## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Member  
Dorset Peak Securities LLC

### Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Dorset Peak Securities LLC as of December 31, 2022, and the related notes (collectively referred to as the financial statement). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of Dorset Peak Securities LLC as of December 31, 2022 in conformity with accounting principles generally accepted in the United States of America.

### Basis for Opinion

This financial statement is the responsibility of Dorset Peak Securities LLC's management. Our responsibility is to express an opinion on Dorset Peak Securities LLC's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to Dorset Peak Securities LLC in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

## **Notes to Financial Statement**

### **December 31, 2022**

---

#### **1. Organization and Nature of Business**

Dorset Peak Securities LLC (the “Company”), a Delaware limited liability company, is a broker-dealer registered with the Securities and Exchange Commission (the “SEC”) and is a member of the Financial Industry Regulatory Authority.

The Company is a wholly-owned subsidiary of Dorset Peak Solutions LLC (the “Parent”).

The Company provides merger and acquisition services and will raise capital for private funds and companies.

#### **2. Summary of Significant Accounting Policies**

##### **Basis of presentation**

This financial statement was prepared in conformity with accounting principles generally accepted in the United States of America which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and the amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

##### **Cash**

All cash deposits are held by one financial institution and therefore are subject to the credit risk at that financial institution. The Company has not experienced any losses in such accounts and does not believe there to be any significant credit risk with respect to these deposits.

##### **Income taxes**

The Company is a single member limited liability company and is therefore treated as a disregarded entity for income tax reporting purposes. The Internal Revenue Code provides that any income or loss is passed through to the ultimate beneficial individual member for federal, state and local income taxes. Accordingly, the Company has not provided for federal, state and local income taxes.

At December 31, 2022, management has determined that the Company had no uncertain tax positions that would require financial statement recognition. This determination will be subject to ongoing reevaluation as facts and circumstances may require.

##### **The Allowance for Credit Losses**

ASC Topic 326, Financial Instruments – Credit Losses (“ASC 326”) impacts the impairment model for certain financial assets by requiring a current expected credit loss (“CECL”) methodology to estimate expected credit losses over the entire life of the financial asset. Under ASC 326, the Company could determine there are no expected credit losses in certain circumstances (e.g., based on the credit quality of the client).

**2. Summary of Significant Accounting Policies (continued)**

**The Allowance for Credit Losses (continued)**

The allowance for credit losses is based on the Company's expectation of the collectability of financial instruments, including fees and other receivables utilizing the CECL framework. The Company considers factors such as historical experience, credit quality, age of balances and current and future economic conditions that may affect the Company's expectation of the collectability in determining the allowance for credit losses. Under the standard, the allowance for credit losses must be deducted from the amortized cost of the financial asset to present the net amount expected to be collected.

The Company has not provided an allowance for credit losses at December 31, 2022.

**3. Transactions with related party**

The Company has an expense sharing agreement with Cobbs Allen Capital, LLC whereby accounting, administrative, office space, human resources and other services are provided. Costs are allocated to the Company based on a reasonable percentage of the Company's usage of these shared resources. This will be evaluated at least annually to determine if changes need to be made based on changes in the usage of resources or additions of other categories of resources.

All transactions with the related party are settled in the normal course of business. The terms of any of these arrangements may not be the same as those that would otherwise exist or result from agreements and transactions among unrelated parties.

**4. Regulatory requirements**

The Company is subject to SEC Uniform Net Capital Rule 15c3-1 under the Securities Exchange Act of 1934, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2022, the Company had net capital of approximately \$253,000 which exceeded the required net capital by approximately \$248,000.

**5. Subsequent events**

Management of the Company has evaluated events or transactions that may have occurred since December 31, 2022 and determined that there are no material events that would require disclosure in the Company's financial statements.
