Name of issuer:

Zing Drone Delivery Inc.

Legal status of issuer:

Form: **Corporation**

Jurisdiction of Incorporation/Organization: **DE**

Date of organization: **6/21/2018**

Physical address of issuer:

1757 SW Crane Creek Cir
Palm City FL 34990

Website of issuer:

<https://zingdrones.com>

Name of intermediary through which the offering will be conducted:

Wefunder Portal LLC

CIK number of intermediary:

0001670254

SEC file number of intermediary:

007-00033

CRD number, if applicable, of intermediary:

283503

Current number of employees:

4

| | Most recent fiscal year-end: | Prior fiscal year-end: |
|--------------------------|------------------------------|------------------------|
| Total Assets: | \$28,719.41 | \$46,559.18 |
| Cash & Cash Equivalents: | \$2,849.73 | \$9,311.48 |
| Accounts Receivable: | \$0.00 | \$0.00 |
| Short-term Debt: | \$0.00 | \$0.00 |
| Long-term Debt: | \$0.00 | \$0.00 |
| Revenues/Sales: | \$40,846.57 | \$7,047.81 |

| Net Income: | (\$160,286.77) | (\$157,589.83) |

Select the jurisdictions in which the issuer intends to offer the securities:

AL, AK, AZ, AR, CA, CO, CT, DE, DC, FL, GA, HI, ID, IL, IN, IA, KS, KY, LA, ME, MD, MA, MI, MN, MS, MO, MT, NE, NV, NH, NJ, NM, NY, NC, ND, OH, OK, OR, PA, RI, SC, SD, TN, TX, UT, VT, VA, WA, WV, WI, WY, B5, GU, PR, VI, IV

Offering Statement

Respond to each question in each paragraph of this part. Set forth each question and any notes, but not any instructions thereto, in their entirety. If disclosure in response to any question is responsive to one or more other questions, it is not necessary to repeat the disclosure. If a question or series of questions is inapplicable or the response is available elsewhere in the Form, either state that it is inapplicable, include a cross-reference to the responsive disclosure, or omit the question or series of questions.

Be very careful and precise in answering all questions. Give full and complete answers so that they are not misleading under the circumstances involved. Do not discuss any future performance or other anticipated event unless you have a reasonable basis to believe that it will actually occur within the foreseeable future. If any answer requiring significant information is materially inaccurate, incomplete or misleading, the Company, its management and principal shareholders may be liable to investors based on that information.

THE COMPANY

1. Name of issuer:

Zing Drone Delivery Inc.

3. Has the issuer or any of its predecessors previously failed to comply with the ongoing reporting requirements of Rule 202 of Regulation Crowdfunding?

☐ Yes ☒ No

DIRECTORS OF THE COMPANY

4. Provide the following information about each director (and any persons occupying a similar status or performing a similar function) of the issuer.

| Director | Principal Occupation | Main Employer | Year Joined as Director |
|------------|----------------------|--------------------------|-------------------------|
| Ian Annase | Founder & CEO | Zing Drone Delivery Inc. | 2018 |

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

OFFICERS OF THE COMPANY

5. Provide the following information about each officer (and any persons occupying a similar status or performing a similar function) of the issuer.

| Officer | Positions Held | Year Joined |
|------------|----------------|-------------|
| Ian Annase | President | 2018 |
| Ian Annase | CEO | 2018 |

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

INSTRUCTION TO QUESTION 5: For purposes of this Question 5, the term officer means a president, vice president, secretary, treasurer or principal financial officer, comptroller or principal accounting officer, and any person that routinely performing similar functions.

PRINCIPAL SECURITY HOLDERS

6. Provide the name and ownership level of each person, as of the most recent practicable date, who is the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power.

| Name of Holder | No. and Class of Securities Now Held | % of Voting Power Prior to Offering |
|----------------|--------------------------------------|-------------------------------------|
| Ian Annase | 8000000.0 Common | 88.1 |

INSTRUCTION TO QUESTION 6: The above information must be provided as of a date that is no more than 120 days prior to the date of filing of this offering statement.

To calculate total voting power, include all securities for which the person directly or indirectly has or shares the voting power, which includes the power to vote or to direct the voting of such securities. If the person has the right to acquire voting power of such securities within 60 days, including through the exercise of any option, warrant or right, the conversion of a security, or other arrangement, or if securities are held by a member of the family, through corporations or partnerships, or otherwise in a manner that would allow a person to direct or control the voting of the securities (or share in such direction or control — as, for example, a co-trustee) they should be included as being “beneficially owned.” You should include an explanation of these circumstances in a footnote to the “Number of and Class of Securities Now Held.” To calculate outstanding voting equity securities, assume all outstanding options are exercised and all outstanding convertible securities converted.

BUSINESS AND ANTICIPATED BUSINESS PLAN

7. Describe in detail the business of the issuer and the anticipated business plan of the issuer.

For a description of our business and our business plan, please refer to the attached [Appendix A, Business Description & Plan](#)

INSTRUCTION TO QUESTION 7: Wefunder will provide your company's Wefunder profile as an appendix (Appendix A) to the Form C in PDF format. The submission will include all Q&A items and “read more” links in an un-collapsed format. All videos will be transcribed.

This means that any information provided in your Wefunder profile will be provided to the SEC in response to this question. As a result, your company will be potentially liable for misstatements and omissions in your profile under the Securities Act of 1933, which requires you to provide material information related to your business and anticipated business plan. Please review your Wefunder profile carefully to ensure it provides all material information, is not false or misleading, and does not omit any information that would cause the information included to be false or misleading.

RISK FACTORS

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

8. Discuss the material factors that make an investment in the issuer speculative or risky:

The future of drone delivery depends on the regulatory environment. The FAA currently uses the Part 107 rules that limit drones to flying within visual line of sight. The new Part 135 rules enable drones to fly Beyond Visual Line of Sight with less restrictions. It will be important for Zing to receive this new regulation in order to scale operations.

The liabilities involved with a drone crash incident could be expensive. Zing will acquire liability insurance to protect itself but an incident could have further consequences with the FAA, including a potential loss of certification for the company.

The FAA currently manages all of the airspace in the United States, however in the future local government could have a say in airspace. This could cause fractured regulations that will need to be followed in specific areas and could even lead to monetization of the airspace. This will create an environment where drone delivery becomes more expensive.

The costs involved with drone delivery will be significant initially for a platform business model. Platform companies such as Uber Eats rely heavily on investment from Venture Capitalists to keep cash flow positivity. The Zing team will do its best to find a business model that will keep the cash flow positive.

Our success is also dependent on our product innovation, including maintaining a robust pipeline of new products, and the effectiveness of our product packaging, advertising campaigns and marketing programs, including our ability to successfully adapt to a rapidly changing media environment, such as through use of social media and online advertising campaigns and marketing programs. There can be no assurance as to our ability to develop and launch successful products or to effectively execute advertising campaigns and marketing programs that resonate with and appeal to consumers. Both the launch of new products and advertising

campaigns are inherently uncertain, especially as to their appeal to consumers. Our failure to make the right strategic investments to drive innovation or successfully launch our products or variants of established products could decrease demand for our products by negatively affecting consumer perception, as well as result in inventory write-offs and other costs.

Aspects of our business and our products will be regulated at the local, state, and federal levels. Our products may be subject to state, local and Federal environmental laws and regulations, including those relating to the handling and storage of hazardous materials. We and our products will also be subject to significant governmental regulation relating to labor conditions, safety in the workplace, healthcare and other human resource issues. The nature and scope of future legislation, regulations and programs cannot be predicted. While we anticipate that we and our products will be in compliance with all applicable governmental regulations, there still may be risks that such laws and regulations may change with respect to present or future operations. Such additional costs would increase the cost of investments and operations and decrease the demand for products and services. We and our products will be ultimately responsible for compliance with such regulations and for obtaining and maintaining all required permits and licenses. Such compliance may be time consuming and costly, and such expenses may materially affect our future ability to break even or generate profits.

We may be subject to future governmental regulations. Aspects of our business and our products may be regulated at the local, state, and federal levels. Our products may be subject to state, local and Federal environmental laws and regulations, including those relating to the handling and storage of hazardous materials. We and our products may also be subject to significant governmental regulation relating to labor conditions, safety in the workplace, healthcare and other human resource issues. The nature and scope of future legislation, regulations and programs cannot be predicted. While we anticipate that we and our products will be in compliance with all applicable governmental regulations, there still may be risks that such laws and regulations may change with respect to present or future operations. Such additional costs would increase the cost of investments and operations and decrease the demand for products and services. We and our products will be ultimately responsible for compliance with such regulations and for obtaining and maintaining all required permits and licenses. Such compliance may be time consuming and costly, and such expenses may materially affect our future ability to break even or generate profits.

The success of the Company will depend on its ability to compete for and retain additional qualified key personnel to enhance the growth. The Company's business would be adversely affected if it were unable to recruit qualified personnel when necessary or if it were to lose the services of certain key personnel and it were unable to locate suitable replacements in a timely manner. Finding and hiring such replacements, if any, could be costly and might require the Company to grant significant equity awards or incentive compensation, which could have a material adverse effect on the Company's financial results and on your investment. The loss, through untimely death, unwillingness to continue or otherwise, of any such persons could have a materially adverse effect on the Company and its business.

The Company may never receive a future equity financing or elect to convert the Securities upon such future financing. In addition, the Company may never undergo a liquidity event such as a sale of the Company or an IPO. If neither the conversion of the Securities nor a liquidity event occurs, the Purchasers could be left holding the Securities in perpetuity. The Securities have numerous transfer restrictions and will likely be highly illiquid, with no secondary market on which to sell them. The Securities are not equity interests, have no ownership rights, have no rights to the Company's assets or profits and have no voting rights or ability to direct the Company or its actions.

Our future success depends on the efforts of a small management team. The loss of services of the members of the management team may have an adverse effect on the company. There can be no assurance that we will be successful in attracting and retaining other personnel we require to successfully grow our business.

the issuer. Discussion should be tailored to the issuer's business and the offering and should not repeat the factors addressed in the legends set forth above. No specific number of risk factors is required to be identified.

Ownership and Capital Structure

DESCRIPTION OF ISSUER'S SECURITIES

17. What other securities or classes of securities of the issuer are outstanding? Describe the material terms of any other outstanding securities or classes of securities of the issuer.

| Class of Security | Securities (or Amount) Authorized | Securities (or Amount) Outstanding | Voting Rights |
|-------------------|---|--|------------------|
| Common | 10,000,000 | 9,080,000 | Yes ▾ |

Class of Security Securities Reserved for Issuance upon Exercise or Conversion

Warrants: _____

Options: _____

24. Describe the material terms of any indebtedness of the issuer:

None.

INSTRUCTION TO QUESTION 24: name the creditor, amount owed, interest rate, maturity date, and any other material terms.

25. What other exempt offerings has the issuer conducted within the past three years?

| Offering Date | Exemption | Security Type | Amount Sold | Use of Proceeds |
|---------------|-------------------------|---------------|-------------|--------------------|
| 1/2021 | Section 4(a)(2) | SAFE | \$15,000 | General operations |
| 6/2021 | Section 4(a)(2) | SAFE | \$75,000 | General operations |
| 4/2022 | Regulation Crowdfunding | SAFE | \$121,411 | General operations |
| 9/2022 | Section 4(a)(2) | SAFE | \$50,000 | General operations |
| 2/2023 | Section 4(a)(2) | SAFE | \$200,000 | General operations |
| 8/2023 | Section 4(a)(2) | SAFE | \$10,000 | General operations |
| 9/2023 | Section 4(a)(2) | SAFE | \$25,000 | General operations |

26. Was or is the issuer or any entities controlled by or under common control with the issuer a party to any transaction since the beginning of the issuer's last fiscal year, or any currently proposed transaction, where the amount involved exceeds five percent of the aggregate amount of capital raised by the issuer in reliance on Section 4(a)(6) of the Securities Act during the preceding 12- month period, including the amount the issuer seeks to raise in the current offering, in which any of the following persons had or is to have a direct or indirect material interest:

- any director or officer of the issuer;
- any person who is, as of the most recent practicable date, the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power;
- if the issuer was incorporated or organized within the past three years, any promoter of the issuer;
- or any immediate family member of any of the foregoing persons.

☒ Yes
☐ No

For each transaction specify the person, relationship to issuer, nature of interest in

transaction, and amount of interest.

| | |
|-------------------------|-----------------|
| Name | Thu Ngoc Nguyen |
| Amount Invested | \$15,000.00 |
| Transaction type | Safe |
| Issue date | 01/12/21 |
| Valuation cap | \$2,500,000.00 |
| Relationship | Father-in-Law |

INSTRUCTIONS TO QUESTION 26: The term transaction includes, but is not limited to, any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships.

Beneficial ownership for purposes of paragraph (2) shall be determined as of a date that is no more than 120 days prior to the date of filing of this offering statement and using the same calculation described in Question 6 of this Question and Answer format.

The term "member of the family" includes any child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the person, and includes adoptive relationships. The term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.

Compute the amount of a related party's interest in any transaction without regard to the amount of the profit or loss involved in the transaction. Where it is not practicable to state the approximate amount of the interest, disclose the approximate amount involved in the transaction.

FINANCIAL CONDITION OF THE ISSUER

27. Does the issuer have an operating history?

☒ Yes
☐ No

28. Describe the financial condition of the issuer, including, to the extent material, liquidity, capital resources and historical results of operations.

Management's Discussion and Analysis of Financial Condition and Results of Operations

You should read the following discussion and analysis of our financial condition and results of operations together with our financial statements and the related notes and other financial information included elsewhere in this offering. Some of the information contained in this discussion and analysis, including information regarding the strategy and plans for our business, includes forward-looking statements that involve risks and uncertainties. You should review the "Risk Factors" section for a discussion of important factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in the following discussion and analysis.

Overview

Zing is building the next generation of drone operations

The idea occurred to me when I was out flying my drone one day. I looked down at the video feed to see a restaurant on one side of my screen and a neighborhood on the other side. I thought to myself, "What if I could pick up something from the restaurant, drop it off in that neighborhood, then fly home and swap out the battery?"

Zing is a platform that enables businesses to expand their reach with drone delivery. We enable licensed drone pilots to make deliveries for compensation with the same aircraft they already own and know how to fly. We build autonomous flight software and plug-and-play hardware that transforms the most common drones on the market into delivery drones.

In five years we would like to replace every ground vehicle carrying a single package with a drone in order to reduce traffic, increase efficiency, and help preserve the environment.

Milestones

Zing Drone Delivery Inc. was incorporated in the State of Delaware in June 2018.

Since then, we have:

- \$300K run rate in 2 months, growing 120% MoM
- Sold out 1st batch, \$80K in 5 months
- 600 unique customers, 350+ on waitlist
- Patent-pending hardware & automated software
- Partnered with Anheuser Busch, Brex, FAA & more

Historical Results of Operations

- *Revenues & Gross Margin.* For the period ended December 31, 2023, the Company had revenues of \$40,846.57 compared to the year ended December 31, 2022, when the Company had revenues of \$7,047.81. Our gross margin was 16.23% in fiscal year 2023, compared to 66.93% in 2022.
- *Assets.* As of December 31, 2023, the Company had total assets of \$28,719.41, including \$2,849.73 in cash. As of December 31, 2022, the Company had \$46,559.18 in total assets, including \$9,311.48 in cash.
- *Net Loss.* The Company has had net losses of \$160,286.77 and net losses of \$157,589.83 for the fiscal years ended December 31, 2023 and December 31, 2022, respectively.
- *Liabilities.* The Company's liabilities totaled \$3 for the fiscal year ended December 31, 2023 and \$0 for the fiscal year ended December 31, 2022.

Related Party Transaction

Refer to Question 26 of this Form C for disclosure of all related party transactions.

Liquidity & Capital Resources

To-date, the company has been financed with \$496,411 in SAFEs.

After the conclusion of this Offering, should we hit our minimum funding target, our projected runway is 12 months before we need to raise further capital.

We plan to use the proceeds as set forth in this Form C under "Use of Funds". We don't have any other sources of capital in the immediate future.

We will likely require additional financing in excess of the proceeds from the Offering in order to perform operations over the lifetime of the Company. We plan to raise capital in 9 months. Except as otherwise described in this Form C, we do not have additional sources of capital other than the proceeds from the offering. Because of the complexities and uncertainties in establishing a new business strategy, it is not possible to adequately project whether the proceeds of this offering will be sufficient to enable us to implement our strategy. This complexity and uncertainty will be increased if less than the maximum amount of securities offered in this offering is sold. The Company intends to raise additional capital in the future from investors. Although capital may be available for early-stage companies, there is no guarantee that the Company will receive any investments from investors.

Runway & Short/Mid Term Expenses

Zing Drone Delivery Inc. cash in hand is \$17,860.59, as of February 2024. Over the last three months, revenues have averaged \$15,000/month, cost of goods sold has averaged \$6,000/month, and operational expenses have averaged \$5,000/month, for an average net margin of \$4,000 per month.

We have achieved \$13K in revenue in January 2024 and \$25K in revenue so far in February 2024. We are experiencing significant week-over-week revenue growth and cash flow positivity. We have achieved profitability in the most recent months and have developed an IP roadmap that we project will lead to sustainable revenues that we can reinvest into the company. We are in a much better position now as an organization with patents pending on the deconfliction system for drones that we have created and have developed strategic partnerships that we project will enable us to capture a percentage of the last-mile delivery market. At the time of the \$2.5M valuation cap SAFEs we had only a few customers for our winch system. We now have over 500 customers for our new Remote ID product.

We are sourcing inventory for 3,500 units of Z-RID Lite and expect the

We are securing inventory for 3,000 units of Z-RID Lite and expect the total revenue to be between \$250,000 and \$320,000 for the next 3 - 6 months. We expect the expenses to be around \$180,000, mainly employee pay and manufacturing for 3,000 units of Z-RID Lite, which will generate gross revenue of around \$275,000.

We are currently cash flow positive. However, we are reinvesting all capital into additional manufacturing of our FAA-approved Z-RID Remote ID Broadcast Module product to capitalize on the upcoming FAA deadline in March.

Besides funds raised through Wefunder, additional sources of capital include revenue from Z-RID and Z-RID Lite sales and external angel investors. We intend to cover short-term burn with revenues generated from sales.

All projections in the above narrative are forward-looking and not guaranteed.

INSTRUCTIONS TO QUESTION 28: The discussion must cover each year for which financial statements are provided. For issuers with no prior operating history, the discussion should focus on financial milestones and operational, liquidity and other challenges. For issuers with an operating history, the discussion should focus on whether historical results and cash flows are representative of what investors should expect in the future. Take into account the proceeds of the offering and any other known or pending sources of capital. Discuss how the proceeds from the offering will affect liquidity, whether receiving these funds and any other additional funds is necessary to the viability of the business, and how quickly the issuer anticipates using its available cash. Describe the other available sources of capital to the business, such as lines of credit or required contributions by shareholders. References to the issuer in this Question 28 and these instructions refer to the issuer and its predecessors, if any.

FINANCIAL INFORMATION

29. Include financial statements covering the two most recently completed fiscal years or the period(s) since inception, if shorter:

Refer to [Appendix C, Financial Statements](#)

I, Ian Annase, certify that:

- (1) the financial statements of Zing Drone Delivery Inc. included in this Form are true and complete in all material respects ; and
- (2) the financial information of Zing Drone Delivery Inc. included in this Form reflects accurately the information reported on the tax return for Zing Drone Delivery Inc. filed for the most recently completed fiscal year.

Ian Annase
Founder & CEO

OTHER MATERIAL INFORMATION

31. In addition to the information expressly required to be included in this Form, include:

- (1) any other material information presented to investors; and
- (2) such further material information, if any, as may be necessary to make the required statements, in the light of the circumstances under which they are made, not misleading.

The Lead Investor. As described above, each Investor that has entered into the Investor Agreement will grant a power of attorney to make voting decisions on behalf of that Investor to the Lead Investor (the "Proxy"). The Proxy is irrevocable unless and until a Successor Lead Investor takes the place of the Lead Investor, in which case, the Investor has a five (5) calendar day period to revoke the Proxy. Pursuant to the Proxy, the Lead Investor or his or her successor will make voting decisions and take any other actions in connection with the voting on Investors' behalf.

The Lead Investor is an experienced investor that is chosen to act in the role of Lead Investor on behalf of Investors that have a Proxy in effect. The

Lead Investor will be chosen by the Company and approved by Wefunder Inc. and the identity of the initial Lead Investor will be disclosed to Investors before Investors make a final investment decision to purchase the securities related to the Company.

The Lead Investor can quit at any time or can be removed by Wefunder Inc. for cause or pursuant to a vote of investors as detailed in the Lead Investor Agreement. In the event the Lead Investor quits or is removed, the Company will choose a Successor Lead Investor who must be approved by Wefunder Inc. The identity of the Successor Lead Investor will be disclosed to Investors, and those that have a Proxy in effect can choose to either leave such Proxy in place or revoke such Proxy during a 5-day period beginning with notice of the replacement of the Lead Investor.

The Lead Investor will not receive any compensation for his or her services to the SPV. The Lead Investor may receive compensation if, in the future, Wefunder Advisors LLC forms a fund ("Fund") for accredited investors for the purpose of investing in a non-Regulation Crowdfunding offering of the Company. In such as circumstance, the Lead Investor may act as a portfolio manager for that Fund (and as a supervised person of Wefunder Advisors) and may be compensated through that role.

Although the Lead Investor may act in multiple roles with respect to the Company's offerings and may potentially be compensated for some of its services, the Lead Investor's goal is to maximize the value of the Company and therefore maximize the value of securities issued by or related to the Company. As a result, the Lead Investor's interests should always be aligned with those of Investors. It is, however, possible that in some limited circumstances the Lead Investor's interests could diverge from the interests of Investors, as discussed in section 8 above.

Investors that wish to purchase securities related to the Company through Wefunder Portal must agree to give the Proxy described above to the Lead Investor, provided that if the Lead Investor is replaced, the Investor will have a 5-day period during which he or she may revoke the Proxy. If the Proxy is not revoked during this 5-day period, it will remain in effect.

Tax Filings. In order to complete necessary tax filings, the SPV is required to include information about each investor who holds an interest in the SPV, including each investor's taxpayer identification number ("TIN") (e.g., social security number or employer identification number). To the extent they have not already done so, each investor will be required to provide their TIN within the earlier of (i) two (2) years of making their investment or (ii) twenty (20) days prior to the date of any distribution from the SPV. If an investor does not provide their TIN within this time, the SPV reserves the right to withhold from any proceeds otherwise payable to the Investor an amount necessary for the SPV to satisfy its tax withholding obligations as well as the SPV's reasonable estimation of any penalties that may be charged by the IRS or other relevant authority as a result of the investor's failure to provide their TIN. Investors should carefully review the terms of the SPV Subscription Agreement for additional information about tax filings.

INSTRUCTIONS TO QUESTION 30: If information is presented to investors in a format, media or other means not able to be reflected in text or portable document format, the issuer should include:

(a) a description of the material content of such information;

(b) a description of the format in which such disclosure is presented; and

(c) in the case of disclosure in video, audio or other dynamic media or format, a transcript or description of such disclosure.

ONGOING REPORTING

32. The issuer will file a report electronically with the Securities & Exchange Commission annually and post the report on its website, no later than:

120 days after the end of each fiscal year covered by the report.

33. Once posted, the annual report may be found on the issuer's website at:

<https://zingdrones.com/invest>

The issuer must continue to comply with the ongoing reporting requirements until:

1. the issuer is required to file reports under Exchange Act Sections 13(a) or 15(d);
2. the issuer has filed at least one annual report and has fewer than 300 holders of record;
3. the issuer has filed at least three annual reports and has total assets that do not exceed \$10 million;
4. the issuer or another party purchases or repurchases all of the securities issued pursuant to Section 4(a)(6), including any payment in full of debt securities or any complete redemption of redeemable securities; or the issuer liquidates or dissolves in accordance with state law.

Pursuant to the requirements of Sections 4(a)(6) and 4A of the Securities Act of 1933 and Regulation Crowdfunding (§ 227.100 et seq.), the issuer certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Annual Report and has duly caused this Form to be signed on its behalf by the duly authorized undersigned.

Zing Drone Delivery Inc.

By

Ian Annase

Founder & CEO

Pursuant to the requirements of Sections 4(a)(6) and 4A of the Securities Act of 1933 and Regulation Crowdfunding (§ 227.100 et seq.), this Annual Report and Transfer Agent Agreement has been signed by the following persons in the capacities and on the dates indicated.

Ian Annase

Founder & CEO

3/1/2024

The Annual Report must be signed by the issuer, its principal executive officer or officers, its principal financial officer, its controller or principal accounting officer and at least a majority of the board of directors or persons performing similar functions.

I authorize Wefunder Portal to submit a Annual Report to the SEC based on the information I provided through this online form and my company's Wefunder profile.

As an authorized representative of the company, I appoint Wefunder Portal as the company's true and lawful representative and attorney-in-fact, in the company's name, place and stead to make, execute, sign, acknowledge, swear to and file a Annual Report on the company's behalf. This power of attorney is coupled with an interest and is irrevocable. The company hereby waives any and all defenses that may be available to contest, negate or disaffirm the actions of Wefunder Portal taken in good faith under or in reliance upon this power of attorney.
