Notes to Financial Statements (in thousands)

December 31, 2022

1. Nature of Operations, Basis of Presentation, Summary of Significant Accounting Policies and New Accounting Standards

Nature of Operations

Lincoln Financial Distributors, Inc. (“LFD” or the “Company,” which also may be referred to as “we,” “our” or “us”) is a registered broker-dealer that is engaged in the business of wholesaling and marketing financial services products, such as mutual funds, variable life insurance, and variable annuities through financial intermediaries, such as stock brokerage firms, banks, and independent insurance agencies. LFD also receives commissions from affiliated insurance companies via intercompany transfers. LFD does not solicit or sell products directly to the general public. LFD is licensed to engage in broker-dealer activity throughout the United States. LFD is a wholly owned subsidiary of The Lincoln National Life Insurance Company (“LNL”), which is a wholly owned subsidiary of Lincoln National Corporation (“LNC”).

Basis of Presentation

The accompanying financial statements are prepared in accordance with United States of America generally accepted accounting principles (“GAAP”). Certain GAAP policies, which are summarized below, significantly affect the determination of financial position, results of operations and cash flows. Additionally, uncertainties, including those associated with the COVID-19 pandemic, may impact our estimates and the determination of financial condition, results of operations and cash flows.

The Company and other affiliated entities that provide services to the Company are under common ownership and management control. The existence of this control could result in the Company’s financial position being significantly different from those that would have been obtained if the Company were autonomous.

The Company operates in one reportable segment given the similarities of all the products and services provided.

Summary of Significant Accounting Policies

Accounting Estimates and Assumptions

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions affecting the reported amounts of assets and liabilities and the disclosures of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenues and expenses for the reporting period. Those estimates are inherently subject to change and actual results could differ from those estimates.

Lincoln Financial Distributors, Inc.

Notes to Financial Statements (continued)

1. Nature of Operations, Basis of Presentation, Summary of Significant Accounting Policies and New Accounting Standards (continued)

Cash and Invested Cash

Cash and invested cash is carried at cost and includes all highly liquid investments purchased with an original maturity of three months or less.

Commission and Fee Revenue and Expense

LFD is the principal underwriter for the wholesale distribution of all variable life and annuity products of LNL and Lincoln Life & Annuity Company of New York (“LLANY”). We recognize all commission and fee revenue and corresponding commission expense for the distribution of these products. The selling costs related to the distribution of these products are then passed on to LNL who, through the processing and services agreements, pays the commissions on LFD’s behalf.

LFD also recognizes wholesaling revenue on 12b-1 fees received from separate account fund sponsors as compensation for distributing the underlying mutual funds. These 12b-1 fees are passed on to LNL to offset wholesale distribution expenses incurred on LFD’s behalf. The 12b-1 fees received from separate account fund sponsors amounted to \$320,645 in 2022. These fees are included in commissions and fees from third parties to the extent expense is incurred on the Statement of Income. All other commission and fee revenue amounts are received from affiliates.

Given the similarities of the revenue earned, the company categorizes all revenue in one source: distribution and wholesaling revenue. See Note 2 for more information on revenue recognized from contracts with customers.

Income Taxes

LNC files a U.S. consolidated income tax return that includes all eligible subsidiaries, including LFD and LNL. Pursuant to an intercompany tax-sharing agreement with LNL, LFD provides for income taxes on a separate return filing basis. The tax-sharing agreement also provides that LFD will receive benefit for net operating losses, capital losses, and tax credits, which may not be usable on a separate return basis to the extent such items may be utilized in the consolidated federal income tax returns of LNC.

Deferred income taxes are recognized, based on enacted rates, when assets and liabilities have different values for financial statement and tax reporting purposes. A valuation allowance is recorded to the extent required. Considerable judgment and the use of estimates are required in determining whether a valuation allowance is necessary and, if so, the amount of such valuation allowance. See Note 3 for additional information.

Lincoln Financial Distributors, Inc.

Notes to Financial Statements (continued)

1. Nature of Operations, Basis of Presentation, Summary of Significant Accounting Policies and New Accounting Standards (continued)

Adoption of New Accounting Standards

All new Accounting Standards Updates issued by the Financial Accounting Standards Board (“FASB”) were assessed and determined to be either not applicable or insignificant in presentation or amount.

2. Revenues from Contracts with Customers

The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Company’s progress under the contract; and whether constraints on variable consideration should be applied due to uncertain future events.

Distribution and Wholesaling Revenue

Commission revenue primarily represents revenues generated for the distribution of affiliated variable insurance products. Commission revenue transactions are recorded on a trade-date basis as performance obligations are met and satisfied when the underlying customer asset or purchaser is identified, the pricing is agreed upon and the risks and rewards of ownership have been transferred to/from the customer.

The commission revenue primarily consists of both sales-based commission revenue and trailing commission revenue recognized at a point in time and over time, respectively. The transaction price calculation for sales-based commission revenue is usually defined in the contract or prospectus and is based on a percentage of sales or assets or some combination of both. The transaction price calculation for trailing commission revenue is based on a contractual percentage of the market value of customer asset holdings at the end of a contractually defined measurement period. The sales-based and trailing commission revenues were \$447,493 and \$1,053,382 for the year ended December 31, 2022.

Lincoln Financial Distributors, Inc.

Notes to Financial Statements (continued)

3. Income Taxes

LFD had current federal income tax expense of \$36, and a current tax liability of \$13. LFD had no deferred federal income tax expense, and no deferred tax liability. LFD had no uncertain tax positions for year ended December 31, 2022.

The LNC consolidated group is subject to examination by U.S. federal, state, local and non-U.S. income authorities. With few exceptions for limited scope review, the Company is no longer subject to U.S. federal examinations for years before 2019. In the first quarter 2021 the Internal Revenue Service (IRS) commenced an examination of the Company's refund claims for 2014 and 2015 that is anticipated to be completed by the end of 2023.

We recognize interest and penalties accrued, if any, related to unrecognized tax benefits as a component of tax expense. For the year ended December 31, 2022, we recognized no interest and penalty related to uncertain tax positions. There was no accrued interest and penalty expense related to the unrecognized tax benefits as of December 31, 2022.

4. Agreements and Transactions with Affiliates

In order to be compliant with the Financial Industry Regulatory Authority ("FINRA") rules regarding proper expense recognition and expense-sharing agreements, LFD has entered into various cost-sharing agreements with affiliates. Amounts due from affiliates primarily represent amounts due to LFD for the settlement of general and administrative expenses, and taxes and fees, as stipulated in the Master Services Agreement. Amounts due to affiliates primarily represent amounts due to LNL related to separate account 12b-1 fees as well as intercompany cost and tax-sharing agreements.

5. Contingencies

Regulatory and Litigation Matters

Regulatory bodies, such as the Securities and Exchange Commission ("SEC") and FINRA, regularly make inquiries and conduct examinations or investigations concerning our compliance with, among other things, securities laws and laws governing the activities of broker-dealers and registered investment advisers. While LFD is involved in various pending or threatened legal proceedings arising from the conduct of business either in the ordinary course or otherwise, such legal expenses are a part of our affiliate cost-sharing agreements. Based on information currently known by management, management does not believe any such charges are likely to have a material adverse effect on LFD's financial condition.

Lincoln Financial Distributors, Inc.

Notes to Financial Statements (continued)

6. Net Capital Requirements

LFD operates under the alternative standard provisions of the SEC Uniform Net Capital Rule (Rule 15c3-1), which requires the minimum net capital to be the greater of \$250 or 2% of aggregate debit items computed in accordance with the SEC Customer Protection Rule (Rule 15c3-3) reserve requirements. Our operations do not include the physical handling of securities or the maintenance of open customer accounts; therefore, there are no reserve provisions pursuant to Rule 15c3-3. Accordingly, our minimum net capital requirement is \$250.

	December 31, 2022
Minimum net capital requirement	\$ 250
Net capital	3,555
Excess net capital	<u>\$ 3,305</u>

7. Subsequent Events

The Company has evaluated subsequent events for recognition and disclosure through the date the financial statements were issued.
