additional paid-in capital.

Comparative Share Information, page 97

3. We note your response to prior comment 12 and the revision to your registration statement. Please revise the second sentence of the second paragraph to state that the weighted average shares outstanding and net loss per share information reflect the Business Combination as if it had occurred on January 1, 2020.
4. We note your response to prior comment 13 and the revision to your registration statement. However, the first bullet of prior comment 13 was intended to request that you remove book value per share, as of December 31, 2020, from the historical, pro forma combined, and Bird equivalent pro forma per share data columns. Please revise your disclosure to reinstate the other line items of the comparative share information, for the year ended December 31, 2020, that were deleted.
5. Please provide us with your calculation of historical book value per share, at March 31, 2021, for both Switchback and Bird.
