Rangoon 2.0 (Expansion Plan)

THE OPPORTUNITY: BRINGING BURMESE CUISINE TO MANHATTAN After years of developing our menu and fan base through pop-ups around New York City, we finally opened our first full restaurant in Brooklyn in February 2020 - exactly a month before the Covid-19 shutdown. For many restaurants, particularly new ones, the challenges posed by the pandemic led to an early end. However Rangoon was one of many that turned this crisis into opportunity. When we opened the Brooklyn restaurant, we could have never anticipated that the first months would be devoted to doing take-out and delivery. However this turned out to be a blessing: the delivery business allowed us to perfect the menu and operation of our kitchen without many of the pressures typically associated with running a restaurant. Further, when outdoor dining became possible, we created a unique and highly regarded outdoor space that brought us additional attention and kept guests coming back. Now we want to continue to build on turning the pandemic challenge into opportunity by opening our second restaurant in Manhattan. At this time Manhattan has a glut of fantastic restaurant spaces available for lease as a consequence of so many restaurants closing due to the pandemic. Rents are as much as half what they were prior to the pandemic due to the excess supply, and many places are fully built out and nearly ready for operation. So we set out to find a great space at a discounted price that did not need substantial build-out to begin operation. It was hard to pick a space because there were so many opportunities. That said, we fell in love with a spot in Chelsea that is ideal from almost all perspectives, and we've already signed the lease. The new restaurant will be located at 158 Eighth Avenue right in the heart of Chelsea. Just blocks away from Chelsea Market and Google, the neighborhood offers a huge market of both residents and tourists who will pass by the storefront daily. There is no better time or place we could imagine for Rangoon's next step. Conceptually, our goal is to create a higher class Burmese venue in Manhattan that is capable of earning Michelin stars. Rangoon Brooklyn was included in the Michelin Bib Gourmand award list for 2021 which is the highest achievement Michelin offers for a restaurant the size, scale, and cost of Rangoon. We were greatly honored by our inclusion here, and this motivated us to want to create a Burmese restaurant that could take the next step to Michelin Star. So our plan with this restaurant concept is to explore more of the fantastically diverse food of Burma and offer NYC an even higher-end dining experience of this wonderful Cuisine.

Our Mission

To provide traditional Burmese and regional flavors to New York City

- Inspired by the casual yet elegant idea of a bistro, Rangoon brings you comfort food made from fresh and simple ingredients.
- The perfect combination of healthy and satisfying.
- Freshness & simplicity

If you do not affirmatively choose to invest, then your commitment will be cancelled, your funds will be returned to you, and you will not receive any securities.

(L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as “Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

(M) Terms of the Securities

Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

Summary of Terms

Revenue Percentage ¹	0.3 - 1.5% ²
Payment Deadline	2028-10-01
Maximum Payment Multiple ³ - Early Investors - All Other Investors	2.0 x 1.6 x
Sharing Start Date	The first day after disbursement that the company has revenues greater than one (\$1) dollar
First Payment Date	The last day of the calendar quarter ending not less than 90 days after the Sharing Start Date
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	1.02%

¹ as defined in the note agreement included in Appendix A

² The rate of revenue sharing is calculated on a linear scale with a minimum rate of 0.3% and a maximum rate of 1.5% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$50,000	0.3%
\$100,000	0.6%
\$150,000	0.9%
\$200,000	1.2%
\$250,000	1.5%

³ To reward early participation, the investors who contribute the first \$50,000.0 raised in the offering will receive a 2.0x cap. Investors who contribute after \$50,000.0 has been raised in the offering will receive a 1.6x cap.

Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document

called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company's offering page.

Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company's consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

Other Classes of Securities

Name of Security	Limited Liability Company Interests
Number of Shares Outstanding	N/A
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	N/A
How these securities differ from the revenue sharing notes being offered to investors	Limited Liability Company Interests are an equity interest, whereas Revenue Sharing Notes are a debt obligation of the Company.

Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
Myo Moe	100%

How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

(N) The Funding Portal

The Company is offering its securities through MainVest, Inc., which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. MainVest Inc.'s Central Index Key (CIK) number is 0001746059, their SEC File number is 007-00162, and their Central Registration Depository (CRD) number is 298384.

(O) Compensation of the Funding Portal

MainVest will be paid 6.0% of the final offering amount, upon the successful completion of the offering. MainVest does not receive compensation if the offering does not succeed. MainVest, Inc. owns no interest in the Company, directly or indirectly, and will not acquire an interest as part of the Offering, nor is there any arrangement for MainVest to acquire an interest.
