CIK No. 0001897532

Dear Ms. Li:

We have reviewed your draft registration statement and have the following comments. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure.

Please respond to this letter by providing the requested information and either submitting an amended draft registration statement or publicly filing your registration statement on EDGAR. If you do not believe our comments apply to your facts and circumstances or do not believe an amendment is appropriate, please tell us why in your response.

After reviewing the information you provide in response to these comments and your amended draft registration statement or filed registration statement, we may have additional comments.

Draft Registration Statement on Form F-1 submitted December 21, 2021

General

1. Many of the comments contained in this letter have numerous components. To facilitate the staff's analysis of your disclosure, your response letter should separate each comment and component and reproduce the disclosure and the specific location in your prospectus where you believe the SEC's concern is addressed.

Cover Page

2. Please disclose prominently on the prospectus cover page that you are not a Chinese operating company but a Cayman Islands holding company with operations conducted by your subsidiaries based in China and that this structure involves unique risks to investors. Provide a cross-reference to your detailed discussion of risks facing the company and the offering as a result of this structure.
3. Provide prominent disclosure about the legal and operational risks associated with being based in or having the majority of the company's operations in China. Your disclosure should make clear whether these risks could result in a material change in your operations and/or the value of the securities you are registering for sale or could significantly limit or completely hinder your ability to offer or continue to offer securities to investors and cause the value of such securities to significantly decline or be worthless. Your disclosure should address how recent statements and regulatory actions by China's government, such as those related to the use of variable interest entities and data security or anti-monopoly concerns, have or may impact the company's ability to conduct its business, accept foreign investments, or list on a U.S. or other foreign exchange. Please disclose whether your auditor is subject to the determinations announced by the PCAOB on December 16, 2021 and whether and how the Holding Foreign Companies Accountable Act and related regulations will affect your company. Your prospectus summary should address, but not necessarily be limited to, the risks highlighted on the prospectus cover page.
4. Clearly disclose how you will refer to the holding company, subsidiaries, and other entities when providing the disclosure throughout the document so that it is clear to investors which entity the disclosure is referencing and which subsidiaries or entities are conducting the business operations. Refrain from using terms such as "we" or "our" when describing activities or functions of a subsidiary or other entities. Disclose clearly the entity (including the domicile) in which investors are purchasing an interest.
5. Provide a description of how cash is transferred through your organization and disclose your intentions to distribute earnings or settle amounts owed under your agreements. State whether any transfers, dividends, or distributions have been made to date.

Prospectus Summary, page 1

6. Disclose each permission or approval that you, or your subsidiaries are required to obtain from Chinese authorities to operate your business and to offer the securities being registered to foreign investors. State whether you or your subsidiaries are covered by permissions requirements from the China Securities Regulatory Commission (CSRC), Cyberspace Administration of China (CAC) or any other governmental agency that is required to approve your or your subsidiaries' operations, and state affirmatively whether you have received all requisite permissions or approvals and whether any permissions or approvals have been denied. Please also describe the consequences to you and your investors if you or your subsidiaries: (i) do not receive or maintain such permissions or

approvals, (ii) inadvertently conclude that such permissions or approvals are not required, or (iii) applicable laws, regulations, or interpretations change and you are required to obtain such permissions or approvals in the future.

7. Provide a clear description of how cash is transferred through your organization. Disclose your intentions to distribute earnings or settle amounts owed under your operating structure. Quantify any cash flows and transfers of other assets by type that have occurred between the holding company and its subsidiaries, and direction of transfer. Quantify any dividends or distributions that a subsidiary has made to the holding company and which entity made such transfer, and their tax consequences. Similarly quantify dividends or distributions made to U.S. investors, the source, and their tax consequences. Your disclosure should make clear if no transfers, dividends, or distributions have been made to date. Describe any restrictions on foreign exchange and your ability to transfer cash between entities, across borders, and to U.S. investors. Describe any restrictions and limitations on your ability to distribute earnings from the company your businesses, including your subsidiaries, to the parent company and U.S. investors as well as the ability to settle amounts owed under agreements.

Risks Relating to Doing Business in China, page 4

8. In your summary of risk factors, disclose the risks that your corporate structure and being based in or having the majority of the company's operations in China poses to investors. In particular, describe the significant regulatory, liquidity, and enforcement risks with cross-references to the more detailed discussion of these risks in the prospectus. For example, specifically discuss risks arising from the legal system in China, including risks and uncertainties regarding the enforcement of laws and that rules and regulations in China can change quickly with little advance notice; and the risk that the Chinese government may intervene or influence your operations at any time, or may exert more control over offerings conducted overseas and/or foreign investment in China-based issuers, which could result in a material change in your operations and/or the value of the securities you are registering for sale. Acknowledge any risks that any actions by the Chinese government to exert more oversight and control over offerings that are conducted overseas and/or foreign investment in China-based issuers could significantly limit or completely hinder your ability to offer or continue to offer securities to investors and cause the value of such securities to significantly decline or be worthless.
9. Disclose that trading in your securities may be prohibited under the Holding Foreign Companies Accountable Act if the PCAOB determines that it cannot inspect or fully investigate your auditor, and that as a result an exchange may determine to delist your securities. Disclose whether your auditor is subject to the determinations announced by the PCAOB on December 16, 2021.

Risks Related to Doing Business in China, page 15

10. Given the Chinese government's significant oversight and discretion over the conduct of

your business, please revise to highlight separately the risk that the Chinese government may intervene or influence your operations at any time, which could result in a material change in your operations and/or the value of the securities you are registering. Also, given recent statements by the Chinese government indicating an intent to exert more oversight and control over offerings that are conducted overseas and/or foreign investment in China-based issuers, acknowledge the risk that any such action could significantly limit or completely hinder your ability to offer or continue to offer securities to investors and cause the value of such securities to significantly decline or be worthless.

11. In light of recent events indicating greater oversight by the Cyberspace Administration of China (CAC) over data security, particularly for companies seeking to list on a foreign exchange, please revise your disclosure to explain how this oversight impacts your business and your offering and to what extent you believe that you are compliant with the regulations or policies that have been issued by the CAC to date.

Our Shares may be prohibited from being traded on a national exchange, page 16

12. We note your disclosure about the Holding Foreign Companies Accountable Act. Please expand your risk factors to disclose that the United States Senate has passed the Accelerating Holding Foreign Companies Accountable Act, which, if enacted, would decrease the number of “non-inspection years” from three years to two years, and thus, would reduce the time before your securities may be prohibited from trading or delisted. Update your disclosure to reflect that the Commission adopted rules to implement the HFCAA and that, pursuant to the HFCAA, the PCAOB has issued its report notifying the Commission of its determination that it is unable to inspect or investigate completely accounting firms headquartered in mainland China or Hong Kong.

Certain Relationships and Related-Party Transactions, page 83

13. Please ensure that you have provided the required disclosure for transactions with related parties for the period since the beginning of your last three fiscal years up to the date of the registration statement. In this regard, we note the disclosure in this section about amounts as of September 30, 2021.

Signatures, page II-3

14. Please indicate below the second paragraph of text required on the Form F-1 Signatures page who is signing your document in the capacity of controller or principal accounting officer.
