General

1. We note the disclosure that anchor investors have expressed an interest to purchase up to 99% of the units in this offering. Please disclose the number of anchor investors and the potential material impact on the public investors due to the significant amount of the offering being purchased by the anchor investors. Additionally, please tell us whether the limited number of public investors would impact the company's listing eligibility. Please revise the summary to further clarify the potential impact such purchases could have upon liquidity and the ability to meet continued listing requirements.
