Please review your Wefunder profile carefully to ensure it provides all material information, is not false or misleading, and does not omit any information that would cause the information included to be false or misleading.

RISK FACTORS

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent

SECURITIES AND EXCHANGE COMMISSION HAS NOT MADE AN INDEPENDENT DETERMINATION THAT THESE SECURITIES ARE EXEMPT FROM REGISTRATION.

8. Discuss the material factors that make an investment in the issuer speculative or risky:

Minnesota Soccer Holdings, GBC ("MSH" or the "Company") is organized as a public benefit corporation under Minnesota Statutes Chapter 304A. As such, it exists to pursue a general public benefit with a particular focus on support women's soccer in Minnesota and, as such, will prioritize allocation of its resources towards that public benefit instead of towards returning profit to its shareholders.

MSH has been organized to own and operate a womens' soccer franchise (the "Franchise") to compete in the W-League, a newly reorganized pre-professional women's soccer league overseen by the United Soccer League (USL). There is a risk that the W-League may not be successful and MSH and the Franchise may be unable to continue operating.

The professional, pre-professional, and amateur athletics market in Minnesota is incredibly competitive, and the Franchise will compete for attendance, viewership and advertising revenue with a wide range of other entertainment and recreational activities available to potential consumers. There can be no assurance that MSH or the Franchise will be able to compete effectively, including with companies that may have greater resources than it. There is a risk that MSH and the Franchise will struggle financially and never return a profit for their investors.

The ongoing COVID-19 pandemic poses significant risks to competitive athletics, including the risk of actions that may be taken by government authorities to contain the outbreak, including the imposition of limitations on fan attendance and potential shutdowns and the lost revenues associated therewith. The impact on the Franchise's fans, sponsors and suppliers, other impacts to the business, and our ability to sufficiently manage and mitigate the strategic and operational impact of such events cannot be predicted and could have a negative impact on MSH and the Franchise.

MSH may need to raise additional capital in the future. Subsequent offerings may not be on the same or similar terms as this offering even if they are, said offerings will dilute the ownership percentage and voting power of investors in the current offering. Future offerings may provide the new investors with advantages not available to you as a previous investor.

The Class B share price and valuation were arbitrarily determined by the Board and management of MSH, considering the state of the Company's business development and the general condition of the industry in the MSH and the Franchise will operate. The offering price doesn't have any direct relationship to the actual value of the assets, net worth, or other objective value criteria of MSS or the Franchise

Shares in MSH will not be registered under any federal or state securities laws and may not be resold without such registration except in reliance on an exemption from applicable state and federal registration requirements, which exemption prohibits any transfer of your Class B Shares for a period of one year, subject to limited exceptions. There is no, and there is not expected to be, any market for the sale of the MSH shares. As a result, you not be able to liquidate your investment in the Class B shares and therefore, should be prepared to assume the risks of an investment in MSH for an indefinite period of time.

While the MSH Board and Mangers will engage investors on a broad variety of club matters, including naming, branding, etc., the Class B investors have limited voting rights and will need to rely on Managers for all decisions relating to the day to day operation of MSH and the Franchise. In addition, investment in MSH is structured to be made through a special purpose entity that is managed by a "Lead Investor." Although the Lead Investor is required by law to vote the Class B shares in accordance with the directions of the investors, investors will not be able to directly vote their shares in MSH. Accordingly, you should not invest in this offering unless you are willing to entrust your voting rights to the Lead Investor.

Andrea Yoch and Susan Earle are part-time officers. As such, it is likely that the company will not make the same progress as it would if that were not the case.

Our future success depends on the efforts of a small management team. The loss of services of the members of the management team may have an adverse effect on the company. There can be no assurance that we will be successful in attracting and retaining other personnel we require to successfully grow our business.

INSTRUCTION TO QUESTION 8: Avoid generalized statements and include only those factors that are unique to the issuer. Discussion should be tailored to the issuer's business and the offering and should not repeat the factors addressed in the legends set forth above. No specific number of risk factors is required to be identified.

Management's Discussion and Analysis of Financial Condition and Results of Operations

You should read the following discussion and analysis of our financial condition and results of operations together with our financial statements and the related notes and other financial information included elsewhere in this offering. Some of the information contained in this discussion and analysis, including information regarding the strategy and plans for our business, includes forward-looking statements that involve risks and uncertainties. You should review the "Risk Factors" section for a discussion of important factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in the following discussion and analysis.

Overview

We are launching a Minnesota women's soccer team in the brand-new USL-W League. We will play our first matches in 2022.

We want a professional women's soccer team. Our goal is to launch this pre-professional team and take it to the highest levels of women's soccer.

Milestones

Minnesota Soccer Holdings, PBC was incorporated in the State of Minnesota in March 2021.

Since then, we have:

- This is a rare opportunity to become a legitimate owner of a soccer club in the US.
- Long-term growth of women's soccer
- 2 members of the board of directors will be elected by the community investors.
- Community investors will have a say in the branding of the new club.
- Partnership with leading Orthopedic group in the US.
- Co-Founder Andrea Yoch has over 20 years of sports experience.

Historical Results of Operations

Our company was organized in March 2021 and has limited operations upon which prospective investors may base an evaluation of its performance.

- *Revenues & Gross Margin.* For the period ended December 31, 2021, the Company had revenues of \$42,667. Our gross margin was 61.92%.
- *Assets.* As of December 31, 2021, the Company had total assets of \$973,891, including \$901,987 in cash.
- *Net Loss.* The Company has had net losses of \$129,922 for 2021.
- *Liabilities.* The Company's liabilities totaled \$18,812 for 2021.

Related Party Transaction

Refer to Question 26 of this Form C for disclosure of all related party transactions.

Liquidity & Capital Resources

To-date, the company has been financed with \$40,000 in equity.

We plan to use the proceeds as set forth in this Form C under "Use of Funds". We don't have any other sources of capital in the immediate future.

We will likely require additional financing in excess of the proceeds from the Offering in order to perform operations over the lifetime of the Company. Except as otherwise described in this Form C, we do not have additional sources of capital other than the proceeds from the offering. Because of the complexities and uncertainties in establishing a new business strategy, it is not possible to adequately project whether the proceeds of this offering will be sufficient to enable us to implement our strategy. This complexity and uncertainty will be increased if less than the maximum amount of securities offered in this offering is sold. The Company intends to raise additional capital in the future from investors. Although capital may be available for early-stage companies, there is no guarantee that the Company will receive any investments from investors.

Runway & Short/Mid Term Expenses

Minnesota Soccer Holdings, PBC cash in hand is \$846,289, as of March 2022. Over the last three months, revenues have averaged \$88,595/month, cost of goods sold has averaged \$43,673/month, and operational expenses have averaged \$27,721/month, for an average net margin of \$17,201 per month. Our intent is to be profitable in 35 months.

We are in the process of identifying office space and securing vendors for player housing, team transportation, and other in-season needs.

We're anticipating that merchandise sales will continue to be a substantial source of revenue in coming months. We will also have single-game sales that supplement the strong season ticket sales to date.

No. However, while start-up cost continue to exceed pre-season revenues, we are optimistic that the business model being developed will be self-sustaining by the end of our second season of competition. Many expenses are one-time while ticket, merchandise, and sponsorship revenues will be ongoing.

Sponsorship revenue continues to be a strong source of funds as we have sold jersey, short, starting line-up and other sponsorships and secured in-kind support in exchange for brand placement

INSTRUCTIONS TO QUESTION 28: The discussion must cover each year for which financial statements are provided. For issuers with no prior operating history, the discussion should focus on financial milestones and operational, liquidity and other challenges. For issuers with an operating history, the discussion should focus on whether historical results and cash flows are representative of what investors should expect in the future. Take into account the proceeds of the offering and any other known or pending sources of capital. Discuss how the proceeds from the offering will affect liquidity, whether receiving these funds and any other additional funds is necessary to the viability of the business, and how quickly the issuer anticipates using its available cash. Describe the other available sources of capital to the business, such as lines of credit or required contributions by shareholders. References to the issuer in this Question 28 and these instructions refer to the issuer and its predecessors, if any.

FINANCIAL INFORMATION

29. Include financial statements covering the two most recently completed fiscal years or the period(s) since inception, if shorter:

Refer to [Appendix C, Financial Statements](#)

I, Andrea Yoch, certify that:

- (1) the financial statements of Minnesota Soccer Holdings, PBC included in this Form are true and complete in all material respects ; and
- (2) the tax return information of Minnesota Soccer Holdings, PBC included in this Form reflects accurately the information reported on the tax return for Minnesota Soccer Holdings, PBC filed for the most recently completed fiscal year.

OTHER MATERIAL INFORMATION

31. In addition to the information expressly required to be included in this Form, include:

- (1) any other material information presented to investors; and
- (2) such further material information, if any, as may be necessary to make the required statements, in the light of the circumstances under which they are made, not misleading.

The Lead Investor. As described above, each Investor that has entered into the Investor Agreement will grant a power of attorney to make voting decisions on behalf of that Investor to the Lead Investor (the "Proxy"). The Proxy is irrevocable unless and until a Successor Lead Investor takes the place of the Lead Investor, in which case, the Investor has a five (5) calendar day period to revoke the Proxy. Pursuant to the Proxy, the Lead Investor or his or her successor will make voting decisions and take any other actions in connection with the voting on Investors' behalf.

The Lead Investor is an experienced investor that is chosen to act in the role of Lead Investor on behalf of Investors that have a Proxy in effect. The Lead Investor will be chosen by the Company and approved by Wefunder Inc. and the identity of the initial Lead Investor will be disclosed to Investors before Investors make a final investment decision to purchase the securities related to the Company.

The Lead Investor can quit at any time or can be removed by Wefunder Inc. for cause or pursuant to a vote of investors as detailed in the Lead Investor Agreement. In the event the Lead Investor quits or is removed, the Company will choose a Successor Lead Investor who must be approved by Wefunder Inc. The identity of the Successor Lead Investor will be disclosed to Investors, and those that have a Proxy in effect can choose to either leave such Proxy in place or revoke such Proxy during a 5-day period beginning with notice of the replacement of the Lead Investor.

The Lead Investor will not receive any compensation for his or her services to the SPV. The Lead Investor may receive compensation if, in the future, Wefunder Advisors LLC forms a fund ("Fund") for accredited investors for the purpose of investing in a non-Regulation Crowdfunding offering of the Company. In such as circumstance, the Lead Investor may act as a portfolio manager for that Fund (and as a supervised person of Wefunder Advisors) and may be compensated through that role.

Although the Lead Investor may act in multiple roles with respect to the

Company's offerings and may potentially be compensated for some of its services, the Lead Investor's goal is to maximize the value of the Company and therefore maximize the value of securities issued by or related to the Company. As a result, the Lead Investor's interests should always be aligned with those of Investors. It is, however, possible that in some limited circumstances the Lead Investor's interests could diverge from the interests of Investors, as discussed in section 8 above.

Investors that wish to purchase securities related to the Company through Wefunder Portal must agree to give the Proxy described above to the Lead Investor, provided that if the Lead Investor is replaced, the Investor will have a 5-day period during which he or she may revoke the Proxy. If the Proxy is not revoked during this 5-day period, it will remain in effect.

Tax Filings. In order to complete necessary tax filings, the SPV is required to include information about each investor who holds an interest in the SPV, including each investor's taxpayer identification number ("TIN") (e.g., social security number or employer identification number). To the extent they have not already done so, each investor will be required to provide their TIN within the earlier of (i) two (2) years of making their investment or (ii) twenty (20) days prior to the date of any distribution from the SPV. If an investor does not provide their TIN within this time, the SPV reserves the right to withhold from any proceeds otherwise payable to the Investor an amount necessary for the SPV to satisfy its tax withholding obligations as well as the SPV's reasonable estimation of any penalties that may be charged by the IRS or other relevant authority as a result of the investor's failure to provide their TIN. Investors should carefully review the terms of the SPV Subscription Agreement for additional information about tax filings.

INSTRUCTIONS TO QUESTION 30: If information is presented to investors in a format, media or other means not able to be reflected in text or portable document format, the issuer should include:
(a) a description of the material content of such information;
(b) a description of the format in which such disclosure is presented; and
(c) in the case of disclosure in video, audio or other dynamic media or format, a transcript or description of such disclosure.

ONGOING REPORTING

32. The issuer will file a report electronically with the Securities & Exchange Commission annually and post the report on its website, no later than:

120 days after the end of each fiscal year covered by the report.

33. Once posted, the annual report may be found on the issuer's website at:

<http://www.mnwoso.com/invest>

The issuer must continue to comply with the ongoing reporting requirements until:

1. the issuer is required to file reports under Exchange Act Sections 13(a) or 15(d);
2. the issuer has filed at least one annual report and has fewer than 300 holders of record;
3. the issuer has filed at least three annual reports and has total assets that do not exceed \$10 million;
4. the issuer or another party purchases or repurchases all of the securities issued pursuant to Section 4(a)(6), including any payment in full of debt securities or any complete redemption of redeemable securities; or the issuer liquidates or dissolves in accordance with state law.
