

00:00

I believe that glowing healthy skin

00:04

starts from within and that's why I

00:06

created Oh Hawaii to bridge that

00:09

internal-external gap in skincare named

00:13

after the extinct Hawaiian oh oh bird

00:15

I developed a / ye to naturally preserve

00:18

protect and extend the life of youthful

00:21

looking skin their internal

00:23

supplementation and external skin care

00:26

I've used only non-gmo superfoods like

00:30

ashwagandha and Kona coffee berry grown

00:32

in Hawaii's nutrient rich volcanic soil

00:35

I've also infused healing rose quartz

00:38

crystals and anti-aging superstars like

00:40

for Olek acid and the result it's the

00:44

most glowing youthful skin you can

00:46

naturally achieve

00:48

you
