RISK FACTORS

Investing in the Securities involves a high degree of risk and may result in the loss of your entire investment. Before making an investment decision with respect to the Securities, we urge you to carefully consider the risks described in this section and other factors set forth in this Form C. In addition to the risks specified below, the Company is subject to same risks that all companies in its business, and all companies in the economy, are exposed to. These include risks relating to economic downturns, political and economic events and technological developments (such as hacking and the ability to prevent hacking). Additionally, early-stage companies are inherently riskier than more developed companies. Prospective Investors should consult with their legal, tax and financial advisors prior to making an investment in the Securities. The Securities should only be purchased by persons who can afford to lose all of their investment.

Risks Related to the Company's Business and Industry

We have a limited operating history upon which you can evaluate our performance, and accordingly, our prospects must be considered in light of the risks that any new company encounters.

The Company is still in an early phase and we are just beginning to implement our business plan. There can be no assurance that we will ever operate profitably. The likelihood of our success should be considered in light of the problems, expenses, difficulties, complications and delays usually encountered by early stage companies. The Company may not be successful in attaining the objectives necessary for it to overcome these risks and uncertainties.

The amount of capital the Company is attempting to raise in this Offering may not be enough to sustain the Company's current business plan.

In order to achieve the Company's near and long-term goals, the Company may need to procure funds in addition to the amount raised in the Offering. There is no guarantee the Company will be able to raise such funds on acceptable terms or at all. If we are not able to raise sufficient capital in the future, we may not be able to execute our business plan, our continued operations will be in jeopardy and we may be forced to cease operations and sell or otherwise transfer all or substantially all of our remaining assets, which could cause an Investor to lose all or a portion of their investment.

We may face potential difficulties in obtaining capital.

We may have difficulty raising needed capital in the future as a result of, among other factors, our lack of revenues from sales, as well as the inherent business risks associated with our Company and present and future market conditions. We will require additional funds to execute our business strategy and conduct our operations. If adequate funds are unavailable, we may be required to delay, reduce the scope of or eliminate one or more of our research, development or commercialization programs, product launches or marketing efforts, any of which may materially harm our business, financial condition and results of operations.

We may implement new lines of business or offer new products and services within existing lines of business.

As an early-stage company, we may implement new lines of business at any time. There are substantial risks and uncertainties associated with these efforts, particularly in instances where the markets are not fully developed. In developing and marketing new lines of business and/or new products and services, we may invest significant time and resources. Initial timetables for the introduction and development of new lines of business and/or new products or services may not be achieved, and price and profitability targets may not prove feasible. We may not be successful in introducing new products and services in response to industry trends or developments in technology, or those new products may not achieve market acceptance. As a result, we could lose business, be forced to price products and services on less advantageous terms to retain or attract clients or be subject to cost increases. As a result, our business, financial condition or results of operations may be adversely affected.

We rely on other companies to provide components and services for our products.

We depend on suppliers and contractors to meet our contractual obligations to our customers and conduct our operations. Our ability to meet our obligations to our customers may be adversely affected if suppliers or contractors do not provide the agreed-upon supplies or perform the agreed-upon services in compliance with customer requirements and in a timely and cost-effective manner. Likewise, the quality of our products may be adversely

impacted if companies to whom we delegate manufacture of major components or subsystems for our products, or from whom we acquire such items, do not provide components which meet required specifications and perform to our and our customers' expectations. Our suppliers may be unable to quickly recover from natural disasters and other events beyond their control and may be subject to additional risks such as financial problems that limit their ability to conduct their operations. The risk of these adverse effects may be greater in circumstances where we rely on only one or two contractors or suppliers for a particular component. Our products may utilize custom components available from only one source. Continued availability of those components at acceptable prices, or at all, may be affected for any number of reasons, including if those suppliers decide to concentrate on the production of common components instead of components customized to meet our requirements. The supply of components for a new or existing product could be delayed or constrained, or a key manufacturing vendor could delay shipments of completed products to us adversely affecting our business and results of operations.

We rely on various intellectual property rights, including trademarks, in order to operate our business.

The Company relies on certain intellectual property rights to operate its business. The Company's intellectual property rights may not be sufficiently broad or otherwise may not provide us a significant competitive advantage. In addition, the steps that we have taken to maintain and protect our intellectual property may not prevent it from being challenged, invalidated, circumvented or designed-around, particularly in countries where intellectual property rights are not highly developed or protected. In some circumstances, enforcement may not be available to us because an infringer has a dominant intellectual property position or for other business reasons, or countries may require compulsory licensing of our intellectual property. Our failure to obtain or maintain intellectual property rights that convey competitive advantage, adequately protect our intellectual property or detect or prevent circumvention or unauthorized use of such property, could adversely impact our competitive position and results of operations. We also rely on nondisclosure and noncompetition agreements with employees, consultants and other parties to protect, in part, trade secrets and other proprietary rights. There can be no assurance that these agreements will adequately protect our trade secrets and other proprietary rights and will not be breached, that we will have adequate remedies for any breach, that others will not independently develop substantially equivalent proprietary information or that third parties will not otherwise gain access to our trade secrets or other proprietary rights. As we expand our business, protecting our intellectual property will become increasingly important. The protective steps we have taken may be inadequate to deter our competitors from using our proprietary information. In order to protect or enforce our patent rights, we may be required to initiate litigation against third parties, such as infringement lawsuits. Also, these third parties may assert claims against us with or without provocation. These lawsuits could be expensive, take significant time and could divert management's attention from other business concerns. The law relating to the scope and validity of claims in the technology field in which we operate is still evolving and, consequently, intellectual property positions in our industry are generally uncertain. We cannot assure you that we will prevail in any of these potential suits or that the damages or other remedies awarded, if any, would be commercially valuable.

The Company's success depends on the experience and skill of its managers, executive officers and key employees.

In particular, we are dependent on Matt Bennett, our Manager and Founder. The loss of Matt Bennett could harm the Company's business, financial condition, cash flow and results of operations.

Damage to our reputation could negatively impact our business, financial condition and results of operations.

Our reputation and the quality of our brand are critical to our business and success in existing markets, and will be critical to our success as we enter new markets. Any incident that erodes consumer loyalty for our brand could significantly reduce its value and damage our business. We may be adversely affected by any negative publicity, regardless of its accuracy. Also, there has been a marked increase in the use of social media platforms and similar devices, including blogs, social media websites and other forms of internet-based communications that provide individuals with access to a broad audience of consumers and other interested persons. The availability of information on social media platforms is virtually immediate as is its impact. Information posted may be adverse to our interests or may be inaccurate, each of which may harm our performance, prospects or business. The harm may be immediate and may disseminate rapidly and broadly, without affording us an opportunity for redress or correction.

Our business could be negatively impacted by cyber security threats, attacks and other disruptions.

We continue to face advanced and persistent attacks on our information infrastructure where we manage and store various proprietary information and sensitive/confidential data relating to our operations. These attacks may include sophisticated malware (viruses, worms, and other malicious software programs) and phishing emails that attack our products or otherwise exploit any security vulnerabilities. These intrusions sometimes may be zero-day malware that are difficult to identify because they are not included in the signature set of commercially available antivirus scanning programs. Experienced computer programmers and hackers may be able to penetrate our network security and misappropriate or compromise our confidential information or that of our customers or other third-parties, create system disruptions, or cause shutdowns. Additionally, sophisticated software and applications that we produce or procure from third-parties may contain defects in design or manufacture, including “bugs” and other problems that could unexpectedly interfere with the operation of the information infrastructure. A disruption, infiltration or failure of our information infrastructure systems or any of our data centers as a result of software or hardware malfunctions, computer viruses, cyber-attacks, employee theft or misuse, power disruptions, natural disasters or accidents could cause breaches of data security, loss of critical data and performance delays, which in turn could adversely affect our business.

Security breaches of confidential customer information, in connection with our electronic processing of credit and debit card transactions, or confidential employee information may adversely affect our business.

Our business requires the collection, transmission and retention of personally identifiable information, in various information technology systems that we maintain and in those maintained by third parties with whom we contract to provide services. The integrity and protection of that data is critical to us. The information, security and privacy requirements imposed by governmental regulation are increasingly demanding. Our systems may not be able to satisfy these changing requirements and customer and employee expectations, or may require significant additional investments or time in order to do so. A breach in the security of our information technology systems or those of our service providers could lead to an interruption in the operation of our systems, resulting in operational inefficiencies and a loss of profits. Additionally, a significant theft, loss or misappropriation of, or access to, customers’ or other proprietary data or other breach of our information technology systems could result in fines, legal claims or proceedings.

The use of individually identifiable data by our business, our business associates and third parties is regulated at the state, federal and international levels.

The regulation of individual data is changing rapidly, and in unpredictable ways. A change in regulation could adversely affect our business, including causing our business model to no longer be viable. Costs associated with information security – such as investment in technology, the costs of compliance with consumer protection laws and costs resulting from consumer fraud – could cause our business and results of operations to suffer materially. Additionally, the success of our online operations depends upon the secure transmission of confidential information over public networks, including the use of cashless payments. The intentional or negligent actions of employees, business associates or third parties may undermine our security measures. As a result, unauthorized parties may obtain access to our data systems and misappropriate confidential data. There can be no assurance that advances in computer capabilities, new discoveries in the field of cryptography or other developments will prevent the compromise of our customer transaction processing capabilities and personal data. If any such compromise of our security or the security of information residing with our business associates or third parties were to occur, it could have a material adverse effect on our reputation, operating results and financial condition. Any compromise of our data security may materially increase the costs we incur to protect against such breaches and could subject us to additional legal risk.

The Company is not subject to Sarbanes-Oxley regulations and may lack the financial controls and procedures of public companies.

The Company may not have the internal control infrastructure that would meet the standards of a public company, including the requirements of the Sarbanes Oxley Act of 2002. As a privately-held (non-public) Company, the Company is currently not subject to the Sarbanes Oxley Act of 2002, and its financial and disclosure controls and procedures reflect its status as a development stage, non-public company. There can be no guarantee that there are no significant deficiencies or material weaknesses in the quality of the Company's financial and disclosure controls and procedures. If it were necessary to implement such financial and disclosure controls and procedures, the cost to the Company of such compliance could be substantial and could have a material adverse effect on the Company’s results of operations.

We operate in a highly regulated environment, and if we are found to be in violation of any of the federal, state, or local laws or regulations applicable to us, our business could suffer.

We are also subject to a wide range of federal, state, and local laws and regulations, such as local licensing requirements, and retail financing, debt collection, consumer protection, environmental, health and safety, creditor, wage-hour, anti-discrimination, whistleblower and other employment practices laws and regulations and we expect these costs to increase going forward. The violation of these or future requirements or laws and regulations could result in administrative, civil, or criminal sanctions against us, which may include fines, a cease and desist order against the subject operations or even revocation or suspension of our license to operate the subject business. As a result, we have incurred and will continue to incur capital and operating expenditures and other costs to comply with these requirements and laws and regulations.

Risks Related to the Offering

State and federal securities laws are complex, and the Company could potentially be found to have not complied with all relevant state and federal securities law in prior offerings of securities.

The Company has conducted previous offerings of securities and may not have complied with all relevant state and federal securities laws. If a court or regulatory body with the required jurisdiction ever concluded that the Company may have violated state or federal securities laws, any such violation could result in the Company being required to offer rescission rights to investors in such offering. If such investors exercised their rescission rights, the Company would have to pay to such investors an amount of funds equal to the purchase price paid by such investors plus interest from the date of any such purchase. No assurances can be given the Company will, if it is required to offer such investors a rescission right, have sufficient funds to pay the prior investors the amounts required or that proceeds from this Offering would not be used to pay such amounts.

In addition, if the Company violated federal or state securities laws in connection with a prior offering and/or sale of its securities, federal or state regulators could bring an enforcement, regulatory and/or other legal action against the Company which, among other things, could result in the Company having to pay substantial fines and be prohibited from selling securities in the future.

The Company could potentially be found to have not complied with securities law in connection with this Offering related to “Testing the Waters.”

Prior to filing this Form C, the Company engaged in “testing the waters” permitted under Regulation Crowdfunding (17 CFR 227.206), which allows issuers to communicate to determine whether there is interest in the offering. All communication sent is deemed to be an offer of securities for purposes of the antifraud provisions of federal securities laws. Any Investor who expressed interest prior to the date of this Offering should read this Form C thoroughly and rely only on the information provided herein and not on any statement made prior to the Offering. The communications sent to Investors prior to the Offering are attached as Exhibit E. Some of these communications may not have included proper disclaimers required for “testing the waters”.

The U.S. Securities and Exchange Commission does not pass upon the merits of the Securities or the terms of the Offering, nor does it pass upon the accuracy or completeness of any Offering document or literature.

You should not rely on the fact that our Form C is accessible through the U.S. Securities and Exchange Commission’s EDGAR filing system as an approval, endorsement or guarantee of compliance as it relates to this Offering. The U.S. Securities and Exchange Commission has not reviewed this Form C, nor any document or literature related to this Offering.

Neither the Offering nor the Securities have been registered under federal or state securities laws.

No governmental agency has reviewed or passed upon this Offering or the Securities. Neither the Offering nor the Securities have been registered under federal or state securities laws. Investors will not receive any of the benefits available in registered offerings, which may include access to quarterly and annual financial statements that have been

audited by an independent accounting firm. Investors must therefore assess the adequacy of disclosure and the fairness of the terms of this Offering based on the information provided in this Form C and the accompanying exhibits.

The Company's management may have broad discretion in how the Company uses the net proceeds of the Offering.

Unless the Company has agreed to a specific use of the proceeds from the Offering, the Company's management will have considerable discretion over the use of proceeds from the Offering. You may not have the opportunity, as part of your investment decision, to assess whether the proceeds are being used appropriately.

The Company has the right to limit individual Investor commitment amounts based on the Company's determination of an Investor's sophistication.

The Company may prevent any Investor from committing more than a certain amount in this Offering based on the Company's determination of the Investor's sophistication and ability to assume the risk of the investment. This means that your desired investment amount may be limited or lowered based solely on the Company's determination and not in line with relevant investment limits set forth by the Regulation CF rules. This also means that other Investors may receive larger allocations of the Offering based solely on the Company's determination.

The Company has the right to extend the Offering Deadline.

The Company may extend the Offering Deadline beyond what is currently stated herein. This means that your investment may continue to be held in escrow while the Company attempts to raise the Target Offering Amount even after the Offering Deadline stated herein is reached. While you have the right to cancel your investment in the event the Company extends the Offering Deadline, if you choose to reconfirm your investment, your investment will not be accruing interest during this time and will simply be held until such time as the new Offering Deadline is reached without the Company receiving the Target Offering Amount, at which time it will be returned to you without interest or deduction, or the Company receives the Target Offering Amount, at which time it will be released to the Company to be used as set forth herein. Upon or shortly after the release of such funds to the Company, the Securities will be issued and distributed to you.

The Company may also end the Offering early.

If the Target Offering Amount is met after 21 calendar days, but before the Offering Deadline, the Company can end the Offering by providing notice to Investors at least 5 business days prior to the end of the Offering. This means your failure to participate in the Offering in a timely manner, may prevent you from being able to invest in this Offering – it also means the Company may limit the amount of capital it can raise during the Offering by ending the Offering early.

The Company has the right to conduct multiple closings during the Offering.

If the Company meets certain terms and conditions, an intermediate close of the Offering can occur, which will allow the Company to draw down on half of the proceeds committed and captured in the Offering during the relevant period. The Company may choose to continue the Offering thereafter. Investors should be mindful that this means they can make multiple investment commitments in the Offering, which may be subject to different cancellation rights. For example, if an intermediate close occurs and later a material change occurs as the Offering continues, Investors whose investment commitments were previously closed upon will not have the right to re-confirm their investment as it will be deemed to have been completed prior to the material change.

Risks Related to the Securities

The Securities will not be freely tradable under the Securities Act until one year from the initial purchase date. Although the Securities may be tradable under federal securities law, state securities regulations may apply, and each Investor should consult with their attorney.

You should be aware of the long-term nature of this investment. There is not now and likely will not ever be a public market for the Securities. Because the Securities have not been registered under the Securities Act or under the securities laws of any state or foreign jurisdiction, the Securities have transfer restrictions and cannot be resold in the United States except pursuant to Rule 501 of Regulation CF. It is not currently contemplated that registration under the Securities Act or other securities laws will be effected. Limitations on the transfer of the Securities may also adversely affect the price that you might be able to obtain for the Securities in a private sale. Investors should be aware of the long-term nature of their investment in the Company. Each Investor in this Offering will be required to represent that they are purchasing the Securities for their own account, for investment purposes and not with a view to resale or distribution thereof.

Investors will not become equity holders until the Company decides to convert the Securities into “CF Shadow Securities” (the type of equity securities issuable upon conversion of the Securities) or until there is a change of control or sale of substantially all of the Company’s assets.

Investors will not have an ownership claim to the Company or to any of its assets or revenues for an indefinite amount of time and depending on when and how the Securities are converted, the Investors may never become equity holders of the Company. Investors will not become equity holders of the Company unless the Company receives a future round of financing great enough to trigger a conversion and the Company elects to convert the Securities into CF Shadow Securities. The Company is under no obligation to convert the Securities into CF Shadow Securities. In certain instances, such as a sale of the Company or substantially all of its assets, an initial public offering or a dissolution or bankruptcy, the Investors may only have a right to receive cash, to the extent available, rather than equity in the Company.

Investors will not have voting rights, even upon conversion of the Securities into CF Shadow Securities. Upon the conversion of the Securities into CF Shadow Securities (which cannot be guaranteed), the holders of the CF Shadow Securities will be required to enter into a proxy with the Intermediary or its designee to ensure any statutory voting rights are voted in tandem with the majority holders of whichever series of securities the CF Shadow Securities follow.

Investors will not have the right to vote upon matters of the Company even if and when their Securities are converted into CF Shadow Securities (the occurrence of which cannot be guaranteed). Upon such conversion, the CF Shadow Securities will have no voting rights and, in circumstances where a statutory right to vote is provided by state law, the CF Shadow Security holders are required to enter into a proxy agreement with the Intermediary or its designee to vote their CF Shadow Securities with the majority of the holder(s) of the securities issued in the round of equity financing that triggered the conversion right. For example, if the Securities are converted in connection with an offering of Series B Preferred Units, Investors would receive CF Shadow Securities in the form of Series B-CF Preferred Shadow Units and would be required to enter into a proxy that allows the Intermediary or its designee to vote their shares of Series B-CF Preferred Units consistent with the majority of the Series B Preferred Unit holders. Thus, Investors will essentially never be able to vote upon any matters of the Company.

Investors will not be entitled to any inspection or information rights other than those required by law.

Investors will not have the right to inspect the books and records of the Company or to receive financial or other information from the Company, other than as required by law. Other security holders of the Company may have such rights. Regulation CF requires only the provision of an annual report on Form C and no additional information. Additionally, there are numerous methods by which the Company can terminate annual report obligations, resulting in no information rights, contractual, statutory or otherwise, owed to Investors. This lack of information could put Investors at a disadvantage in general and with respect to other security holders, including certain security holders who have rights to periodic financial statements and updates from the Company such as quarterly unaudited financials, annual projections and budgets, and monthly progress reports, among other things.

Investors will be unable to declare the Security in “default” and demand repayment.

Unlike convertible notes and some other securities, the Securities do not have any “default” provisions upon which Investors will be able to demand repayment of their investment. The Company has ultimate discretion as to whether or not to convert the Securities upon a future equity financing and Investors have no right to demand such conversion.

Only in limited circumstances, such as a liquidity event, may Investors demand payment and even then, such payments will be limited to the amount of cash available to the Company.

The Company may never elect to convert the Securities or undergo a liquidity event and Investors may have to hold the Securities indefinitely.

The Company may never conduct a future equity financing or elect to convert the Securities if such future equity financing does occur. In addition, the Company may never undergo a liquidity event such as a sale of the Company or an initial public offering. If neither the conversion of the Securities nor a liquidity event occurs, Investors could be left holding the Securities in perpetuity. The Securities have numerous transfer restrictions and will likely be highly illiquid, with no secondary market on which to sell them. The Securities are not equity interests, have no ownership rights, have no rights to the Company's assets or profits and have no voting rights or ability to direct the Company or its actions.

Equity securities acquired upon conversion of the Securities may be significantly diluted as a consequence of subsequent equity financings.

The Company's equity securities will be subject to dilution. The Company intends to issue additional equity to employees and third-party financing sources in amounts that are uncertain at this time, and as a consequence holders of equity securities resulting from the conversion of the Securities will be subject to dilution in an unpredictable amount. Such dilution may reduce the Investor's control and economic interests in the Company.

The amount of additional financing needed by the Company will depend upon several contingencies not foreseen at the time of this Offering. Generally, additional financing (whether in the form of loans or the issuance of other securities) will be intended to provide the Company with enough capital to reach the next major corporate milestone. If the funds received in any additional financing are not sufficient to meet the Company's needs, the Company may have to raise additional capital at a price unfavorable to their existing investors, including the holders of the Securities. The availability of capital is at least partially a function of capital market conditions that are beyond the control of the Company. There can be no assurance that the Company will be able to accurately predict the future capital requirements necessary for success or that additional funds will be available from any source. Failure to obtain financing on favorable terms could dilute or otherwise severely impair the value of the Securities.

In addition, the Company has certain equity grants and convertible securities outstanding. Should the Company enter into a financing that would trigger any conversion rights, the converting securities would further dilute the equity securities receivable by the holders of the Securities upon a qualifying financing.

Equity securities issued upon conversion of the Securities may be substantially different from other equity securities offered or issued by the Company at the time of conversion.

In the event the Company decides to exercise the conversion right, the Company will convert the Securities into equity securities that are materially different from the equity securities being issued to new investors at the time of conversion in many ways, including, but not limited to, liquidation preferences, distributions, or anti-dilution protection. Additionally, any equity securities issued at the Conversion Price (as defined in the Crowd SAFE agreement) shall have only such preferences, rights, and protections in proportion to the Conversion Price and not in proportion to the price per unit paid by new investors receiving the equity securities. Upon conversion of the Securities, the Company may not provide the holders of such Securities with the same rights, preferences, protections, and other benefits or privileges provided to other investors of the Company.

The forgoing paragraph is only a summary of a portion of the conversion feature of the Securities; it is not intended to be complete, and is qualified in its entirety by reference to the full text of the Crowd SAFE agreement, which is attached as Exhibit C.

A Crowd SAFE holder may lose their right to any appreciation or return on investment due to defaulting on certain notice and require action requirements in such Crowd SAFE; failure to claim cash set aside in this case may result in a total loss of principal.

The Crowd SAFE offered requires a holder to complete, execute and deliver any reasonable or necessary information and documentation requested by the Company or the Intermediary in order to effect the conversion or termination of the Crowd SAFE, in connection with an Equity Financing or Liquidity Event, within thirty (30) calendar days of receipt of notice (whether actual or constructive) from the Company. Failure to make a timely action may result in the Company declaring that the Investor is only eligible to receive a cash payment equal to their Purchase Amount (or a lesser amount in certain events). While the Company will set aside such payment for the investor, such payment may be subject to escheatment laws, resulting in a total loss of principal if the Investor never claims their payment.

There is no present market for the Securities and we have arbitrarily set the price.

The Offering price was not established in a competitive market. We have arbitrarily set the price of the Securities with reference to the general status of the securities market and other relevant factors. The Offering price for the Securities should not be considered an indication of the actual value of the Securities and is not based on our asset value, net worth, revenues or other established criteria of value. We cannot guarantee that the Securities can be resold at the Offering price or at any other price.

In the event of the dissolution or bankruptcy of the Company, Investors will not be treated as debt holders and therefore are unlikely to recover any proceeds.

In the event of the dissolution or bankruptcy of the Company, the holders of the Securities that have not been converted will be entitled to distributions as described in the Securities. This means that such holders will only receive distributions once all of the creditors and more senior security holders, including any holders of preferred units, have been paid in full. Neither holders of the Securities nor holders of CF Shadow Securities can be guaranteed any proceeds in the event of the dissolution or bankruptcy of the Company.

While the Securities provide mechanisms whereby holders of the Securities would be entitled to a return of their purchase amount upon the occurrence of certain events, if the Company does not have sufficient cash on hand, this obligation may not be fulfilled.

Upon the occurrence of certain events, as provided in the Securities, holders of the Securities may be entitled to a return of the principal amount invested. Despite the contractual provisions in the Securities, this right cannot be guaranteed if the Company does not have sufficient liquid assets on hand. Therefore, potential Investors should not assume a guaranteed return of their investment amount.

There is no guarantee of a return on an Investor's investment.

There is no assurance that an Investor will realize a return on their investment or that they will not lose their entire investment. For this reason, each Investor should read this Form C and all exhibits carefully and should consult with their attorney and business advisor prior to making any investment decision.

IN ADDITION TO THE RISKS LISTED ABOVE, RISKS AND UNCERTAINTIES NOT PRESENTLY KNOWN, OR WHICH WE CONSIDER IMMATERIAL AS OF THE DATE OF THIS FORM C, MAY ALSO HAVE AN ADVERSE EFFECT ON OUR BUSINESS AND RESULT IN THE TOTAL LOSS OF YOUR INVESTMENT.

THE OFFERING AND THE SECURITIES

The Offering

The Company is offering a minimum amount of \$25,000 (the “**Target Offering Amount**”) and up to a maximum amount of \$107,000 (the “**Maximum Offering Amount**”) of Crowd SAFE (Simple Agreement for Future Equity) (the “**Securities**”) on a best efforts basis as described in this Form C (this “**Offering**”). We must raise an amount equal to or greater than the Target Offering Amount by March 31, 2022 (the “**Offering Deadline**”). Unless we raise at least the Target Offering Amount by the Offering Deadline, no Securities will be sold in this Offering, all investment commitments will be cancelled and all committed funds will be returned. Potential purchasers of the Securities are referred to herein as “**Investors**” or “**you**”.

The price of the Securities was determined arbitrarily, does not necessarily bear any relationship to the Company’s asset value, net worth, revenues or other established criteria of value, and should not be considered indicative of the actual value of the Securities. The minimum amount that an Investor may invest in the Offering is \$100 and the maximum amount that an Investor may invest in the Offering is \$10,700, each of which is subject to adjustment in the Company’s sole discretion.

In order to purchase the Securities, you must make a commitment to purchase by completing the subscription process hosted by OpenDeal Portal LLC dba Republic (the “**Intermediary**”), including complying with the Intermediary’s know your customer (KYC) and anti-money laundering (AML) policies. **If an Investor makes an investment commitment under a name that is not their legal name, they may be unable to redeem their Security indefinitely, and neither the Intermediary nor the Company are required to correct any errors or omissions made by the Investor.**

Investor funds will be held in escrow with Prime Trust, LLC until the Target Offering Amount has been met or exceeded and one or more closings occur. Investors may cancel an investment commitment until up to 48 hours prior to the Offering Deadline, or such earlier time as the Company designates pursuant to Regulation CF, using the cancellation mechanism provided by the Intermediary. **Investors using a credit card to invest must represent and warrant to cancel any investment commitment(s) by submitting a request through the Intermediary at least 48 hours prior to the Offering Deadline, instead of attempting to claim fraud or claw back their committed funds.**

The Company will notify Investors when the Target Offering Amount has been reached through the Intermediary. If the Company reaches the Target Offering Amount prior to the Offering Deadline, it may close the Offering early *provided* (i) the expedited Offering Deadline must be twenty-one (21) days from the time the Offering was opened, (ii) the Intermediary must provide at least five (5) business days’ notice prior to the expedited Offering Deadline to the Investors and (iii) the Company continues to meet or exceed the Target Offering Amount on the date of the expedited Offering Deadline.

Material Changes

If any material change occurs related to the Offering prior to the current Offering Deadline the Company will provide notice to Investors and receive reconfirmations from Investors who have already made commitments. If an Investor does not reconfirm their investment commitment after a material change is made to the terms of the Offering within five (5) business days of receiving notice, the Investor’s investment commitment will be cancelled and the committed funds will be returned without interest or deductions. If an Investor does not cancel an investment commitment before the Target Offering Amount is reached, the funds will be released to the Company upon the closing of the Offering and the Investor will receive the Securities in exchange for their investment.

Intermediate Closings

In the event an amount equal to two (2) times the Target Offering Amount is committed and meets all required terms of the Offering prior to the Offering Deadline on such date or such later time the Company designates pursuant to Rule 304(b) of Regulation CF, the Company may conduct the first of multiple closings of the Offering early, *provided* (i) the early closing date must be twenty-one (21) days from the time the Offering opened and (ii) that all Investors will receive notice of such early closing date at least five (5) business days prior to such new offering deadline (absent a material change that would require an extension of the Offering and reconfirmation of all investment commitments).

Investors who committed on the date such notice is provided or prior to the issuance of such notice will be able to cancel their investment commitment until 48 hours before such early closing date.

If the Company conducts an initial closing (the “**Initial Closing**”), the Company agrees to only withdraw half of the proceeds that are in escrow and will only conduct such Initial Closing if there are more than twenty-one (21) days remaining before the Offering Deadline as of the date of the Initial Closing. The Company may only conduct another close (a “**Subsequent Closing**”) before the Offering Deadline if the amount of investment commitments made as of the date of such Subsequent Closing exceeds two times the amount committed as of the date of the Initial Closing and there are more than twenty-one (21) days remaining before the Offering Deadline as of the date of such Subsequent Closing.

Any investment commitments received after an intermediate closing will be released to the Company upon a subsequent closing and the Investor will receive evidence of the Securities via electronic certificate/PDF in exchange for their investment commitment as soon as practicable thereafter.

The Company has agreed to return all funds to Investors in the event a Form C-W is ultimately filed in relation to this Offering, regardless of whether multiple closings are conducted.

Investment commitments are not binding on the Company until they are accepted by the Company, which reserves the right to reject, in whole or in part, in its sole and absolute discretion, any investment commitment. If the Company rejects all or a portion of any investment commitment, the applicable prospective Investor’s funds will be returned without interest or deduction.

The Securities

We request that you please review this Form C and the Crowd SAFE instrument attached as Exhibit C, in conjunction with the following summary information.

Transfer Agent and Registrar

The Company will act as transfer agent and registrar for the Securities.

Not Currently Equity Interests

The Securities are not currently equity interests in the Company and merely provide a right to receive equity at some point in the future upon the occurrence of certain events.

Distributions

The Securities do not entitle Investors to any distributions.

Conversion

Upon each future equity financing resulting in proceeds to the Company of not less than \$1,000,000 (each an “**Equity Financing**”), the Securities are convertible at the option of the Company, into CF Shadow Securities, which are non-voting securities otherwise identical to those issued in such future Equity Financing except (1) they do not provide the right to vote on any matters except as required by law, (2) they require Investors to vote in accordance with the majority of the investors purchasing securities from the Company in such Equity Financing with respect to any such required vote and (3) they do not provide any inspection or information rights (other than those contemplated by Regulation CF or otherwise required by law). The Company has no obligation to convert the Securities in any Equity Financing.

Conversion Upon the First Equity Financing

If the Company elects to convert the Securities upon the first Equity Financing following the issuance of the Securities, the Investor will receive the number of CF Shadow Securities equal to the greater of the quotient obtained by dividing the amount the Investor paid for the Securities (the “**Purchase Amount**”) by (a) or (b) immediately below (the “**Conversion Price**”):

(a) the quotient of \$5,000,000 divided by the aggregate number of issued and outstanding shares of capital units, assuming full conversion or exercise of all convertible and exercisable securities then outstanding, including shares of convertible preferred units and all outstanding vested or unvested options or warrants to purchase capital units, but excluding (i) shares of capital units reserved for future issuance under any equity incentive or similar plan, (ii) convertible promissory notes, (iii) any Simple Agreements for Future Equity, including the Securities (collectively, “**Safes**”), and (iv) any equity securities that are issuable upon conversion of any outstanding convertible promissory notes or Safes;

OR

(b) the price per share of the securities sold in such Equity Financing multiplied by 80%.

Such Conversion Price shall be deemed the “**First Equity Financing Price**”.

Conversion After the First Equity Financing

If the Company elects to convert the Securities upon an Equity Financing other than the first Equity Financing following the issuance of the Securities, the Investor will receive the number of CF Shadow Securities equal to the quotient obtained by dividing (a) the Purchase Amount by (b) the First Equity Financing Price.

If the Investor fails to complete, execute and deliver any reasonable or necessary information and documentation requested by the Company or the Intermediary in order to effect the conversion of the Crowd SAFE, as contemplated above in connection with an Equity Financing, within thirty (30) calendar days of receipt of notice (whether actual or constructive) from the Company of the closing of the First Equity Financing, or Subsequent Equity Financing, as applicable, and of the Company’s decision to convert the Crowd Safe to capital units, then the Investor shall only be eligible to receive a cash payment equal to the Purchase Amount (or a lesser amount as described below), and the Company shall keep a record of the cash payment that the Investor is entitled to claim; provided, that any unclaimed cash payment amount shall be subject to applicable state escheatment laws.

If there are not enough funds to pay the Investor and holders of other Crowd SAFEs that failed to act as required herein (collectively, the “**Cash-Default Investors**”) in full, then all of the Company’s available funds will be allocated with equal priority and pro rata among the Cash-Default Investors to claim in proportion to their Purchase Amounts.

Conversion Upon a Liquidity Event Prior to an Equity Financing

In the case of the Company undergoing an IPO (as defined below) of its Capital Units or a Change of Control (as defined below) of the Company (either of these events, a “**Liquidity Event**”) prior to any Equity Financing, the Investor must select, at the option of the Investor and within thirty (30) days of receiving notice (whether actual or constructive), either (i) a cash payment equal to the Purchase Amount subject to the following paragraph (the “**Cash Out Option**”) or (ii) a number of Common Units of the Company equal to the Purchase Amount divided by the quotient of (a) \$5,000,000 divided by (b) the number, as of immediately prior to the Liquidity Event, of shares of the Company’s capital units outstanding (on an as-converted basis), assuming the exercise or conversion of all outstanding vested and unvested options, warrants and other convertible securities, but excluding: (x) shares of capital units reserved for future issuance under any equity incentive or similar plan; (y) any Safes; (z) convertible promissory notes; and (aa) any equity securities that are issuable upon conversion of any outstanding convertible promissory notes or Safes.

In connection with the Cash Out Option, the Purchase Amount (or a lesser amount as described below) will be due and payable by the Company to the Investor immediately prior to, or concurrent with, the consummation of the

Liquidity Event. If there are not enough funds to pay the Investors and the holders of other Safes (collectively, the “**Cash-Out Investors**”) in full, then all of the Company’s available funds will be distributed with equal priority and pro rata among the Cash-Out Investors in proportion to their Purchase Amounts.

“**Change of Control**” as used above, means (i) a transaction or series of related transactions in which any person or group becomes the beneficial owner of more than fifty percent (50%) of the outstanding voting securities entitled to elect the Company’s managers, (ii) any reorganization, merger or consolidation of the Company, in which the outstanding voting security holders of the Company fail to retain at least a majority of such voting securities following such transaction or (iii) a sale, lease or other disposition of all or substantially all of the assets of the Company.

“**IPO**” as used above, means means: (A) the completion of an underwritten initial public offering of Capital Stock by the Company pursuant to: (I) a final prospectus for which a receipt is issued by a securities commission of the United States or of a province of Canada, or (II) a registration statement which has been filed with the United States Securities and Exchange Commission and is declared effective to enable the sale of Capital Stock by the Company to the public, which in each case results in such equity securities being listed and posted for trading or quoted on a recognized exchange; (B) the Company’s initial listing of its Capital Stock (other than shares of Capital Stock not eligible for resale under Rule 144 under the Securities Act) on a national securities exchange by means of an effective registration statement on Form S-1 filed by the Company with the SEC that registers shares of existing capital stock of the Company for resale, as approved by the Company’s board of directors, where such listing shall not be deemed to be an underwritten offering and shall not involve any underwriting services; or (C) the completion of a reverse merger or take-over whereby an entity (I) whose securities are listed and posted for trading or quoted on a recognized exchange, or (II) is a reporting issuer in the United States or the equivalent in any foreign jurisdiction, acquires all of the issued and outstanding Capital Stock of the Company.

Conversion Upon a Liquidity Event Following an Equity Financing

In the case of a Liquidity Event following any Equity Financing, the Investor must select, at the option of the Investor and within thirty (30) days of receiving notice (whether actual or constructive), either (i) the Cash Out Option or (ii) a number of shares of the most recently issued capital units equal to the Purchase Amount divided by the First Equity Financing Price. Shares of capital units granted in connection therewith shall have the same liquidation rights and preferences as the shares of capital units issued in connection with the Company’s most recent Equity Financing.

If there are not enough funds to pay the Investors and the other Cash-Out Investors in full, then all of the Company’s available funds will be distributed with equal priority and pro rata among the Cash-Out Investors in proportion to their Purchase Amounts.

If the Investor fails to (i) complete, execute and deliver any reasonable or necessary information and documentation requested by the Company or the Intermediary in order to effect the conversion of the Crowd SAFE or (ii) notify Company of its selection to receive the cash payment or shares of the most recently issued capital units, as contemplated above in connection with a Liquidity Event, within thirty (30) calendar days of receipt of notice (whether actual or constructive) from the Company of such Liquidity Event, then the Investor shall only be eligible to receive the cash payment option, and the Company shall keep a record of the cash payment that the Investor is entitled to claim; provided, that any unclaimed cash payment amount shall be subject to applicable state escheatment laws.

If the Company’s managers determines in good faith that delivery of equity securities to the Investor pursuant to Liquidity Event paragraphs above would violate applicable law, rule or regulation, then the Company shall deliver to Investor in lieu thereof, a cash payment equal to the fair market value of such capital units, as determined in good faith by the Company’s managers.

Dissolution

If there is a Dissolution Event (as defined below) before the Securities terminate, subject to the preferences applicable to any series of preferred units then outstanding, the Company will distribute all proceeds legally available for distribution with equal priority among the (i) holders of the Securities (on an as converted basis based on a valuation of Common Units as determined in good faith by the Company’s managers at the time of the Dissolution Event), (ii)

all other holders of instruments sharing in the distribution of proceeds of the Company at the same priority as holders of Common Units upon a Dissolution Event and (iii) all holders of Common Units.

A “**Dissolution Event**” means (i) a voluntary termination of operations by the Company, (ii) a general assignment for the benefit of the Company’s creditors or (iii) any other liquidation, dissolution or winding up of the Company (excluding a Liquidity Event), whether voluntary or involuntary.

Termination

The Securities terminate upon (without relieving the Company of any obligations arising from a prior breach of or non-compliance with the Securities) upon the earlier to occur of: (i) the issuance of shares in the CF Shadow Securities to the Investor pursuant to the conversion provisions of the Crowd SAFE agreement or (ii) the payment, or setting aside for payment, of amounts due to the Investor pursuant to a Liquidity Event or a Dissolution Event.

Voting and Control

Neither the Securities nor the securities issuable upon the conversion of the Securities have voting rights.

The Company does not have any voting agreements in place.

The Company does not have any shareholder or equity holder agreements in place.

Anti-Dilution Rights

The Securities do not have anti-dilution rights, which means that future equity issuances and other events will dilute the ownership percentage that the Investor may eventually have in the Company.

Restrictions on Transfer

Any Securities sold pursuant to Regulation CF being offered may not be transferred by any Investor of such Securities during the one-year holding period beginning when the Securities were issued, unless such Securities are transferred: (1) to the Company; (2) to an accredited investor, as defined by Rule 501(d) of Regulation D promulgated under the Securities Act; (3) as part of an IPO; or (4) to a member of the family of the Investor or the equivalent, to a trust controlled by the Investor, to a trust created for the benefit of a member of the family of the Investor or the equivalent, or in connection with the death or divorce of the Investor or other similar circumstances. “Member of the family” as used herein means a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother/father/daughter/son/sister/brother-in-law, and includes adoptive relationships. Each Investor should be aware that although the Securities may legally be able to be transferred, there is no guarantee that another party will be willing to purchase them.

In addition to the foregoing restrictions, prior to making any transfer of the Securities or any Securities into which they are convertible, such transferring Investor must either make such transfer pursuant to an effective registration statement filed with the SEC or provide the Company with an opinion of counsel reasonably satisfactory to the Company stating that a registration statement is not necessary to effect such transfer.

In addition, the Investor may not transfer the Securities or any Securities into which they are convertible to any of the Company’s competitors, as determined by the Company in good faith.

Furthermore, upon the event of an IPO, the capital units into which the Securities are converted will be subject to a lock-up period and may not be lent, offered, pledged, or sold for up to 180 days following such IPO.

Other Material Terms

- The Company does not have the right to repurchase the Securities.
- The Securities do not have a stated return or liquidation preference.

- The Company cannot determine if it currently has enough capital units authorized to issue upon the conversion of the Securities, because the amount of capital units to be issued is based on the occurrence of future events.

COMMISSION AND FEES

At the conclusion of the Offering, the issuer shall pay a fee of six percent (6%) of the amount raised in the Offering to the Intermediary.

Units, Warrants and Other Compensation

The Intermediary will also receive compensation in the form of securities equal to two percent (2%) of the total number of the Securities sold in the offering

DATG Group, LLC
Notes to the Financial Statements
December 31, 2020

1. Nature of Operations

DATG Group, LLC (the "Company") is a limited liability company formed under the laws of the State of Delaware in 2018. The Company formulates and sells specialty food products, primarily salsa and chips under the name "Dreams Aren't This Good". It sells products at the wholesale level, through distributors, and to eating and drinking establishments. It currently has a minor presence online.

Since inception, the Company has relied on contributions from owners, the issuance of convertible notes, and securing loans to fund its operations. As of December 31, 2020, the Company had negative working capital and will likely incur additional losses prior to generating positive working capital. These matters raise substantial concern about the Company's ability to continue as a going concern (see Note 8). During the next twelve months, the Company intends to fund its operations with funding from a crowdfunding campaign (see Note 6), and funds from revenue producing activities, if and when such can be realized. If the Company cannot secure additional short-term capital, it may cease operations. These financial statements and related notes thereto do not include any adjustments that might result from these uncertainties.

2. Significant Accounting Policies

A summary of the Company's significant accounting policies applied in the preparation of the accompanying financial statements is as follows:

Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Company has a limited operating history. The Company's business and operations are sensitive to general business and economic conditions in the United States. A host of factors beyond the Company's control could cause fluctuations in these conditions. Adverse conditions may include recession, downturn or otherwise, local competition or changes in consumer taste. These adverse conditions could affect the Company's financial condition and the results of its operations.

Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid investments purchased with a maturity of three months or less to be cash equivalents.

Concentration of Credit Risk

The Company maintains its cash with a major financial institution located in the United States of America, which it believes to be credit worthy. The Federal Deposit Insurance Corporation insures balances up to \$250,000. At times, the Company may maintain balances in excess of the federally insured limits.

Accounts receivable

Accounts receivable are uncollateralized customer obligations due under normal trade terms. Due to the lack of history of sales on credit terms, management is unable to determine the collectability of receivables from eating and drinking establishments. For that reason no allowance for uncollectable accounts has been made.

Inventory

Inventory of product is maintained primarily at the production facility and drop shipped to wholesaler and distributors. Inventories are stated at lower of cost or market. Cost is determined on specific identification.

Start-up Costs

The company capitalized various expenses prior to beginning operations. These costs included formulation, testing and documentation of recipes, filing trademarks and other intellectual property. These costs are being amortized over 15 years. Accumulated amortization was \$5,552 and \$2,776 at December 31, 2020 and 2019 respectively.

Income Taxes

The Company is currently a single member limited liability company recognized as a "disregarded entity" for income tax purposes. As such, it has no tax liability on its own, since the owner reports his share of the income or loss individually.

3. Uncertain Tax Positions

The Company's owner's federal and state income tax returns for 2018, 2019 and 2020 are subject to examination by the IRS, generally for three years after they were filed. Management is not aware of any uncertain tax positions.

4. Notes payable

The Company is indebted to an unrelated party for two promissory notes totaling \$250,000.

Convertible Promissory Note

The first loan is a note dated October 1, 2018 in the amount of \$100,000 which accrues interest at 7%. The note and accrued interest are convertible into an equity interest in the Company, either shares of stock or LLC interest units, upon the Company issuing qualified financing through the sale of equity securities of at least \$500,000 inclusive of the principal and accrued interest on this note.

Promissory Note

The second note payable in the amount of \$150,000 was borrowed on August 8, 2020 and accrues interest at 5%. Principal and interest are payable at maturity, August 7, 2025.

5. Commitments and Contingencies

Rent

The company occupied office premises on a month-to-month basis through May 2021. It entered a one year agreement to occupy premises beginning June 2021 at a cost of \$1,955.50 per month. Rent payable for future periods is as follows:

2021	\$13,688
2022	\$ 9,778

6. Subsequent Events

In 2021 management has taken steps to issue equity securities through a "Crowdfunded Offering". The Company is attempting to raise between \$500,000 and \$1,070,000. The Company must receive commitments from investors totaling the minimum amount by the offering deadline listed in Form C, as amended, in order to receive any funds.

The Crowdfunded offering is being made through OpenDeal Portal LLC (the "Intermediary", aka "Republic" or Republic.co). The Intermediary will be entitled to receive a 6% commission fee and 2% of the securities issued in this offering.

7. Compensation

Deferred Compensation

The company has no deferred compensation plans

Equity Based Compensation

In July 2021, the Company adopted a 2021 Stock Option and Grant Plan ("2021 Plan") which permits the grant or option of shares to employees for up to 1% or 10,000 shares of equity interest.

In April 2021, the company granted an 8.25% interest in the partnership to two employees as additional compensation. An additional 1.75% interest in the partnership will vest in April 2022.

The Company believes that such awards will help the Company attract, retain and motivate its management and other persons, including officers, directors, key employees and consultants, will encourage and reward such persons' contributions to the performance of the Company and will align their interests with the interests of the Company's stockholders. Stock awards are generally granted or optioned at a price not less than the market price of the Company's stock at the date of grant or option date. Stock awards generally vest over four years.

8. Going Concern

These financial statements are prepared on a going concern basis. The Company began operation in 2018 and incurred losses since inception. The Company's ability to continue is dependent upon management's plan to raise additional funds and achieve profitable operations. The financial statements do not include any adjustments that might be necessary if the Company is not able to continue as a going concern.

Problem

Consumers are changing, brands are not

When walking into any store in any city, people are not excited about the salsa selections they see on the shelf. From the **lack of loyalty to the misses on marketing, salsa brands are "stale."** And while the industry continues to grow, it's also slow to diversify its approach and ripe for someone to **"dip in!"**

Not one salsa brand in recent history has revolutionized one of the largest consumer product markets in the world. There's never been a "Red Bull x Ben & Jerry's x Apple" of salsa — from making it bigger than the product by **marketing lifestyle** (energy drinks) to **creating community-inspired flavors and change through causes** (ice cream) to **thinking differently through design** (tech) — these three companies completely changed the way people experience billion-dollar brands.

Solution

Build the first lifestyle salsa brand

Brand identity

Dreams Aren't This Good (DATG) is a lifestyle brand that leads our own unique style and is purposefully designed to create energetic and emotional connections with our consumers. We are viewed as a clean x cool, modern x minimalistic brand that fits artistic, active, and aspirational cultures.

Brand position

DATG positions itself as one that encompasses urban city life to coastal-chillin, and outdoor adventures to on-the-go.

Brand execution

DATG uses local relationship building, guerrilla marketing, and compelling content as our main source of marketing. In addition, we drive our in-store presence with primed and unparalleled POS. We also support with limited flavor “drops,” further driving our brand forward!

Brand system

DATG products are firstly designed to match the needs of the target market and produced in low quantities. The latest flavors are then promoted and released to drive awareness, sales, and brand “buy-in.” Once the new flavor is on track to sell out, we move into launch mode, making it a full on “Fantasy Flavor” available everywhere.

Brand leverage

DATG has successfully expanded our brand by creating complementary lifestyle products. We design “fresh” apparel, produce pulse-pounding parties, create content that connects with our community, and donate dollars to make a difference for our flavor partners.

Brand tracking

DATG brand equity and loyalty of our customers is shown by the fact that we have created a “cartel-like” following with our consumers (cartel = community for good).

Brand responsibility

DATG ensures that the connection between the brand and the consumer is strong by leading our own style and adopting it with artistic, active and aspirational cultures. We do not follow the conventional rules, therefore making us unique in comparison to mainstream brands. Along with this, our products are infused & inspired by culture that creates a bond between the consumer and the brand.

Brand investment

DATG has invested heavily in the brand by betting on creative, clean content and packaging, fresh flavors and top level talent to execute on the DATG vision.

★★★★★ **Best, Freshest Salsa!**

By far the BEST salsa I've ever had. It amazes me how FRESH, and light this tastes, out of a jar — it tastes and feels like it was just made in the kitchen. The original is my favorite, although I've tried 3 flavors and they are all amazing.

I had the opportunity to try this for the first time, as a taste test in a small grocery store in Williamsburg, Brooklyn. The owner himself was giving out samples, and I just planned to stop in for something quick in the store and run out. The owner got my attention for a taste test, and I was like, "yeah, sure, I'll try a bite of your salsa," but really expected to just have a taste and continue in my way. I literally stopped in my tracks and decided to buy 3 jars — it was SO good!

I can promise you won't be disappointed. So happy to see they sell it on Amazon now, it can be hard to find in grocery stores.

★★★★★ **Five Stars!**

The creative label sold me. I purchased this as a gift for somebody who loves salsa, and knowing they are extremely picky I decided to just go with a cute label in case they hated it. However the recipient said it was one of the best salsas they've ever had!

★★★★★ **Among the best!**

Hands down among the best salsa I've tasted right out of a jar! Definitely has a kick, but it's just right. My wife, who admits to having a low threshold for spice, loves this brand as much as I do. I've given away a few jars to friends, and also served the salsa at gatherings, and everyone is super impressed and always going back for more! I've read some reviews calling this a bland salsa; we all have different tastes, but I can say for sure that's the last word I'd use for this superb and tasty salsa! Nicely done, DATG!

★★★★★ **So Amazing!**

The blueberry coconut has a slightly gritty texture, despite how strange it sounds it tastes incredible. The jalapeño pineapple flavor was a thinner salsa...similar to restaurant style. I absolutely loved them both. Neither were overly spicy...and were empty within 24 hours of opening.

★★★★★ **Only read if you are looking for the best salsa ever...**

I had received a jar of this in a gift package earlier this year and found it to be the best salsa I have ever had out of a jar and even most Mexican or Tex-Mex restaurants I have eaten at. I was elated to find out that this salsa was available through Amazon....and a three pack to boot! If you are a foodie like I am always looking for the best taste, please give this salsa a try. It is so good. I see that there are other varieties and maybe one day I will try them, but The Original is so tasty. Also read the label of ingredients....no preservatives or words that you cannot pronounce. I am addicted to it and use it with chips, vegetables, tacos, on top of a hamburger, and on and on. The jars of deliciousness are shipped in a well-protected attractive looking box, so nice that it would make a great gift. I also want to make it very clear that I did not receive this as a promotion (although I would be more than happy to become an official taste tester!!!), I paid for this product because I love salsa and I have finally found the perfect salsa. Thank you Dreams Aren't This Good!

★★★★★ **Must buy!!!**

The best salsa you will ever have!!! This is truly authentic!! I have searched everywhere for this salsa and I'm so glad I found it. Definitely a must buy!! Trust me you won't regret it!

★★★★★ **Thank you!**

Thank you guys as always, best salsa in the world, can't even eat anything else. Had to order the NYC Pack!

★★★★★ **Simply the best!**

These are the best chips I have ever had! Hands down. Popped them in the oven too! The salsa is crazy good also.

★★★★★ **These are GREAT chips!**

If you miss getting fresh chips from the local Mexican restaurant because of COVID, stop reading and get these. These are ridiculously great restaurant style chips. The flavor, salt and texture are spot on. If you go to a Mexican place that has thin chips that they serve for

an appetizer and thicker chips that they use for nachos, these are the thicker chips. I don't know if the packaging (which was bags with padding in a cardboard box) or the thickness kept the chips intact but they were surprisingly not crushed. The instructions suggest an oven for the best possible chips. Do it....I just ordered the salsa to go with these. I am such a happy customer.

Business Model

Focus on flavors and philanthropy drive brand difference through experience

The "Four Ps" create our baseline (Place, Price, Product, Promotion); but it's our music-inspired **Fantasy Flavors** that make the headlines. **We offer one of the freshest "clean-label + shelf-stable" chips and salsa on the market, create content and packaging that connects with consumers, and donate \$.05 per jar/bag sold to our flavor partners.** Between stores, wholesale, and DTC online (plus events), we hit margins of 20%-70% depending on the channels connecting us to consumers.

\$.05 donated per jar/bag sold goes to our flavor partners

We partner with leading philanthropies that pair well with our products, company, community, and brand. We do this by amplifying their message, encouraging others to get involved, and even **"recycling customer's money to make a difference"** through our give-back programs.

We also donate through apparel sales, events, and combined marketing efforts. We believe that with our shared DNA and drive to always be part of the solution that fuels us moving forward, there are limitless possibilities in bringing our brands together!

THIS CERTIFIES THAT in exchange for the payment by [] (the “**Investor**”, and together with all other Series 2021 Crowd SAFE holders, “**Investors**”) of \$[] (the “**Purchase Amount**”) on or about [] 2021, DATG Group, LLC, a Delaware limited liability company (the “**Company**”), hereby issues to the Investor the right to certain units of the Company’s Equity Interests (defined below), subject to the terms set forth below.

The “**Discount**” is 20%.

The “**Valuation Cap**” is \$5,000,000.

See Section 2 for certain additional defined terms.

1. Events

(a) **Equity Financing.**

(i) If an Equity Financing occurs before this instrument terminates in accordance with Sections 1(b)-(d) (“**First Equity Financing**”), the Company shall promptly notify the Investor of the closing of the First Equity Financing and of the Company’s discretionary decision to either (1) continue the term of this Crowd SAFE without converting the Purchase Amount to Equity Interests; or (2) issue to the Investor a number of units of the CF Shadow Series of the Equity Interests (whether Preferred Securities or another class issued by the Company), as applicable, sold in the First Equity Financing. The number of units of the CF Shadow Series of such Equity Interests shall equal the quotient obtained by dividing (x) the Purchase Amount by (y) the applicable Conversion Price (such applicable Conversion Price, the “**First**

Equity Financing Price”).

(ii) If the Company elects to continue the term of this Crowd SAFE past the First Equity Financing and another Equity Financing occurs before the termination of this Crowd SAFE in accordance with Sections 1(b)-(d) (each, a “**Subsequent Equity Financing**”), the Company shall promptly notify the Investor of the closing of the Subsequent Equity Financing and of the Company’s discretionary decision to either (1) continue the term of this Crowd SAFE without converting the Investor’s Purchase Amount to Equity Interests; or (2) issue to the Investor a number of units of the CF Shadow Series of the Equity Interests (whether Preferred Securities or another class issued by the Company) sold in the Subsequent Equity Financing. The number of units of the CF Shadow Series of such Equity Interests shall equal to the quotient obtained by dividing (x) the Purchase Amount by (y) the First Equity Financing Price.

(iii) If the Investor fails to complete, execute and deliver any reasonable or necessary information and documentation requested by the Company or the Intermediary in order to effect the conversion of this Crowd SAFE, as contemplated in this Section 1(a), within thirty (30) calendar days of receipt of notice (whether actual or constructive) from the Company of the closing of the First Equity Financing, or Subsequent Equity Financing, as applicable, and of the Company’s decision to convert this Crowd Safe to Equity Interests, then the Investor shall only be eligible to receive a cash payment equal to the Purchase Amount (or a lesser amount as described below), and the Company shall keep a record of the cash payment that the Investor is entitled to claim; provided, that any unclaimed cash payment amount shall be subject to applicable state escheatment laws. If there are not enough funds to pay the Investor and holders of other Crowd SAFEs that failed to act as required herein (collectively, the “**Cash-Default Investors**”) in full, then all of the Company’s available funds will be allocated with equal priority and pro rata among the Cash-Default Investors to claim in proportion to their Purchase Amounts.

(b) **Liquidity Event.**

(i) If there is a Liquidity Event before the termination of this instrument and before any Equity Financing, the Investor must select, at its option, within thirty (30) days of receiving notice (whether actual or constructive), either (1) to receive a cash payment equal to the Purchase Amount (or a lesser amount as described below) or (2) to receive from the Company a number of units of Common Securities equal to the Purchase Amount (or a lesser amount as described below) divided by the Liquidity Price.

(ii) If there is a Liquidity Event after one or more Equity Financings have occurred but before the termination of this instrument, the Investor must select, at its option, within thirty (30) days of receiving notice (whether actual or constructive), either (1) to receive a cash payment equal to the Purchase Amount (or a lesser amount as described below) or (2) to receive from the Company a number of units of the most recent issued Equity Interests (whether Preferred Securities or another class issued by the Company) equal to the Purchase Amount divided by the First Equity Financing Price. Units of Equity Interests granted in connection therewith shall have the same liquidation rights and preferences as the units of Equity Interests issued in connection with the Company’s most recent Equity Financing.

(iii) If there are not enough funds to pay the Investor and holders of other Crowd SAFEs (collectively, the “**Cash-Out Investors**”) in full, then all of the Company’s available funds will be distributed with equal priority and pro rata among the Cash-Out Investors in proportion to their Purchase Amounts. In connection with this Section 1(b), the Purchase Amount (or a lesser amount as described below) will be due and payable by the Company to the Investor immediately prior to, or concurrent with, the consummation of the Liquidity Event.

Notwithstanding Sections 1(b)(i)(2) or 1(b)(ii)(2), if the Company’s managers (or board of directors

if the Company is a corporation) determines in good faith that delivery of Equity Interests to the Investor pursuant to Section 1(b)(i)(2) or Section 1(b)(ii)(2) would violate applicable law, rule or regulation, then the Company shall deliver to Investor in lieu thereof, a cash payment equal to the fair market value of such Equity Interests, as determined in good faith by the Company's manager(s) (or board of directors if the Company becomes a corporation).

If the Investor fails to (i) complete, execute and deliver any reasonable or necessary information and documentation requested by the Company or the Intermediary in order to effect the conversion of this Crowd SAFE or (ii) notify Company of its selection to receive the cash payment or units of the most recently issued Equity Interests, as contemplated in this Section 1(b), within thirty (30) calendar days of receipt of notice (whether actual or constructive) from the Company of such Liquidity Event, then the Investor shall only be eligible to receive the cash payment option, and the Company shall keep a record of the cash payment contemplated in Section 1(b) that the Investor is entitled to claim; provided, that any unclaimed cash payment amount shall be subject to applicable state escheatment laws.

(c) **Dissolution Event**. This instrument constitutes a valid and binding obligation of the Investor, enforceable in accordance with its terms, except as limited by bankruptcy, insolvency or other laws of general application relating to or affecting the enforcement of creditors’ rights generally and general principles of equity.

(b) The Investor has been advised that this instrument and the underlying securities have not been registered under the Securities Act or any state securities laws and are offered and sold hereby pursuant to Section 4(a)(6) of the Securities Act. The Investor understands that the Securities have not been, and will not be, registered under the Securities Act or any state securities laws, by reason of specific exemptions under the provisions thereof which depend upon, among other things, the bona fide nature of the investment intent and the accuracy of each Investor’s representations as expressed herein.

5. Transfer Restrictions.

(a) The Investor hereby agrees that during the Lock-up Period it will not, without the prior written consent of the managing underwriter: (A) lend; offer; pledge; sell; contract to sell; sell any option or contract to purchase; purchase any option or contract to sell; grant any option, right, or warrant to purchase; or otherwise transfer or dispose of, directly or indirectly, any units of Equity Interests or any securities convertible into or exercisable or exchangeable (directly or indirectly) for Equity Interests (whether such units or any such securities are then owned by the Investor or are thereafter acquired); or (B) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of such securities; whether any such transaction described in clause (A) or (B) above is to be settled by delivery of Equity Interests or other securities, in cash, or otherwise.

(b) The foregoing provisions of Section 5(a) will: (x) apply only to the IPO and will not apply to the sale of any of the Company's securities issued to an underwriter pursuant to an underwriting agreement; (y) not apply to the transfer of any Company's securities to any trust for the direct or indirect benefit of the Investor or the immediate family of the Investor, provided that the trustee of the trust agrees to be bound in writing by the restrictions set forth herein, and provided further that any such transfer will not involve a disposition for value; and (z) be applicable to the Investor only if all managers, officers and directors of the Company are subject to the same restrictions and the Company uses commercially reasonable efforts to obtain a similar agreement from all members individually owning more than 5% of the outstanding Common Securities or any securities convertible into or exercisable or exchangeable (directly or indirectly) for Common Securities. Notwithstanding anything herein to the contrary, the underwriters in connection with the IPO are intended third-party beneficiaries of Section 5(a) and will have the right, power and authority to enforce the provisions hereof as though they were a party hereto. The Investor further agrees to execute such agreements as may be reasonably requested by the underwriters in connection with the IPO that are consistent with Section 5(a) or that are necessary to give further effect thereto.

(c) In order to enforce the foregoing covenant, the Company may impose stop transfer instructions with respect to the Investor's registrable securities of the Company (and the Company securities or securities of every other person subject to the foregoing restriction) until the end of the Lock-up Period. The Investor agrees that a legend reading substantially as follows will be placed on all certificates representing all of the Investor's registrable securities of the Company (and the securities of the Company held by every other person subject to the restriction contained in Section 5(a)):

SUCH LOCK-UP PERIOD IS BINDING ON TRANSFEREES OF THESE SECURITIES.

(d) Without in any way limiting the representations and warranties set forth in Section 4 above, the Investor further agrees not to make any disposition of all or any portion of this instrument or the underlying securities unless and until the transferee has agreed in writing for the benefit of the Company to make the representations and warranties set out in Section 4 and the undertaking set out in Section 5(a) and:

(i) There is then in effect a registration statement under the Securities Act covering such proposed disposition and such disposition is made in accordance with such registration statement; or

(ii) The Investor shall have notified the Company of the proposed disposition and shall have furnished the Company with a detailed statement of the circumstances surrounding the proposed disposition and, if reasonably requested by the Company, the Investor shall have furnished the Company with an opinion of counsel reasonably satisfactory to the Company that such disposition will not require registration of such securities under the Securities Act.

(e) The Investor agrees that it shall not make any disposition of this instrument or any underlying securities to any of the Company's competitors, as determined by the Company in good faith.

(f) The Investor understands and agrees that the Company will place the legend set forth below or a similar legend on any book entry or other forms of notation evidencing this Crowd SAFE and any certificates evidencing the underlying securities, together with any other legends that may be required by state or federal securities laws, the Company's charter or bylaws, any other agreement between the Investor and the Company or any agreement between the Investor and any third party:

Exhibit A – CF Shadow Unit Proxy

Irrevocable Proxy

Reference is hereby made to a certain Crowdfunding Simple Agreement for Future Equity (the “**Crowd SAFE**”) dated [], 2021 between DATG Group, LLC, a Delaware limited liability company (the “**Company**”) and [] (“**Member**”). Capitalized terms used but not defined herein shall have the respective meanings ascribed thereto in the Crowd SAFE. In connection with a conversion of Member’s investment in the Crowd SAFE into Equity Interests of a CF Shadow Series (as defined in the Crowd SAFE) pursuant to the Crowd SAFE, the Member and OpenDeal Portal LLC (the “**Intermediary**”) as another holder of Equity Interests of a CF Shadow Series hereby agree as follows:

1) Grant of Irrevocable Proxy.

- a) With respect to all of the units of Equity Interests of CF Shadow Series owned by the Member as of the date of this Irrevocable Proxy or any subsequent date (the “**Units**”), Member hereby grants to Intermediary an irrevocable proxy under Section 302 of the Delaware Limited Liability Company Act to vote the Units in any manner that the Intermediary may determine in its sole and absolute discretion. For the avoidance of doubt, the Intermediary, as the holder (“**Holder**”) of the irrevocable proxy (rather than the Member) will vote the Units with respect to all member meetings and other actions (including actions by written consent in lieu of a meeting) on which holders of Units may be entitled to vote. The Intermediary hereby agrees to vote all Units consistently with the majority of the Equity Interests on which the CF Shadow Series is based. This proxy revokes any other proxy granted by the Member at any time with respect to the Units.
- b) The Intermediary shall have no duty, liability or obligation whatsoever to the Member arising out of the Intermediary’s exercise of this irrevocable proxy. The Member expressly acknowledges and agrees that (i) the Member will not impede the exercise of the Intermediary’s rights under this irrevocable proxy and (ii) the Member waives and relinquishes any claim, right or action the Member might have, as a member of the Company or otherwise, against the Intermediary or any of its affiliates or agents (including any directors, officers, managers, members, and employees) in connection with any exercise of the irrevocable proxy granted hereunder.
- c) This irrevocable proxy shall expire as to those Units on the earlier of (i) the date that such Units are converted into Common Securities of the Company or (ii) the date that such Units are converted to cash or a cash equivalent, but shall continue as to any Units not so converted.

2) Legend. The Member agrees to permit an appropriate legend on certificates evidencing the Units or any transfer books or related documentation of ownership reflecting the grant of the irrevocable proxy contained in the foregoing Section 1.

3) Representations and Warranties. The Member represents and warrants to the Intermediary as follows:

- a) The Member has all the necessary rights, power and authority to execute, deliver and perform his obligations under this Irrevocable Proxy. This Irrevocable Proxy has been duly executed and delivered by the Member and constitutes such Member’s legal and valid obligation enforceable against the Member in accordance with its terms.

- b) The Member is the record owner of the Units and the Member has plenary voting and dispositive power with respect to such Units; the Member owns no other units of the Equity Interests of the Company; there are no proxies, voting trusts or other agreements or understandings to which such Member is a party or bound by and which expressly require that any of the Units be voted in any specific manner other than pursuant to this irrevocable proxy; and the Member has not entered into any agreement or arrangement inconsistent with this Irrevocable Proxy.
- 4) **Equitable Remedies.** The Member acknowledges that irreparable damage would result if this Irrevocable Proxy is not specifically enforced and that, therefore, the rights and obligations of the Intermediary may be enforced by a decree of specific performance issued by arbitration pursuant to the Crowd SAFE, and appropriate injunctive relief may be applied for and granted in connection therewith. Such remedies shall, however, not be exclusive and shall be in addition to any other remedies that the Intermediary may otherwise have available.
- 5) **Defined Terms.** All terms defined in this Irrevocable Proxy shall have the meaning defined herein. All other terms will be interpreted in accordance with the Crowd SAFE.
- 6) **Amendment.** Any provision of this instrument may be amended, waived or modified only upon the written consent of the (i) the Member and (ii) the Intermediary.
- 7) **Assignment.**
- a) In the event the Member wishes to transfer, sell, hypothecate or otherwise assign any Units, the Member hereby agrees to require, as a condition of such action, that the counterparty or counterparties thereto must enter into a proxy agreement with the Intermediary substantially identical to this Irrevocable Proxy.

We say we're born on the Bayou, perfected in the Big Apple. We combine flavors of the South with the styles and sounds of the city that never sleeps. When I think about New York, I think about music and I think about fashion. People move here to live their dreams and go after things. My name is Matt Bennett, and I'm the founder of Dreams Aren't This Good, the world's first lifestyle salsa brand. So I started making salsa in college at LSU down on the Bayou. I'm from Texas, just across the border. That's all I made, it's all I've ever made. I don't like to cook, I don't like to think about cooking; but for some reason, I just knew I had the best salsa. I launched the company in April of 2019; started in Williamsburg in Brooklyn. We call ourselves the world's first lifestyle salsa brand. People buy brands, they don't buy products; and we want the connection and the emotion with the consumer, you, to really infuse into your life. We look at little things – from do we create an amazing product that we say is the freshest shelf stable and clean label salsa in the market; but then more so is creating something that looks different, feels different, tastes different than everything else in the market. So we name the flavors after New York musicians' songs. We take that and give the product a personality, and that goes down to the ingredients. We came up with this strategy - we'll donate five cents for every jar sold back to a partner. We now have six flavors; we have six different partners. And every time that jar sells, we donate five cents directly back to that partner. We always wanted to put out an authentic style chip; but the big vision around our chips is that with our bag, you literally can pull it off the shelf, crank your oven to about 300~350, and toss the whole bag in the oven for five to ten minutes. Pull out the bag and have warm, fresh, restaurant-style tortilla chips at your home, and really have a conversation starter – something that connects people, that creates the ultimate chip-eating experience with our Dreams Aren't This Good salsa. So, our vision, and really mission, is to be the most preferred, most famous salsa in the world. And we as a team understand that you're here for exciting opportunities, innovation in a space where it hasn't been done. We're looking for the right partners to grow the right way and go in the right direction that we see this vision. Our goal is to raise a million dollars to grow our team, to invest in product – as you see – based on demand, and improve those operational efficiencies; and then also invest in the people and the production, both on the product side and the content side, to grow awareness of our brand and really connect with those consumers. So, we invite you to taste test before you invest. All you have to do is go to republic.dreamsarentthisgood.com and enter a little bit of your basic information, and we'll ship you samples pre-investment. Because we've already made the big bet; and if we can get you to experience our products, we know will become your favorite salsa brand because you don't have one.

Problem

Consumers are changing, brands are not

When walking into any store in any city, people are not excited about the salsa selections they see on the shelf. From the **lack of loyalty to the misses on marketing, salsa brands are "stale."** And while the industry continues to grow, it's also slow to diversify its approach and ripe for someone to **"dip in!"**

Not one salsa brand in recent history has revolutionized one of the largest consumer product markets in the world. There's never been a "Red Bull x Ben & Jerry's x Apple" of salsa — from making it bigger than the product by **marketing lifestyle** (energy drinks) to **creating community-inspired flavors and change through causes** (ice cream) to **thinking differently through design** (tech) — these three companies completely changed the way people experience billion-dollar brands.

Solution

Build the first lifestyle salsa brand

Brand identity

Dreams Aren't This Good (DATG) is a lifestyle brand that leads our own unique style and is purposefully designed to create energetic and emotional connections with our consumers. We are viewed as a clean x cool, modern x minimalistic brand that fits artistic, active, and aspirational cultures.

Brand position

DATG positions itself as one that encompasses urban city life to coastal-chillin, and outdoor adventures to on-the-go.

Brand execution

DATG uses local relationship building, guerrilla marketing, and compelling content as our main source of marketing. In addition, we drive our in-store presence with primed and unparalleled POS. We also support with limited flavor "drops," further driving our brand forward!

Brand system

DATG products are firstly designed to match the needs of the target market and produced in low quantities. The latest flavors are then promoted and released to drive awareness, sales, and brand "buy-in." Once the new flavor is on track to sell out, we move into launch mode, making it a full on "Fantasy Flavor" available everywhere.

Brand leverage

DATG has successfully expanded our brand by creating complementary lifestyle products. We design "fresh" apparel, produce pulse-pounding parties, create content that connects with our community, and donate dollars to make a difference for our flavor partners.

Brand tracking

DATG brand equity and loyalty of our customers is shown by the fact that we have created a "cartel-like" following with our consumers (cartel = community for good).

Brand responsibility

DATG ensures that the connection between the brand and the consumer is strong by leading our own style and adopting it with artistic, active and aspirational cultures. We do not follow the conventional rules, therefore making us unique in comparison to mainstream brands. Along with this, our products are infused & inspired by culture that creates a bond between the consumer and the brand.

Brand investment

DATG has invested heavily in the brand by betting on creative, clean content and packaging, fresh flavors and top level talent to execute on the DATG vision.

★★★★★ Best, Freshest Salsa!

By far the BEST salsa I've ever had. It amazes me how FRESH, and light this tastes, out of a jar — it tastes and feels like it was just made in the kitchen. The original is my favorite, although I've tried 3 flavors and they are all amazing.

I had the opportunity to try this for the first time, as a taste test in a small grocery store in Williamsburg, Brooklyn. The owner himself was giving out samples, and I just planned to stop in for something quick in the store and run out. The owner got my attention for a taste test, and I was like, "yeah, sure, I'll try a bite of your salsa," but really expected to just have a taste and continue in my way. I literally stopped in my tracks and decided to buy 3 jars — it was SO good!

I can promise you won't be disappointed. So happy to see they sell it on Amazon now, it can be hard to find in grocery stores.

★★★★★ **Five Stars!**

The creative label sold me. I purchased this as a gift for somebody who loves salsa, and knowing they are extremely picky I decided to just go with a cute label in case they hated it. However the recipient said it was one of the best salsas they've ever had!

★★★★★ **Among the best!**

Hands down among the best salsa I've tasted right out of a jar! Definitely has a kick, but it's just right. My wife, who admits to having a low threshold for spice, loves this brand as much as I do. I've given away a few jars to friends, and also served the salsa at gatherings, and everyone is super impressed and always going back for more! I've read some reviews calling this a bland salsa; we all have different tastes, but I can say for sure that's the last word I'd use for this superb and tasty salsa! Nicely done, DATG!

★★★★★ **So Amazing!**

The blueberry coconut has a slightly gritty texture, despite how strange it sounds it tastes incredible. The jalapeño pineapple flavor was a thinner salsa...similar to restaurant style. I absolutely loved them both. Neither were overly spicy...and were empty within 24 hours of opening.

★★★★★ **Only read if you are looking for the best salsa ever...**

I had received a jar of this in a gift package earlier this year and found it to be the best salsa I have ever had out of a jar and even most Mexican or Tex-Mex restaurants I have eaten at. I was elated to find out that this salsa was available through Amazon...and a three pack to boot! If you are a foodie like I am always looking for the best taste, please give this salsa a try. It is so good. I see that there are other varieties and maybe one day I will try them, but The Original is so tasty. Also read the label of ingredients...no preservatives or words that you cannot pronounce. I am addicted to it and use it with chips, vegetables, tacos, on top of a hamburger, and on and on. The jars of deliciousness are shipped in a well-protected attractive looking box, so nice that it would make a great gift. I also want to make it very clear that I did not receive this as a promotion (although I would be more than happy to become an official taste tester!!!), I paid for this product because I love salsa and I have finally found the perfect salsa. Thank you Dreams Aren't This Good!

★★★★★ **Must buy!!!**

The best salsa you will ever have!!! This is truly authentic!! I have searched everywhere for this salsa and I'm so glad I found it. Definitely a must buy!! Trust me you won't regret it!

★★★★★ **Thank you!**

Thank you guys as always, best salsa in the world, can't even eat anything else. Had to order the NYC Pack!

★★★★★ **Simply the best!**

These are the best chips I have ever had! Hands down. Popped them in the oven too! The salsa is crazy good also.

★★★★★ **These are GREAT chips!**

If you miss getting fresh chips from the local Mexican restaurant because of COVID, stop reading and get these. These are ridiculously great restaurant style chips. The flavor, salt and texture are spot on. If you go to a Mexican place that has thin chips that they serve for an appetizer and thicker chips that they use for nachos, these are the thicker chips. I don't know if the packaging (which was bags with padding in a cardboard box) or the thickness kept the chips intact but they were surprisingly not crushed. The instructions suggest an oven for the best possible chips. Do it...I just ordered the salsa to go with these. I am such a happy customer.

Business Model

Focus on flavors and philanthropy drive brand difference through experience

The "Four Ps" create our baseline (Place, Price, Product, Promotion); but it's our music-inspired **Fantasy Flavors** that make the headlines. **We offer one of the freshest "clean-label + shelf-stable" chips and salsa on the market, create content and packaging that connects with consumers, and donate \$.05 per jar/bag sold to our flavor partners.** Between stores, wholesale, and DTC online (plus events), we hit margins of 20%-70% depending on the channels connecting us to consumers.

\$.05 donated per jar/bag sold goes to our flavor partners

We partner with leading philanthropies that pair well with our products, company, community, and brand. We do this by amplifying their message, encouraging others to get involved, and even **"recycling customer's money to make a difference"** through our give-back programs.

We also donate through apparel sales, events, and combined marketing efforts. We believe that with our shared DNA and drive to always be part of the solution that fuels us moving forward, there are limitless possibilities in bringing our brands together!

★★★★★ Best, Freshest Salsa!

By far the BEST salsa I've ever had. It amazes me how FRESH, and light this tastes, out of a jar — it tastes and feels like it was just made in the kitchen. The original is my favorite, although I've tried 3 flavors and they are all amazing.

I had the opportunity to try this for the first time, as a taste test in a small grocery store in Williamsburg, Brooklyn. The owner himself was giving out samples, and I just planned to stop in for something quick in the store and run out. The owner got my attention for a taste test, and I was like, "yeah, sure, I'll try a bite of your salsa," but really expected to just have a taste and continue in my way. I literally stopped in my tracks and decided to buy 3 jars — it was SO good!

I can promise you won't be disappointed. So happy to see they sell it on Amazon now, it can be hard to find in grocery stores.

★★★★★ Five Stars!

The creative label sold me. I purchased this as a gift for somebody who loves salsa, and knowing they are extremely picky I decided to just go with a cute label in case they hated it. However the recipient said it was one of the best salsas they've ever had!

★★★★★ Among the best!

Hands down among the best salsa I've tasted right out of a jar! Definitely has a kick, but it's just right. My wife, who admits to having a low threshold for spice, loves this brand as much as I do. I've given away a few jars to friends, and also served the salsa at gatherings, and everyone is super impressed and always going back for more! I've read some reviews calling this a bland salsa; we all have different tastes, but I can say for sure that's the last word I'd use for this superb and tasty salsa! Nicely done, DATG!

★★★★★ So Amazing!

The blueberry coconut has a slightly gritty texture, despite how strange it sounds it tastes incredible. The jalapeño pineapple flavor was a thinner salsa...similar to restaurant style. I absolutely loved them both. Neither were overly spicy...and were empty within 24 hours of opening.

★★★★★ Only read if you are looking for the best salsa ever...

I had received a jar of this in a gift package earlier this year and found it to be the best salsa I have ever had out of a jar and even most Mexican or Tex-Mex restaurants I have eaten at. I was elated to find out that this salsa was available through Amazon...and a three pack to boot! If you are a foodie like I am always looking for the best taste, please give this salsa a try. It is so good. I see that there are other varieties and maybe one day I will try them, but The Original is so tasty. Also read the label of ingredients...no preservatives or words that you cannot pronounce. I am addicted to it and use it with chips, vegetables, tacos, on top of a hamburger, and on and on. The jars of deliciousness are shipped in a well-protected attractive looking box, so nice that it would make a great gift. I also want to make it very clear that I did not receive this as a promotion (although I would be more than happy to become an official taste tester!!!), I paid for this product because I love salsa and I have finally found the perfect salsa. Thank you Dreams Aren't This Good!

★★★★★ Must buy!!!

The best salsa you will ever have!!! This is truly authentic!! I have searched everywhere for this salsa and I'm so glad I found it. Definitely a must buy!! Trust me you won't regret it!

★★★★★ Thank you!

Thank you guys as always, best salsa in the world, can't even eat anything else. Had to order the NYC Pack!

★★★★★ Simply the best!

These are the best chips I have ever had! Hands down. Popped them in the oven too! The salsa is crazy good also.

★★★★★ These are GREAT chips!

If you miss getting fresh chips from the local Mexican restaurant because of COVID, stop reading and get these. These are ridiculously great restaurant style chips. The flavor, salt and texture are spot on. If you go to a Mexican place that has thin chips that they serve for an appetizer and thicker chips that they use for nachos, these are the thicker chips. I don't know if the packaging (which was bags with padding in a cardboard box) or the thickness kept the chips intact but they were surprisingly not crushed. The instructions suggest an oven for the best possible chips. Do it...I just ordered the salsa to go with these. I am such a happy customer.

Business Model

Focus on flavors and philanthropy drive brand difference through experience

The "Four Ps" create our baseline (Place, Price, Product, Promotion); but it's our music-inspired **Fantasy Flavors** that make the headlines. **We offer one of the freshest "clean-label + shelf-stable" chips and salsa on the market, create content and packaging that connects with consumers, and donate \$.05 per jar/bag sold to our flavor partners.** Between stores, wholesale, and DTC online (plus events), we hit margins of 20%-70% depending on the channels connecting us to consumers.

\$.05 donated per jar/bag sold goes to our flavor partners

We partner with leading philanthropies that pair well with our products, company, community, and brand. We do this by amplifying their message, encouraging others to get involved, and even **"recycling customer's money to make a difference"** through our give-back programs.

We also donate through apparel sales, events, and combined marketing efforts. We believe that with our shared DNA and drive to always be part of the solution that fuels us moving forward, there are limitless possibilities in bringing our brands together!

From the great state of Texas, where salsa is king, to the bright lights of the big city, I am taking a dip into the salsa space, starting in the most unlikely of places: New York City!

Having been the founder or core team member of three previous startups, I have decided to take on my next venture — one that has been burning inside me since my college days at LSU — with a laser-focused relentlessness. Being half dreamer, half doer, I have the uncanny ability to manifest things into reality, as if the road to success were already paved.

The ultimate connector, creator and believer in anything is possible, I maintain awareness of what I am great at and what I am not, bringing together top talent to execute the DATG vision.

Problem

Consumers are changing, brands are not

When walking into any store in any city, people are not excited about the salsa selections they see on the shelf. From the **lack of loyalty to the misses on marketing, salsa brands are "stale."** And while the industry continues to grow, it's also slow to diversify its approach and ripe for someone to **"dip in!"**

Not one salsa brand in recent history has revolutionized one of the largest consumer product markets in the world. There's never been a "Red Bull x Ben & Jerry's x Apple" of salsa — from making it bigger than the product by **marketing lifestyle** (energy drinks) to **creating community-inspired flavors and change through causes** (ice cream) to **thinking differently through design** (tech) — these three companies completely changed the way people experience billion-dollar brands.

Solution

Build the first lifestyle salsa brand

Brand identity

Dreams Aren't This Good (DATG) is a lifestyle brand that leads our own unique style and is purposefully designed to create energetic and emotional connections with our consumers. We are viewed as a clean x cool, modern x minimalistic brand that fits artistic, active, and aspirational cultures.

Brand position

DATG positions itself as one that encompasses urban city life to coastal-chillin, and outdoor adventures to on-the-go.

Brand execution

DATG uses local relationship building, guerrilla marketing, and compelling content as our main source of marketing. In addition, we drive our in-store presence with primed and unparalleled POS. We also support with limited flavor “drops,” further driving our brand forward!

Brand system

DATG products are firstly designed to match the needs of the target market and produced in low quantities. The latest flavors are then promoted and released to drive awareness, sales, and brand “buy-in.” Once the new flavor is on track to sell out, we move into launch mode, making it a full on “Fantasy Flavor” available everywhere.

Brand leverage

DATG has successfully expanded our brand by creating complementary lifestyle products. We design “fresh” apparel, produce pulse-pounding parties, create content that connects with our community, and donate dollars to make a difference for our flavor partners.

Brand tracking

DATG brand equity and loyalty of our customers is shown by the fact that we have created a “cartel-like” following with our consumers (cartel = community for good).

Brand responsibility

DATG ensures that the connection between the brand and the consumer is strong by leading our own style and adopting it with artistic, active and aspirational cultures. We do not follow the conventional rules, therefore making us unique in comparison to mainstream brands. Along with this, our products are infused & inspired by culture that creates a bond between the consumer and the brand.

Brand investment

DATG has invested heavily in the brand by betting on creative, clean content and packaging, fresh flavors and top level talent to execute on the DATG vision.

The Original Race

Product

Born on the Bayou, perfected in the Big Apple, we combine flavors of the South with sounds & styles of the city that never sleeps

We pour our passion into creating the best products on the planet. Focused on flavors, not heat levels, we start everything with a feeling...**inspired by NYC musicians' songs bumping in our earbuds mixed with the colors that connect NYC's subways**. We then combine the inspiration with **fresh and clean ingredients that free your mind and feed your tastebuds**. Lastly, with each flavor created as an experience, we pair it with philanthropy that **embodies the "spirit" of the flavor and donate \$.05 per jar/bag sold**.
