Phase I: The Storefront
The storefront is the first point of contact for your customers. It's the place where they first see your brand and where they first experience your product. It's the place where they first see your brand and where they first experience your product.

Phase II: The Storefront
The storefront is the first point of contact for your customers. It's the place where they first see your brand and where they first experience your product. It's the place where they first see your brand and where they first experience your product.

Update: We've Made Our Debut! Help Us Accquire a Robotic Storefront!

The robotic storefront is a tall, orange and white machine with a screen at the top. It has a sleek, modern design and is designed to be a mobile storefront for businesses.

Did you know you can be both an investor AND an entrepreneur?

Do you know you can be both a part-time AND a full-time entrepreneur?

Learn more about how you can invest in startups without contributing!

Now that the fall semester has come to an end, ... - Garry Johnson II | Facebook

 **Garry Johnson II**
Entrepreneur, Investor, and Educator

Now that the fall semester has come to an end, I came to realize a solid platform needed for our support in our inclusion of Black Science Partners. We need all the help we can get to push the message and need to be proud of it. Support: <https://blacksciencepartners.org>

Goal 1) Raise a minimum of \$60,000 in our fundraising year.

Our current fundraising efforts on WeFunder to gauge investor interest in an offering under Regulation Crowdfunding. The money that we can raise will not be used in official fundraising until we determine we are able to raise a minimum amount of commitments on the platform and subsequently issue our Form C with the SEC. We can help us reach fundraising goals by making our campaign: <https://blacksciencepartners.org>

Goal 2) Support our First Postgraduate Black Science Partners.

We've already made a support on Science Working Forum, all ideas start with one year working closely with these university leaders and present solutions. We have a network of advisors and email that we can use to build a network. Our long-term strategy here is to build a much more robust model of science and technology by supporting additional institutions and individuals of various backgrounds and cultures.

In progress: <https://blacksciencepartners.org> Round 1 CEO of Post-Gen Bio funded us as an Early Stage Startup Company to invest a "100M" <https://blacksciencepartners.org>

Goal 3) Use the Global Startup Black Science Partners (GSP) to start building.

Our plan on participating in the Global Startup Black Science Partners is to start building our own network on students learning from leaders in the industry. The next cohort is due off in February 2019.

In addition to joining the entrepreneurial community that will accelerate our growth, we are working from other startup entities such as the Science Lab which is currently in place from the community to help us build.

Our Ask:

Our need your help to achieve our fundraising goals, please feel free to share our campaign with your networks and across social media. And please feel free to connect me with any potential investors for our media partnership or resources. We will be in legal and financial contact.

Thank you! Everyone at University of Oklahoma, Horn Energy and University of Oklahoma School of Business is compiling the with the resources necessary to build a successful business.

Support: <https://blacksciencepartners.org>

Legal Disclaimers: We are looking for the world on WeFunder to gauge investor interest in an offering under Regulation Crowdfunding. The money or other consideration is being solicited. If sent, it will not be accepted unless it is in full compliance with the accepted. No part of the purchase price will be received and a Form C is due only through WeFunder platform. Any indication of interest in the next 30 days is a commitment of only \$10.

Maryam Al-Sayid (10/11/2021)
 Hello! I'm a student of the Faculty of Education, University of Baghdad. I'm interested in learning more about the different types of assessment and how to use them effectively in the classroom. I would like to know more about the different types of assessment and how to use them effectively in the classroom. I would like to know more about the different types of assessment and how to use them effectively in the classroom.

Hi Maryam, welcome to the course! I'm glad to hear that you're interested in learning more about assessment. There are many different types of assessment, and each has its own strengths and weaknesses. I'll be covering a range of assessment types throughout the course, so you'll have a chance to learn more about each one.

For more information on different types of assessment, you can visit the following website: <https://www.bbc.com/education/assessment-types>. This website provides a comprehensive overview of the different types of assessment and how to use them effectively in the classroom.

I hope you find this information helpful. If you have any questions or need further assistance, please don't hesitate to ask. I'm here to help!

Thank you for your interest in the course. I look forward to hearing from you again.

Hello Charles and Gary,

I would definitely be interested in a collaboration for the

books to be placed in four libraries total and to open out with two branches, as a pilot.

1. The Undergraduate Library⁴
2. The Business Library⁴
3. The Science and Arts Library
4. The Louis Stokes Health Sciences Library

(Source: Report Correspondence with the Howard University Library)

Overview

Project Goals

We are seeking a vendor to provide a library of 10,000 books to be distributed to four academic libraries in the District of Columbia. The vendor will be responsible for the design, development, and implementation of the project, including the creation of a website to support the project and the distribution of the books to the libraries.

Project Details

The project is a pilot program to test the feasibility of a library of 10,000 books. The vendor will be responsible for the design, development, and implementation of the project, including the creation of a website to support the project and the distribution of the books to the libraries.

Project Budget

The project budget is \$100,000. The vendor will be responsible for the design, development, and implementation of the project, including the creation of a website to support the project and the distribution of the books to the libraries.

Project Timeline

The project timeline is 12 months. The vendor will be responsible for the design, development, and implementation of the project, including the creation of a website to support the project and the distribution of the books to the libraries.

Project Risks

The project risks include the potential for the project to be delayed or to exceed the budget. The vendor will be responsible for the design, development, and implementation of the project, including the creation of a website to support the project and the distribution of the books to the libraries.

Project Contact

The project contact is the District of Columbia Department of the Environment and Planning. The vendor will be responsible for the design, development, and implementation of the project, including the creation of a website to support the project and the distribution of the books to the libraries.

Can you vouch for John Doe?

John has applied to raise funding for Company Name on Wefunder and provided your name as a personal reference.

Quote goes here

Wefunder has raised hundreds of millions for startups that later went on to raise over \$5 billion in follow-on funding from venture capitalists.

About Wefunder

We help anyone invest as little as \$100 in the startups they believe in. We're also a Public Benefit Corporation with a mission to keep the American dream alive. We aim to help 20,000 founders get off the ground by 2029.

[Unsubscribe](#) | [About](#) | [Education](#)

Wefunder Inc. runs [wefunder.com](#) and is the parent company of Wefunder Advisors LLC and Wefunder Portal LLC. Wefunder Advisors is an exempt reporting adviser that advises SPVs used in Reg D offerings. Wefunder Portal is a funding portal (CRD #283503) that operates sections of [wefunder.com](#) where some Reg Crowdfunding offerings are made. Wefunder, Inc. operates sections of [wefunder.com](#) where some Reg A offerings are made. Wefunder, Inc. is not regulated as either a broker-dealer or funding portal and is not a member of FINRA.

Company Name is testing the waters to evaluate investor interest. No money or other consideration is being solicited; if sent, it will not be accepted. No offer to buy securities will be accepted. No part of the purchase price will be received until a Form C is filed and, then, only through Wefunder. Any indication of interest has no obligation or commitment of any kind.
