Hi Libby,

Thanks again for meeting this morning! Always love getting to catch up with. [Here](#) is the lead investor document and [here](#) is the link to our Wefunder page.

Again, we are excited about your interest in participating regardless, but we do think extremely highly of you and would be honored to have you in this role. Please let me know if you have any questions!

In regards to sending over to your Quorum friends, if you could hold off for a few days so I can make sure our closest friends and family are able to get in, I would greatly appreciate it. There should be enough room, but just in case!

This "testing the waters" phase that we are in has a legal disclosure that accompanies it. You can view it [here](#).

Cheers,

Marc LaManque

Hi Dikran,

I hope your week is off to a great start! I know it has been a minute since our calls over Zoom, and we have really appreciated your kind emails in response to our monthly updates. I am reaching out with some exciting news: we are launching a community fundraising round! And it has just kicked off. You have been a huge help to us along our journey, and we wanted to make sure we provide an opportunity for you to have ownership in Cadenzo!

We are using a platform called Wefunder which allows anyone and everyone to invest in our company. You can access our campaign at www.wefunder.com/cadenzo, and the process takes less than 10 minutes from start to finish! This round gives us the power to do 2 things:

1. Ramp up our marketing and engineering efforts to meet demand as we move out of beta.
2. Allow our friends and families to be the first investors in Cadenzo.

I know making an investment is a big deal (it is a big deal for us as well!), so please reach out with any questions or concerns. Also, feel free to schedule a meeting with me [here](#).

Best,

Marc LaManque

P.S. Because we have not yet officially filed with the SEC, we are required to provide [this disclosure](#)!

Hi Dustin,

Hope your week is off to a great start! First and foremost, we must schedule a catch up at Vintage Wine Bar. Thursdays are definitely a possibility (I know you mentioned that when I saw you earlier this week) so let me know if next Thursday sounds good to you!

Also, I am reaching out about Cadenzo's friends and family round we have just kicked off. I mentioned it earlier this year, and am following up with more information! You have been a huge help and mentor to me since we met in 2020, and I want to make sure we provide an opportunity for you to have ownership in Cadenzo!

We are using a platform called Wefunder which allows anyone and everyone to invest in our company. You can access our campaign at www.wefunder.com/cadenzo, and the process takes less than 10 minutes from start to finish! This round gives us the power to do 2 things:

1. Ramp up our marketing and engineering efforts to meet demand as we move out of beta.
2. Allow our friends and families to be the first investors in Cadenzo.

I know making an investment is a big deal (it is a big deal for us as well!), so please reach out with any questions or concerns. Also, feel free to schedule a meeting with me [here](#).

Best,

Marc LaManque

P.S. Because we have not yet officially filed with the SEC, we are required to provide [this disclosure](#)!
