### OFFERING MEMORANDUM

#### Purpose of This Form

A company that wants to raise money using Regulation Crowdfunding must give certain information to prospective investors, so investors will have a basis for making an informed decision. The Securities and Exchange Commission, or SEC, has issued regulations at 17 CFR §227.201 listing the information companies must provide. (D) The Company's Business and Business Plan

Our Story

Glow Worm Play Cafe has been operating in the Highlands area of Louisville, KY for almost a year. We have proved that we can bring the community together through indoor play, the cafe, the bakery, retail, and community classes and events. Our city is sprawling and more locations are needed in other areas of the city to serve more customers.

- Glow Worm provides a safe, clean, fun environment where children 6 and younger can let loose while their caregivers connect and get work done in our lounge area.
- We have successfully operated our first location for almost a year in the Highlands neighborhood of Louisville, KY, and the demand to expand to other parts of our city is high.
- 15+ miles is often too far to travel for a 2-hour experience with kids. Parents request daily that we expand our operations to other parts of the city so that they can visit on a more frequent basis.

Intended Use of Funds

I will use funds from our new raise to expand our operations to other parts of the city, including but not limited to the East End, Southern Indiana, and the Prospect/Norton Commons area. This raise will go toward the build out of a new space, equipment, and hiring new team members.

- Each location costs between \$100,000 and \$200,000 to build out and start up, as we've learned from our first location.
- Funds from this raise will go toward building out a second location in one of three areas in our city. We have been scouting new locations for months and need to be ready to commit to a lease as soon as our ideal spot becomes available in one of our target areas.
- The opportunity to operate in areas with higher average household incomes ensures the stability of success in our current location and future locations in lower income neighborhoods. We want everyone to have access to Glow Worm.

## Industry

The Pew Research Center found that the number of mothers choosing to stay home with their children is currently on the rise. In 2014, they released a report which found that 29 percent of mothers (roughly 10.4 million women) with children under the age of 18 did not work outside the home. The number of companies offering workers telecommuting opportunities is also growing faster than ever before, and has high long-term projected growth. Between 2005 and 2012, the growth of multiple days-per-week employee teleworkers grew 79.7% (American Community Survey Data, 2012), though the rate of growth slowed during the recession. This is compared to the total non-self-employed workforce, which grew only 7.1% during the same time period. This does not count those that are self-employed working out of their homes, which we also consider our target market.

- In the greater Louisville area, stay at home parents and parents that work out of their home / part time have virtually very few options when it comes to places they can drop in and relax and enjoy a bit of coveted “me” time, or plug in and get some work done while their children play in a supervised area within view, specifically in the city (inside the 264 loop).
- There are also no places like that that also include a retail shopping experience. Since no similar options exist in my target market, I have the opportunity to initiate a relationship with local parents and learn what their ideal space would look like.
- I also have the chance to enjoy full market share while Glow Worm Play Cafe grows as a business and matures its roots within the community and while I perfect our strategies and practices.

## Location

Louisville is the largest city in the Commonwealth of Kentucky and the 29th most populous city in the United States. The city is known for being the home of famous boxer Muhammad Ali, the location of the Kentucky Derby, and the University of Louisville.

- Population: 617,790
- Metro population: 1,265,108
- Average Household Income: 53,436 USD

## The Team

Katie Read, Chief Dream Maker

With 10+ years working in creative industries, from web design to marketing to video production, I have consistently been passionate about one thing: connection within our communities. After I

became a mom in 2017, this passion and desire only became stronger. I continued to work full time as a web & creative project manager, and began to build a network of local moms to connect with. I also started a retail pop-up shop with ethically made clothing for kids. In an effort to find a way to marry the mom group and the retail shop, I came up with Glow Worm Play Cafe: a place for parents and caregivers to bring their little ones while they connect with other adults. My strong marketing background as well as being a people-person both help me to naturally find ways to connect with other people, and sell my ideas to our community with ease. I have loved nothing more than building Glow Worm for the last year in the Highlands, and cannot wait to bring this concept to other parts of our city.

#### Explanation

A "material change" means a change that an average, careful investor would want to know about before making an investment decision. If a material change occurs after you make an investment commitment but before the Offering closes, then the Company will notify you and ask whether you want to invest anyway. If you do not affirmatively choose to invest, then your commitment will be cancelled, your funds will be returned to you, and you will not receive any securities.

#### (L) Price of the Securities

The Company is offering "securities" in the form of revenue sharing notes, which we refer to as "Notes." The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

## (M) Terms of the Securities

### Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

### Summary of Terms

Revenue Percentage <sup>1</sup>	11.0 - 11.4% <sup>2</sup>
Payment Deadline	2028-12-31
Maximum Payment Multiple <sup>3</sup> - Early Investors - All Other Investors	1.7 x 1.4 x
Sharing Start Date	The first day after disbursement that the company has revenues greater than one (\$1) dollar
First Payment Date	The last day of the calendar quarter ending not less than 90 days after the Sharing Start Date
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	2.9%

<sup>1</sup> as defined in the note agreement included in Appendix A

<sup>2</sup> The rate of revenue sharing is calculated on a linear scale with a minimum rate of 11.0% and a maximum rate of 11.4% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$100,000	11.0%
\$101,000	11.1%
\$102,000	11.2%
\$103,000	11.3%
\$104,000	11.4%

<sup>3</sup> To reward early participation, the investors who contribute the first \$30,000.0 raised in the offering will receive a 1.7x cap. Investors who contribute after \$30,000.0 has been raised in the offering will receive a 1.4x cap.

### Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document

called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company's offering page.

#### Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

#### No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company's consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

#### Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

#### Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

#### Other Classes of Securities

Name of Security	Limited Liability Company Interests
Number of Shares Outstanding	N/A
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	These Securities have Voting Rights
How these securities differ from the revenue sharing notes being offered to investors	Limited Liability Company Interests are an equity interest, whereas Revenue Sharing Notes are a debt obligation of the Company.

### Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

### The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
Kathryn Read	100%

### How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

### How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

### (N) The Funding Portal

The Company is offering its securities through MainVest, Inc., which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. MainVest Inc.'s Central Index Key (CIK) number is 0001746059, their SEC File number is 007-00162, and their Central Registration Depository (CRD) number is 298384.

### (O) Compensation of the Funding Portal

Upon successful funding of the Offering, the Funding Portal will receive as the "Revenue Securement Fee"; 4.5% of the amount of the Offering raised by In-Network Users of the Platform plus 9.0% of the amount of the Offering raised by all other investors. "In-Network Users" means a user of Mainvest.com who who have utilized the Company's specified in-network link on the Site.

### (P) Indebtedness of the Company
