What the Family Carpool Experience
SHOULD Be

The Problem...

Every school day, 42 million American families drive a child to school.

That's a \$30B rideshare category that has no marketplace leader.

We created a platform where parents and guardians connect with local driving families that **already drive the same routes.**

- Background Check
- Members Match
- Members Meet In Person
- Members schedule affordable rides as needed

Serviceable Available Market (US population)

The global carpooling market is expected to reach \$21 billion by 2030, @ 14% annual growth.
