Please respond to these comments within ten business days by providing the requested information or advise us as soon as possible when you will respond. If you do not believe our comments apply to your facts and circumstances, please tell us why in your response.

Form 10-K for the Fiscal Year Ended December 31, 2022

Risk Factors , page 24

1. We note you provided risk factor disclosures in the Preliminary Proxy Statements filed on April 20, 2023 and April 28, 2023 to explain that you would likely be considered a “foreign person” under the regulations administered by the Committee on Foreign Investment in the United States (CFIUS), because your Sponsor is “controlled” by one or more foreign persons, such that the Sponsor’s involvement in any business combination may be a “covered transaction.” Please provide similar risk factor disclosures in your periodic reports, having a clear focus on the prospect of completing your initial business combination and the concerns referenced in each of the following points.
 - Discuss the risk to investors that you may not be able to complete an initial business combination with a U.S. target company if the transaction becomes subject to review by a U.S. government entity, such as the Committee on Foreign Investment in the United

States (CFIUS), or ultimately prohibited.

- Explain that as a result, the pool of potential targets with which you could complete an initial business combination may be limited.
- Explain that the time necessary for government review of the transaction or a decision to prohibit the transaction could prevent you from completing an initial business combination and require you to liquidate.
- Discuss the consequences of liquidation to investors, such as the losses of the investment opportunity in a target company, any price appreciation in the combined company, and the warrants that would expire worthless.

Please submit the disclosures that you propose to include in your periodic reports.

Exhibits, Financial Statement Schedules, page 80

2. We note that the certifications you have filed as exhibits 31.1 and 31.2 with your annual report and subsequent interim report do not include all of the language regarding internal controls over financial reporting that is prescribed by Item 601(b)(31) of Regulation S-K. For example, the certifications filed with your annual report omit required language from the introductory portion of paragraph 4, while the certifications filed with your interim report omit required language from paragraph 4(b).

Please file amendments to your Form 10-K and subsequent interim report on Form 10-Q to include certifications from your Chief Executive and Chief Financial officers having all of the required language. Your amendments should each also include an explanatory note and updated signature pages along with all required content.

In closing, we remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff.

You may contact Yong Kim, Staff Accountant, at 202-551-3323 or Gus Rodriguez, Staff Accountant, at 202-551-3752 with any questions.

Sincerely,
