LEAD INVESTOR

Laura Davis Laura Davis

When we heard our friends had a dream of opening a craft brewery we were beyond excited for them! Our Family is honored to be a part of the Prolific Brewing Company and so happy to support our friends' dreams. We have become quite accustomed to the local craft brews in Alaska and love what we have tried from Prolific so far (can't wait to try more). We believe in their vision and eagerly anticipate seeing what the years to come will hold. Cheers!
