Experience

Chief Information Security Officer
Happioh Inc. · Full-time
Oct 2021 - Present · 5 mos

In my role as CISO at Happioh I am responsible for developing and implementing an information security program, which includes procedures and policies designed to protect enterprise communications, systems and assets from both internal and external threats. ...see more

Project Manager
Runway Software · Full-time
Feb 2021 - Present · 1 yr 1 mo

Director of Sales
NotTheFed · Part-time
Mar 2018 - Present · 4 yrs

At NotTheFed I meet with potential clients, describe our service offerings, and manage client relationships. NotTheFed is a boutique security consultancy which performs penetration testing and simulated phishing attacks for our clients. I manage an international team of remote subject matter experts tasked with discovering and resolving security issues. Another part of my responsibilities at NotTh ...see more

Sr. Project Manager
InTec, LLC · Full-time
Apr 2019 - Feb 2021 · 1 yr 11 mos

Education

Oregon Institute of Technology
CSET, Computer Software Engineering Technology
1996 - 1998

Activities and societies: IEEE

I attended Oregon Institute of Technology. The things I spent time and energy researching were; artificial intelligence (and its future and current applications - case based reasoning was the hot thing in AI at the time), crypt-analysis (and automating old hand done cipher systems), and practical attacks on networks, phones, and operating systems (the vulnerabilities I was exploiting and techniques I u ...see more

The Art Institutes
N/A, Culinary Arts/Chef Training
2009 - 2009

Grade: N/A

Activities and societies: Earned ServSafe Certification with a score of 97%

Studied culinary arts as part of a retraining program after being laid off from Microsoft.
I was told my knife handling skills were exemplary.

Southern Oregon University
Management of Information Technologies: Network Engineering / Telecommunications
1998 - 2000

Activities and societies: I was accepted to SOU School of Business, studied management, business processes, corporate accounting, and marketing in addition to my studies within my major (Computer Science). ...see more
