Notes to Financial Statements

Note 8 - Warrants, page F-15

1. We note you have classified the 8,150,000 private placements warrants as equity. Please provide us with your analysis under ASC 815-40 to support your accounting treatment for these warrants. As part of your analysis, please address whether there are any terms or provisions in the warrant agreement that provide for potential changes to the settlement amounts that are dependent upon the characteristics of the holder of the warrant, and if so, how you analyzed those provisions in accordance with the guidance in ASC 815-40. Your response should address, but not be limited to, your disclosure that "the Private Placement Warrants will be exercisable for cash or on a cashless basis, at the holder's option, and be non-redeemable so long as they are held by the initial purchasers or their permitted transferees."

General

2. With a view toward disclosure, please tell us whether your sponsor is, is controlled by, or has substantial ties with a non-U.S. person. If so, please revise your disclosure in future filings to include disclosure that addresses how this fact could impact your ability to complete your initial business combination. For instance, discuss the risk to investors that you may not be able to complete an initial business combination with a U.S. target company should the transaction be subject to review by a U.S. government entity, such as the Committee on Foreign Investment in the United States (CFIUS), or ultimately prohibited. Disclose that as a result, the pool of potential targets with which you could complete an initial business combination may be limited. Further, disclose that the time necessary for government review of the transaction or a decision to prohibit the transaction could prevent you from completing an initial business combination and require you to liquidate. Disclose the consequences of liquidation to investors, such as the losses of the investment opportunity in a target company, any price appreciation in the combined company, and the warrants, which would expire worthless. Please include an example of your intended disclosure in your response.

We remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff.

You may contact Howard Efron at 202-551-3439 or Jennifer Monick at 202-551-3295 if you have questions regarding comments on the financial statements and related matters.

Sincerely,

Division of Corporation Finance
