LEAD INVESTOR

Tijani Imam Finance Manager

I plan to invest in Bloomcatch Inc due to friendship and former colleague of mine Ray Magee (CEO/Founder) based on the individual I have known for such a long time since our college days working together. His passion for life, family, and his interest was something that I shared with him when we worked together back then while in school and also becoming more than just a colleague to become great friends that I could reach out to whenever and he was always willing to help lend a helping hand. After doing some research, his passion to share this new opportunity with the world, his family and friends shows me how much work he is putting into growing a successful business. And from what I know of Ray, he strives to be the best and motivate others through the relationships built from meeting new people and networking with people not only in the industry but people outside of it, to garner such interest in the new company/technology that Bloomcatch Inc is developing.

Invested \$1,000 this round

Highlights

- 1 🌱 Recently sprouted in December 2020 and currently used all over the U.S.

- 6 🏢 Chief Technology Officer is a solutions architect with experience from start-ups to Fortune 50 companies
- 7 🏆 Award-Winning Director that has worked with Discovery Channel, ESPN, Fox, PBS, and many others

Our Team

Raymond Magee CEO/Founder

Successfully prelaunched the product in December 2020. Successful Kickstarter campaign from friends and family. Successful acquisition of lead investor, Virginia Innovation Partnership Corporation.

This idea came about on a walk through a marsh with my kids. I wanted to find a way to help people answer a simple question easily and efficiently. I care because as a parent it is important to me that the next generation have a deep understanding and appreciation of nature.

Radu Grama Chief Technology Officer

Successfully prelaunched the app on the app store and google playstore in December 2020. Completely rebuilt the product (front and back-end) during the pandemic to ensure it can scale successfully.

Dara Padwo-Audick Director of Marketing & Communications

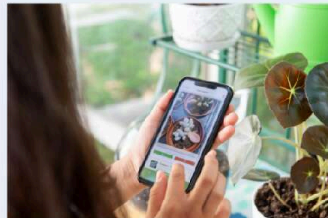

Successfully revamped the entire company's website and created a funnel for new user acquisition. Successfully grew the company's online following from 60 members to over 1000.

Bloomcatch Deck

BloomCatch

The One-Stop-Shop
for Plant Parents

ALL RIGHTS RESERVED

The Challenge

Finding good and local plant deals...

...and then keeping those plants alive

Bloomcatch Inc

SOLUTION

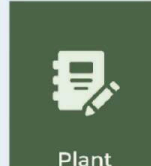

Bloomcatch connects plant shops to plant parents and provides identification, plant care, and E-commerce in a single platform

Bloomcatch Inc

HOW IT WORKS

E-Commerce with local plant sellers using API	Plant ID using AI technology	Plant Care guidance from certified experts	Journal share with your friends!
---------------------------------------------------------	----------------------------------------	------------------------------------------------------	--------------------------------------------

Bloomcatch Inc

BUSINESS MODEL Customers

Users identify plants and connect to local plant shops for free

Celebrating 50 Years

Access to plant care guidance and plant experts costs users up to \$15 with a portion going back to local charities.

Bloomcatch Inc

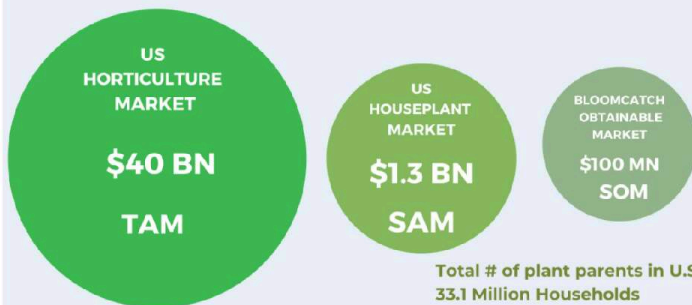

BUSINESS MODEL Businesses

Digital storefront: Plant Shops will list on Bloomcatch app for e-commerce sales for listing fee of \$200 and a total transaction fee of 1%.
