Amendment No. 2 to Registration Statement on Form S-4

Risk Factors and Risk Factors Summary

If TenX is deemed to be an investment company under the Investment Company Act..., page 92

1. We note your response to our prior comment 4 regarding the risks associated with being deemed to be an unregistered investment company. Please also state that if you are deemed to be an unregistered investment company you may be required to change your operations and that with respect to the consequences to investors any TenX Rights would expire worthless.

The TenX Board's Discussion of Valuation and Reasons for the Approval..., page 142

2. We note that SpinCo agreed to transfer the patent rights immediately after it is commercially able to do so. Please clarify if there is an agreement in place. If so, please discuss all material terms and file such agreement as an exhibit or otherwise advise.

LYMPHIR (denileukin diftitox-cdxi)

Phase 3 Trial (E7777-G000-302) Design, page 193

3. You make several assertions regarding the safety and efficacy of your lead candidate LYMPHIR. Please revise your disclosure to eliminate suggestions of safety and efficacy as those determinations are solely within the authority of the FDA or comparable foreign regulators. Note that you may present clinical trial end points and objective data without concluding efficacy and you may state that your product is well tolerated, if accurate. For instance, and without limitation, we note the following statements:
- "the primary and secondary endpoints of Study E7777-G000-302 demonstrated safety and efficacy of 9 µg/kg/day LYMPHIR...";
 - "per protocol, LYMPHIR was considered efficacious..."; and
 - "FDA accepted the Study E7777-G000-302 data which demonstrated both safety and efficacy...".
