Offering Statement

Respond to each question in each paragraph of this part. Set forth each question and any notes, but not any instructions thereto, in their entirety. If disclosure in response to any question is responsive to one or more other questions, it is not necessary to repeat the disclosure. If a question or series of questions is inapplicable or the response is available elsewhere in the Form, either state that it is inapplicable, include a cross-reference to the responsive disclosure, or omit the question or series of questions.

Be very careful and precise in answering all questions. Give full and complete answers so that they are not misleading under the circumstances involved. Do not discuss any future performance or other anticipated event unless you have a reasonable basis to believe that it will actually occur within the foreseeable future. If any answer requiring significant information is materially inaccurate, incomplete or misleading, the Company, its management and principal shareholders may be liable to investors based on that information.

THE COMPANY

Raven Parris	Director of Clinical Operations	2021

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

INSTRUCTION TO QUESTION 5: For purposes of this Question 5, the term officer means a president, vice president, secretary, treasurer or principal financial officer, comptroller or principal accounting officer, and any person that routinely performing similar functions.

PRINCIPAL SECURITY HOLDERS

6. Provide the name and ownership level of each person, as of the most recent practicable date, who is the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power.

Alison Greenberg	1000000.0 common stock	73.6

INSTRUCTION TO QUESTION 6: The above information must be provided as of a date that is no more than 120 days prior to the date of filing of this offering statement.

To calculate total voting power, include all securities for which the person directly or indirectly has or shares the voting power, which includes the power to vote or to direct the voting of such securities. If the person has the right to acquire voting power of such securities within 60 days, including through the exercise of any option, warrant or right, the conversion of a security, or other arrangement, or if securities are held by a member of the family, through corporations or partnerships, or otherwise in a manner that would allow a person to direct or control the voting of the securities (or share in such direction or control — as, for example, a co-trustee) they should be included as being “beneficially owned.” You should include an explanation of these circumstances in a footnote to the “Number of and Class of Securities Now Held.” To calculate outstanding voting equity securities, assume all outstanding options are exercised and all outstanding convertible securities converted.

BUSINESS AND ANTICIPATED BUSINESS PLAN

7. Describe in detail the business of the issuer and the anticipated business plan of the issuer.

For a description of our business and our business plan, please refer to the attached **Appendix A, Business Description & Plan**

INSTRUCTION TO QUESTION 7: Wefunder will provide your company's Wefunder profile as an appendix (Appendix A) to the Form C in PDF format. The submission will include all Q&A items and “read more” links in an un-collapsed format. All videos will be transcribed.

This means that any information provided in your Wefunder profile will be provided to the SEC in response to this question. As a result, your company will be potentially liable for misstatements and omissions in your profile under the Securities Act of 1933, which requires you to provide material information related to your business and anticipated business plan. Please review your Wefunder profile carefully to ensure it provides all material information, is not false or misleading, and does not omit any information that would cause the information included to be false or misleading.

RISK FACTORS

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

8. Discuss the material factors that make an investment in the issuer speculative or risky:

Competitive prospects.

Even though we are pioneers in the maternal telehealth space, competition in digital health solutions for common pregnancy and postpartum conditions are arising every year. If we don't move quickly, we could be out-paced by later-comers.

As women, BIPOC, and LGBTQ+ founders, fundraising our next round may be more difficult than many due to discrimination. Our ability to grow the business may be dependent on raising more capital.

Our industry requires the attraction and retention of talented employees. Success in the health tech industry, does and will continue to require the acquisition and retention of highly talented and experienced individuals. Due to the growth in the market segment targeted, such individuals and the talent and experience they possess is in high demand. There is no guarantee that we will be able to attract and maintain access to such individuals. If we fail to attract, train, motivate and retain talented personnel, our business, financial condition, and operating results may be materially and adversely impacted, which could result in the loss of your entire investment.

We will most likely be subject to seasonality related to sales of our products. Our business is subject to substantial seasonal fluctuations—with September and January being the highest-spend months for healthcare in the US. Accordingly, our operating results may vary significantly from quarter to quarter.

As a platform operating in the healthcare space we are subject to government

regulations. Changes to those regulations over time may impact our business. If we fail to comply with government regulations our ability to operate may be diminished or removed entirely.

Our future success depends on the efforts of a small management team. The loss of services of the members of the management team may have an adverse effect on the company. There can be no assurance that we will be successful in attracting and retaining other personnel we require to successfully grow our business.

The Company may never receive a future equity financing and therefore the SAFEs may never convert to equity securities in the Company. In addition, the Company may never undergo a liquidity event such as a sale of the Company or an IPO. If neither a conversion of the SAFEs nor a liquidity event occurs, the Purchasers could be left holding the SAFEs in perpetuity. The SAFEs have numerous transfer restrictions and will likely be highly illiquid, with no secondary market on which to sell them. The SAFEs are not equity interests, have no ownership rights, have no rights to the Company's assets or profits and have no voting rights or ability to direct the Company or its actions.

INSTRUCTION TO QUESTION 8: Avoid generalized statements and include only those factors that are unique to the issuer. Discussion should be tailored to the issuer's business and the offering and should not repeat the factors addressed in the legends set forth above. No specific number of risk factors is required to be identified.

The term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.

Compute the amount of a related party's interest in any transaction without regard to the amount of the profit or loss involved in the transaction. Where it is not practicable to state the approximate amount of the interest, disclose the approximate amount involved in the transaction.

FINANCIAL CONDITION OF THE ISSUER

27. Does the issuer have an operating history?

☒ Yes
☐ No

28. Describe the financial condition of the issuer, including, to the extent material, liquidity, capital resources and historical results of operations.

Management's Discussion and Analysis of Financial Condition and Results of Operations

You should read the following discussion and analysis of our financial condition and results of operations together with our financial statements and the related notes and other financial information included elsewhere in this offering. Some of the information contained in this discussion and analysis, including information regarding the strategy and plans for our business, includes forward-looking statements that involve risks and uncertainties. You should review the "Risk Factors" section for a discussion of important factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in the following discussion and analysis.

Overview

Equitable tech-enabled healthcare for Moms nationwide

Maternal health in America is our life's work. From unmet needs due to shrinking standards of OB care to minimal prevention, women are underserved. Ours is the highest maternal mortality / morbidity rate of any nation in the developed world. Even well-off, insured women don't get the care they deserve. Our mission is to improve care for every body.

Ruth Health is a telehealth clinic and care hub for pregnancy / postpartum. With our providers' expertise, we partner with parents in their journey through pregnancy and beyond to make them an active participant in their health. In 2023, we pivoted to B2B, selling to remote patient monitoring platforms, telehealth clinics and health systems. We have also formed strategic relationships

hospitals, clinics, and health systems. We have also begun selling our evidence-based content about pregnancy and postpartum. Our services in Pelvic Training + Recovery, Lactation Support, C-Section Recovery, and Birth Navigators (texting direct with a Certified Doula anytime) increase access, affordability, and joy around birthing care. 100% of our patients would recommend us to a friend.

A fully integrated, wrap-around clinic supporting patients from prenatal to postpartum, and offered nationwide by employers, health systems like St. Barnabas Hospital in the Bronx, and aiming to work with state/local governments.

Milestones

Ruthless Co. was incorporated in the State of Delaware in May 2021.

Since then, we have:

- Secured top investors—\$3.2M in funding from Giant VC, YC, Techstars, UnitedHealthcare, Crista Galli
- 9 out of 10 patients would recommend—94 NPS score (Apple's: 51, Airbnb's: 74)
- Fast-growing traction: revenue up 60% in Sept 2022, nearly 300 patients to date, 2000+ lives covered B2B
- ~70% patient retention rate (industry standard=52%)
- Birth Navigators program expands access to doulas via text, promoting health equity
- In negotiations on first major content licensing deal with a multi-national in the mother/baby hardware and products space

The Company is subject to risks and uncertainties common to early-stage companies. Given the Company's limited operating history, the Company cannot reliably estimate how much revenue it will receive in the future.

Historical Results of Operations

Our company was organized in May 2021 and has limited operations upon which prospective investors may base an evaluation of its performance.

- *Revenues & Gross Margin.* For the period ended December 31, 2023, the Company had revenues of \$13,765.06 compared to the year ended December 31, 2022, when the Company had revenues of \$14,332.77. Our gross margin was -4887.79% in fiscal year 2023, compared to -14865.96% in 2022.
- *Assets.* As of December 31, 2023, the Company had total assets of \$182,756.18, including \$181,197.37 in cash. As of December 31, 2022, the Company had \$836,342.70 in total assets, including \$828,469 in cash.
- *Net Loss.* The Company has had net losses of \$673,741.19 and net losses of \$2,120,581.85 for the fiscal years ended December 31, 2023 and December 31, 2022, respectively.
- *Liabilities.* The Company's liabilities totaled \$908,231.81 for the fiscal year ended December 31, 2023 and \$956,462.26 for the fiscal year ended December 31, 2022.

Liquidity & Capital Resources

To-date, the company has been financed with \$750,000 in convertibles and \$2,425,000 in SAFES.

After the conclusion of this Offering, should we hit our minimum funding target, our projected runway is 8 months before we need to raise further capital or fold.

We have been using the proceeds as set forth in this Form C under "Use of Funds". We don't have any other sources of capital in the immediate future.

We will likely require additional financing or a boost in revenue in excess of the proceeds from the Offering in order to perform operations over the lifetime of the Company. We may raise capital in 3-5 months. Except as otherwise described in this Form C, we do not have additional sources of capital other than the proceeds from the offering. Because of the complexities and uncertainties in establishing a new business strategy, it is not possible to adequately project whether the proceeds of this offering will be sufficient to enable us to implement our strategy. This complexity and uncertainty will be increased if less than the maximum amount of securities offered in this offering is sold. The Company intends to raise additional capital in the future from investors. Although capital may be available for early-stage companies, there is no guarantee that the Company will receive any investments from investors.

Runway & Short/Mid Term Expenses

Ruthless Co. cash in hand is \$163,527.97, as of January 2024. Over the last three months, revenues have averaged \$1,036/month, cost of goods sold has averaged \$0/month, and operational expenses have averaged ~\$17,000/month, for an average burn rate of ~\$15,000-17,000 per month. Profitability is looking

less likely before runway runs out.

Since the date our financials cover we are reducing our burn rate (including decreasing headcount to one FT employee). Our burn rate is trending lower each month for the past 3 months, which means our runway is also extending. In the next 3 - 6 months we expect revenues to get to \$5k/MRR and expenses to stay flat or slightly lower.

We are not yet profitable. We plan on soliciting more licensing deals on content this year, which should also help bring more revenue through the door while we aim for health system and payer contracts.

In terms of other capital we have access to, we are exploring non-dilutive funding sources and government contracts. We are also contemplating venture debt. The future is uncertain.

All projections in the above narrative are forward-looking and not guaranteed.

INSTRUCTIONS TO QUESTION 28: The discussion must cover each year for which financial statements are provided. For issuers with no prior operating history, the discussion should focus on financial milestones and operational, liquidity and other challenges. For issuers with an operating history, the discussion should focus on whether historical results and cash flows are representative of what investors should expect in the future. Take into account the proceeds of the offering and any other known or pending sources of capital. Discuss how the proceeds from the offering will affect liquidity, whether receiving these funds and any other additional funds is necessary to the viability of the business, and how quickly the issuer anticipates using its available cash. Describe the other available sources of capital to the business, such as lines of credit or required contributions by shareholders. References to the issuer in this Question 28 and these instructions refer to the issuer and its predecessors, if any.

FINANCIAL INFORMATION

29. Include financial statements covering the two most recently completed fiscal years or the period(s) since inception, if shorter:

Refer to [Appendix C, Financial Statements](#)

I, Alison Greenberg, certify that:

- (1) the financial statements of Ruthless Co. included in this Form are true and complete in all material respects ; and
- (2) the financial information of Ruthless Co. included in this Form reflects accurately the information reported on the tax return for Ruthless Co. filed for the most recently completed fiscal year.

Alison Greenberg
CEO

OTHER MATERIAL INFORMATION

31. In addition to the information expressly required to be included in this Form, include:

- (1) any other material information presented to investors; and
- (2) such further material information, if any, as may be necessary to make the required statements, in the light of the circumstances under which they are made, not misleading.

The Lead Investor. As described above, each Investor that has entered into the Investor Agreement will grant a power of attorney to make voting decisions on behalf of that Investor to the Lead Investor (the "Proxy"). The Proxy is irrevocable unless and until a Successor Lead Investor takes the place of the Lead Investor, in which case, the Investor has a five (5) calendar day period to revoke the Proxy. Pursuant to the Proxy, the Lead Investor or his or her successor will make voting decisions and take any other actions in connection with the voting on Investors' behalf.

The Lead Investor is an experienced investor that is chosen to act in the role of Lead Investor on behalf of Investors that have a Proxy in effect. The Lead Investor will be chosen by the Company and approved by Wefunder Inc. and the identity of the initial Lead Investor will be disclosed to Investors before Investors make a final investment decision to purchase the securities related to the Company.

The Lead Investor can quit at any time or can be removed by Wefunder Inc. for

cause or pursuant to a vote of investors as detailed in the Lead Investor Agreement. In the event the Lead Investor quits or is removed, the Company will choose a Successor Lead Investor who must be approved by Wefunder Inc. The identity of the Successor Lead Investor will be disclosed to Investors, and those that have a Proxy in effect can choose to either leave such Proxy in place or revoke such Proxy during a 5-day period beginning with notice of the replacement of the Lead Investor.

The Lead Investor will not receive any compensation for his or her services to the SPV. The Lead Investor may receive compensation if, in the future, Wefunder Advisors LLC forms a fund ("Fund") for accredited investors for the purpose of investing in a non-Regulation Crowdfunding offering of the Company. In such a circumstance, the Lead Investor may act as a portfolio manager for that Fund (and as a supervised person of Wefunder Advisors) and may be compensated through that role.

Although the Lead Investor may act in multiple roles with respect to the Company's offerings and may potentially be compensated for some of its services, the Lead Investor's goal is to maximize the value of the Company and therefore maximize the value of securities issued by or related to the Company. As a result, the Lead Investor's interests should always be aligned with those of Investors. It is, however, possible that in some limited circumstances the Lead Investor's interests could diverge from the interests of Investors, as discussed in section 8 above.

Investors that wish to purchase securities related to the Company through Wefunder Portal must agree to give the Proxy described above to the Lead Investor, provided that if the Lead Investor is replaced, the Investor will have a 5-day period during which he or she may revoke the Proxy. If the Proxy is not revoked during this 5-day period, it will remain in effect.

Tax Filings. In order to complete necessary tax filings, the SPV is required to include information about each investor who holds an interest in the SPV, including each investor's taxpayer identification number ("TIN") (e.g., social security number or employer identification number). To the extent they have not already done so, each investor will be required to provide their TIN within the earlier of (i) two (2) years of making their investment or (ii) twenty (20) days prior to the date of any distribution from the SPV. If an investor does not provide their TIN within this time, the SPV reserves the right to withhold from any proceeds otherwise payable to the Investor an amount necessary for the SPV to satisfy its tax withholding obligations as well as the SPV's reasonable estimation of any penalties that may be charged by the IRS or other relevant authority as a result of the investor's failure to provide their TIN. Investors should carefully review the terms of the SPV Subscription Agreement for additional information about tax filings.

INSTRUCTIONS TO QUESTION 30: If information is presented to investors in a format, media or other means not able to be reflected in text or portable document format, the issuer should include:

- (a) a description of the material content of such information;*
- (b) a description of the format in which such disclosure is presented; and*
- (c) in the case of disclosure in video, audio or other dynamic media or format, a transcript or description of such disclosure.*

ONGOING REPORTING

32. The issuer will file a report electronically with the Securities & Exchange Commission annually and post the report on its website, no later than:

120 days after the end of each fiscal year covered by the report.

33. Once posted, the annual report may be found on the issuer's website at:

<http://www.ruthhealth.com/invest>

The issuer must continue to comply with the ongoing reporting requirements until:

1. the issuer is required to file reports under Exchange Act Sections 13(a) or 15(d);
2. the issuer has filed at least one annual report and has fewer than 300 holders of record;
3. the issuer has filed at least three annual reports and has total assets that do not exceed \$10 million;
4. the issuer or another party purchases or repurchases all of the securities issued pursuant to Section 4(a)(6), including any payment in full of debt securities or any complete redemption of redeemable securities; or the issuer liquidates or dissolves in accordance with state law.
