

With the Fundrise Innovation Fund

You can invest in some of the world's top tech companies

Including those leading the AI revolution

Before they go public

The future is now open for investment

For decades, venture capital has arguably

Been one of the highest

Performing investments

But for most investors, it was out of reach. Until now.

With the Fundrise Innovation

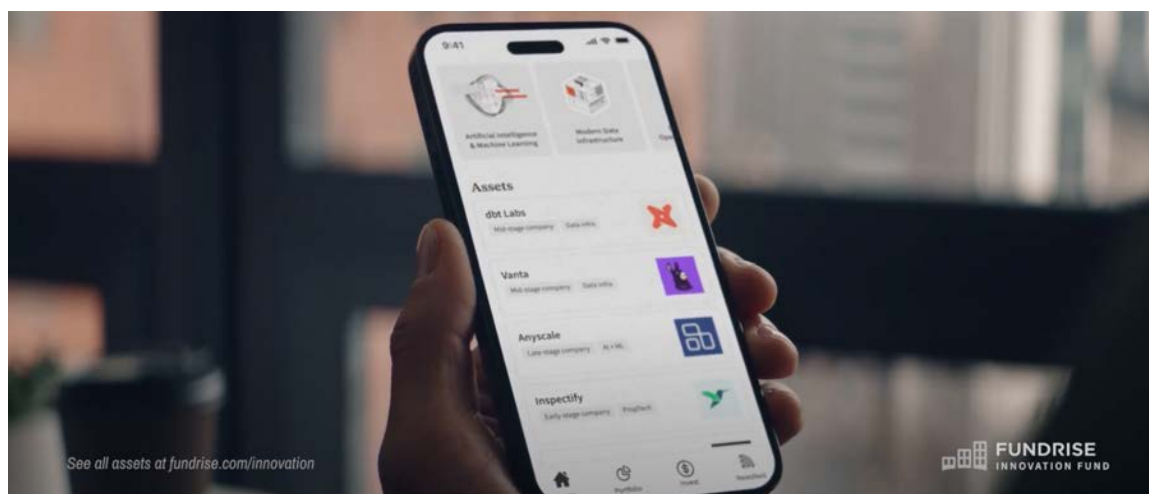

Fund, you can invest in some of the world's top tech companies

Including those leading the AI revolution

Before they go public

Now it's your turn to get in early and start building a portfolio of industry leaders

Disruptors and pioneers with the Fundrise

Innovation Fund. The future is now open for investment.
