Earth Rides community,

As we close out the 1st quarter of 2021, we'd like to thank all of our 15,000+ passengers who took a ride with us since our launch in October 2020. The support has been overwhelming and truly an honor. Because of you, our business has grown tremendously in the last six months and we've reduced tons of carbon emissions.

We are excited to announce to this select list our Equity Crowdfund is now live!

To learn more about the terms, please visit our [Wefunder page](#) to see the details and invest.

Thank you for your continued support in our mission to provide affordable, safe, and clean technology to all. We look forward to seeing you on Earth!

Gas cars are the #1 polluter in the US. Earth Rides provides a better way to get around: with zero carbon emissions, no surge pricing and carefully vetted drivers, all while riding in a premium electric vehicle. They've had consecutive record numbers of completed boardings and steady growth since launching last October.

The company has raised \$576K from 510 investors in 3 weeks.

Before I finished law school, Peter asked me if practicing law was what my time on Earth was meant for. I knew it wasn't but the hours and money spent made me feel as if I had to stay the course.

Since October 1st, 2020 **Earth Rides** has had over 20,000+ passengers, offset over 30 tons of carbon emissions, and is changing the perception around electric vehicles.

All because I stepped off the course, believed in myself and **Peter Smith**, and then built a team of dedicated, relentless people who buy into this wild ride day after day.

You can now invest in our mission to provide fair living wages to drivers and a carbon-free, safe, affordable ride to all.
