currently evaluating the effect that the updated standard will have on the financial statements and related disclosures.

The FASB issues ASUs to amend the authoritative literature in ASC. There have been a number of ASUs to date, including those above, that amend the original text of ASC. Management believes that those issued to date either (i) provide supplemental guidance, (ii) are technical corrections, (iii) are not applicable to us or (iv) are not expected to have a significant impact on our financial statements.

Business Overview

Wunderground is coffee 2.0. We roast gorgeous coffee beans and enhance them with powerful adaptogenic mushroom extracts to help us feel better, without compromise on taste. The coffee you love with the benefits you feel. We make wellness as easy as drinking your coffee.

WUNDERGROUND™

Wunderground has two distinct specialty coffee offerings - **Brainchild** (coffee with mushrooms to support cognitive function, focus, and energy) and **Hocus Pocus** (coffee with mushrooms to support mood uplift and immunity.) Both varieties are available in ground or instant and Brainchild is available as whole bean infused coffee, as well.

For those who prefer tea, **Dream Supply** is an herbal chamomile lemon tea that contains mushrooms that support calm and better sleep cycles.

Most recently, we launched our **Brain Wash™** Adaptogen SuperBoost, a potent combination of 4 kinds of mushrooms that can be added to espresso drinks, coffee and smoothies. Coming in January 2024, we're launching our Brain Wash ready-to-drink SuperBoost Oat Latte.

Check out our [Investment Perks](#) page for perks by investment level.

Wunderground's Vision & Mission

Anchored in coffee, enhanced by mushrooms, Wunderground was founded to help combat the new normal of stress and worry – to help us feel and perform better – through the daily ritual of coffee.

Powerful concentrates of superfood adaptogenic mushrooms are combined with obsessively sourced and roasted coffee bringing wellness without compromising taste. Benefits from our mushrooms include improved cognition & focus, decreased anxiety, uplifted mood, boosted immunity and support for better sleep cycles. **In a word – balance.**

We're passionate about improving mental health, which is one of the key reasons Wunderground was founded. Not only do we aim to create the most effective product on the market, but we have also pledged to give 5% of profits to innovative treatments that positively impact the mental health crisis.

Side Bar: What's an adaptogen?

Adaptogens are naturally occurring biological compounds found in plants or fungi that help us adapt to stress and keep our body in balance. Also called superfoods or nootropics, the mushroom extracts we use have been a part of wellness and medicine for over 2,000 years in Eastern cultures.

Wunderground uses four adaptogenic mushrooms in our products:

- **Chaga:** Boosts energy, fights fatigue from adrenal overload, helps maintain a healthy gut, packed with beta-glucans to keep hormones balanced and improve absorption of essential nutrients and antioxidants.
- **Cordyceps:** Balances hormones, reduces free radicals and inflammation, boosts energy and athletic performance
- **Reishi:** Beta-glucans that aid in digestion, eases anxiety, supports sleep cycles, promotes nerve growth in the brain
- **Lion's Mane:** Aids with memory loss, focus and cognition, emotional regulation, balancing out stressors in the adrenal system.

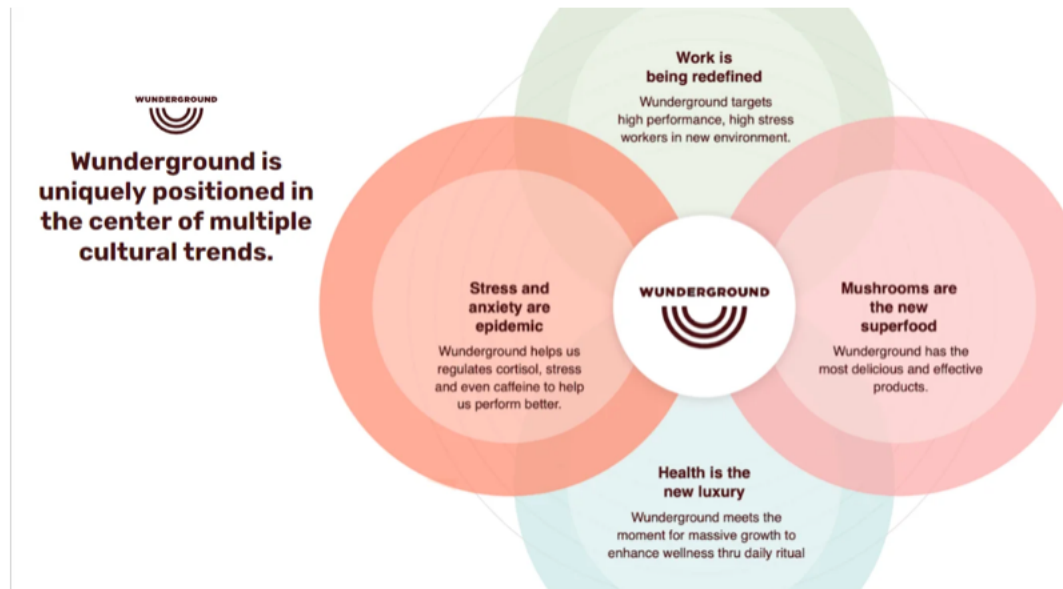

"Wunderground is on the forefront of bringing these beneficial compounds to households across the country and to me as a public health physician, that supports population health - the 'WE' of wellness."

- Dr. Arti Chandra, MD, Master of Public Health (MPH), IFM Certified Practitioner

Our Unique Position

We're positioned in the center of multiple cultural trends. As people are returning to work, stress and anxiety are at an all-time high. At the same time, health and self-care have become the new luxury and mushrooms have taken center stage as a key superfood that helps people feel and perform better, and achieve balance.

Our aim: Let's use our expertise in coffee to make wellness as easy as drinking your coffee. Delicious coffee that you'll love, with health benefits you'll feel.

The Problem

Mushroom-infused coffees and beverages are growing in popularity, but they don't taste great and honestly, many don't have enough mushrooms to provide real benefits. The tricky part is that we're hard core coffee snobs. We only wanted to create Wunderground if we could achieve two things:

#1: Great Taste

Let's be honest – our competitors' products don't taste good. We needed our coffee to taste as good as the best micro-roasters. We obsessed over this – playing with roast, different coffee origins and sourcing premium beans to dial in great taste while eliminating bitter notes of our potent mushroom extracts.

Over 30,000 samples of Wunderground have been shared via our retail location at Seattle-Tacoma Airport in Seattle, WA. The most common feedback is that people can't believe how great the coffee tastes.

#2: Feel Better

We want our customers to *feel the benefits* of these potent superfoods so it's imperative that we provide high quality and concentration of mushrooms so that our customers really do feel a difference - less stress and anxiety, fewer jitters, more focus, better health.

The Results:

Wunderground is heralded as the best tasting mushroom coffee by Gear Patrol and others. Each 12 oz cup is made with 2-4 grams of organic fruiting body mushrooms - more than a typical supplement dose! There are a LOT of shortcuts out there. That's not us. The best way for us to measure our success is through customer reviews. 9 out of 10 reviews are 5-Star. We are confident we've nailed it.

Better than expected

The flavor is amazing, but the best part is that the benefits of these mushrooms is absolutely real. My expectations were blown out the door!

Tony I, verified customer

Wow Wunderground just Wow!

I really enjoy this switch, the taste is fantastic. It is better than "the coffee place seattle is known for" lol. I have tried other mushroom coffees and this one is by far the best flavored one out there. I don't find myself crashing in the afternoon as I used to and I am more steady and balanced throughout my day!

Our Innovation

Our innovation is in 3 areas: product innovation, Go To Market (GTM) innovation, Direct to Consumer (DTC) innovation.

Product Innovation

Whole Bean Coffee Infused with Mushroom Extracts: We cracked the code on infusing coffee beans with mushroom extracts - in fact, we're pulling espresso shots with it at our Seattle cafe and it's incredible! Offering whole bean coffee opens up markets that our competitors can't reach: at-home coffee geeks who want to control the grind of their coffee and food service accounts that use whole bean in their bean-to-cup machines.

Ready-to-Drink (RTD): We're first to market with a truly delicious RTD Brain Wash™ SuperBoost Oat Latte, infused with four types of adaptogenic mushrooms intended to support focus and energy. Not only does this drink pack a potent punch with 5000mg of fruiting body mushrooms, but the taste is incredible. It was crafted by Hannah Su, the chemical engineer / food scientist who commercialized Starbucks' Via, and Bottled Frappuccino (which dominates 70% of a \$3.5B RTD coffee category.) We have lightning in a bottle with this product, just you wait!

GTM Innovation

Distribution Innovation into Tech companies via Food Service: Months after our DTC website launch, we heard from SIX of the top global tech companies (the big ones!) who wanted to bring Wunderground into their offices as a benefit for their employees. Premium amenities are top of mind for these organizations as they think about attracting workers back to the office, employee retention, and mental health benefits for their teams. On average, these tech companies have 400 kitchenettes at their headquarter location alone, along with 20-40 satellite offices across the US, each having between 20-100 kitchenettes. Kitchenettes are the places in these offices where they brew coffee and feature beverage coolers full of RTD beverages for employees. They want Wunderground for both.

This massive and unique market opportunity feels as though it were made just for us. None of our competitors are positioned for this space. Our supply chains and manufacturing are well positioned for the scale this brings. We have the right relationships with decision makers inside these companies. We launched filter coffee and Brain Wash SuperBoost at Meta & Google headquarters and are actively expanding the opportunity.

"This is such a rich opportunity - especially for a startup like Wunderground. To have these companies bring you to the table is massive - and not just in sales - but also in massive awareness and trial of Wunderground."

- Jim Alling, Former President of Starbucks North America and Wunderground Investor

Tech workers are among the smartest, most coveted consumers who will be drinking Wunderground, learning about the benefits of mushrooms through the brand and spreading the gospel to their friends and family. We're honored to be at the table for this opportunity.

To get a sense of the scale, here's the breakdown of the potential revenue from a single kitchenette:

Product	Revenue from ONE Kitchenette
Filter Coffee / Bean to Cup	\$1,000 / month
Ready to Drink in beverage coolers	\$1,000 / month
Brain Wash Latte Booster Sticks	\$750 / month
TOTAL POTENTIAL KITCHENETTE REVENUE	\$2,750 / month \$33,000 / year

Multiply that by a conservative estimate of 500 kitchenettes:

Total Number of Kitchenettes	500
TOTAL POTENTIAL REVENUE OPPORTUNITY	\$1,375,000 / month \$16,500,000 / year

DTC Innovation

DTC Innovation

The visibility we get at tech company kitchenettes helps us build brand awareness and trial, one cup at a time. We have proven that with the right mix, we are able to convert these customers into our DTC channels in an authentic, win-win way. Rather than focusing on high levels of media spend in an environment where Customer Acquisition Cost (CaC) is astronomically high, we are able to focus on converting people to customers through trial at their workplace. And we already know (through our retail locations) that once people try Wunderground, they love it and become ecommerce customers.

For example, our SeaTac Airport location is sampling 300 cups a day and is adding 50-100 names a day to our DTC database. Of the contacts that convert to purchase, 27% are going straight to subscription. This is a massive hack that provides us with an X-Factor to quickly and efficiently scale in DTC. We believe this will drive demand in grocery and big box retail, which is favorable position versus trying to build brand in these channels. Once enough demand is built up, we plan to launch grocery and big box retail.

Wunderground's whole bean coffee can be used to pull espresso shots but can also be used in the bean-to-cup machines located in most offices worldwide.

Our Team

Our success is driven by a team of passionate experts with decades of experience in the coffee industry. Our coffee expertise is unparalleled, with key members having spent years at **Starbucks**, **Stumptown**, **Verve** and others, mastering the art of sourcing, roasting, and flavor development.

Wunderground Founder & CEO, Jody Hall is a three-time entrepreneur, and brings 10 years of experience in operations and marketing at Starbucks during their growth stage (1989-2000). She cherry-picked an incredible team along with investors and advisors - many coming from C-level leadership from Starbucks.

Wunderground's Head Formulator comes from Starbucks and built bottled Frappuccino as well as Starbucks Via Instant Coffee. Our Head of Operations has a long history of building roasteries, managing supply chains, quality and innovation.

Some of our key advisors include:

- Howard Behar - former COO of Starbucks
- Mary Wagner, former chief of R&D Starbucks
- Craig Russell, former SVP supply chain and quality at Starbucks
- Jim Alling, former President of Starbucks North America
- Eric Hoest, VP Stumptown Coffee; CFO Brew Doctor Kombucha

The Market

Coffee is the 2nd most traded commodity in the world. It's the most ritualistic beverage in the world. Our goal is to create coffee 2.0, that adds wellness to your everyday routine. There is a lot of momentum in this space:

- The US coffee market is \$27.06bn in 2023 and is expected to grow to \$32.44bn by 2028 - a **CAGR of 3.69%**
- The US functional mushroom market was \$15.3bn in 2022 and is expected to grow to \$23.3bn in 2030 - a **CAGR of 10.1%**
- The US functional mushroom coffee market was at \$532m in 2023 and is expected to grow to \$786m in 2030 - a **CAGR of 5.0%**

Competition

First and foremost, we firmly believe Wunderground has the best tasting option among all competitors. We feel our competitors lack the expertise, sourcing and experience to work with roast and origin varietals to build an excellent cup and mask the off-putting flavors mushrooms can add.

Additionally, we're going to market in a very different way from our competitors. Competitors are focused on grocery and Direct to Consumer (DTC). The areas we are focusing on (tech offices, airlines, music events, colleges) is a complete greenfield opportunity for us and we are uniquely suited to capitalize on this opportunity with our coffee-savvy leadership, mushroom expertise, and manufacturing and distribution strategies.

Traction to Date + Press

Wunderground has been gaining significant traction, with mentions in notable publications like Gear Patrol and Women's Health. Our B2B growth is also soaring with partnerships with industry tech giants. We've made waves as the first choice for airport coffee, and our projections show an impressive 67%+ growth in direct-to-consumer sales for 2H 2023 and DTC subscriptions are up 3x since January 2023.

We have exciting plans on the horizon, including the launch of our Ready-to-Drink (RTD) product in January 2024, targeting beverage coolers at tech companies, served on airlines and music festivals. This expansion requires funding to support sustainable packaging and further innovation.

Key Milestones

April 2023: Brainchild Whole Bean Infused Coffee is launched, leveraging our proprietary methodology of infusing whole coffee beans with concentrated mushroom extracts. This product got a warm welcome from coffee geeks who want to control the grind of their beans, but also want the health benefits provided by mushrooms.

May 2023: Wunderground is selected from over 50 applicants to have a **retail space at Seattle-Tacoma International Airport**, the 8th largest airport in North America.

June 2023: Six global tech companies show inbound interest in bringing Wunderground to their campuses as part of Return to Work initiatives.

July 2023: Brain Wash™ is brought to market - our powdered mushroom latte booster with off-the-charts popularity at our Seattle cafe. Brain Wash contains all four of the mushrooms we use at Wunderground and can be added to any espresso drink, tea, or smoothie. Top 3rd Wave Coffee Roasters are bringing Brain Wash to their customers via their cafes and wholesale.

January 2024: Our **Ready to Drink (RTD) Brain Wash SuperBoost Oat Latte** launches. POs are already in hand for multiple tech campuses.

Prior Funding

We raised our first round of \$3,402,500, in February 2021 and May 2021 to launch the company, build the brand, products, website and our retail cafe in Seattle. We closed a second round of convertible note financing in November 2022 raising \$1,608,417 which they are using to invest in the necessary R&D, team members and product innovation for this phase of the company.

FAQ

Why are you using Regulation CF/equity crowdfunding for your securities offering?

We want to invite coffee lovers, mushroom lovers, health-conscious people and others to be a part of our company and to help the company and our brand grow. By doing so, you can help us become a community of people pulling together to spread the word about our great company and products. We could have raised all capital we need from other sources alone, but that is not what we are about. We want as many people like you to join us as possible in our efforts to make this company and our brand and products great and to have a chance to earn profits in the future.

How do I make an investment in Wunderground Coffee?

After you have read the offering page, Form C, the educational materials and you have done any additional due diligence, just fill out the form when you click the “Invest” button. In the online form (which is much like opening an account on Amazon or any other e-commerce site) we’ll ask for some additional information to identify you (as required by federal securities law) such as your SSN and date of birth. We’ve tried to make the process as simple as possible, but if you have any questions feel free to email us at investors@wground.co.

How much does the investment cost?

The minimum investment is \$250.00.

Is this investment risky?

Yes. All investments are inherently risky and early-stage investments are generally considered more high risk than many other established businesses. That’s why it’s so important that before you invest in any offering, you do your own due diligence so you understand not only the business and investment, but also the risk factors specific to our company. Also, read the educational materials on the Rise Up Crowdfunding website. If you cannot afford to lose the money you plan to invest if things do not work out as the company hopes, you should not invest. Read and understand the documents and talk to your own advisors before you invest.

What is the investment process?

Just click on the “Invest” button and fill in the blanks. The entire process takes about 10-15 minutes, and is much like opening an account on Amazon or any other e-commerce site. We’ll ask for some additional information to identify you (as required by federal securities law) such as your SSN and date of birth. You have to electronically sign some forms to make it legal. We’ve tried to make the process as simple as possible, but if you have any questions feel free to email us at investors@wground.co.

Can I buy shares as a gift for someone else?

Because of compliance procedures we must perform on all investors and certain limitations as to transferring Regulation CF shares, we cannot allow you to buy shares as a gift for someone else. However, after you have purchased shares and they have been issued to you it is possible in some circumstances to give those shares as a gift to certain people, but we cannot help you to do so.

What is crowdfunding?

Some people refer to the way we are raising capital (and how we allow you to invest!) as “crowdfunding.” Put simply: crowdfunding is raising funds from a crowd of people. The term might be new, but the concept is not – if you’ve ever thrown in \$5 toward an office party, you have witnessed crowdfunding in action. The term “crowdfunding” generally applies to using the internet as a means of raising money online by collecting (relatively) small amounts of money from a large number of people.

How does the investment in Wunderground Coffee work?

When you invest, you are buying ownership in Wunderground Coffee CF SPV LLC, which will then take all of the money invested and on a dollar-for-dollar basis purchase a convertible note in Better Science LLC. Each dollar you invest will buy one dollar of this convertible note.

What is Better Science LLC?

Better Science LLC is the formal company name for the Wunderground Coffee brand. Wunderground is the product name and a trade name, but the actual company name that owns the brand and trade name is Better Science LLC.

What is Wunderground Coffee CF SPV LLC?

Wunderground Coffee CF SPV LLC is a “crowdfunding vehicle” which is an SEC-authorized way of managing a Regulation Crowdfunding cap table.

CF stands for Crowdfunding, SPV stands for Special Purpose Vehicle (a term used often by venture capitalists to consolidate a pool of capital to invest in a company) and LLC is a Limited Liability Corporation (the type of business structure we are for tax and liability purposes)

When you invest, you are buying ownership in Wunderground Coffee CF SPV LLC, which will then take all of the money invested and on a dollar-for-dollar basis purchase a convertible note in Better Science LLC. Each dollar you invest will buy one dollar of this convertible note. This allows us to have only one entry on the cap table rather than hundreds, or thousands of entries. We believe this is in our company’s and our investors’ best interest, as some potential acquirers of the company as well as some venture capital firms who may later invest often do not want to buy or invest in companies that have a cap table with thousands of shareholders listed. To understand all of the details of your investment through Wunderground Coffee CF SPV LLC, please read our Form C and the attachments.

What is a convertible note?

A convertible note is a common method of investment into early-stage private companies. It is a debt instrument often used by angel or seed investors looking to fund an early-stage startup that has not been valued explicitly. After more information becomes available to establish a reasonable value for the company, convertible note investors can convert the note into equity.

How does the convertible note in this investment work?

When you invest in Wunderground Coffee, you are buying ownership in Wunderground Coffee CF SPV LLC, which will then take all of the money invested and on a dollar-for-dollar basis purchase a convertible note in Better Science LLC. Each dollar you invest will buy one dollar of this convertible note. The convertible note itself (which you can read and review as part of our Form C filed with the SEC). The primary terms of the note are:

- ◆ The note earns 4.0% simple interest on an annual basis starting on the note’s date of original issuance and continuing until repayment of the Note or conversion into equity
- ◆ The note’s maturity date will be the 30th month anniversary of the note’s date of original issuance.
- ◆ If we have a “Qualified Financing” prior to the maturity date, then, effective upon the closing (or first in a series of closings) of the Qualified Financing, the note will be automatically converted into a number of equivalent units determined by dividing outstanding balance of the note by the “Conversion Price” rounded down to the nearest whole unit. Conversion Price means 80% of the price per unit paid by investors in the Qualified Financing.
- ◆ If, prior to the conversion or repayment of the note, we undergo a “Change in Control” then, effective upon the Change in Control, the outstanding balance of the note will automatically be converted into the number of common units of our company as determined by dividing such outstanding balance by the “Liquidity Price” rounded down to the nearest whole unit. Liquidity Price means the price per unit equal to the fair market value of the common units at the time of a Change in Control, as determined by reference to the purchase price payable in connection with such Change in Control, multiplied by 80%.

What role do Stripe, Enterprise Bank & Trust and Dealmaker play with Rise Up Crowdfunding and Wunderground Coffee?

Rise Up Crowdfunding has partnered with Stripe, Enterprise Bank & Trust and Dealmaker to provide escrow and payment processing technology solutions. As a FINRA licensed funding portal, Rise Up Crowdfunding is required to have a "Qualified Third Party" hold funds in escrow during the investment process. They also wanted to make it easy to invest on their platform using credit cards, debit cards, bank-to-bank transfers (ACH) as well as wire transfer so they partnered with these three companies to provide the technology needed to do all of those things. If you see their names in the investment process or at any time when you are making an investment, no need to worry - they are working with us and Rise Up Crowdfunding to bring you the best online experience possible.

How much does it cost to invest in Wunderground Coffee?

It costs \$10.00 per share, with a minimum investment of \$250 for 25 shares of Wunderground Coffee CF SPV LLC, which will then take all of the money invested and on a dollar-for-dollar basis purchase a convertible note in Better Science LLC.

What do I get for my investment?

You get shares of Wunderground Coffee CF SPV LLC which will then take all of the money invested and on a dollar-for-dollar basis purchase a convertible note in Better Science LLC. For each \$10.00 you invest, you receive one share of Wunderground Coffee CF SPV LLC.

You also get the "perks" we are giving away for the level you invest at. Perks will be sent out after all funding is in place. Check out the perks [here](#).

For example, everyone who invests the minimum \$250 gets a 3 pack sampler of our instant coffee and tea, our Mx Mushie Sticker, early access to new products as they are available, and regular ongoing updates about the company exclusive to our investors.

The more you invest, the more shares you get, and the more perks you get!

How do I get a return on my investment?

The shares of Wunderground Coffee CF SPV LLC you purchase entitles you to, on a dollar-for-dollar basis, part of a convertible note in Better Science LLC. The note earns 4.0% simple interest on an annual basis starting on the note's date of original issuance and continuing until repayment of the note or conversion into equity. The note's maturity date will be the 30th month anniversary of the note's date of original issuance. If Better Science LLC has a "Qualified Financing" prior to the maturity date, then, effective upon the closing (or first in a series of closings) of the Qualified Financing, the note will be automatically converted into a number of equivalent units of Better Science LLC determined by dividing outstanding balance of the note by the "Conversion Price" rounded down to the nearest whole unit. Conversion Price means 80% of the price per unit paid by investors in the Qualified Financing. If, prior to the conversion or repayment of the note, Better Science LLC undergoes a "Change in Control" then, effective upon the Change in Control, the outstanding balance of the note will automatically be converted into the number of common units of Better Science LLC as determined by dividing such outstanding balance by the "Liquidity Price" rounded down to the nearest whole unit. Liquidity Price means the price per unit equal to the fair market value of the common units at the time of a Change in Control, as determined by reference to the purchase price payable in connection with such Change in Control, multiplied by 80%.

You're investing at an early stage in our company. Just like early stage investments made by venture capitalists, investment banks and private equity firms, you are investing now to hold on to your equity in Wunderground Coffee CF SPV LLC (and if there is conversion, then your equity in Better Science LLC for the foreseeable future while we continue to attempt to grow the company and to make a profitable business. We do not have any immediate plans to pay a dividend to our unitholders in the immediate future. It is possible that we will sell all or part of the company at some point, will take the company public or that the company itself will be acquired. If any of those things happen, you could get paid a return on your investment, just like all of the investors. In the meantime, you can sell your equity in Wunderground Coffee CF SPV LLC after one year, but you will have to find a purchaser yourself as the shares will not be listed on any exchange, so there is no open marketplace for your equity. You would also have to comply with state and other securities laws to sell your equity at that time, and there are limits to you being able to sell the equity in the Wunderground Coffee CF SPV LLC company agreement.

Why do I have to give my social security number and date of birth to invest?

Federal and state securities laws require the funding portal to verify your identity and to do certain compliance tests behind the scenes when you apply to invest. While we would prefer to not have to ask you for this information, Rise Up Crowdfunding and/or our broker-dealer cannot do what federal law requires them to do unless we get that information from you. As an investor in our company, we want you to understand that we take the legal aspects of our job very seriously, and that we do our best to comply with all laws that apply to us, including these.

We wish we didn't have to ask for your private information but because we are following the rules of Regulation Crowdfunding, we are responsible for verifying the identity of each investor. This is required under U.S. federal law to prevent terrorist financing and money laundering. Think of it just like if you opened a bank account... you have to prove to the bank who you are or they will not open an account for you.

When you provide your private information to us, Rise Up Crowdfunding and/or our FINRA licensed broker-dealer use it to verify your identity through a secure link to an established third party verification service. Many people have the same or similar names, but no two people can have the same date of birth and social security number.

As an investor, we hope you understand that following these rules is very important to all of us at Wunderground Coffee. That's the responsible thing to do to protect all of us, and you as an investor.

Here's what we need from you in addition to the information you would have to give any online company (like Amazon, or Facebook) to open an account, and why we have to collect it or you cannot legally become an investor in our company:

1. Your date of birth and social security number or other national ID number. Securities laws require us to verify your identity and to do certain compliance tests behind the scenes when you apply to invest. The only way they can verify you are who you say you are is by checking these two things.
2. Your income and net worth if you are not an accredited investor.

While none of us at Wunderground Coffee think the government should distinguish between possible investors based on how much money you have or how much you earn, this is the way the Regulation Crowdfunding law was written that allows private companies to sell you securities if you are not an accredited investor. Just so you know, for many years before this 2016 law – non-accredited investors were generally not allowed to invest in most securities issued by private early stage companies.

The personal information you provide to us will be provided in an encrypted manner, and we do what is reasonable within the limitations of the existing computer and online world to protect that information. We take your privacy seriously and will not distribute or sell your private information to anyone, other than regulatory bodies that require it or people like third-party identification providers who need it to do what is required under securities laws. However, like every other company in the world, we are subject to possible criminal acts like someone who attempts to hack our systems. We cannot ever (nor can anyone else) 100% guarantee that such criminal acts or hacking will never occur, but we take commercially reasonable steps, like any responsible company, to prevent that from happening.

Why do I have to give my income and net worth to invest if I'm not an accredited investor?

This is a requirement of federal securities laws and of Regulation CF. The law is designed to ensure that people do not invest more than a certain amount, so we have to collect this information if you are not an accredited investor. As an investor in our company, we want you to understand that we take the legal aspects of our job very seriously, and that we do our best to comply with all laws that apply to us, including these.

What are you doing to protect my information?

The personal information you provide to us will be provided in an encrypted manner, and we do what we can within the limitations of the existing computer and online world to protect that information. We take your privacy seriously and will not distribute or sell your private information to anyone, other than regulatory bodies that require it or people like our funding portal and/or broker-dealer who have to have it to do what is required under federal and state laws. However, please understand that we, like every other company in the world, are subject to possible criminal malfeasance or someone who attempts to hack our systems. We cannot ever (nor can anyone else) 100% guarantee that such criminal acts or hacking will never occur, but we take commercially reasonable steps, like any responsible company, to prevent that from happening.

Can I get a refund?

Once your investment is finalized, we cannot provide you with a refund. You have up until 48 hours before a closing is held to request a refund. If you change your mind prior to the time your investment is finalized, write to us at investors@wground.co and we will do our best to work something out for you, if we can.

What is a rolling close?

We may choose to do a rolling close to receive some of the money raised. The name "rolling close" comes from the fact that investments may be closed on a rolling basis, as opposed to all at once the end of the offering.

If you have made an investment in our securities offering before a rolling close:

- ◆ You will receive a notification announcing when the rolling close will happen.
- ◆ If you don't cancel or lower your investment, it will become finalized at the rolling close date, just like it would have been finalized at the end of the entire offering. You will not be able to get a refund after a rolling close your investment is included in.
- ◆ The funds raised to the date of a rolling close will be sent to us from escrow, and the offering will continue.
- ◆ If you wish to cancel or lower your investment, you must do so more than 48 hours before the announced rolling close date.
- ◆ If you wish to increase your investment in the company after the rolling close, you can do so and we will do the math to be sure you receive the correct perks.

Why does Wunderground Coffee or Rise Up Crowdfunding and/or our broker-dealer sometimes reach out to investors for more information such as a passport, driver's license, utility bill or other documents?

Most investors are verified through an established third party verification service without any more information required other than your name, address, SSN and date of birth. But sometimes people are flagged by the third party verification service because the information does not match up or because their name is similar to someone who is on a list of potential bad actors. For example, you might have recently moved to a new home, so the third party verification service raises a flag that you do not match information in their system. In a case like that, we may ask you to upload a recent utility bill or another document that shows your new address.

How do I find your stock symbol?

Wunderground Coffee is not a public company and does not have a stock symbol. While our securities offering is open to the general public, we are still a private company and thus our securities are not traded on any exchange. This means there is no stock symbol, and the only way to invest is via this website.

What is the difference between rewards and equity crowdfunding?

If you give someone money on a rewards-based crowdfunding site, you are either making a donation or purchasing a product that doesn't exist yet. If you give a company money like what we are doing with this offering, you are investing in a company and, assuming the note you purchase converts in the future, you will own part of that company.

Sites like Kickstarter, Indiegogo and GoFundMe are all rewards-based crowdfunding platforms. They allow people to raise money for a project by offering some sort of perk or reward in exchange for contributions. They are not allowed to sell ownership or equity in a business to raise funds.

Our securities offering utilizes equity crowdfunding, which allows us to raise money for our business by selling securities to people like you and to give you perks and/or rewards for investing!

What is the JOBS Act?

The JOBS Act allows everyday people to invest at an early stage in a private company. This is something that you were generally not allowed to do until 2015. Before that, the rich and well-connected could easily invest in early-stage private companies like Wunderground Coffee, but there were many restrictions for anyone else to take advantage of early-stage private company investment opportunities.

The U.S. Congress passed the JOBS Act with bipartisan support and the President signed the bill in April of 2012. The U.S. Securities and Exchange Commission (SEC) finalized the rules for "Regulation Crowdfunding" of the JOBS Act that went into effect in 2016. That made it legal for companies like Wunderground Coffee to sell our securities online to the general public and made it legal for anyone to invest in a company like ours.

What is an accredited investor?

An accredited investor is someone who meets specific criteria outlined by the SEC and by federal law and is therefore eligible to participate in certain investment offerings. To be considered accredited, an individual must have had an income of at least \$200,000 for the past two years (or \$300,000 if married) or have a net worth of over \$1 million not including their primary residence. Institutions such as trusts, endowments and venture funds can also be certified as accredited provided they have more than \$5 million in assets. If you want to read the exact language of the law defining the term “accredited investor” [click here](#).

Can I invest in Wunderground Coffee if I'm not accredited?

Regulation Crowdfunding does not require you to be accredited to invest in Wunderground Coffee. Accredited investors are allowed to invest more than those who are not accredited.

Can I invest if I'm not 18?

No. You must be at least 18 years old to invest.

Can I invest if I don't live in the U.S.?

Yes! This securities offering is open for anyone across the world to invest, as long as in your country and jurisdiction it is legal. We recommend consulting with a lawyer in your jurisdiction before investing in our company in case your country or situation requires specific legal or investment advice.

Can I encourage other people to invest?

Yes! The more, the merrier. We hope you will help us spread the word and have your friends, family, co-workers, neighbors and social media followers join you as an investor!

What are my options for paying for my investment?

You can pay by credit or debit card, ACH (bank payment) or wire.

Can I invest through my broker?

No, you can only invest through Rise Up Crowdfunding.

Can I invest through my company, IRA, trust or retirement account?

Unfortunately, you cannot. Only individuals can own shares in Wunderground Coffee CF SPV LLC.

Who should I contact if I have more questions?

Still have questions? Reach out to us through the offering page. If you are already an investor, reach out to us at investors@wground.co and we'll do what we can to help.

JODY HALL

My name's Jody Hall and I'm the founder of Wunderground. Wunderground is a Seattle-based coffee company. We are essentially creating Coffee 2.0. We're basically taking the most ritualistic beverage in the world, coffee, adding wellness to it through potent adaptogenic mushrooms to help us feel and perform better. In 2023, we will have grown by 70%, and while that's cool, the big news is that we are launching Wunderground in some of the top tech company offices around the country from inbound requests. This is not just a massive revenue opportunity, it's a huge marketing opportunity too. So we're raising money to fuel this incredible demand, and I'm especially excited to open this investment up to everyone via crowdfunding to own a piece of Wunderground at this early stage.

JASON SAWICKI

We really wanted to create something that anybody could have every day. We don't want it to taste like mushrooms. We want it to taste just like the great cup of coffee that you're used to.

JODY HALL

That's mushroom coffee. What do you think?

TASTER ONE:

That is really good.

TASTER TWO:

That's really smooth.

TASTERS THREE AND FOUR:

I like it. It doesn't taste like it has mushrooms, I have to say.

JODY HALL

just we're winning prizes for best tasting mushroom coffee. People try it and they're like, what do you mean mushrooms? This just tastes delicious. While our mushrooms are not psilocybin or psychoactive, they are magic in a lot of ways. We start with organic fruiting body mushrooms, and we extract them in a highly concentrated way. We have figured out how to infuse whole bean coffee with these extracts. So we have Brain Child with Lion's Mane and Cordyceps so it really helps us focus. It gives us energy and stamina. Another one of our products is called Hocus Pocus, a coffee that has just beautiful chocolate and floral notes. Hocus Pocus has Chaga and it has Reishi to bring a sense of calm, help to uplift mood, and it's such a good cup of coffee. We wanted to also think about people who don't want coffee, and we'll be expanding our tea line. And then the last product we have is called Brain Wash. So Brain Wash is a product that is really meant to pair, ideally with espresso drinks that have milk in it, latte, mocha, chai, that type of thing. It's a scrub-a-dub for your noggin. So we put all the mushrooms in Brain Wash.

DR. ARTI CHANDRA

All of these in a way are considered superfood mushrooms because of the potent array of health benefits that they offer. Adaptogens have this wonderful ability to help our bodies come back to balance as well as to resist the stress.

JODY HALL

Our team combined has more than 10 decades, a hundred years of experience in craft coffee, starting at Starbucks to independents and micro roasters that you know and love across the country,

TIM KECK

Weirdos, creatives, and a hundred percent awesome people. Like some of the best people in the field. Understanding coffee, understanding how you do this with mushrooms, all the science behind it.

JIM ALLING

I would boil it down to three things, in particular: the people, the product itself, and then finally the potential. I think the potential is enormous. I'm excited to be part of it, and that's why I chose to invest.

JODY HALL

We're really excited about this white space that we believe we're perfectly positioned to fill. First, mushrooms are a super food that the west is waking up to. Two, health and wellness are a luxury. It's the new wealth. Stress and anxiety are at an all-time high, and work is being redefined. Wunderground sits right in the middle of this convergence. So we started as a direct-to-consumer, e-commerce company. We launched retail. We've had inbound six giant tech companies reaching out to us to bring Wunderground to offices through food service. And as we look to grow, we really see this as an innovative go-to-market strategy. We get our product out there. There's a revenue opportunity, and there's an opportunity and a genuine way to grow our business by converting those people who have experienced our brand in these settings into direct to consumer. Outside of heavy news tech companies reach out to us, one of the most exciting things that happened, we were chosen out of 50 other companies to have a long-term popup at Seattle International Airport, rated we did one of the best airports in North America. Seattle is the birthplace of coffee as we know it in a lot of ways, right? We're in front of over 20,000 people a day. We are sampling about 3 or 400 cups of coffee a day. Not only are we creating an innovative product, we're doing it in a very innovative way. According to Yahoo Finance, the mushroom coffee market is expected to hit over \$4 billion by 2030. I want other people to participate because I know I'm going to deliver. My track record, first two companies and my experience at Starbucks, is batting a thousand. Help us grow our brand and expand our footprint. Invest in Wunderground today.

Any adjustment to the book value of such assets shall be treated as gain or loss resulting from a disposition of such assets and allocated among the Members (excluding such additional Members) in accordance with the terms of this Agreement in effect immediately prior to the admission of such additional Members.

3.5 No Certificates

No Unit in the Company shall be represented by a separate certificate, unless the Board determines otherwise.

3.7 Member Loans

The Company may obtain loans from one or more Members or Affiliates thereof, but such loans must be approved in advance in writing by the Board and be on arm's length terms.

ARTICLE IV ALLOCATION OF NET INCOME AND NET LOSS

4.1 Allocation of Net Income and Net Loss

For each fiscal year of the Company, after adjusting each Member's Capital Account for all Capital Contributions and distributions during such fiscal year and all special allocations pursuant to Sections 4.2, 4.3 and 4.4 with respect to such fiscal year, all Net Income and Net Loss (other than Net Income and Net Loss specially allocated pursuant to Sections 4.2, 4.3 and 4.4) shall be allocated to the Members' Capital Accounts in a manner such that, as of the end of such fiscal year, the Capital Account of each Member (which may be either a positive or negative balance) shall be equal to (a) the amount that would be distributed to such Member, determined as if the Company were to sell all of its assets for the Gross Asset Value thereof, pay all liabilities allocable to such assets according to their terms (limited, with respect to each nonrecourse liability, to the Gross Asset Value of the assets securing such liability) and distribute the proceeds thereof pursuant to Section 5.6, hereof, minus (b) the sum of (i) such Member's share of Company Minimum Gain (as determined according to Treasury Regulation Section 1.704-2(d) and (g)(3)) and Member Nonrecourse Debt Minimum Gain (as determined according to Treasury Regulation Section 1.704-2(i)) and (ii) the amount, if any, which such Member is obligated to contribute to the capital of the Company as of the last day of such fiscal year.

4.2 Loss Limitation

Notwithstanding the allocation of Net Loss (or items of loss or deduction) pursuant to Section 4.1, the amount of Net Loss (or items of loss or deduction) allocated to any Member shall not exceed the maximum amount of Net Loss (or items of loss or deduction) that can be so allocated without causing any Member to have an Adjusted Deficit at the end of any fiscal year. In the event some but not all of the Members would have Adjusted Deficits as a consequence of an allocation of Net Loss (or items of loss or deduction) pursuant to Section 4.1, the limitation set forth in this Section 4.2 shall be applied on a Member-by-Member basis so as to allocate the maximum permissible Net Loss (or items of loss or deduction) to each Member under Treasury Regulations Section 1.704-1(b)(2)(ii)(d). To the extent Net Loss (or items of loss or deduction) is subject to the limitation contained in this Section 4.2 and reallocated to other Members, subsequent items of income or gain shall be allocated to such other Members to the extent and in reverse order of the Net Loss (or items of loss or deduction) so reallocated for the purpose of offsetting the effect of this Section 4.2.

4.3 Special Allocations

4.3.1 Minimum Gain Chargeback

Except as otherwise provided in Treasury Regulations Section 1.704-2(f), notwithstanding any other provision of this Article IV, if there is a net decrease in Company Minimum Gain during any fiscal year, each Member shall be specially allocated items of Company income and gain for such fiscal year (and, if necessary, subsequent fiscal years) in an amount equal to such Member's share of the net decrease in Company Minimum Gain, determined in accordance with Treasury Regulations Section 1.704-2(g). Allocations pursuant to the previous sentence shall be made in proportion to the respective amounts required to be allocated to each Member pursuant thereto. The items to be so allocated shall be determined in accordance with Treasury Regulations Sections 1.704-2(f)(6) and 1.704-2(j)(2). This Section 4.3.1 is intended to comply with the minimum gain chargeback requirement in Treasury Regulations Section 1.704-2(f) and shall be interpreted consistently therewith.

4.3.2 Member Minimum Gain Chargeback

Except as otherwise provided in Treasury Regulations Section 1.704-2(i)(4), notwithstanding any other provision of this Article IV, if there is a net decrease in Member Nonrecourse Debt Minimum Gain attributable to a Member Nonrecourse Debt during any fiscal year, each Member who has a share of the Member Nonrecourse Debt Minimum Gain attributable to such Member Nonrecourse Debt, determined in accordance with Treasury Regulations Section 1.704-2(i)(5), shall be specially allocated items of Company income and gain for such fiscal year (and, if necessary, subsequent fiscal years) in an amount equal to such Member's share of the net decrease in Member Nonrecourse Debt Minimum Gain attributable to such Member Nonrecourse Debt, determined in accordance with Treasury Regulations Section 1.704-2(i)(4). Allocations pursuant to the previous sentence shall be made in proportion to the respective amounts required to be allocated to each Member pursuant thereto. The items to be so allocated shall be determined in accordance with Treasury Regulations Sections 1.704-2(i)(4) and 1.704-2(j)(2). This Section 4.3.2 is intended to comply with the minimum gain chargeback requirement in Treasury Regulations Section 1.704-2(i)(4) and shall be interpreted consistently therewith.

4.3.3 Qualified Income Offset

If any Member unexpectedly receives any adjustments, allocations or distributions described in Treasury Regulations Section 1.704-1(b)(2)(ii)(d)(4), (5) or (6), items of Company income and gain shall be specially allocated to each such Member in an amount and manner sufficient to eliminate, to the extent required by the Treasury Regulations, the Adjusted Deficit of such Member as quickly as possible, provided that an allocation pursuant to this Section 4.3.3 shall be made only if and to the extent that such Member would have an Adjusted Deficit after all other allocations provided for in this Article IV have been tentatively made as if this Section 4.3.3 were not in this Agreement. This Section 4.3.3 is

intended to comply with Treasury Regulations Section 1.704-1(b)(2)(ii)(d) or any successor provision thereto and shall be interpreted consistently therewith.

4.3.4 Nonrecourse Deductions

“Nonrecourse deductions,” as defined in and determined under Treasury Regulations Sections 1.704-2(b)(1) and (c), shall be allocated among the Members in proportion to their respective Percentage Interests.

4.3.5 Member Nonrecourse Deductions

Member Nonrecourse Deductions for any taxable year of the Company shall be allocated to the Member that made, or guaranteed or is otherwise liable with respect to the loan to which such Member Nonrecourse Deductions are attributable in accordance with principles under Treasury Regulations Section 1.704-2(i).

4.4 Curative Allocations

The allocations set forth in Sections 4.2 and 4.3 are intended to comply with certain regulatory requirements under Code Section 704(b). The Members intend that, to the extent possible, all allocations made pursuant to such Sections will, over the term of the Company, be offset either with other allocations pursuant to Section 4.2 or 4.3 or with special allocations of other items of Partnership income, gain, loss or deduction pursuant to this Section 4.4. Accordingly, the Board is hereby authorized and directed to make offsetting allocations of Company income, gain, loss or deduction under this Section 4.4 in whatever manner the Board determines is appropriate so that, after such offsetting special allocations are made (and taking into account the reasonably anticipated future allocations of income and gain pursuant to Section 4.3.1 and Section 4.3.2 that are likely to offset allocations previously made under Section 4.3.4 and Section 4.3.5), the Capital Accounts of the Members are, to the extent possible, equal to the Capital Accounts each would have if the provisions of Sections 4.2 and 4.3 were not contained in this Agreement and all Company income, gain, loss and deduction were instead allocated in accordance with the provisions of Section 4.1.

4.5 Other Allocation Rules

(a) Items of Company income, gain, loss or deduction recognized for federal income tax purposes shall be allocated in the same manner that the corresponding items comprising Net Income and Net Loss are allocated pursuant to this Agreement. The allocation of such items under this Section 4.5(a) shall not affect the Capital Account of any Member.

(b) Except as otherwise expressly required by this Article IV, for purposes of determining Net Income, Net Loss or any other items allocable to any period, Net Income, Net Loss and any other such items shall be determined on a daily, monthly or other basis, as determined by the Board, using any permissible method under Code Section 706 and the Treasury Regulations thereunder.

(c) In accordance with Code Section 704(c) and the Treasury Regulations promulgated thereunder, income, gain, loss and deduction with respect to any property contributed to the capital of the Company shall, solely for tax purposes, be allocated among the Members so as to take account of any variation between the adjusted basis of such property to the Company for federal income tax purposes and the initial Gross Asset Value of such property using such permissible method as may be determined by the Board in its discretion.

(d) In the event the Gross Asset Value of any Company property is adjusted pursuant to the terms of this Agreement, subsequent allocations of income, gain, loss and deduction with respect to such property shall take account of any variation between the adjusted basis of such property for federal income tax purposes and the Gross Asset Value of such property using such permissible method as may be determined by the Board in its discretion.

(e) It is the intent of the Members that each Member's distributive share of Net Income and Net Loss shall be determined and allocated in accordance with this Article IV to the fullest extent permitted by Code Section 704(b). In order to preserve and protect the determinations and allocations provided in this Article IV, the Board shall be, and is hereby, authorized and directed to amend this Agreement to allocate Net Income and Net Loss arising in any year different from the manner provided for in this Article IV if, and to the extent that, the allocation of Net Income and Net Loss in the manner provided for in this Article IV would cause the determination and allocation of each Member's distributive share of Net Income and Net Loss or tax credit not to be permitted by Code Section 704(b) and the Treasury Regulations promulgated thereunder.

ARTICLE V DISTRIBUTIONS

5.1 Timing of Distributions of Net Cash Flow

Except as otherwise provided in this Article V, Net Cash Flow and Company assets in kind shall be distributed in such amounts and at such times as the Board may in its absolute discretion determine, in the manner set forth in Section 5.2.

5.2 Priority of Distributions

Subject to the provisions relating to distributions under Sections 5.3, 5.4, 5.5 and 5.7, prior to dissolution of the Company pursuant to Article XII, Net Cash Flow shall be distributed among the Members as follows:

(a) First, to the Members in proportion to their respective Unreturned Capital balances, until such Unreturned Capital balances have been reduced to zero; and

(b) Thereafter, to the Members in proportion to their respective Percentage Interests; provided, however, that no Member shall be entitled to receive any distribution of Net Cash Flow in respect of a Unit unless and until, subsequent to the issuance of such Unit, there shall have been distributed in respect of all other Units an aggregate amount of distributions equal

to the Hurdle Amount with respect to such Unit. In the event a distribution to a Member is limited as a result of the application of the foregoing proviso, the amount so limited shall be distributed to the other Members pursuant to this Section 5 (subject to the same limitation set forth in such proviso).

5.3 Tax Distributions

Notwithstanding any limitations provided elsewhere in this Agreement, the Company shall distribute to all Members in cash the Estimated Tax Amount within 90 days after the close of each fiscal year, unless the Board determines that such distributions would render the Company insolvent or necessitate borrowing by the Company or would otherwise be materially adverse to the Company. Distributions pursuant to this Section 5.3 shall be made to the Members pro rata in the proportions in which taxable income for such fiscal year has been allocated to them and shall be applied against amounts otherwise distributable to them pursuant to Section 5.2. For purposes of determining the amount distributed under this Section 5.3, all cash distributions made during a fiscal year pursuant to this Article V shall be treated as distributions made pursuant to this Section 5.3 in respect of such fiscal year, except to the extent that such distributions were required to satisfy the obligations of the Company under this Section 5.3 in respect of a prior fiscal year.

5.4 Distributions In Kind

The Company may distribute Company assets in kind, and the distribution of any such assets in kind shall be made on the basis of the Gross Asset Values of such assets as of the date of distribution (adjusted as specified in paragraph (d) of the definition of Gross Asset Value) and shall be made in the manner set forth in Section 5.2. The Board may elect to revalue all or a portion of the Gross Asset Value of the Company's assets and adjust the Capital Accounts of the Members accordingly in the manner provided under this Agreement to preserve the economic interests of the Members as the result of any distribution in kind.

5.5 Distribution Limitations

The Company shall not make any distribution to the Members if it would render the Company insolvent immediately after giving effect to the distribution.

5.6 Distributions Upon Liquidation

(a) To effect the dissolution and liquidation of the Company pursuant to Article XII, the Board shall distribute all assets of the Company to the Members in cash or in kind in accordance with Section 5.6(b). Any assets to be distributed in kind shall be distributed based on their Gross Asset Values on the date of distribution.

(b) The net cash proceeds resulting from the liquidation of the property of the Company, and any assets to be distributed in kind pursuant to a dissolution of the Company, shall be distributed and applied in the following order of priority:

- (i) to the payment of the expenses of liquidation and the debts and liabilities of the Company then due other than debts and liabilities owing to the Members;
- (ii) to the payment of debts and liabilities owing to the Members payable up to the date that the distribution of the Company's assets is completed;
- (iii) to the setting up of any reserves that the Board determines are reasonably necessary for any contingent or unforeseen liabilities or obligations of the Company; and
- (iv) the balance to be distributed to the Members in accordance with Section 5.2.

5.7 Guaranteed Payments

In addition to distributions to the Members, the Board shall be authorized, in its discretion, to determine and pay an annual Guaranteed Payment to each Member that provides services to or for the benefit of the Company or its Affiliates. Any such Guaranteed Payment shall be treated as a reduction of Net Cash Flow and shall be paid periodically (*e.g.* semi-monthly, monthly, quarterly, etc.) as determined by the Board. Guaranteed Payments shall be treated as self-employment income to the recipient Member and such recipient Member shall be responsible for the payment of all income and employment taxes associated therewith. Each Member agrees to indemnify and hold the Company and all other Members harmless for any income and employment taxes, including any interest and penalties, associated with the payment and receipt of any Guaranteed Payments to such Member. For the avoidance of doubt, Guaranteed Payments to a Member shall not be deemed to be distributions to such Member on account of its Interest, and shall not be charged to the Capital Account of such Member, but rather shall be treated as an expense of the Company and shall be taken into account as such in the determination of Net Income and Net Loss of the Company.

ARTICLE VI MANAGEMENT

6.1 Management Vested in Board of Managers

As provided herein, a Board of Managers (the “***Board***”) shall have complete authority to manage the business and affairs of the Company. Any action required to be taken by the Board shall be duly taken if approved, in writing or otherwise, by the Board as required by the terms of this Agreement.

6.2 Composition of Board

The Managers shall be appointed by a Majority Vote of the Members. The initial Managers shall be: (i) Jody Hall; (ii) Greg Bullington; and (iii) one vacancy.

6.2.3 Term of Managers

Each Manager shall hold office until such Manager dies, resigns or is otherwise removed pursuant to Section 6.2.4. Any Manager may resign at any time by delivering written notice to the Board. Any such resignation will be effective upon delivery thereof unless the notice of resignation specifies a later effective date. The acceptance of such resignation by the Board shall not be necessary to make it effective.

6.2.4 Removal of Managers

A Manager may be removed with or without cause at any time by a Majority Vote of the Members. The removal of a Manager who is also a Member shall not affect the Manager's rights as a Member and shall not constitute a withdrawal of the Member.

6.2.5 Filling a Vacancy on Board

Any vacancy occurring on the Board shall be filled time by a Majority Vote of the Members. The term of any replacement Manager shall extend to the remainder of the term of the departed Manager.

6.3 Meetings of the Board

6.3.1 Frequency

Meetings of the Board need not be held at any specific times or in any specific intervals. Meetings of the Board, for any purpose or purposes, unless otherwise prescribed by statute, may be called by any Manager. The Manager calling the meeting may designate any place within the State of Washington as the location for any meeting of the Managers. If no designation is made, the place of meeting shall be the principal executive office of the Company.

6.3.2 Notice of Meetings

Written notice stating the place, day and hour of the meeting and the purpose or purposes for which the meeting is called shall be delivered not less than 24 hours or more than 20 days before the date of the meeting, either personally or by mail, by or at the direction of the Board or the Manager calling the meeting, to each other Manager. 6.3.3 Meetings by Communications Equipment

Managers may participate in a meeting of the Board by, or conduct the meeting through the use of, any means of communication by which all Managers participating in the meeting can hear each other during the meeting. Participation by such means shall constitute presence in person at a meeting.

6.3.4 Quorum

A majority of the number of the Managers fixed by this Agreement shall be necessary to constitute a quorum for the transaction of business at any Board meeting, but, if less than a quorum is present at a meeting, a majority of the Managers present may adjourn the meeting without further notice.

6.3.5 Manner of Acting

If a quorum is present when the vote is taken, the act of a Majority Vote of the Managers shall be the act of the Board, unless the vote of a greater number is required by this Agreement, the Certificate or the Act.

6.4 Action by Managers Without a Meeting

Any action that could be taken at a meeting of the Board may be taken without a meeting if one or more written consents setting forth the action so taken are signed by a Majority Vote of the Managers, either before or after the action is taken, and delivered to the Company. Action taken by written consent of Managers without a meeting is effective when the last needed Manager signs the consent, unless the consent specifies a later effective date. Any such written consent shall be inserted in the minute book as if it were the minutes of a Board meeting.

6.5 Compensation

Except for any Guaranteed Payments a Manager may receive in exchange for its provision of services to the Company, Managers shall not be paid any salary or bonus in connection with their service as a Manager or a Member.

6.6 Authority of the Board

6.6.1 Authority of the Board

The Board shall be vested with complete management and control of the day-to-day affairs of the Company, except to the extent that the Board delegates authority to one or more persons or entities. Except as otherwise provided herein, the Board shall have the power and authority to do all things necessary or proper to carry out the purposes of the Company. All actions taken by the Board shall be subject to the terms of this Agreement. In their capacity as Managers, each Manager shall be specifically authorized to execute authorized

instruments, documents, agreements, contracts and other undertakings on behalf and in the name of the Company, and parties dealing with the Company shall be entitled to rely on the authority of each Manager to execute such documents on behalf of the Company. In addition, the Board may delegate to one or more persons the authority to execute authorized instruments, documents, agreements, contracts and other undertakings on behalf and in the name of the Company.

6.6.2 Limitation on Authority of Board

The Board, without the prior written consent or ratification of a Majority Vote of the Members, shall have no authority to:

- (a) amend this Agreement other than as permitted by Section 14.5;
- (b) effect a merger of the Company or the sale, lease, exchange or other disposition of all, or substantially all, the Company's property, or any other similar business combination pursuant to which any Interest of the Company is converted into or exchanged for cash, securities or other property of an acquiring entity or any of its affiliates;
- (c) acquire any business by sale, lease, assignment or other transfer or conveyance of assets, property or securities or by merger or other form of business combination or otherwise, or make any agreement or become obligated to do so;
- (d) do any act that would contravene this Agreement;

- (f) possess Company property, or assign his, her or its rights in Company property, for other than a Company purpose.

6.6.3 Obligations of Managers

Each Manager shall devote such business time to the Company as may be reasonably necessary to manage the affairs and activities of the Company.

6.6.4 Payment and Reimbursement of Expenses

The Company shall reimburse the Managers and the Members for all reasonable expenses incurred by them on behalf of the Company.

6.7 Partnership Representative

- (a) So long as Jody Hall qualifies as an eligible Person under the Partnership Tax Audit Rules, Jody Hall is hereby designated as the initial Partnership Representative of the Company for purposes of the Partnership Tax Audit Rules. In addition: (i) the Board is

hereby authorized to (A) designate any other eligible Person as the Partnership Representative, and (B) take, or cause the Company to take, such other actions as may be necessary or advisable pursuant to the Treasury Regulations or other guidance to ratify the designation, pursuant to this Section 6.7, of Jody Hall (or any eligible Person designated by the Board consistent with the foregoing) as the Partnership Representative; and (ii) each Member agrees to take such other actions as may be requested by the Company to ratify, or confirm its consent to, such initial designation and any future change in the designation of the Partnership Representative pursuant to this Section 6.7.

(b) The Partnership Representative shall use commercially reasonable efforts to apply the rules and elections under the Partnership Tax Audit Rules in a manner that minimizes the likelihood that any Member would bear any material tax as a result of any audit or proceeding that is attributable to another Member (other than a predecessor in interest). The Partnership Representative is hereby authorized to take any action required to cause the financial burden of any "imputed underpayment" (as determined under Section 6225 of the Code) (an ***"Imputed Underpayment"***) and associated interest, adjustments to tax and penalties arising from a partnership-level adjustment that are imposed on the Company to be borne by the Members and former Members to whom such Imputed Underpayment relates, as determined by the Partnership Representative after consulting with the Company's accountants or other advisers, taking into account any differences in the amount of taxes attributable to each Member because of such Member's status, nationality or other characteristics. By executing this Agreement, each Member (i) expressly authorizes the Company and the Partnership Representative to take any and all action that is reasonably necessary under applicable federal income tax law (as such law may be revised from time to time) to cause the Company to make the election set forth in Section 6226(a) of the Code if the Partnership Representative decides to make such election, and (ii) expressly agrees to take any action and furnish the Company with any information necessary to give effect to such election. Each Member agrees to indemnify and hold the Company and the Partnership Representative harmless for such Member's respective portion of the financial burden of an Imputed Underpayment as provided in this Section 6.7. The provisions contained in this Section 6.7, including the Members' exculpation and indemnification obligations hereunder, shall survive the termination of the Company, the withdrawal of any Member or the Transfer by any Member of its Interest in the Company.

(c) The Company shall indemnify and reimburse the Partnership Representative for all reasonable expenses, including legal and accounting fees, claims, liabilities, losses and damages incurred in connection with any administrative or judicial proceeding with respect to the tax liability of the Members. The taking of any action and the incurring of any expense by the Partnership Representative in connection with any such proceeding, except to the extent required by law, are matters that are in the sole discretion of the Partnership Representative, and the provisions on limitations of liability and exculpation and indemnification set forth in Article IX shall be fully applicable to the Partnership Representative in its capacity as such.

6.8 Advisory Board

A committee comprised of a number of individuals as determined by the Board (the "**Advisory Board**") will be appointed by the Board in its sole discretion. The initial members of the Advisory Board shall be (i) Cal McAllister, (ii) Dani May, (iii) Mary Kathryn Wagner, and (iv) Christopher Legler. The Advisory Board will provide advice and counsel on matters relating to the operations of the Company as may be requested by the Board; provided, however, that the Board will retain ultimate responsibility for all decisions relating to the operation and management of the Company. The Advisory Board members shall have no authority to make management or other decisions with respect to the Company. The Advisory Board members: (i) will not owe a fiduciary duty to the Company or its Members; (ii) will have substantial responsibilities outside the activities of the Company and will not be obligated to devote any particular portion of their time to the activities of the Company; and (iii) may engage in activities that are competitive with the Company. No Advisory Board member will be liable to the Company or to any Member for actions that are taken in good faith by such Advisory Board member. Each Advisory Board member will be indemnified by the Company for any liabilities or expenses incurred by them with respect to their services to the Company, provided that they act in good faith. The Board shall be entitled to remove an Advisory Board member at any time, with or without cause, in its sole discretion. Meetings of the Advisory Board, for any purpose or purposes, may be called at any time by the Board and are targeted to be held quarterly. The Board may designate any place within the State of Washington as the location for any such meeting of the Advisory Board. If no designation is made, the place of meeting shall be the principal office of the Company.

ARTICLE VII APPOINTMENT OF OFFICERS

7.1 Authority to Delegate to Officers

The Board shall have the power and authority to appoint officers of the Company (the "**Officers**"). Officers shall have such authority, perform such duties and hold office for such period as may be prescribed by the Board. The Board may delegate to any Officer the power to appoint any subordinate Officers and to prescribe their respective terms of office, authority and duties. Any two or more offices may be held by the same Person. Unless an Officer dies, resigns or is removed from office, he or she shall hold office until his or her successor is appointed.

7.2 Initial Officers

(a) The initial Chief Executive Officer of the Company shall be Jody Hall. The Chief Executive Officer shall have general authority to make all decisions customary or incident to the day-to-day operations of the Company, subject, however to the control of the Board. The Chief Executive may sign, execute and acknowledge, in the name of the Company, deeds, mortgages, bonds, contracts or other instruments, authorized by the Board or by this

Agreement and, in general, shall perform all duties incident to the office of the Chief Executive Officer and such other duties as from time to time may be assigned by the Board.

(b) The initial Secretary of the Company shall be Jody Hall. The Secretary shall attend all meetings of the Members and the Board and shall record all votes of the Members and the Board and the minutes of all meetings of the Members and the Board in a book or books to be kept for that purpose. The Secretary shall see that notices are given and records and reports properly kept and filed by the Company as required by law and, in general, shall perform all duties incident to the office of Secretary, and such other duties as may from time to time be assigned by the Board or the Chief Executive Officer.

7.3 Resignation or Removal

Any Officer of the Company may resign from such position by delivering written notice of the resignation to the Board. Any Officer may be removed by the Board, with or without cause, upon receiving written notice from the Board. Election or appointment of an Officer shall not of itself create any contractual right to continued employment, compensation or other benefit from the Company. Vacancies in any office caused by any reason may be filled by the Board by selecting an individual to act during the unexpired term.

7.4 Salaries

The compensation of any Officers, agents or other employees of the Company shall be fixed by the Board, and may be changed from time to time by the Board.

7.5 Signing Authority

The Board may authorize any Officer or Officers, or agent or agents, to enter into any contract or execute and deliver any instrument in the name of and on behalf of the Company. Such authority may be general or confined to specific instances. All checks, drafts or other orders for the payment of money, notes or other evidences of indebtedness issued in the name of the Company may be signed by such Officer or Officers, or agent or agents, of the Company as is from time to time determined by the Board and in such manner as is from time to time determined by the Board.

ARTICLE VIII RIGHTS AND OBLIGATIONS OF MEMBERS

8.1 Limited Control

If mailed, such notice shall be deemed to be delivered two calendar days after being deposited in the United States mail, addressed to the Member at the Member's address as it appears on the books of the Company, with postage thereon prepaid. Any notice required to be given pursuant to this Section 8.3 will be deemed to be waived by any Member by attendance at the meeting in person or by proxy, unless such Member at the beginning of the meeting objects to holding the meeting or transacting business at the meeting.

8.4 Meetings by Communications Equipment

Members may participate in a meeting of the Members by, or conduct the meeting through the use of, any means of communication by which all Members participating in the meeting can hear each other during the meeting. Participation by such means shall constitute presence in person at a meeting.

8.5 Manner of Acting

Unless otherwise specified in this Agreement, any action that may be taken by the Members shall be duly taken if approved by a Majority Vote of the Members. Company actions may be approved by the Members prospectively or ratified retrospectively.

8.6 Action by Members Without a Meeting

Any action that could be taken at a meeting of the Members may be taken without a meeting if one or more written consents setting forth the action so taken are signed by Members with the requisite voting authority to approve such action, and delivered to the Company. Action taken by written consent of the Members without a meeting is effective when executed Member consents sufficient to approve or take the action have been delivered to the Company, unless the consent specifies a later effective date. Any such written consent shall be inserted in the minute book of the Company as if it were the minutes of a Member meeting.

8.7 Other Business of Members; Conflicts of Interest

Subject to any terms and restrictions that may be imposed on a Member pursuant to an agreement separate and apart from this Agreement, any Member may engage independently or with others in other business or investment ventures of every nature and description, and neither the Company nor any Member shall have any right by virtue of this Agreement or the partnership relationship created hereby in or to such other ventures or activities or to the income or proceeds derived therefrom, and the pursuit of such ventures shall not be deemed wrongful or improper. Subject to any terms and restrictions that may be imposed on a Member pursuant to an agreement separate and apart from this Agreement, neither the Members nor their Affiliates shall be obligated to present any particular business or investment opportunity to the Company, even if such opportunity is of a character which, if presented to the Company, could be taken by the Company, and each of them shall have the right to take for their own account or to recommend to others any such particular business or investment opportunity.

ARTICLE IX INDEMNIFICATION

9.1 Limitation on Liability

No Member, Manager, Officer or shareholder, employee or agent thereof, shall be liable, responsible or accountable in damages or otherwise to the Company or any Member for any act or omission by any such Person if such Person acted in good faith and in a manner in which he, she or it believed to be in the best interests of the Company unless such conduct constitutes fraud, gross negligence, willful misconduct or a material breach of this Agreement.

9.2 Indemnification

To the fullest extent not prohibited by law, the Company shall indemnify and hold harmless each Member, Manager, Officer and each shareholder, employee or agent thereof, from and against any and all losses, claims, demands, costs, damages, liabilities (joint and several), expenses of any nature (including attorneys' fees and disbursements), judgments, fines, settlements and other amounts arising from any and all claims, demands, actions, suits or proceedings, civil, criminal, administrative or investigative, in which such Person may be involved or threatened to be involved, as a party or otherwise, arising out of or incidental to any business of the Company transacted or occurring while such Person was a Member, Manager or officer, shareholder, employee or agent thereof, regardless of whether such Person continues in such capacity at the time any such liability or expense is paid or incurred, except for fraud, gross negligence, willful misconduct or bad faith on the part of such Person. The indemnification provided by this Section 9.2 shall be in addition to any other rights to which those indemnified may be entitled under any agreement, as a matter of law or equity, or otherwise, and shall continue as to a Person who has ceased to serve in their capacity, and shall inure to the benefit of the heirs, successors, assigns and administrators of the Person so

indemnified. With respect to the satisfaction of any indemnification of the above-mentioned Persons, only assets of the Company shall be available therefor and none of the above-mentioned Persons shall have any personal liability therefor. Any indemnification required hereunder to be made by the Company shall be made promptly after the liability, loss, damage, cost or expense is incurred or suffered. The Board may establish reasonable procedures for the submission of claims for indemnification pursuant to this Section 9.2, determination of the entitlement of any Person thereto and review of any such determination.

9.3 Advancement of Expenses

The right to indemnification conferred in this Article IX shall include the right to be paid by the Company the expenses incurred in defending any proceeding in advance of its final disposition. An advancement of expenses shall be made upon delivery to the Company of an undertaking, by or on behalf of such indemnitee, to repay all amounts so advanced if it shall ultimately be determined by final judicial decision from which there is no further right to appeal that such indemnitee is not entitled to be indemnified for such expenses under this Section 9.3.

ARTICLE X ASSIGNABILITY OF INTERESTS; WITHDRAWAL

10.1 Restricted Right to Transfer

Except as otherwise provided in this Agreement, a Member may not Transfer all or any portion of his, her or its Interest in the Company without the consent of the Board. Any attempted Transfer by a Member of any Interest or right, or any part thereof, in or in respect of the Company other than in accordance with this Article X shall be, and is hereby declared, null and void ab initio.

10.2 Effectiveness of Transfer

Unless otherwise agreed to by the Board, any approved Transfer of an Interest shall be effective as of the first day of the calendar month immediately succeeding the month in which the closing of such Transfer occurs. 10.4 Obligations of Substitute Member

- (a) A Substitute Member has, to the extent assigned, the rights and powers, and is subject to the restrictions and liabilities, of a Member under this Agreement, the Certificate and the Act and is also liable for any obligations of the assignor to make Capital Contributions, but is not obligated for liabilities reasonably unknown to the assignee at the time the assignee becomes a Member.
- (b) Even if an assignee becomes a Substitute Member, the assignor is not released from the assignor's liability to the Company, but ceases to be a Member when the assignee becomes a Substitute Member with respect to the transferred Interest.

10.5 Withdrawal of Members

A Member does not have the right to withdraw from the Company as a Member (except in connection with a Transfer of his, her or its entire Interest in accordance with this Agreement) and any attempt to violate the provisions hereof shall be legally ineffective.

ARTICLE XI INVESTMENT INTENT OF MEMBERS

Each Member by execution of this Agreement warrants to every other Member and to the Company that such Member is acquiring his, her or its Interest for purposes of investment only, for his, her or its own account (or where applicable in his, her or its fiduciary capacity) and not with the view to resell or to distribute the same or any part thereof, and that no other Person has any interest in such Interest or in the rights of such Member hereunder other than as a shareholder in such Member in the case of a corporate Member, as a partner in the case of a partnership Member or as a member in the case of a limited liability company Member, in which case the names of and all requested information concerning all such shareholder

partners or members have been disclosed to the Members, or as a participant or beneficiary of an employee benefit plan with respect to which such Member is acting in a fiduciary capacity.

 - (ii) upon the completion of the sale of all or substantially all of the assets of the Company.
- (b) Subject to the foregoing, and notwithstanding any provision of the Act, the death, retirement, resignation, expulsion, bankruptcy or dissolution of any Member or the occurrence of any other event that terminates the continued membership of any Member shall not cause the Company to be dissolved or its affairs to be wound up, and upon the occurrence of any such event, the limited liability company shall be continued without dissolution.

12.2 Effectiveness of Dissolution

Dissolution of the Company shall be effective on the date on which the event occurs giving rise to the dissolution, but the Company shall not terminate until a Certificate of Dissolution shall have been filed with the Office of the Secretary of State of the State of Washington and the assets of the Company shall have been finally liquidated and distributed as provided herein. Notwithstanding the dissolution of the Company, prior to the final liquidating distribution of the Company, as aforesaid, the business of the Company and the affairs of the Members, as such, shall continue to be governed by this Agreement. Upon dissolution, the Board shall liquidate the assets of the Company, apply and distribute the proceeds thereof as contemplated by this Agreement.

12.3 Distributions Upon Liquidation

Distributions upon liquidation of the Company shall be made pursuant to Section 5.6.

ARTICLE XIII BOOKS, RECORDS AND BANK ACCOUNTS

13.1 Books and Records

The books and records of the Company shall be maintained at the principal office of the Company.

13.2 Accounting Basis and Accounting Year

The Company shall furnish in a timely manner all information reasonably necessary to enable each Member to prepare his, her or its federal income tax return for the preceding calendar year.

13.4 Bank Accounts

The Company shall be responsible for causing one or more accounts to be maintained in a bank (or banks), which accounts shall be used for the payment of expenditures incurred in connection with the business of the Company, and in which shall be deposited any and all cash receipts. All such amounts shall be received, held and disbursed by the Company for the purposes specified in this Agreement. There shall not be deposited in any of such accounts any funds other than funds belonging to the Company, and no other funds shall in any way be commingled with such funds.

13.5 Tax Elections

The Board may, from time to time, make such tax elections as it deems necessary or desirable to carry out the business of the Company or the purposes of this Agreement, including, without limitation, such elections as it considers necessary to maintain the Company's characterization as a partnership for federal income tax purposes.

ARTICLE XIV MISCELLANEOUS

14.1 Notices

Except as otherwise expressly set forth in this Agreement, any notice required or permitted by this Agreement shall be in writing and shall be deemed effective (a) at the time of personal delivery; (b) when sent by email with confirmation of delivery; (c) 72 hours after being deposited in the U.S. mail, as certified or registered mail, with postage prepaid or (d) 48 hours after being deposited, on a prepaid basis, with a nationally recognized express delivery service (e.g., Federal Express or UPS). In the case of any notice delivered by email, mail or delivery service, such notice shall be emailed or sent to the party to be notified at such party's email or physical address as set forth in the Company's books and records (or in the case of the Company or a Manager who is not a Member, to the address of the principal office of the Company).

14.3 Partition

The Members hereby agree that no Member or any successor in interest to any Member shall have the right while this Agreement remains in effect to have the property of the Company partitioned, or to file a complaint or institute any proceeding at law or in equity to have the property of the Company partitioned, and each Member, on behalf of itself, and his, her or its successors, representatives and assigns, hereby waives any such right. It is the intention of the Members that during the term of this Agreement the rights of the Members and their successors in interest, as among themselves, shall be governed by the terms of this Agreement, and that the right of any Member or successor in interest to Transfer his, her or its Interest in the Company or any of his, her or its assets shall be subject to the limitations and restrictions of this Agreement.

14.4 No Waiver

The failure of any Member to insist on strict performance of a covenant hereunder or of any obligation hereunder, irrespective of the length of time for which such failure continues, shall not be a waiver of such Member's right to demand strict compliance in the future. No consent or waiver, express or implied, to or of any breach or default in the performance of any obligation hereunder shall constitute a consent or waiver to or of any other breach or default in the performance of the same or any other obligation.

14.5 Amendment of Agreement

Except as otherwise provided herein, this Agreement shall be amended only upon the written agreement of a Majority Vote of the Members; provided, however, that without the consent of each of the Members to be adversely affected by the amendment, this Agreement may not be amended so as to (a) impose upon the Member general liability for the Company's debts and liabilities or (b) alter the interest of the Member in distributions or allocations of Net Income or Net Loss (other than dilution resulting from the issuance of additional Interests).

Allocations

Section 4.01 Allocation of Profits and Losses. All items of income, gain, loss, deduction and credit incurred or accrued by the Company shall be allocated among the Members pro rata in accordance with their respective Security Interests.

Notwithstanding any other provision of this Agreement, (i) "partner nonrecourse deductions" (as defined in Treasury Regulations Section 1.704-2(i)), if any, of the Company shall be allocated for each Fiscal Year to the Member that bears the economic risk of loss within the meaning of Treasury Regulations Section 1.704-2(i) and "nonrecourse deductions" (as defined in Treasury Regulations Section 1.704-2(b)) and "excess nonrecourse liabilities" (as defined in Treasury Regulations Section 1.752-3(a)), if any, shall be allocated to and among the Members in accordance with their Security Interests.

This Agreement shall be deemed to include "qualified income offset," "minimum gain chargeback," and "partner nonrecourse debt minimum gain chargeback" provisions within the meaning of Treasury Regulations under Section 704(b) of the Code.

ARTICLE V

Distributions

Section 5.01 Distributions. In the event that any distributable cash or other assets are received by the Company from the Crowdfunding Issuer pursuant to the terms of the Securities, the Manager shall make such distributions promptly to the holders of the Security Interests on a one-to-one basis as if the holders of the Security Interests held the Securities directly. The Manager may instruct the Crowdfunding Issuer to make such distribution directly to the holders of the Security Interests.

Notwithstanding any provision to the contrary contained in this Agreement, the Company shall not make any distribution to Members if such distribution would violate the Delaware Act or other Applicable Law.

ARTICLE VI

Transfers

Section 6.01 General Restrictions on Transfer. No Member shall Transfer all or any portion of its Membership Interest in the Company, except with the written consent of the Manager. No Transfer of Security Interests to a Person not already a Member of the Company shall be deemed completed until the prospective Transferee is admitted as a Member of the Company in accordance with Section 2.03 hereof.

Notwithstanding any other provision of this Agreement (including Section 6.02), each Member agrees that it will not Transfer all or any portion of its Membership Interest in the Company, and the Company agrees that it shall not issue any Security Interests:

- except as permitted under the Securities Act and other applicable federal or state securities or blue sky laws; if such Transfer or issuance would affect the Company's existence or qualification as a limited liability company under the Delaware Act;
- if such Transfer or issuance would cause the Company to be required to register as an investment company under the Investment Company Act of 1940, as amended; or • if such Transfer or issuance would cause the assets of the Company to be deemed "Plan Assets" as defined under the Employee Retirement Income Security Act of 1974 or its accompanying regulations or result in any "prohibited transaction" thereunder involving the Company.

Any Transfer or attempted Transfer of any Security Interest in violation of this Agreement shall be null and void, no such Transfer shall be recorded on the Company's books, and the purported Transferee in any such Transfer shall not be treated (and the purported Transferor shall continue be treated) as the owner of such Membership Interest for all purposes of this Agreement.

Except as provided in Section 2.04(b), no Transfer (including a Permitted Transfer) of Security Interests to a Person not already a Member of the Company shall be deemed completed until the prospective Transferee (including a Permitted Transferee) is admitted as a Member of the Company in accordance with Section 2.03(b) hereof.

For the avoidance of doubt, any Transfer of a Security Interest permitted by this Agreement shall be deemed a sale, transfer, assignment, or other disposal of such Security Interest in its entirety as intended by the parties to such Transfer, and shall not be deemed a sale, transfer, assignment, or other disposal of any less than all of the rights and benefits described in the definition of the term "Security Interest," unless otherwise explicitly agreed to by the parties to such Transfer.

Section 6.02 Further Restrictions on Transfer. During the one-year period beginning on the date on which it acquired the Security Interest, a Member may not transfer such Security Interest except:

- To the Crowdfunding Issuer;
- To an "accredited investor" within the meaning of Rule 501 of Regulation D under the Securities Act;
- As part of an offering registered under the Securities Act; or
- To a member of the Security Interest holder's family or the equivalent, to a trust controlled by the Security Interest holder, to a trust created for the benefit of a member of the family of the Security Interest holder or equivalent, or in connection with the death or divorce of the Security Interest or other similar circumstance.

ARTICLE VII

No Personal Liability and Indemnification

Section 7.01 No Personal Liability: Members; Manager. Except as otherwise provided in the Delaware Act, by Applicable Law, or expressly in this Agreement, no Member will be obligated personally for any debt, obligation, or liability of the Company or other Members, whether arising in contract, tort, or otherwise, solely by reason of being a Member.

Except as otherwise provided in the Delaware Act, by Applicable Law, or expressly in this Agreement, no Manager will be obligated personally for any debt, obligation, or liability of the Company, whether arising in contract, tort, or otherwise, solely by reason of being a Manager.

Section 7.02 Indemnification. To the fullest extent permitted under the Delaware Act, any Covered Person (as defined in section (c) below) shall be entitled to indemnification and reimbursement of expenses by the Crowdfunding Issuer for and against any loss, damage, claim, or expense (including attorneys' fees) (collectively, "Losses") whatsoever incurred by the Covered Person relating to or arising out of any act or omission or alleged acts or omissions (whether or not constituting negligence) performed or omitted by any Covered Person on behalf of the Company; provided, however, that (i) any indemnity under this Section 7.02 shall be provided by the Crowdfunding Issuer, and neither any Member or any other Person shall have any personal liability to contribute to such indemnity by the Crowdfunding Issuer; (ii) such Covered Person acted in good faith and in a manner believed by such Covered Person to be in, or not opposed to, the best interests of the Company and, with respect to any criminal proceeding, had no reasonable cause to believe his conduct was unlawful; and (iii) such Covered Person's conduct did not constitute fraud or willful misconduct, in either case as determined by a final, nonappealable order of a court of competent jurisdiction.

Upon receipt by the Company of a written undertaking by or on behalf of the Covered Person to repay such amounts if it is finally judicially determined that the Covered Person is not entitled to indemnification under this Section 7.02, the Crowdfunding Issuer shall advance, to the extent reasonably required, each Covered Person for reasonable legal or other expenses (as incurred) of such Covered Person in connection with investigating, preparing to defend, or defending any claim, lawsuit, or other proceeding relating to any Losses for which such Covered Person may be indemnified pursuant to this Section 7.02.

For purposes of this Section 7.02, "Covered Person" means (i) each Member whom the Manager has designated as an agent of the Company; (ii) each Manager and Officer of the Company; and (iii) each officer, director, shareholder, partner, manager, member, Affiliate, employee, agent, or representative of each Member and of each Manager.

ARTICLE VIII

Reports, Accounting and Tax Matters

Section 8.01 Inspection Rights. Upon reasonable notice from a Member, the Company shall afford the Member access during normal business hours to the corporate, financial, and similar records, reports, and documents of the Company, and shall permit the Member to examine such documents and make copies thereof. Further, upon reasonable notice from a Member, the Manager shall make available the same such information of the Crowdfunding Issuer.

Section 8.02 Income Tax Status. It is the intent of this Company and the Members that this Company shall be treated as a partnership for US, federal, state, and local income tax purposes. Neither the Manager nor any Member shall make an election for the Company to be classified as other than a partnership pursuant to Treasury Regulations Section 301.7701-3.

Section 8.03 Tax Matters Representative. Appointment; Resignation. The Members hereby appoint the Manager as the "partnership representative" as provided in Section 6223(a) of the Code (the "Partnership Representative"). The Partnership Representative can be removed at any time by a vote of Members holding 95% of the Security Interests of the Company, and shall resign if it is no longer the Manager. In the event of the resignation or removal of the Tax Matters Representative, the holders of a majority of the Security Interests of the Company shall appoint a new Tax Matters Representative.

Section 8.04 Tax Examinations and Audits. The Partnership Representative is authorized and required to represent the Company (at the Company's expense) in connection with all examinations of the Company's affairs by any federal, state, local, or foreign taxing authority, including resulting administrative and judicial proceedings, and to expend Company funds for professional services and costs associated therewith.

The Partnership Representative shall have sole authority to act on behalf of the Company in any such examinations and any resulting administrative or judicial proceedings, and shall have sole discretion to determine whether the Company (either on its own behalf or on behalf of the Members) will contest or continue to contest any tax deficiencies assessed or proposed to be assessed by any taxing authority.

Section 8.05 US Federal Tax Proceedings. To the extent permitted by applicable law and regulations, the Partnership Representative will cause the Company to annually elect out of the partnership audit procedures set forth in Subchapter C of Chapter 63 of the Code as amended by the Bipartisan Budget Act of 2015 (the "Revised Partnership Audit Rules") pursuant to Section 6221(b) of the Code. For any year in which applicable law and regulations do not permit the Company to elect out of the Revised Partnership Audit Rules, then within forty-five (45) days of any notice of final partnership adjustment, the Partnership Representative will cause the Company to elect the alternative procedure under Section 6226 of the Code, and furnish to the Internal Revenue Service and each Member (including former Members) during the year or years to which the notice of final partnership adjustment relates a statement of the Member's share of any adjustment set forth in the notice of final partnership adjustment.

Section 8.06 Section 754 Election. The Partnership Representative shall make an election under Section 754 of the Code only with the agreement in writing of a majority of the outstanding Security Interests.

Section 8.07 Indemnification. The Company, through the Crowdfunding Issuer, shall defend, indemnify, and hold harmless the Partnership Representative against any and all liabilities sustained as a result of any act or decision concerning Company tax matters and within the scope of such Member's responsibilities as Partnership Representative, so long as such act or decision was done or made in good faith and does not constitute gross negligence or willful misconduct.

Section 8.08 Tax Returns. At the expense of the Crowdfunding Issuer, the Manager will cause the preparation and timely filing (including extensions) of all tax returns required to be filed by the Company pursuant to the Code as well as all other required tax returns in each jurisdiction in which the Company

owns property or does business. As soon as reasonably possible after the end of each Fiscal Year, the Manager will deliver to each Member, Company information necessary for the preparation of such Member's federal, state, and local income tax returns for such Fiscal Year.

Each Member agrees that such Member shall not treat any Company item on such Member's federal, state, foreign, or other income tax return inconsistently with the treatment of the item on the Company's return.

Section 8.09 Reports under Regulation Crowdfunding. The Manager shall provide all information necessary to the Crowdfunding Issuer for the Crowdfunding Issuer to make such ongoing reports as required by Regulation Crowdfunding.

The Manager will cause the prompt distribution of any disclosure, and ongoing reports prepared by the Crowdfunding Issuer as soon as such disclosures and ongoing reports are completed by the Crowdfunding Issuer.

ARTICLE IX

- As promptly as possible after dissolution and again after final liquidation, the Liquidator shall cause a proper accounting to be made of the Company's Securities, assets, liabilities, and operations through the last day of the calendar month in which the dissolution occurs or the final liquidation is completed, as applicable.
- The Liquidator shall transfer ownership of the Securities to the Security Interest holders.
- The Liquidator shall then liquidate the assets of the Company, if any, and distribute the proceeds of such

liquidation in the following order of priority, unless otherwise required by mandatory provisions of Applicable Law, and with any amounts to be paid to creditors to be paid by the Crowdfunding Issuer: (a) First, to the payment of the Company's debts and liabilities to its creditors (including Members, if applicable) and the expenses of liquidation (including sales commissions incident to any sales of assets of the Company); (b) Second, to the establishment of and additions to reserves that are determined by the Manager to be reasonably necessary for any contingent unforeseen liabilities or obligations of the Company; and (c) Third, to the Members, on a pro rata basis, in accordance with the positive balances in their respective Capital Accounts, as determined after taking into account all Capital Account adjustments for the taxable year of the Company during which the liquidation of the Company occurs.

For purposes of Section 2.2 and Section 4.1(a), if Units are sold in a Qualified Financing at more than one closing, such Qualified Financing shall be deemed to be consummated on the date of the earliest closing at which the cash proceeds received by the Company, together with the cash proceeds received by the Company at any prior closings, equal or exceed \$500,000 or on such date as determined by the Majority Note Holders.

The consideration for the purchase of the Notes shall be paid by (i) check or wire transfer made payable to the order of the Company pursuant to wire instructions to be given by the Company or (ii) cancellation of indebtedness.

2.2 Additional Loans. At such time following the Initial Closing through March 31, 2024, to the extent the full \$750,000 of aggregate principal amount under the Notes was not issued at the Initial Closing or at an Additional Closing (as defined below), the Company may issue up to the balance of

such aggregate principal amount to any persons at one or more subsequent closings (each, an “**Additional Closing**”) pursuant to the terms of this Agreement, provided that the Company reserves the right, in its sole discretion, to increase or decrease the size of this offering and/or extend the period for such Additional Closing(s). 4.1 Conversion into Units.

(a) If the Company consummates a Qualified Financing prior to the Maturity Date, then, effective upon the closing (or first in a series of closings) of such Qualified Financing, the Outstanding Balance of each Note shall automatically be converted into that number of Equivalent Units as determined by dividing such Outstanding Balance by the Conversion Price, rounded down to the nearest whole unit.

(b) If, prior to the conversion or repayment of the Notes, the Company undergoes a Change in Control, then, effective upon such Change in Control, the Outstanding Balance of each Note shall automatically be converted into that number of Common Units of the Company as determined by dividing such Outstanding Balance by the Liquidity Price, rounded down to the nearest whole unit. In connection with a conversion pursuant to this Section 4.1(b), the holders shall, as soon as reasonably practical, deliver to the Company their respective Notes (or the lost note documentation where applicable). If at the time of conversion there are insufficient authorized Common Units to permit

conversion of the Notes in full, then the Company shall use best efforts to take all actions necessary to authorize a sufficient number of shares of Common Units to permit such conversion in full.

(c) No later than the fifth day following the date of the consummation of any conversion pursuant to Section 4.1(a) or (b), the Company shall provide notice to each Investor of (i) the date of the consummation of such conversion, (ii) the designation and any rights, privileges, limitations or other terms of the Units sold in the Qualified Financing or the Company's Common Units, as applicable, (iii) the terms and conditions of any agreement setting forth the rights and obligations of the investors in such Qualified Financing or the Company Agreement, as applicable, in respect of the Units acquired therein, as applicable (including a counterpart to the Company Agreement, the "**Financing Unitholders Agreements**"), (iv) the price per unit of such class or series of Units paid by the investors in such Qualified Financing or the conversion price into Common Units, as applicable, and (v) the applicable conversion date.

(d) Notwithstanding any other provision of this Agreement, no fractional Units shall be issued upon conversion of any Note pursuant to Section 4 and each Investor hereby agrees to waive its rights with respect to any such fractional units (as a result of rounding down to the nearest whole Unit) or any payment therefore.

4.2 Unitholders Agreement. As a condition to the conversion of any Note by any Investor into Units pursuant to Section 4.1, such Investor shall, at the option of the Company, execute a counterpart to any Financing Unitholders Agreement and thereafter be bound by such agreement in the same manner as the investors in such financing who are parties thereto. Upon conversion pursuant to Section 4.1(a) or (b), the Investors will be entitled to the same rights as the investors in the Qualified Financing or under the Company Agreement, as applicable.

5. Representations and Warranties of the Company. The Company represents and warrants to each Investor, as of the date of this Agreement, as follows:

5.1 Incorporation. The Company is a limited liability company duly incorporated and validly existing under the laws of the State of Washington.

5.2 Authorization. The Company has full corporate power and authority to enter into this Agreement and perform its obligations hereunder, including the issuance of the Notes. When executed by the Company, this Agreement and each Note will be a valid and binding obligation of the Company, enforceable against the Company in accordance with its terms, except to the extent limited by general principles of equity and applicable bankruptcy, insolvency, reorganization, moratorium or similar laws of general application relating to or affecting creditors' rights.

5.3 Capitalization. Immediately prior to the Initial Closing, the authorized capital of the Company will consist of 10,000,000 Common Units, of which 8,182,083.3333 Common Units are issued and outstanding. All of the outstanding Units were issued in material compliance with all applicable federal and state securities laws. The board of managers of the Company may increase the number of authorized Units at any time, in its sole discretion.

5.4 Compliance with Other Instruments. Except as would not have a material adverse effect, the Company is not in violation or default (i) of any provisions of its Certificate of Formation or the Company Agreement, (ii) of any instrument, judgment, order, writ or decree, or (iii) of any provision of federal or state statute, rule or regulation applicable to the Company.

5.5 Subsidiaries. Other than Wunderground Retail Cap Hill, LLC, a wholly owned subsidiary of the Company, the Company does not currently own or control, directly or indirectly, any interest in any other entity. The Company is not a participant in any joint venture, partnership or similar arrangement.

5.6 Litigation. There is no claim, action, suit, proceeding, arbitration, complaint, or charge pending, or, to the Company's knowledge, currently threatened in writing, (i) against the Company or any of the Company's employees or directors in connection with their employment or board relationship, or (ii) that questions the validity of this Agreement, or the issuance and sale of the Notes pursuant hereto.

5.7 Intellectual Property. The Company possesses, or believes it can acquire on commercially reasonable terms, Intellectual Property sufficient to establish and operate its business as presently proposed to be conducted. The Company has not received any written notice that its current or planned operations violate, or will violate, the Intellectual Property rights of any third party.

5.8 Corporate Documents. The Company has provided each Investor with true and complete copies of the Company Agreement and the risk factors described on attached Exhibit C (the "**Risk Factors**").

5.9 No "Bad Actor" Disqualification. The Company has exercised reasonable care, in accordance with Securities and Exchange Commission rules and guidance, to determine whether any Covered Person (as defined below) is subject to any of the "bad actor" disqualifications described in Rule 506(d)(1)(i) to (viii) under the Securities Act (as defined below) ("**Disqualification Events**"). To the Company's knowledge, no Covered Person is subject to a Disqualification Event, except for a Disqualification Event covered by Rule 506(d)(2) or (d)(3) under the Securities Act. The Company has complied, to the extent applicable, with any disclosure obligations under Rule 506(e) under the Securities Act. "Covered Persons" are those persons specified in Rule 506(d)(1) under the Securities Act, including the Company; any predecessor or affiliate of the Company; any director, executive officer, other officer participating in the offering, general partner or managing member of the Company; any beneficial owner of 20% or more of the Company's outstanding voting equity securities, calculated on the basis of voting power; any promoter (as defined in Rule 405 under the Securities Act) connected with the Company in any capacity at the time of the sale of the Securities; and any person that has been or will be paid (directly or indirectly) remuneration for solicitation of purchasers in connection with the sale of the Securities (a "**Solicitor**"), any general partner or managing member of any Solicitor, and any director, executive officer or other officer participating in the offering of any Solicitor or general partner or managing member of any Solicitor.

6. Representations and Warranties of Investors. Each Investor represents and warrants, severally and not jointly, to the Company as follows:

6.1 Requisite Power and Authority. Each Investor has all necessary power and authority to execute and deliver this Agreement and to perform its obligations hereunder. All action on each Investor's part required for the lawful execution and delivery of this Agreement has been taken. Upon such Investor's execution and delivery of this Agreement, this Agreement will be the valid and binding obligation of such Investor, enforceable in accordance with its terms.

6.2 Purchase Entirely for Own Account. This Agreement is made with the Investor in reliance upon the Investor's representation to the Company, which by the Investor's execution of this Agreement, the Investor hereby confirms, that the Notes to be acquired by the Investor will be acquired for investment for the Investor's own account, not as a nominee or agent, and not with a view to the resale or distribution of any part thereof, and that the Investor has no present intention of selling, granting any

participation in, or otherwise distributing the same. By executing this Agreement, the Investor further represents that the Investor does not presently have any contract, undertaking, agreement or arrangement with any person to sell, transfer or grant participation rights to such person or to any third person, with respect to the Note. Such Investor agrees not to sell, transfer, pledge or hypothecate any Note or any other security of the Company referenced in the preceding sentence, except: (i) pursuant to an effective registration statement for such securities under the Securities Act of 1933, as amended (the “**Securities Act**”); or (ii) in a transaction that is exempt from the registration requirements of the Securities Act and with the written agreement of the transferee, addressed to the Company, to abide by the provisions of (A) this Section 6.2, and (B) with respect to any sale, transfer, pledge or hypothecation of any Units issued in a financing, any Financing Unitholders Agreement respecting such Units. Such Investor acknowledges that, in the event that all or part of any Note held by such Investor is converted into any securities of the Company and, at the direction of such Investor, such securities are issued to any other person, such securities shall be deemed to have been transferred by such Investor to such other person for purposes of the preceding sentence.

6.3 Compliance with Laws and Other Instruments. The execution and delivery of this Agreement, the consummation of the transactions contemplated hereby and the performance of such Investor’s obligations hereunder, will not conflict with, or result in any violation of or default under, any provision of any governing instrument applicable to such Investor or any agreement or other instrument to which such Investor is a party or by which such Investor is bound or any permit, franchise, judgment, decree, statute, rule or regulation applicable to such Investor.

6.4 Disclosure, Access to Information, etc. Such Investor has been furnished with, and hereby acknowledges receipt of a copy of each of the following documents, including all appendices and exhibits thereto: (i) the Company Agreement (including any amendments thereto) and (ii) the Risk Factors. Such Investor has been provided an opportunity to ask questions of, and such Investor has received answers thereto satisfactory to such Investor from, the Company and its representatives regarding the terms and conditions of this Agreement, the Notes, the Company Agreement, the Risk Factors, the Company’s business plans and organization, the Company’s management and financial affairs, and all other matters pertaining to this investment. Such Investor will bear its own legal and other expenses incurred in connection with any investment pursuant to this Agreement.

6.5 Evaluation of and Ability to Bear Risks. Such Investor understands the speculative risks of, and other considerations relating to, the ownership of the Notes being purchased hereby. Such Investor has such knowledge and experience in financial affairs that such Investor is capable of evaluating the merits and risks of an investment in the Notes. Such Investor can afford to bear the economic risk of such Investor’s investment in the Notes being purchased hereby and to suffer the complete loss of such investment. Such Investor acknowledges that the Risk Factors should be considered carefully in evaluating the Company, its business and an investment in the Notes. Such Investor acknowledges that the Risk Factors represents management’s view of the principal risks facing the Company as of the Initial Closing, but do not purport to be an exhaustive catalog of all possible risks associated with an investment in the Company.

6.6 No Representations. None of the Company or any officer, employee, agent or affiliate of the Company, has made any representations or warranties to such Investor, other than the representations of the Company set forth herein.

6.7 Restricted Securities. Such Investor acknowledges that none of the Notes or any other securities of the Company issuable upon conversion thereof (collectively, the “**Securities**”), have been registered under the Securities Act or the securities laws of any state, and that they may be sold or otherwise disposed of only in one or more transactions either registered under the Securities Act and, where

applicable, state securities laws, or as to which an exemption from the registration requirements of the Securities Act and, where applicable, state securities laws, is available.

6.8 Further Limitations on Disposition. Without in any way limiting the representations set forth above, each Investor further agrees not to make any disposition of all or any portion of the Securities unless and until:

(a) There is then in effect a registration statement under the Securities Act covering such proposed disposition and such disposition is made in accordance with such registration statement; or

(b) The Investor shall have notified the Company of the proposed disposition and shall have furnished the Company with a statement of the circumstances surrounding the proposed disposition, and if reasonably requested by the Company, such Investor shall have furnished the Company with an opinion of counsel, reasonably satisfactory to the Company, that such disposition will not require registration under the Securities Act or any applicable state securities laws, provided that no such opinion shall be required for dispositions in compliance with Rule 144.

(c) Notwithstanding the provisions of paragraphs (a) and (b) above, no such registration statement or opinion of counsel shall be necessary for a transfer by such Investor to a partner or member (or retired partner or member) or affiliate of such Investor, or transfers by gift, will or intestate succession to any spouse or lineal descendants or ancestors, if all transferees agree in writing to be subject to the terms hereof to the same extent as if they were Investors hereunder.

6.9 Tax Considerations. Such Investor acknowledges that it may be subject to federal and state income tax on the value of such Investor's portion of the Notes issued to it hereunder, and such Investor is not relying on the Company with respect to individual tax considerations involved in an investment in such Investor's portion of the Notes.

6.10 No "Bad Actor" Disqualification Events. Neither the Investor nor any of its directors, executive officers, other officers that may serve as a director or officer of any company in which it invests, general partners or managing members is subject to any Disqualification Event (as defined above), except for Disqualification Events covered by Rule 506(d)(2)(ii) or (iii) under the Securities Act and disclosed in writing in reasonable detail to the Company.

6.11 Confidential Nature of Information. Such Investor acknowledges that the information provided to the Investor regarding the Company is confidential and non-public, and the Investor agrees that all of the information will be kept in confidence by the Investor and neither used to the Investor's personal benefit (other than in connection with the Investor's investment decision) nor disclosed to any third party; provided, that this obligation does not apply to any such information that: (a) is part of the public knowledge or literature and is readily accessible as of the date of this Agreement; (b) becomes part of the public knowledge or literature and, hence, readily accessible by publication; or (c) is received from third parties and that the Investor does not reasonably believe (i) to be confidential information or (ii) to have been disclosed in violation of such third parties' duties of confidentiality they owe the Company.

7. Conditions to the Investors' Obligations at Closing. The obligations of each Investor to purchase the Notes at the Closing are subject to the fulfillment, on or before such Closing, of each of the following conditions, unless otherwise waived:

7.1 Representations and Warranties. The representations and warranties of the Company contained in Section 5 shall be true and correct in all respects as of the Initial Closing.

7.2 Performance. The Company shall have performed and complied with all covenants, agreements, obligations and conditions contained in this Agreement that are required to be performed or complied with by the Company on or before the Initial Closing or any Additional Closing, as application (each a “**Closing**”).

7.3 Qualifications. All authorizations, approvals or permits, if any, of any governmental authority or regulatory body of the United States or of any state that are required in connection with the lawful issuance and sale of the Notes pursuant to this Agreement shall be obtained and effective as of such Closing.

7.4 Proceedings and Documents. All corporate and other proceedings in connection with the transactions contemplated at the Closing and all documents incident thereto shall be reasonably satisfactory in form and substance to each Investor, and each Investor (or its counsel) shall have received all such counterpart original and certified or other copies of such documents as reasonably requested.

8. Default.

8.1 Events of Default. For purposes of this Agreement, the term “**Default**” shall include any of the following:

(a) The Company fails to make any interest or principal payment when due under any Note.

(b) The Company materially breaches any term, covenant or agreement contained in this Agreement or any Note (excluding any such breach that constitutes a Default under Section 8.1(a)).

(c) The Company files a petition in bankruptcy or under any similar insolvency law or makes an assignment for the benefit of creditors, or any involuntary petition in bankruptcy or under any similar insolvency law is filed against the Company and such petition is not dismissed within 60 days after the filing thereof.

8.2 Cure Periods and Remedies. Upon a Default under Section 8.1(a), the Company shall have 10 days to cure such Default after receipt of written notice from any Investor. Upon a Default under Section 8.1(b), the Company shall have 30 days to cure such default after receipt of written notice from any Investor. There shall be no cure period with respect to a Default under Section 8.1(c). If the Company is unable to cure any Default under Section 8.1(a) or 8.1(b) within the applicable cure period or if a Default occurs under Section 8.1(c), (i) the Majority Note Holders may, at their option and by notice to the Company, accelerate repayment of the Outstanding Balance of all Notes held by all Investors, in which case such Outstanding Balance shall be due and payable immediately, and (ii) the Company shall give prompt written notice to each Investor of such entitlement to accelerate repayment.

9. Miscellaneous.

9.1 Governing Law. All terms of and rights under this Agreement and any Note will be governed by and construed in accordance with the internal law of the State of Washington, without giving effect to principles of conflicts of law thereof. Each Investor irrevocably consents to the exclusive personal jurisdiction of the federal and state courts located in King County, Washington, as applicable, for any matter arising out of or relating to this Agreement, except that in actions seeking to enforce any order or any judgment of such federal or state courts located in King County, Washington, such personal jurisdiction will be nonexclusive.

9.2 Survival of Representations and Warranties. All agreements, covenants, representations and warranties contained herein will survive for two (2) years following the execution and delivery of this Agreement and the consummation of the transaction contemplated hereby.

9.3 Severability. If any provision of this Agreement or of any Note becomes or is declared by a court of competent jurisdiction to be illegal, unenforceable or void, this Agreement or such Note, as applicable, will continue in full force and effect without such provision.

9.4 Successors and Assigns. Except as otherwise expressly provided herein, the provisions hereof and of any Note shall inure to the benefit of, and be binding upon, the successors, assigns, heirs, executors and administrators of the parties hereto. Nothing in this Agreement, expressed or implied, is intended to confer upon any third party any rights, remedies, obligations, or liabilities under or by reason of this Agreement, except as expressly provided in this Agreement.

9.5 Entire Agreement. This Agreement, the Notes, and any exhibits and schedules hereto and thereto set forth the entire agreement and understanding between and among the parties as to the subject matter hereof and supersede all prior oral and written and all contemporaneous oral discussions, agreements and understandings of any kind or nature.

9.6 Notices. All notices and other communications given or made pursuant to this Agreement shall be in writing and shall be deemed effectively given upon the earlier of actual receipt or: (a) personal delivery to the party to be notified, (b) when sent, if sent by electronic mail or facsimile during normal business hours of the recipient, and if not sent during normal business hours, then on the recipient's next business day, (c) five (5) days after having been sent by registered or certified mail, return receipt requested, postage prepaid, or (d) one (1) business day after the business day of deposit with a nationally recognized overnight courier, freight prepaid, specifying next business day delivery, with written verification of receipt. All communications shall be sent to the respective Investors at their address as set forth on Exhibit A hereto, or to such email address, facsimile number or address as subsequently modified by written notice given in accordance with this Section 9.6. If notice is given to the Company, a copy shall also be sent to Tyler Hollenbeck, DLA Piper LLP (US) at 701 Fifth Avenue, Suite 6900, Seattle, WA 98104.

A party may change or supplement the addresses given above, or designate additional addresses, for purposes of this Section 9.6 by giving the other party written notice of the new address in the manner set forth above.

9.7 Amendments and Waivers. Any term of this Agreement or of the Notes may be amended, or the observance of any term thereof may be waived, only with the written consent of the Company and the Majority Note Holders, and such amendment or waiver shall be binding on all holders of the Notes; provided, however, that (A) no such amendment shall operate to require any Investor to invest more than the amount set forth opposite such Investor's name on the Schedule of Investors unless such Investor consents in writing to such amendment, (B) if any amendment or waiver affects a particular holder of a Note differently and in a materially adverse manner relative to the other Note holders, the consent of such holder shall be required for such amendment or waiver, and (C) as set forth in Section 2.2, the Company may, in its sole discretion, increase or decrease the size of this offering and/or extend the period for Additional Closing(s).

9.8 Consent to Notice by Electronic Mail. In the interests of speed, convenience and minimizing expenses, the Investor understands that the Company would prefer to use email as its principal method of communication with its unitholders. By providing his/her/its preferred email address in the space set forth on the signature page, the Investor hereby agrees that email notices for all Company notices and

mailings are acceptable. If no email address is provided on the signature page, then the Company will continue to use the Investor's street address for all such notices and mailings.

9.9 Counterparts. This Agreement and any Note may be executed in one or more counterparts, each of which shall be deemed to constitute an original, but all of which together shall constitute one and the same document.

Exhibit C

Risk Factors

In addition to the information contained in other materials you have received regarding the Company and the Notes, the following factors should be considered carefully in evaluating the Company, its business and an investment in the Notes. **The Notes are highly speculative in nature, and investors in this offering face a substantial risk that they will lose all or part of their investments.** The following list of risk factors is a collection of the more serious risks known to the Company's management, but it does not purport to be an exhaustive catalog of all possible risks associated with an investment in the Company.

Development Stage Company. The Company is in a 'start-up' mode, and has a limited operating history. Its intended and future operations are subject to all of the risks inherent in the establishment of any new business. If future operations are unsuccessful, noteholders may lose all or a substantial part of their investment. We have no operational history. The likelihood of our success must be considered in light of the problems, expenses, difficulties, complications and delays frequently encountered in connection with the formation of a new business, the development of new technology and a new product, and the competitive environment in which we will operate. There can be no assurance that we will be able to successfully achieve or sustain profitable operations in this business.

Dependence on Key Personnel. The Company relies heavily on the active participation of its executive officers and, at present, the loss of their services could create a significant, adverse effect on the Company.

Dependence on Proceeds and Need for Additional Financing. The Company is thinly capitalized and is thus heavily dependent on the proceeds of this offering in order to commence effective operations. Any significant expansion of the Company's business in the future may depend upon its ability to raise additional funds if this first offering is unsuccessful in selling all of the Notes offered hereby. No assurance can be given that such financing, if needed, can be obtained or that the terms of such financing, if available, would prove favorable to the Company. Moreover, you may experience substantial dilution of your equity interest as a result of such future financings or as a result of equity grants given to the Company's employees and consultants.

Sale of Less Than All Notes. To the extent that less than all of the authorized Notes are sold in this offering, the opportunity for achieving the Company's goals, and the achievement of all objectives could be compromised.

Financial Forecasts. Any financial goals or assumptions discussed or shared by management are solely the opinion of management based on research and evaluation of the market. Such forecasts are based upon future events and assumptions, which may or may not occur; such presentations are inherently subject to varying degrees of uncertainty, and achievability depends on timing and probability of future events. Such goals and assumptions may not and should not be relied upon to indicate actual results which might be obtained. Any predictions or representations, written or oral, which do not conform to those contained in this Agreement should be disregarded. The Company does not have financial statements. There can be no assurance that the Company will be able to achieve or sustain profitable operations or that the Company will even generate significant revenues.

Competitive Market. The market for the Company's product is highly competitive. Accordingly, it is difficult to predict its future growth rate, if any, and its ultimate size. Moreover, the Company's success is dependent on the popularity of its product within this market, which the Company cannot predict. The Company's product offerings may be partially or wholly dependent on strategic channel partners and customers, and such partnerships may be discontinued for a variety of reasons, which in turn could have a negative effect on revenues and growth.

Competition. There is substantial competition in the industry segment that the Company operates, which could limit the Company's ability to successfully implement its business plan. Most of such competitors have longer operating histories, greater financial and other resources, and may be able to expend considerably larger amounts of funds for research, development and marketing than can the Company. Moreover, it is likely that additional companies with deep resources and experience will enter the market.

Infringement of Proprietary Rights by Third Parties. Infringements of our intellectual property could adversely affect our ability to compete. The Company may have to defend itself against claims of intellectual property infringement, which could be very expensive for the Company and harm its business and financial condition, and the Company may not be able to adequately protect its intellectual property rights.

Indemnification of the Officers and Managers. Provision has been made in the Company Agreement for indemnification of the officers and managers for liabilities for, among other things, any acts or omissions to act performed by them in good faith and in a manner reasonably believed by them to be within the scope of authority granted to them in the best interest of the Company, except when such action or failure to act constitutes fraud, willful misconduct, bad faith or gross negligence. To the extent that the indemnification provisions of such documents are invoked, the assets of the Company would be reduced.

No Market for the Units. This offering is being made pursuant to an exemption from registration provided by the federal and state securities acts. These laws place restrictions upon any subsequent resale of securities acquired hereby. In addition, there is no public trading for the Units; therefore, an investor will generally have no ready means of disposing of his securities should the need arise. As a result, potential investors should be aware that they are not making a short-term commitment, and should not anticipate a quick method of disposing of the securities offered hereby should that become necessary.

Absence of Independent Legal Counsel. Legal counsel (DLA Piper LLP (US)) in connection with this offering has acted as counsel to the Company in connection with this offering. This document was prepared exclusively from information supplied by the Company; the law firm has assumed no duty, nor performed any significant efforts, to verify the representations contained herein. Investors are cautioned that they may not rely upon such firm for any matter related to this offering. Therefore potential investors should consult with their own advisors concerning a potential investment. You should consult with your own tax advisor about the tax consequences of being a Note holder and/or unitholder of the Company.

Control of Company. As of the Initial Closing, our founder owns a majority of our outstanding Units. Her holdings will have the effect of vesting in her a substantial degree of control of the Company for an indefinite period of time. The founder will be able to significantly influence or control the election of the members of the Company's board of members and significantly influence or control the outcome of corporate actions requiring unitholder approval, such as mergers, acquisitions, or sale of all or substantially all of our assets. No investment in the Company should be made unless the investor is willing to entrust all aspects of our management and operations to the founder.
