## Offering Statement

Respond to each question in each paragraph of this part. Set forth each question and any notes, but not any instructions thereto, in their entirety. If disclosure in response to any question is responsive to one or more other questions, it is not necessary to repeat the disclosure. If a question or series of questions is inapplicable or the response is available elsewhere in the Form, either state that it is inapplicable, include a cross-reference to the responsive disclosure, or omit the question or series of questions.

Be very careful and precise in answering all questions. Give full and complete answers so that they are not misleading under the circumstances involved. Do not discuss any future performance or other anticipated event unless you have a reasonable basis to believe that it will actually occur within the foreseeable future. If any answer requiring significant information is materially inaccurate, incomplete or misleading, the Company, its management and principal shareholders may be liable to investors based on that information.

### THE COMPANY

1. Name of issuer:

Ex Files Productions LLC

### COMPANY ELIGIBILITY

2. ☒ Check this box to certify that all of the following statements are true for the issuer.

- Organized under, and subject to, the laws of a State or territory of the United States or the District of Columbia.
- Not subject to the requirement to file reports pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934.
- Not an investment company registered or required to be registered under the Investment Company Act of 1940.
- Not ineligible to rely on this exemption under Section 4(a)(6) of the Securities Act as a result of a disqualification specified in Rule 503(a) of Regulation Crowdfunding.
- Has filed with the Commission and provided to investors, to the extent required, the ongoing annual reports required by Regulation Crowdfunding during the two years immediately preceding the filing of this offering statement (or for such shorter period that the issuer was required to file such reports).
- Not a development stage company that (a) has no specific business plan or (b) has indicated that its business plan is to engage in a merger or acquisition with an unidentified company or companies.

**INSTRUCTION TO QUESTION 2: If any of these statements are not true, then you are NOT**

eligible to rely on this exemption under Section 4(a)(6) of the Securities Act.

3. Has the issuer or any of its predecessors previously failed to comply with the ongoing reporting requirements of Rule 202 of Regulation Crowdfunding?

☐ Yes ☒ No

#### DIRECTORS OF THE COMPANY

4. Provide the following information about each director (and any persons occupying a similar status or performing a similar function) of the issuer.

Director	Principal Occupation	Main Employer	Year Joined as Director
Meryl Branch-McTiernan	Writer	Self	2021
Tyrrell Shaffner	Filmmaker	Self	2021

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

#### OFFICERS OF THE COMPANY

5. Provide the following information about each officer (and any persons occupying a similar status or performing a similar function) of the issuer.

Officer	Positions Held	Year Joined
Meryl Branch-McTiernan	CEO	2021
Tyrrell Shaffner	CEO	2021

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

*INSTRUCTION TO QUESTION 5: For purposes of this Question 5, the term officer means a president, vice president, secretary, treasurer or principal financial officer, comptroller or principal accounting officer, and any person that routinely performing similar functions.*

#### PRINCIPAL SECURITY HOLDERS

6. Provide the name and ownership level of each person, as of the most recent practicable date, who is the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power.

Name of Holder	No. and Class of Securities Now Held	% of Voting Power Prior to Offering
Meryl Branch-McTiernan	Membership Interests	50.0
Tyrrell Shaffner	Membership Interests	50.0

*INSTRUCTION TO QUESTION 6: The above information must be provided as of a date that is no more than 120 days prior to the date of filing of this offering statement.*

*To calculate total voting power, include all securities for which the person directly or indirectly has or shares the voting power, which includes the power to vote or to direct the voting of such securities. If the person has the right to acquire voting power of such securities within 60 days, including through the exercise of any option, warrant or right, the conversion of a security, or other arrangement, or if securities are held by a member of the family, through corporations or partnerships, or otherwise in a manner that would allow a person to direct or control the voting of the securities (or share in such direction or control — as, for example, a co-trustee) they should be included as being “beneficially owned.” You should include an explanation of these circumstances in a footnote to the “Number of and Class of Securities Now Held.” To calculate outstanding voting equity securities, assume all outstanding options are exercised and all outstanding convertible securities converted.*

#### BUSINESS AND ANTICIPATED BUSINESS PLAN

7. Describe in detail the business of the issuer and the anticipated business plan of the issuer.

For a description of our business and our business plan, please refer to the attached [Appendix A, Business Description & Plan](#)

*INSTRUCTION TO QUESTION 7: Wefunder will provide your company's Wefunder profile as an appendix (Appendix A) to the Form C in PDF format. The submission will include all Q&A items and “read more” links in an un-collapsed format. All videos will be transcribed.*

*This means that any information provided in your Wefunder profile will be provided to the SEC in response to this question. As a result, your company will be potentially liable for misstatements and omissions in your profile under the Securities Act of 1933, which requires you to provide material information related to your business and anticipated business plan. Please review your Wefunder profile carefully to ensure it provides all material information, is not false or misleading, and does not omit any information that would cause the information included to be false or misleading.*

#### RISK FACTORS

**A crowdfunding investment involves risk. You should not invest any funds in this offering unless you can afford to lose your entire investment.**

8. Discuss the material factors that make an investment in the issuer speculative or risky:

As we've seen this year, unforeseen circumstances can present physical and logistical challenges to filmmaking, which depends on many people gathering in unison. Unexpected weather and other sudden events can impede the progress of a production.

Taste is subjective and filmmaking is an extremely competitive business. It's possible that audiences will not appreciate the film, and it will fail to gain traction, critical attention, or acceptance at festivals.

In today's climate, the character and public personas of our actors and filmmaking team will be subject to intense scrutiny. We are very aware of this, and will be thoroughly vetting our cast and crew. Still, there is no guarantee that our choices will be embraced by the public at large, which we have no ability to control.

Film distribution models are ever changing. We have our finger on the pulse, and plan to release this film using the best proven pathways that are available to us. Unexpected disruptions to the way movies are distributed are always possible. Although the Company intends to assign and/or sell the film to a distributor or distribute the film and exploit its rights in various ancillary markets through industry standard methods, there can be no assurance that these efforts will be successful or that the Company will assign and/or sell the rights to a distributor or otherwise successfully distribute and/or otherwise exploit the film in various ancillary markets.

Technology plays a crucial role in filmmaking. We will use best practices to safeguard and back up all footage, an unforeseen technological failure could hinder the creation of the film.

If there is an influx of films that are similar in tone, voice, style, or story, the marketplace could become oversaturated, hindering the film's ability to make a splash in the marketplace. The film is targeted at moviegoers and videodisc purchasers and renters, as well as digital platforms, cable, satellite and standard television viewers. This is an extremely competitive market. Many motion pictures are released during a given year. Many utilize the strength of studios and large companies with far greater resources in talent, production, marketing and distribution than the Company possesses. The Company shall also be competing against other smaller production companies with financing that may be greater than that sought herein.

The Company is a newly organized entity and therefore has no history of operations or earnings. This Company is being created for the sole purpose of developing and producing one motion picture to be sold or assigned to a distributor or self-distributed and exploited in various ancillary markets. Once all revenue has been received and all distributions made, the Company will cease to exist.

The motion picture industry is highly speculative and risky. Many motion pictures commence development and production but are unable to complete the same due to lack of funding or overages. Many motion pictures that are developed for presentation to a distributor for sale or assignment are not "picked up" (sold or assigned) nor actually distributed even if "picked up." Many motion pictures that are targeted for theatrical release may only obtain direct-to-digital platforms or direct-to-cable release. Many motion pictures fail to obtain any release at all. The investors should be prepared to lose their investment as part of the risk of this venture.

Particularly as developed and produced by independent filmmakers, each motion picture is a separate business venture with its own management, employees and equipment and its own budgetary requirements. There are substantial risks associated with film development and production, including death or disability of key personnel, strikes/labor disputes, other factors causing delays, destruction or malfunction of sets or equipment, the inability of personnel to comply with budgetary or scheduling requirements and physical destruction or damage to the films themselves. Significant difficulties such as these may materially increase the cost of development or production or may cause the entire project to be abandoned, resulting in a total loss of investment to the investors.

The ultimate profitability of any motion picture depends upon its audience appeal in relation to the cost of its development, production and distribution. The audience appeal of a given motion picture depends, among other things, on unpredictable critical reviews and changing public tastes and such appeal cannot be anticipated with certainty.

The development, production or distribution of a motion picture may be abandoned at any stage if further expenditures do not appear commercially feasible, with the resulting loss of some or all of the funds previously expended on the development, production or distribution of the film, including funds expended in connection with the development and packaging of the screenplay and pre-production or production of the film.

The costs of developing and producing motion pictures are often underestimated and may be increased by reason of factors beyond the control of the producers. Such factors may include weather conditions, illness of technical and/or artistic personnel, artistic requirements, strikes/labor disputes, governmental regulations, equipment breakdowns and other production disruptions. While the Company intends to engage development and production personnel who have demonstrated an ability to complete their assigned responsibilities within the assigned budget, the risk of a motion picture running over budget is always significant and may have a substantial adverse impact on the profitability of the film.

The development, production and distribution of a motion picture involves the

The development, production and distribution of a motion picture involves the passage of a significant amount of time. Development may extend for months. Pre-production on a motion picture may extend for two or three months or more. Principal photography may extend for several weeks or more. Post production may extend from three to four months or more. Distribution and exhibition of motion pictures generally and of the Company's film, specifically, may continue for years before Company gross revenues or distributable cash may be generated, if at all.

The entertainment business in general, and the motion picture business in particular, are undergoing significant changes, primarily due to technological developments. These developments have resulted in the availability of alternative forms of leisure time entertainment, including expanded pay and basic cable television, syndicated television, videocassettes, video discs, video games, the Internet, the worldwide web, other forms of electronic transmission to smart phones and other similar devices. During the last several years, revenues from licensing a motion picture to network television have decreased (and fewer motion pictures are now being licensed for any price to network television), while revenues from streaming have increased relative to network. It is impossible to accurately predict the effect that these and other new technological developments may have on the motion picture distribution industry.

With the COVID-19 epidemic, film production safety guidelines are still being developed and refined. Even following the strictest guidelines to ensure our cast and crew's safety, it is still possible for the virus to affect our production scheduling and budget.

Our future success depends on the efforts of a small management team. The loss of services of the members of the management team may have an adverse effect on the company. There can be no assurance that we will be successful in attracting and retaining other personnel we require to successfully grow our business.

Meryl Branch-McTiernan and Tyrrell Shaffner are part-time officers. As such, it is likely that the company will not make the same progress as it would if that were not the case.

*INSTRUCTION TO QUESTION 8: Avoid generalized statements and include only those factors that are unique to the issuer. Discussion should be tailored to the issuer's business and the offering and should not repeat the factors addressed in the legends set forth above. No specific number of risk factors is required to be identified.*

## The Offering

### USE OF FUNDS

9. What is the purpose of this offering?

The Company intends to use the net proceeds of this offering for working capital and general corporate purposes, which includes the specific items listed in Item 10 below. While the Company expects to use the net proceeds from the Offering in the manner described above, it cannot specify with certainty the particular uses of the net proceeds that it will receive from from this Offering. Accordingly, the Company will have broad discretion in using these proceeds.

10. How does the issuer intend to use the proceeds of this offering?

If we raise: **\$110,000**

Use of Proceeds: 65% to production (camera, locations, cast, crew), 18% to cast (paying actors), 5.5% to post production (editing, sound, music), 4% to insurance (insurance coverage), 7.5% to Wefunder fees

If we raise: **\$322,500**

Use of Proceeds: 66.5% to production (better camera/equipment, location, larger crew), 15% to cast (paying actors), 8% to post production (larger editing department, better sound and music), 3% to insurance (insurance coverage), 7.5% to Wefunder fees

*INSTRUCTION TO QUESTION 10: An issuer must provide a reasonably detailed description of any intended use of proceeds, such that investors are provided with an adequate amount of information to understand how the offering proceeds will be used. If an issuer has identified a range of possible uses, the issuer should identify and describe each probable use and the factors the issuer may consider in allocating proceeds among the potential uses. If the issuer will accept proceeds in excess of the target offering amount, the issuer must describe the purpose, method for allocating oversubscriptions, and intended use of the excess proceeds with similar specificity. Please include all potential uses of the proceeds of the offering, including any that may apply only in the case of oversubscriptions. If you do not do so, you may later be required to amend your Form C. Wefunder is not responsible for any failure by you to describe a potential use of offering proceeds.*

### DELIVERY & CANCELLATIONS

11. How will the issuer complete the transaction and deliver securities to the investors?

If we reach our target offering amount prior to the deadline, we may conduct an initial closing of the offering early if we provide notice about the new offering deadline at least five business days prior to the new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). Wefunder will notify investors if we conduct an initial closing. Thereafter, we may conduct additional closings from

time to time at our and Wefunder's discretion until the deadline date.

The following describes the process to invest in the Company, including how the Company will complete an Investor's transaction and deliver securities to the investor.

**Investor Commitment.** The Investor will submit, through Wefunder Portal, a requested investment amount. When doing so, the Investor will also execute an investment contract with the Company ("Investment Agreement"), using the Investor's electronic signature.

**Acceptance of the Investment.** If the Investor Agreement is complete, the Investor's commitment will typically be recorded within a few minutes. The commitment will also be available on the Investor's "My Investments" screen on the wefunder.com website. After the offering closes, the contract will be counter-signed by the Company. The executed investment contract will then be sent to the investor via email, and is also available to download on the "My Investments" screen.

**Investor Transfer of Funds.** Upon receiving confirmation that an investment has been accepted, the Investor will be responsible for transferring funds from a source that is accepted by Wefunder Portal into an escrow account held with a third party bank on behalf of issuers offering securities through Wefunder Portal.

**Progress of the Offering.** The Investor will receive periodic email updates on the progress of the offering, including total amounts raised at any given time, and will be notified by email and through the "My Investments" screen when the target offering amount is met.

**Closing: Original Deadline.** Unless we meet the target offering amount early, Investor funds will be transferred from the escrow account to the Company on the deadline date identified in the Cover Page to this Form C and the Company's Wefunder Portal Profile.

**Early Closings.** If the target offering amount is met prior to the original deadline date, we may close the offering earlier, but no less than 21 days after the date on which information about the Company, including this Form C, is posted on our Wefunder Portal Profile. We will reschedule the offering deadline, and at least five days prior to the new deadline, investors will receive notice of it by email and through the "My Investments" screen. At the time of the new deadline, your funds will be transferred to the Company from the escrow account, provided that the target offering amount is still met after any cancellations.

**Book Entry.** Investments may be in book entry form. This means that the Investor may not receive a certificate representing his or her investment. Each investment will be recorded in our books and records and will be recorded in each Investors' "My Investments" screen. The Investor will also be emailed the Investment Agreement again. The Investment Agreement will also be available on the "My Investments" screen. At the option of the Company, you may receive an electronic certificate.

#### 12. How can an investor cancel an investment commitment?

**NOTE: Investors may cancel an investment commitment until 48 hours prior to the deadline identified in these offering materials.**

**The intermediary will notify investors when the target offering amount has been met. If the issuer reaches the target offering amount prior to the deadline identified in the offering materials, it may close the offering early if it provides notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment).**

**If an investor does not cancel an investment commitment before the 48-hour period prior to the offering deadline, the funds will be released to the issuer upon closing of the offering and the investor will receive securities in exchange for his or her investment.**

**If an investor does not reconfirm his or her investment commitment after a material change is made to the offering, the investor's investment commitment will be cancelled and the committed funds will be returned.**

**An Investor's right to cancel.** An Investor may cancel his or her investment commitment at any time until 48 hours prior to the offering deadline.

**If there is a material change to the terms of the offering or the information provided to the Investor about the offering and/or the Company, the Investor will be provided notice of the change and must re-confirm his or her investment commitment within five business days of receipt of the notice. If the Investor does not reconfirm, he or she will receive notifications disclosing that the commitment was cancelled, the reason for the cancellation, and the refund amount that the investor is required to receive. If a material change occurs within five business days of the maximum number of days the offering is to remain open, the offering will be extended to allow for a period of five business days for the investor to reconfirm.**

**If the Investor cancels his or her investment commitment during the period when cancellation is permissible, or does not reconfirm a commitment in the case of a material change to the investment, or the offering does not close, all of the Investor's funds will be returned within five business days.**

**Within five business days of cancellation of an offering by the Company, the**

Company will give each investor notification of the cancellation, disclose the reason for the cancellation, identify the refund amount the Investor will receive, and refund the Investor's funds.

The Company's right to cancel. The Investment Agreement you will execute with us provides the Company the right to cancel for any reason before the offering deadline.

If the sum of the investment commitments from all investors does not equal or exceed the target offering amount at the time of the offering deadline, no securities will be sold in the offering, investment commitments will be cancelled and committed funds will be returned.

## Ownership and Capital Structure

### THE OFFERING

13. Describe the terms of the securities being offered.

Revenue Participation Agreement.

See exact security attached as [Appendix B, Investor Contracts](#).

Adjusted Gross Proceeds (as defined in Paragraph C below) shall be allocated as follows:

First, one hundred percent (100%) of Adjusted Gross Proceeds shall be paid to the Early Bird Investors, Investor, and the Additional Equity Investors on a pro rata (i.e. based on the ratio that their respective financing contributions bears to the aggregate of the Early Bird Investor Funds, Investor Funds, and the Additional Equity Funds) and pari passu basis until such time, if ever, as the Early Bird Investors (The Investors that contribute to the **first \$50,000** of Investor Funds) have received an amount equal to one **hundred twenty five percent (125%)** of Early Bird Investor Funds and the Investors have received an amount equal to one **hundred twenty percent (120%)** of the Investor Funds and the Additional Equity Investors have received an amount equal to one hundred twenty percent (120%) of the Additional Equity Funds; and

following such time, if ever, as Early Bird Investors have recouped an amount equal to one hundred twenty five percent (125%) of the Early Bird Investor Funds and Investors have recouped an amount equal to one hundred twenty percent (120%) of Investor Funds and the Additional Equity Investors have recouped an amount equal to one hundred twenty percent (120%) of the Additional Equity Funds, then **any remaining Adjusted Gross Proceeds shall be referred to as "Net Profits"**, and shall be paid as follows: (a) fifty percent (50%) to Company ("Company's Net Profits"); and (b) **fifty percent (50%)**, in the aggregate, to Early Bird Investors, Investors, and the Additional Equity Investors on a pro rata (based on the ratio that their respective financing contributions bears to the aggregate of the Early Bird Investor Funds, Investor Funds, the Additional Equity Funds and the Filmmaker Funds (as defined below)) and pari passu basis. All third-party participations in Net Profits (other than those payable to Additional Investors or those that constitute expenses as further described below) shall be borne out of Company's share of Net Profits.

"Filmmaker Funds" is defined as all the additional funds required to produce and market the Picture in addition to Early Bird Investor Funds, Investor Funds, and the Additional Equity Funds, e.g. loans, advances, minimum guarantees, etc.

As used herein, "Gross Proceeds" shall mean any and all amounts, including nonrefundable advances, received by Company from the exploitation of the Picture and all elements thereof and all rights therein, in any and all manner and media, now known or hereafter devised, worldwide, in perpetuity, notwithstanding anything to the contrary contained in this Agreement:

1. if a distributor(s) of the Picture pays for the costs of deliverables, such amounts shall not be included in Gross Proceeds;
2. any amounts used to fund production costs of the Picture shall not be included in Gross Proceeds;
3. any advance received from a record company in connection with a soundtrack album for the Picture shall be included in Gross Proceeds only to the extent that such advance is not used to pay music or other production costs; and
4. tax credits or other tax incentives received in connection with the production of the Picture shall be included in Gross Proceeds only to the extent not used to repay financiers providing financing secured by such tax credits or incentives or used to directly fund production costs of the Picture.

"Adjusted Gross Proceeds" shall mean Gross Proceeds remaining after deduction of the following:

1. Any residual and/or pension, health and welfare payments paid to unions, guilds, or their members in accordance with the agreements between Company and the applicable guild with respect to the Picture (to the extent not assumed by the distributor(s) of the Picture); any third party sales agent and producer representative fees, expenses, and any amounts used to repay loans received in connection with the production of the Picture;
2. ongoing third party accounting costs and expenses actually incurred by or on

behalf of Company in connection with the processing of payments to profit participants (including, without limitation, collection agent fees and expenses), and audit costs; all actual, third party, out of pocket expenses incurred in connection with the existence and management of Company (e.g., taxes, accounting fees, filing fees, etc.); any amounts required to be withheld by law; any actual, third party, out of pocket costs incurred by or on behalf of Company or its affiliates in connection with enforcement of Company's rights in the Picture, including, without limitation, actual, direct, out-of-pocket accounting, legal and auditor fees and expenses;

3. actual, third party, out of pocket amounts incurred by or on behalf of Company in connection with the sale, marketing, licensing, delivery, distribution and/or exploitation of the Picture;

4. actual, third party, out of pocket expenses incurred by or on behalf of Company in connection with the ongoing ownership of the Picture (e.g., costs incurred in connection with the preservation and storage of negatives and master prints and digital storage of the Picture and any expenses incurred in connection with the copyrighting of the Picture);

5. any reasonable reserve amounts, as determined by Company in its good faith business judgment, required to cover anticipated future costs or liabilities, provided that such reserve amounts shall be liquidated every twelve (12) months. It is understood that Company makes no representations or warranties as to the amount of Gross Proceeds, if any, that Company will receive from the exploitation of the Picture.

6. any deferred compensation and bonuses (e.g., box office bonuses, award bonuses,) payable to parties rendering services in connection with the Picture (to the extent not assumed by the distributor(s) of the Picture).

14. Do the securities offered have voting rights?

☐ Yes  
☒ No

15. Are there any limitations on any voting or other rights identified above?

☒ Yes: No Voting Rights  
☐ No:

16. How may the terms of the securities being offered be modified?

This Agreement contains the entire understanding of the Parties relating to the subject matter herein, and supersedes all other agreements between the Parties whether written or oral relating thereto, and may not be modified or amended except by written instrument executed by both of the parties hereto.

#### RESTRICTIONS ON TRANSFER OF THE SECURITIES BEING OFFERED:

The securities being offered may not be transferred by any purchaser of such securities during the one year period beginning when the securities were issued, unless such securities are transferred:

1. to the issuer;
2. to an accredited investor;
3. as part of an offering registered with the U.S. Securities and Exchange Commission; or
4. to a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

**NOTE:** The term "accredited investor" means any person who comes within any of the categories set forth in Rule 501(a) of Regulation D, or who the seller reasonably believes comes within any of such categories, at the time of the sale of the securities to that person.

The term "member of the family of the purchaser or the equivalent" includes a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the purchaser, and includes adoptive relationships. The term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.

#### DESCRIPTION OF ISSUER'S SECURITIES

17. What other securities or classes of securities of the issuer are outstanding? Describe the material terms of any other outstanding securities or classes of securities of the issuer.

Class of Security	Securities (or Amount) Authorized	Securities (or Amount) Outstanding	Voting Rights
	This is an LLC with no issued units.		

**Class of Security**      **Securities Reserved for  
Issuance upon Exercise or Conversion**

Warrants: \_\_\_\_\_

Options: \_\_\_\_\_

Describe any other rights:

N/a.

18. How may the rights of the securities being offered be materially limited, diluted or qualified by the rights of any other class of security identified above?

Because the Investor holds no voting rights in the company, the holders of a majority-in-interest of voting rights in the Company could limit the Investor's rights in a material way. For example, those interest holders could vote to change the terms of the agreements governing the Company's operations or cause the Company to engage in additional offerings (including potentially a public offering). These decisions could affect gross revenues and diminish payments made to Investors.

Based on the risk that the company may never realize revenues or face a Default Event, the Investor may never see any returns.

Additional risks related to the rights of other security holders are discussed below, in Question 20.

19. Are there any differences not reflected above between the securities being offered and each other class of security of the issuer?

There are no shares issued in this offering. This is a Funding Agreement. For more information please review the Offering Details Document.

As a holder of a Funding Agreement you will have no voting rights, and limited ability, if at all, to influence out policies or any other corporate matter, including the election of directors, changes to the Company's governance documents, additional issuances of securities, company repurchases of securities, a sale of the Company or of assets of the Company, or transactions with related parties.

20. How could the exercise of rights held by the principal shareholders identified in Question 6 above affect the purchasers of the securities being offered?

As holders of a majority-in-interest of voting rights in the Company, **the unitholders** may make decisions with which the Investor disagrees, or that negatively affect the value of the Investor's securities in the Company, and the Investor will have no recourse to change these decisions. The Investor's interests may conflict with those of other investors, and there is no guarantee that the Company will develop in a way that is optimal for or advantageous to the Investor.

For example, **the unitholders** may change the terms of the operating agreement for the company, change the terms of securities issued by the Company, change the management of the Company, and even force out minority holders of securities. **The unitholders** may make changes that affect the tax treatment of the Company in ways that are unfavorable to you but favorable to them. They may also vote to engage in new offerings and/or to register certain of the Company's securities in a way that negatively affects the value of the securities the Investor owns. Other holders of securities of the Company may also have access to more information than the Investor, leaving the Investor at a disadvantage with respect to any decisions regarding the securities he or she owns.

**The unitholders** have the right to redeem their securities at any time. **Unitholders** could decide to force the Company to redeem their **securities** at a time that is not favorable to the Investor and is damaging to the Company. Investors' exit may affect the value of the Company and/or its viability.

In cases where the rights of holders of convertible debt, SAFES, or other outstanding options or warrants are exercised, or if new awards are granted under our equity compensation plans, an Investor's interests in the Company may be diluted. This means that the pro-rata portion of the Company represented by the Investor's securities will decrease, which could also diminish the Investor's voting and/or economic rights. In addition, as discussed above, if a majority-in-interest of holders of securities with voting rights cause the Company to issue additional units, an Investor's interest will typically also be diluted.

Based on the risks described above, the Investor could lose all or part of his or her investment in the securities in this offering, and may never see positive returns.

21. How are the securities being offered being valued? Include examples of methods for how such securities may be valued by the issuer in the future, including during subsequent corporate actions.

The offering price for the securities offered pursuant to this Form C has been determined arbitrarily by the Company, and does not necessarily bear any relationship to the Company's book value, assets, earnings or other generally accepted valuation criteria. In determining the offering price, the Company did not employ investment banking firms or other outside organizations to make an independent appraisal or evaluation. Accordingly, the offering price should not be considered to be indicative of the actual value of the securities offered hereby.

The value of the promissory notes will be determined by the Company's senior management in accordance with U.S. generally accepted accounting principles. For example, the notes may be valued based on principal plus anticipated interest payments over the course of the term of the note.

22. What are the risks to purchasers of the securities relating to minority ownership in the

issuer?

An Investor in the Company will likely hold a minority position in the Company, and thus be limited as to its ability to control or influence the governance and operations of the Company.

The marketability and value of the Investor's interest in the Company will depend upon many factors outside the control of the Investor. The Company will be managed by its officers and be governed in accordance with the strategic direction and decision-making of its Management, and the Investor will have no independent right to name or remove an officer or member of the Management of the Company.

Following the Investor's investment in the Company, the Company may sell interests to additional investors, which will dilute the percentage interest of the Investor in the Company. The Investor may have the opportunity to increase its investment in the Company in such a transaction, but such opportunity cannot be assured.

The amount of additional financing needed by the Company, if any, will depend upon the maturity and objectives of the Company. The declining of an opportunity or the inability of the Investor to make a follow-on investment, or the lack of an opportunity to make such a follow-on investment, may result in substantial dilution of the Investor's interest in the Company.

23. What are the risks to purchasers associated with corporate actions, including additional issuances of securities, issuer repurchases of securities, a sale of the issuer or of assets of the issuer or transactions with related parties?

Additional issuances of securities. Following the Investor's investment in the Company, the Company may sell interests to additional investors, which will dilute the percentage interest of the Investor in the Company. The Investor may have the opportunity to increase its investment in the Company in such a transaction, but such opportunity cannot be assured. The amount of additional financing needed by the Company, if any, will depend upon the maturity and objectives of the Company. The declining of an opportunity or the inability of the Investor to make a follow-on investment, or the lack of an opportunity to make such a follow-on investment, may result in substantial dilution of the Investor's interest in the Company.

Issuer repurchases of securities. The Company may have authority to repurchase its securities from unitholders, which may serve to decrease any liquidity in the market for such securities, decrease the percentage interests held by other similarly situated investors to the Investor, and create pressure on the Investor to sell its securities to the Company concurrently.

A sale of the issuer or of assets of the issuer. As a minority owner of the Company, the Investor will have limited or no ability to influence a potential sale of the Company or a substantial portion of its assets. Thus, the Investor will rely upon the executive management of the Company to manage the Company so as to maximize value for unitholders. Accordingly, the success of the Investor's investment in the Company will depend in large part upon the skill and expertise of the executive management of the Company. If the Management of the Company authorizes a sale of all or a part of the Company, or a disposition of a substantial portion of the Company's assets, there can be no guarantee that the value received by the Investor, together with the fair market estimate of the value remaining in the Company, will be equal to or exceed the value of the Investor's initial investment in the Company.

Transactions with related parties. The Investor should be aware that there will be occasions when the Company may encounter potential conflicts of interest in its operations. On any issue involving conflicts of interest, the executive management of the Company will be guided by their good faith judgement as to the Company's best interests. The Company may engage in transactions with affiliates, subsidiaries or other related parties, which may be on terms which are not arm's-length, but will be in all cases consistent with the duties of the management of the Company to its unitholders. By acquiring an interest in the Company, the Investor will be deemed to have acknowledged the existence of any such actual or potential conflicts of interest and to have waived any claim with respect to any liability arising from the existence of any such conflict of interest.

24. Describe the material terms of any indebtedness of the issuer:

None.

*INSTRUCTION TO QUESTION 24: name the creditor, amount owed, interest rate, maturity date, and any other material terms.*

25. What other exempt offerings has the issuer conducted within the past three years?

Offering Date	Exemption	Security Type	Amount Sold	Use of Proceeds
No exempt offerings.				

26. Was or is the issuer or any entities controlled by or under common control with the issuer a party to any transaction since the beginning of the issuer's last fiscal year, or any currently proposed transaction, where the amount involved exceeds five percent of the aggregate amount of capital raised by the issuer in reliance on Section 4(a)(6) of the Securities Act during the preceding 12-month period, including the amount the issuer seeks to raise in the current offering, in which any of the following persons had or is to have a direct or indirect material interest:

1. any director or officer of the issuer;
2. any person who is, as of the most recent practicable date, the beneficial owner of 20

2. any person who is, as of the most recent practicable date, the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power;
3. if the issuer was incorporated or organized within the past three years, any promoter of the issuer;
4. or (4) any immediate family member of any of the foregoing persons.

☐ Yes  
☒ No

*INSTRUCTIONS TO QUESTION 26: The term transaction includes, but is not limited to, any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships.*

*Beneficial ownership for purposes of paragraph (2) shall be determined as of a date that is no more than 120 days prior to the date of filing of this offering statement and using the same calculation described in Question 6 of this Question and Answer format.*

*The term "member of the family" includes any child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the person, and includes adoptive relationships. The term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.*

*Compute the amount of a related party's interest in any transaction without regard to the amount of the profit or loss involved in the transaction. Where it is not practicable to state the approximate amount of the interest, disclose the approximate amount involved in the transaction.*

## FINANCIAL CONDITION OF THE ISSUER

27. Does the issuer have an operating history?

☐ Yes  
☒ No

28. Describe the financial condition of the issuer, including, to the extent material, liquidity, capital resources and historical results of operations.

### Management's Discussion and Analysis of Financial Condition and Results of Operations

You should read the following discussion and analysis of our financial condition and results of operations together with our financial statements and the related notes and other financial information included elsewhere in this offering. Some of the information contained in this discussion and analysis, including information regarding the strategy and plans for our business, includes forward-looking statements that involve risks and uncertainties. You should review the "Risk Factors" section for a discussion of important factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in the following discussion and analysis.

#### Overview

The company was formed in order to produce this film, which is about a divorcee's beloved holiday celebration and how it derails when she falls for her daughter's charming new boyfriend.

In 5 years, we hope that our film will be completed, distributed, and available for audiences to enjoy through cable and streaming services across the nation and beyond, and generating consistent profits for our investors. These projections cannot be guaranteed.

Given the Company's limited operating history, the Company cannot reliably estimate how much revenue it will receive in the future, if any.

#### Milestones

Ex Files Productions LLC was organized in the State of California in February 2021.

Since then, we have:

- Director/writer has created content for Lionsgate, Hallmark, Google, 20th Century Fox, and more.
- Script placed in top 5% of Academy Nicholl Screenplay entries in 2019 and 2020 out of 15,000 others.
- Award-winning team with proven track record, who has won awards at Oscar-qualifying film festivals.
- Davi Santos, of CBS' "Tell Me a Story," is attached to play the romantic love interest.
- Diverse cast and crew. Juicy lead role for an actress in her late 40s/early 50s.
- We have relationships with distributors and festivals, so we'll find a home for our finished film.
- Growing appetite for sexually provocative content from a female perspective, proven by "Bridgerton."

#### Historical Results of Operations

Our company was organized in February 2021 and has limited operations upon which prospective investors may base an evaluation of its performance.

which prospective investors may base an evaluation of its performance.

- *Revenues & Gross Margin.* For the period ended March 25, 2021, the Company had revenues of \$0.
- *Assets.* As of March 25, 2021, the Company had total assets of \$0, including \$0 in cash.
- *Net Income.* The Company has had net income of \$0 for 2021.
- *Liabilities.* The Company's liabilities totaled \$0 for 2021.

#### Liquidity & Capital Resources

After the conclusion of this Offering, should we hit our minimum funding target, our projected runway is 18 months before we need to raise further capital.

We plan to use the proceeds as set forth in this Form C under "Use of Funds". We don't have any other sources of capital in the immediate future.

We will likely require additional financing in excess of the proceeds from the Offering in order to perform operations over the lifetime of the Company. We plan to raise capital in 6 months. Except as otherwise described in this Form C, we do not have additional sources of capital other than the proceeds from the offering. Because of the complexities and uncertainties in establishing a new business strategy, it is not possible to adequately project whether the proceeds of this offering will be sufficient to enable us to implement our strategy. This complexity and uncertainty will be increased if less than the maximum amount of securities offered in this offering is sold. The Company intends to raise additional capital in the future from investors. Although capital may be available for early-stage companies, there is no guarantee that the Company will receive any investments from investors.

#### Runway & Short/Mid Term Expenses

Ex Files Productions LLC cash in hand is \$0, as of March 2021. Over the last three months, revenues have averaged \$0/month, cost of goods sold has averaged \$0/month, and operational expenses have averaged \$0/month, for an average burn rate of \$0 per month. Our intent is to be profitable in 18 months.

In the next 3-6 months, expenses will increase incrementally. We expect pre-production on our film to begin early-mid June, which is when we will incur significant expenses. Production is expected to end early-mid July.

The production is contingent on a successful Wefunder raise.

Principal photography is set to begin July 1st, 2021, at which point we would incur the majority of the expenses. Once we have passed the minimum raise threshold (\$110K) we will enter into pre-production. If we raise more than the minimum it will allow our production to hire more recognizable talent, and increase "on-screen" production value. In no event shall the Production Budget exceed the sum of \$400,000.

At a bare minimum, the total cost to produce the film is \$135,000. The total cost to produce the film may cost as much as \$250,000-400,000, including post-production costs. We may seek additional funding in order to cover the full post-production costs.

We hope to premiere the film at film festivals in 2022 and sell the film for distribution thereafter, but we may have to push back until 2023 if there are unexpected delays in production or post production. We hope (but cannot guarantee) to receive \$500,000-\$750,000 in revenue through a minimum guarantee by a distributor. To fund short-term operations, the team is planning to use their personal savings to finance any overhead costs.

We will likely require additional financing in excess of the proceeds from the offering in order to perform operations over the lifetime of the Company. In addition to the proceeds from the offering, subject to reaching the minimum raise threshold, we will also be able to rely on the founding team's personal capital, which amounts to an additional \$25,000. Because of the complexities and uncertainties in establishing a new business strategy, it is not possible to adequately project whether the proceeds of this offering will be sufficient to enable us to implement our strategy. This complexity and uncertainty will be increased if less than the maximum amount of securities offered in this offering is sold. The Company intends to raise additional capital in the future from investors. Although capital may be available for early-stage companies, there is no guarantee that the Company will receive any investments from investors.

*INSTRUCTIONS TO QUESTION 28: The discussion must cover each year for which financial statements are provided. For issuers with no prior operating history, the discussion should focus on financial milestones and operational, liquidity and other challenges. For issuers with an operating history, the discussion should focus on whether historical results and cash flows are representative of what investors should expect in the future. Take into account the proceeds of the offering and any other known or pending sources of capital. Discuss how the proceeds from the offering will affect liquidity, whether receiving these funds and any other additional funds is necessary to the viability of the business, and how quickly the issuer anticipates using its available cash. Describe the other available sources of capital to the business, such as lines of credit or required contributions by shareholders. References to the issuer in this Question 28 and these instructions refer to the issuer and its predecessors, if any.*
