(D) The Company's Business and Business Plan

Traction & Validation

We aim to solve three market problems:

- 1. There is an uncaptured part of the market share in North America, underserved consumer base. 2. There are no black-owned coffee chains in North America, no minority not women-owned chains. 3. No ambiance or experience like our coffee bar, no coffee bars dedicated specifically to hip hop music.
- Why hip hop? Hip-Hop/ RnB increased its market share of total album sales in 2020 according to MRC Data and claimed a third of all streams in the US. The global hip-hop market is worth over 15 billion dollars since 2016 and estimated to increase by an average of over 4 Billion through the year 2021.

Our Mission

Our mission is to “brew, inspire and impact” our community through brewing sustainably-sourced coffee and providing a platform for the creatives in art and music. Our entire menu and offerings will be sourced from women or minority owned businesses to align with La Morena's mission to strengthen, create income and cycles of wealth for women/minority owned businesses through exclusive vendor partnerships.

- We have partnered with Little Waves Roaster as our main coffee supplier which is a women-led, minority owned coffee roaster.
- Little Waves is the 2022 Roast Magazine Roaster of the Year!
- For baked goods we are partnering with Barnes Treats, a small minority owned business in Houston, TX.

La Morena Business Model

- Instore sales: we will sell popular & classic coffee beverages along with our specialty coffee boozy milkshakes.
- Happy hour sales: we will host happy hours specials at our bar from 4pm to 7pm daily with live DJ sets and curated playlists.
- Event sales: In collaboration with out catering vendors, we will host monthly brunches, open mic nights, intimate music shows by local artists and rent out our space for private event rentals.
- Merchandise sales: we will have hip-hop merchandise/apparel, specialty coffee, coffee mugs, and trap flatware.

Our Story

La Morena Coffee Bar and Music House strives to give coffee lovers and hip-hop fanatics the best of both cultures. We are not your ordinary coffee bar.

- We take it up a notch: From Brews to Beats. We're creating a hip-hop immersed environment with curated playlists and paying homages to the great lyrics and artists of the culture. We will support women or minority-owned vendors to source hand-picked, brewed coffee and baked goods.

If a material change occurs after you make an investment commitment but before the Offering closes, then the Company will notify you and ask whether you want to invest anyway. If you do not affirmatively choose to invest, then your commitment will be cancelled, your funds will be returned to you, and you will not receive any securities.

(L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as “Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

(M) Terms of the Securities

Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

Summary of Terms

Revenue Percentage ¹	3.0 - 6.4% ²
Payment Deadline	2027-01-01
Maximum Payment Multiple	1.6 x
Sharing Start Date	The first day after disbursement that the company has revenues greater than one (\$1) dollar
First Payment Date	The last day of the calendar quarter ending not less than 90 days after the Sharing Start Date
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	1.3%

¹ as defined in the note agreement included in Appendix A

² The rate of revenue sharing is calculated on a linear scale with a minimum rate of 3.0% and a maximum rate of 6.4% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$50,000	3.0%
\$64,250	3.9%
\$78,500	4.7%
\$92,750	5.6%
\$107,000	6.4%

Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company’s offering page.

Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company's consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

Other Classes of Securities

Name of Security	Limited Liability Company Interests
Number of Shares Outstanding	N/A
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	N/A
How these securities differ from the revenue sharing notes being offered to investors	Limited Liability Company Interests are an equity interest, whereas Revenue Sharing Notes are a debt obligation of the Company.

Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company

could issue promissory notes that are secured by specific property of the Company.

The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
Tamramarie Bevill	100%

How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

(N) The Funding Portal

The Company is offering its securities through MainVest, Inc., which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. MainVest Inc.'s Central Index Key (CIK) number is 0001746059, their SEC File number is 007-00162, and their Central Registration Depository (CRD) number is 298384.

(O) Compensation of the Funding Portal

Upon successful funding of the Offering, the Funding Portal will receive as the "Revenue Securement Fee"; 3.0% of the amount of the Offering raised by In-Network Users of the Platform plus 9.0% of the amount of the Offering raised by all other investors. "In-Network Users" means a user of Mainvest.com who who have utilized the Company's specified in-network link on the Site.
