## Investment Reservation Portal Now Live!

### Overview

We are excited to announce that our “Testing the Waters” campaign is now open for investment reservations through our portal on Wefunder. Wefunder is the leading equity crowdfunding platform, and we are excited to host our offering through them. The purpose of the Testing the Waters campaign is to start taking investment reservations for when our offering receives qualification from the SEC. This is a very critical component of our raise as it will help us better understand the Return on Ad Spend (ROAS) and allows us to project the total size of the fund and number of hotels we can acquire. By taking these reservations prior to qualification of the SEC, we will be able to calculate our ROAS more effectively and

optimize our ad spend for when the offering is qualified so that we can obtain the maximum amount of investors for the lowest cost.

Additionally, as an incentive to our first handful of investors in the company, we will be offering early bird terms. More details can be found on our [website](#) and through our [Wefunder](#) page.

The best way to take advantage of these terms is to sign up now as we will be alerting those signed up when our offering is qualified. These reservations are non-binding, and no money will be sent to Commodore until after the SEC has qualified the offering. Once the offering is qualified, we will ask everyone that has made reservations if they would like to complete their investment. This is anticipated to be late May/early June 2021.

## How You Can Help

This phase of our offering is critical for our planning phase over the next 12 months. With our Testing the Waters going live, we would ask that you share this opportunity with your friends and family so that we can continue our grass roots growth in addition to our paid ad growth.

Thank you for your support.
