Dear Mr. Krubiner:

Please respond to this letter by amending your registration statement and providing the requested information. If you do not believe our comments apply to your facts and circumstances or do not believe an amendment is appropriate, please tell us why in your response.

Amendment No. 1 to Registration Statement on Form F-1

General

1. At the current trading price it appears that the public warrants and 5,166,667 private placement warrants are out of the money. Please disclose in your risk factors and MD&A sections that warrant holders will not exercise their warrants and disclose that cash proceeds associated with the exercises of the warrants are dependent on the stock price. As applicable, describe the impact on your liquidity and update the discussion on the ability of your company to fund your operations on a prospective basis with your current cash on hand.

Company Overview, page 1

2. In light of the significant number of redemptions in conjunction with your business combination and the unlikelihood that the company will receive significant proceeds from exercises of the warrants because of the disparity between the exercise price of the warrants and the current trading price of the Class A common stock, expand your discussion of capital resources to address any changes in the company's liquidity position since the business combination. Discuss what effect your separate offering of shares underlying warrants may have on this offering through B. Riley Principal Capital II, LLC.

Risk Factors, page 12

3. Please revise to clarify what you mean by "our ability to consummate the Merger" on page 13.

Our business and the performance of Financing Vehicles may be adversely affected by economic conditions, page 21

4. Please update this risk factor if recent inflationary pressures have materially impacted your operations. In this regard, identify the types of inflationary pressures you are facing and how your business has been affected.
5. Please expand your discussion of interest rates to specifically identify the impact of rate increases on your operations and how your business has been affected.

6. We note your response to comment 3. Please revise your disclosure in the liquidity and capital resources section, and elsewhere as appropriate, to specifically address the fact that you may miss your 2022 Adjusted EBITDA projection and explain how that has impacted or may impact your financial position and create further risks to your business operations and liquidity.

Please contact Tonya K. Aldave at (202) 551-3601 or John Dana Brown at (202) 551-3859 with any questions.

Sincerely,
