

# THE WINGFEATHER SAGA

Hello Wingfeather Saga Investors,

We have some important news to share with you that we'll break into three sections:

## Casting Opportunity

We have begun our casting process with a brilliant team and can't wait to discover who will be voicing our characters. It's a big process and we're looking far and wide for just the right actors. We spent a lengthy amount of time considering various accents and the variety of inhabitants we will encounter in season one of our story. All that comes together in animation to make each character distinct and fully alive. We're excited to announce that we are opening the door to you as well! We've just launched a landing page with all the information you will need to audition at [WingfeatherSaga.com/Casting](http://WingfeatherSaga.com/Casting) - Go check it out, but if you are interested, you'll need to respond quickly! The deadline for our first round is December 8th.

## Season Two Express Interest

Animation production for our series is around 18 months from start to release date. As you know, we are fully intending to tell the entire story of The Wingfeather Saga. We would really like to have season two available within a year of season one, which would mean starting pre-production before we've finished season one. If we decide to wait until after season one is released to begin season two, it could mean nearly two years between season one and two releasing. That is tough for young fans of the series and also challenging in building out a merchandise plan to help support the revenue for the series to continue and thrive. With that in mind, we have just set up a "testing the waters" page with Angel Funding to see what level of interest there is towards funding the second season sooner than later.

## Production Office Tour

We have a mantra around the production office that you'll hear often. "Let's get more to the screen!" That idea guides our company growth and the careful consideration we are making towards any expense that doesn't end up on-screen for the audience. With that in mind, many of our staff work remotely, but some of our core production management team work in a small office day to day. We wanted to give you a quick tour and introduce you to a couple more of our crew!

[PRODUCTION OFFICE TOUR VIDEO](#)

(with a belated Thanksgiving greeting!)

We're so thankful for the opportunity to get to bring this series to life and have the creative freedom to do so authentically, while making something really awesome. You are a key part of this journey. We could not do this without you, and we can't wait to share what we are building together!

- Chris, Andrew and the Wingfeather Production Team

GAUGING INTEREST in an investment opportunity. We are creating a multi-season TV series based on the best-selling, award-winning book series "The Wingfeather Saga", which has more than 8,000 five-star reviews, and has seen enormous sales growth since the 2020 relaunch with Penguin Random House.

Season 1 of The Wingfeather Saga is currently in production after becoming the #1 crowdfunded kids & family animated series of all time, raising over \$5.2 million between Angel Funding and Kickstarter.

We are not accepting funds at this time but are gauging interest to see who would be interested in investing in Season 2 if we launched another crowdfunding investment.

Check out the short film for "The Wingfeather Saga" and the potential investment opportunity at [angel.com/wingfeather](https://angel.com/wingfeather).

Legal made us say this last part: (1) no money or other consideration is being solicited, and if sent, will not be accepted; (2) no offer to buy the securities can be accepted and no part of the purchase price can be received until the offering statement is filed and only through an intermediary's platform; (3) a prospective purchaser's indication of interest is non-binding.
