ANTIOXIDANT RICH SUPERFOOD & BULK INGREDIENT

Now you can literally “Eat Your Wine”™... RayZyn® is seeded wine raisins® - think wine grape varietal wine raisins® (Cabernet, Merlot, Chardonnay) that have been hand harvested at their peak, then specially dried on the vine via a patent pending process to concentrate the nutrients inside the fruit all while caramelizing the grape’s antioxidant rich seed.

There are 3 varietals of RayZyns: CabernayZyn®, MerlayZyn®, ChardonayZyn®. Each RayZyn’s flavor profile possesses a unique richness and complexity. The flavors are a product of the varietal, soil and climate.
