"From the moment I met Catalina, I knew she was extremely passionate with incredible grit. Her big business plan was just an idea at the time, and now 5 years later, she is making it happen! I never doubted her and knew she would bring CATAN PISCO to the Market just as she planned. I truly believe the spirits world is now finally ready for CATAN PISCO and if there was any woman to break open this category in the US Market, it is 110% Catalina. Not only is her PISCO an exceptional spirit (awarded BEST IN SHOW with multiple gold winning medals), but her vision and unwavering determination is a force not to be reckoned with. Investing in CATAN is a true testament that the Jockey is just as important as the Horse."

MISSION, VISION & PURPOSE

Mission

To satisfy the world's curious palate through a quality product, cultural connectedness and social consciousness, one meaningful toast at a time.

Vision

To connect the spirit of the South with our neighbors of the North.

Purpose

Pisco with a Purpose:
1% of our sales is being dedicated to help fight water scarcity, as water is currently privatized in Chile.

INDUSTRY PROBLEM

Subjective Problem

While the cocktail culture has become more and more pervasive, pisco has yet to emerge as an essential spirit. The prohibition is partly to blame for the lack of pisco presence and knowledge in the US market, as well as the absence of a brand made for the USA...until now.

Objective Problem

Industry inequality: In our current economy, the US spirits & alcohol industry continues to be male dominated. Women founded and owned businesses only represent:

- 4% of revenue
- 3% of having received venture-funded opportunities
- 2% of reaching 1 Million in Revenue

THE SOLUTION CATAN PISCO

THE FIRST PISCO BRAND
FOR THE USA, FROM THE
FIRST CHILEAN WOMAN
FOUNDER...IN HISTORY.

"The absence of pisco in the US market was the answer to my sought out opportunity...and so, I sold my house and invested in turning my deepest dream into this reality."

Catalina

WHAT IS PISCO?

SPIRIT

Pisco is the National spirit of both Chile & Peru. Pisco is made from distilled grapes. Pisco is an organic, gluten-free, carb-free, & naturally vegan spirit with antioxidants produced and farmed from our Fair Trade Certified partners in Chile.

FLAVOR

Pisco is made (distilled) from grapes, but do not be mistaken: pisco is **not wine**, (fermented). A common comparison is: "If Vodka and Tequila had a baby." Pisco has the versatility of a vodka, yet the upscale aromas and vast complexity of a premium tequila.

PROFILE

CATAN guides you through a sensory ride, first with notes of peaches in honey, berries, tangerine and ripe melon, then balanced by the softness of floral aromas like magnolia, orange blossom and rose water, before a silky-smooth and gentle finish.
