Offering Statement

Respond to each question in each paragraph of this part. Set forth each question and any notes, but not any instructions thereto, in their entirety. If disclosure in response to any question is responsive to one or more other questions, it is not necessary to repeat the disclosure. If a question or series of questions is inapplicable or the response is available elsewhere in the Form, either state that it is inapplicable, include a cross-reference to the responsive disclosure, or omit the question or series of

questions.

Be very careful and precise in answering all questions. Give full and complete answers so that they are not misleading under the circumstances involved. Do not discuss any future performance or other anticipated event unless you have a reasonable basis to believe that it will actually occur within the foreseeable future. If any answer requiring significant information is materially inaccurate, incomplete or misleading, the Company, its management and principal shareholders may be liable to investors based on that information.

THE COMPANY

1. Name of issuer:

Yornest, Inc.

3. Has the issuer or any of its predecessors previously failed to comply with the ongoing reporting requirements of Rule 202 of Regulation Crowdfunding?

☒ Yes ☐ No

Reason for failure to comply:

We were aware of the filing, but it slipped out from our head and just never realized we haven't completed it yet.

DIRECTORS OF THE COMPANY

4. Provide the following information about each director (and any persons occupying a similar status or performing a similar function) of the issuer.

Director	Principal Occupation	Main Employer	Year Joined as Director
Shaquile Noor	Co-Founder & CTO	Yornest	2020
Michael Brizendine	CEO	Yornest	2020

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

OFFICERS OF THE COMPANY

5. Provide the following information about each officer (and any persons occupying a similar status or performing a similar function) of the issuer.

Officer	Positions Held	Year Joined
Shaquile Noor	CTO	2020
Michael Brizendine	CEO	2020
Michael Brizendine	President	2020

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

INSTRUCTION TO QUESTION 5: For purposes of this Question 5, the term officer means a president, vice president, secretary, treasurer or principal financial officer, comptroller or principal accounting officer, and any person that routinely performing similar functions.

PRINCIPAL SECURITY HOLDERS

6. Provide the name and ownership level of each person, as of the most recent practicable date, who is the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power.

Name of Holder	No. and Class of Securities Now Held	% of Voting Power Prior to Offering
Michael Brizendine	7719000.0 Equity	77.19

INSTRUCTION TO QUESTION 6: The above information must be provided as of a date that is no more than 120 days prior to the date of filing of this offering statement.

To calculate total voting power, include all securities for which the person directly or indirectly has or shares the voting power, which includes the power to vote or to direct the voting of such securities. If the person has the right to acquire voting power of such securities within 60 days, including through the exercise of any option, warrant or right, the conversion of a security, or other arrangement, or if securities are held by a member of the family, through corporations or partnerships, or otherwise in a manner that would allow a person to direct or control the voting of the securities (or share in such direction or control — as, for example, a co-trustee) they should be included as being “beneficially owned.” You should include an explanation of these circumstances in a footnote to the “Number and Class of

Securities Now Held.” To calculate outstanding voting equity securities, assume all outstanding options are exercised and all outstanding convertible securities converted.

BUSINESS AND ANTICIPATED BUSINESS PLAN

7. Describe in detail the business of the issuer and the anticipated business plan of the issuer.

For a description of our business and our business plan, please refer to the attached Appendix A, Business Description & Plan

INSTRUCTION TO QUESTION 7: Wefunder will provide your company's Wefunder profile as an appendix (Appendix A) to the Form C in PDF format. The submission will include all Q&A items and "read more" links in an un-collapsed format. All videos will be transcribed.

This means that any information provided in your Wefunder profile will be provided to the SEC in response to this question. As a result, your company will be potentially liable for misstatements and omissions in your profile under the Securities Act of 1933, which requires you to provide material information related to your business and anticipated business plan. Please review your Wefunder profile carefully to ensure it provides all material information, is not false or misleading, and does not omit any information that would cause the information included to be false or misleading.

RISK FACTORS

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

8. Discuss the material factors that make an investment in the issuer speculative or risky:

What if our approach to chat apps does not resonate with the consumer? This will be an important consideration in order for us to achieve scale, the product almost need to go viral at some point. And if that never happen, it will be incredibly hard to get this to profitable.

Chat applications are known to struggle with developing good business models. While this is true, we have a lot of tools to play with when it comes to data analysis. The hurdle to overcome here is how to monetize value generated on the app, while respecting personal data. Yornest is yet to develop and prove that it has a robust business model. While we definitely have some ideas for how the app can turn a profit, we haven't tested them yet and that's a big risk factor that all investor should be aware of.

Yornest is yet to prove that it can handle scale. So far, we have done a good job in growing the app, and providing a good and ever-growing quality of service to our users. However, with each milestone we reach, a new challenge for scalability arises. We are already feeling bottle-necks in our current tech stack, and swapping parts out to accommodate for our projected growth. Nonetheless, this is always a risk that every fast growing startup must consider.

When it comes to talent, tech is a a violently competitive environment to work in. This is because every company you can think of is looking to ensure their team is packed with A1, top-tier talent. FAANG companies are known for this, but they aren't where the hunt stops. As Steve Ballmer of Microsoft famously said at the Windows conference: "developers, developers, developers, developers, developers, developers!". If we are to continue to grow, it is important that talent seeking, and employee happiness, is top-notch at Yornest. https://www.youtube.com/watch?v=1VgVJpVx9bc&t=19s&ab_channel=RyanHayes . Otherwise, this could harm our business.

Security. Much like any app that handles personal data, security is very important in a chat application. DDoS attacks, data leaks, and other catastrophes are not unheard of in our realm, and we are definitely not immune to this kind of threat. Because of this, it is a continuing priority to improve the security of Yornest, and match the quality of security with the quality of service we provide.

We might not be able to raise another round or seed round to continue running the product. Before we ever get to profitability we need a large scale or users. And it's going to take raising a few more rounds to get to that point.

Our future success depends on the efforts of a small management team. The loss of services of the members of the management team may have an adverse effect on the company. There can be no assurance that we will be successful in attracting and retaining other personnel we require to successfully grow our business.

The Company may never receive a future equity financing or elect to convert the Securities upon such future financing. In addition, the Company may never undergo a liquidity event such as a sale of the Company or an IPO. If neither the conversion of the Securities nor a liquidity event occurs, the Purchasers could be left holding the Securities in perpetuity. The Securities have numerous transfer restrictions and will likely be highly illiquid, with no secondary market on which to sell them. The Securities are not equity interests, have no ownership rights, have no rights to the Company's assets or profits and have no voting rights or ability to direct the Company or its actions.

INSTRUCTION TO QUESTION 8: Avoid generalized statements and include only those factors that are unique to the issuer. Discussion should be tailored to the issuer's business and the offering and should not repeat the factors addressed in the legends set forth above. No specific number of risk factors is required to be identified.

Ownership and Capital Structure

DESCRIPTION OF ISSUER'S SECURITIES

17. What other securities or classes of securities of the issuer are outstanding? Describe the material terms of any other outstanding securities or classes of securities of the issuer.

Class of Security	Securities (or Amount) Authorized	Securities (or Amount) Outstanding	Voting Rights
Common	12500000	12500000	Yes ▾

Class of Security **Securities Reserved for
Issuance upon Exercise or Conversion**

Warrants: _____

Options: _____

24. Describe the material terms of any indebtedness of the issuer:

None.

INSTRUCTION TO QUESTION 24: name the creditor, amount owed, interest rate, maturity date, and any other material terms.

25. What other exempt offerings has the issuer conducted within the past three years?

Offering Date	Exemption	Security Type	Amount Sold	Use of Proceeds
6/2021	Section 4(a)(2)	Common stock	\$75,000	General operations
6/2021	Section 4(a)(2)	SAFE	\$125,000	General operations
3/2022	Section 4(a)(2)	SAFE	\$25,000	General operations
8/2022	Regulation Crowdfunding	SAFE	\$78,150	General operations

26. Was or is the issuer or any entities controlled by or under common control with the issuer a party to any transaction since the beginning of the issuer's last fiscal year, or any currently proposed transaction, where the amount involved exceeds five percent of the aggregate amount of capital raised by the issuer in reliance on Section 4(a)(6) of the Securities Act during the preceding 12- month period, including the amount the issuer seeks to raise in the current offering, in which any of the following persons had or is to have a direct or indirect material interest:

1. any director or officer of the issuer;
2. any person who is, as of the most recent practicable date, the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power;
3. if the issuer was incorporated or organized within the past three years, any promoter of the issuer;
4. or any immediate family member of any of the foregoing persons.

☐ Yes
☒ No

INSTRUCTIONS TO QUESTION 26: The term transaction includes, but is not limited to, any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar

transactions, arrangements or relationships.

Beneficial ownership for purposes of paragraph (2) shall be determined as of a date that is no more than 120 days prior to the date of filing of this offering statement and using the same calculation described in Question 6 of this Question and Answer format.

The term "member of the family" includes any child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the person, and includes adoptive relationships. The term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.

Compute the amount of a related party's interest in any transaction without regard to the amount of the profit or loss involved in the transaction. Where it is not practicable to state the approximate amount of the interest, disclose the approximate amount involved in the transaction.

FINANCIAL CONDITION OF THE ISSUER

27. Does the issuer have an operating history?

- ☒ Yes
☐ No

28. Describe the financial condition of the issuer, including, to the extent material, liquidity, capital resources and historical results of operations.

Management's Discussion and Analysis of Financial Condition and Results of Operations

You should read the following discussion and analysis of our financial condition and results of operations together with our financial statements and the related notes and other financial information included elsewhere in this offering. Some of the information contained in this discussion and analysis, including information regarding the strategy and plans for our business, includes forward-looking statements that involve risks and uncertainties. You should review the "Risk Factors" section for a discussion of important factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in the following discussion and analysis.

Overview

We are scaling communication for member-based communities!

As a student, I was part of many group chats with 100s-1000s members. Usually the ones that grew larger went stale, due to most members muting or leaving. It was then I quickly realized that group chat applications are not suitable for large groups. Soon after, me and my Co-founder set out to build Yornest.

Yornest is a chat application that allows users to create and organize group chats within their college campus. Existing chat applications don't provide a user experience fit to scale beyond 100 people per group. So we developed a platform where users can create multiple chats within larger campus communities, and control over what kinds of notifications they receive from them. You can think of it as slack for consumers, or Facebook groups, but for younger generations that do not use Facebook!

In five years, we hope to have a polished product which has scaled globally, and is adopted even beyond student communities.

Milestones

Yornest, Inc. was incorporated in the State of Kentucky in March 2022.

Since then, we have:

- 📱 Fully Developed Product available in iOS & Google Play Stores
- Over 8K users, that span 10 vibrant communities
- 💵 200K raised to date from Angels
- 🧑‍💻 Product lead team, with strong technical experience

The Company is subject to risks and uncertainties common to early-stage companies. Given the Company's limited operating history, the Company cannot reliably estimate how much revenue it will receive in the future.

Historical Results of Operations

Our company was organized in March 2022 and has limited operations upon which prospective investors may base an evaluation of its performance.

- **Revenues & Gross Margin.** For the period ended December 31, 2022, the Company had revenues of \$104,095 compared to the year ended December 31, 2021, when the Company had revenues of \$12,300. Our gross margin was 100.0% in fiscal year 2022, compared to 100.0% in 2021.
- **Assets.** As of December 31, 2022, the Company had total assets of \$16,665.26, including \$16,665.26 in cash. As of December 31, 2021, the Company had -\$1,169.59 in total assets, including \$0 in cash.
- **Net Loss.** The Company has had net losses of \$48,104.60 and net losses of \$1,373.75 for the fiscal years ended December 31, 2022 and December 31, 2021, respectively.
- **Liabilities.** The Company's liabilities totaled \$0 for the fiscal year ended December 31, 2022 and \$0 for the fiscal year ended December 31, 2021.

Liquidity & Capital Resources

To-date, the company has been financed with \$75,000 in equity and \$150,000 in SAFEs.

After the conclusion of this Offering, should we hit our minimum funding target, our projected runway is 5 months before we need to raise further capital.

We plan to use the proceeds as set forth in this Form C under "Use of Funds". We don't have any other sources of capital in the immediate future.

We will likely require additional financing in excess of the proceeds from the Offering in order to perform operations over the lifetime of the Company. We plan to raise capital in 3 months. Except as otherwise described in this Form C, we do not have additional sources of capital other than the proceeds from the offering. Because of the complexities and uncertainties in establishing a new business strategy, it is not possible to adequately project whether the proceeds of this offering will be sufficient to enable us to implement our strategy. This complexity and uncertainty will be increased if less than the maximum amount of securities offered in this offering is sold. The Company intends to raise additional capital in the future from investors. Although capital may be available for early-stage companies, there is no guarantee that the Company will receive any investments from investors.

Runway & Short/Mid Term Expenses

Yornest, Inc. cash in hand is \$27,000, as of March 2024. Over the last three months, revenues have averaged \$0/month, cost of goods sold has averaged \$0/month, and operational expenses have averaged \$25,000/month, for an average burn rate of \$25,000 per month. Our intent is to be profitable in 36 months. Normal business operations costs. Subscriptions services and sub-contractors. We heavily rely into those two to keep moving.

We don't expect any revenue. At least, not for a while. We are a social/consumer product and need to build a big or large user base before we can be profitable. But our expense on a monthly basis is right around 16-20k. We anticipate that \$1.5M in funding will be needed to become revenue generating.

We are not profitable yet. We are a social/consumer product and need to build a big or large user base before we can be profitable. We expect to be profitable once we are able to achieve a user base, that is monetizable. We anticipate that \$3M in funding will be needed to become profitable.

We are planning on taking out the first \$75k raised from Wefunder to keep our business operating. Outside of this raise, we do not have any other sources of short-term capital.

All projections in the above narrative are forward-looking and not guaranteed.

INSTRUCTIONS TO QUESTION 28: The discussion must cover each year for which financial statements are provided. For issuers with no prior operating history, the discussion should focus on financial milestones and operational, liquidity and other challenges. For issuers with an operating history, the discussion should focus on whether historical results and cash flows are representative of what investors should expect in the future. Take into account the proceeds of the offering and any other known or pending sources of capital. Discuss how the proceeds from the offering will affect liquidity, whether receiving these funds and any other additional funds is necessary to the viability of the business, and how quickly the issuer anticipates using its available cash. Describe the other available sources of capital to the business, such as lines of credit or required contributions by shareholders. References to the issuer in this Question 28 and these instructions refer to the issuer and its predecessors, if any.

FINANCIAL INFORMATION

29. Include financial statements covering the two most recently completed fiscal years or the period(s) since inception, if shorter:

Refer to [Appendix C, Financial Statements](#)

I, Michael Brizendine, certify that:

(1) the financial statements of Yornest, Inc. included in this Form are true and

complete in all material respects ; and

(2) the financial information of Yornest, Inc. included in this Form reflects accurately the information reported on the tax return for Yornest, Inc. filed for the most recently completed fiscal year.

Michael Brizendine
CEO

OTHER MATERIAL INFORMATION

31. In addition to the information expressly required to be included in this Form, include:

- (1) any other material information presented to investors; and
- (2) such further material information, if any, as may be necessary to make the required statements, in the light of the circumstances under which they are made, not misleading.

The Lead Investor. As described above, each Investor that has entered into the Investor Agreement will grant a power of attorney to make voting decisions on behalf of that Investor to the Lead Investor (the "Proxy"). The Proxy is irrevocable unless and until a Successor Lead Investor takes the place of the Lead Investor, in which case, the Investor has a five (5) calendar day period to revoke the Proxy. Pursuant to the Proxy, the Lead Investor or his or her successor will make voting decisions and take any other actions in connection with the voting on Investors' behalf.

The Lead Investor is an experienced investor that is chosen to act in the role of Lead Investor on behalf of Investors that have a Proxy in effect. The Lead Investor will be chosen by the Company and approved by Wefunder Inc. and the identity of the initial Lead Investor will be disclosed to Investors before Investors make a final investment decision to purchase the securities related to the Company.

The Lead Investor can quit at any time or can be removed by Wefunder Inc. for cause or pursuant to a vote of investors as detailed in the Lead Investor Agreement. In the event the Lead Investor quits or is removed, the Company will choose a Successor Lead Investor who must be approved by Wefunder Inc. The identity of the Successor Lead Investor will be disclosed to Investors, and those that have a Proxy in effect can choose to either leave such Proxy in place or revoke such Proxy during a 5-day period beginning with notice of the replacement of the Lead Investor.

The Lead Investor will not receive any compensation for his or her services to the SPV. The Lead Investor may receive compensation if, in the future, Wefunder Advisors LLC forms a fund ("Fund") for accredited investors for the purpose of investing in a non-Regulation Crowdfunding offering of the Company. In such as circumstance, the Lead Investor may act as a portfolio manager for that Fund (and as a supervised person of Wefunder Advisors) and may be compensated through that role.

Although the Lead Investor may act in multiple roles with respect to the Company's offerings and may potentially be compensated for some of its services, the Lead Investor's goal is to maximize the value of the Company and therefore maximize the value of securities issued by or related to the Company. As a result, the Lead Investor's interests should always be aligned with those of Investors. It is, however, possible that in some limited circumstances the Lead Investor's interests could diverge from the interests of Investors, as discussed in section 8 above.

Investors that wish to purchase securities related to the Company through Wefunder Portal must agree to give the Proxy described above to the Lead Investor, provided that if the Lead Investor is replaced, the Investor will have a 5-day period during which he or she may revoke the Proxy. If the Proxy is not revoked during this 5-day period, it will remain in effect.

Tax Filings. In order to complete necessary tax filings, the SPV is required to include information about each investor who holds an interest in the SPV, including each investor's taxpayer identification number ("TIN") (e.g., social security number or employer identification number). To the extent they have not already done so, each investor will be required to provide their TIN within the earlier of (i) two (2) years of making their investment or (ii) twenty (20) days prior to the date of any distribution from the SPV. If an investor does not provide their TIN within this time, the SPV reserves the right to withhold from any proceeds otherwise payable to the Investor an amount necessary for the SPV to satisfy its tax withholding obligations as well as the SPV's reasonable

estimation of any penalties that may be charged by the IRS or other relevant authority as a result of the investor's failure to provide their TIN. Investors should carefully review the terms of the SPV Subscription Agreement for additional information about tax filings.

INSTRUCTIONS TO QUESTION 30: If information is presented to investors in a format, media or other means not able to be reflected in text or portable document format, the issuer should include:
(a) a description of the material content of such information;
(b) a description of the format in which such disclosure is presented; and
(c) in the case of disclosure in video, audio or other dynamic media or format, a transcript or description of such disclosure.

ONGOING REPORTING

32. The issuer will file a report electronically with the Securities & Exchange Commission annually and post the report on its website, no later than:

120 days after the end of each fiscal year covered by the report.

33. Once posted, the annual report may be found on the issuer's website at:

<https://apps.apple.com/us/app/yornest/id1542987889/invest>

The issuer must continue to comply with the ongoing reporting requirements until:

1. the issuer is required to file reports under Exchange Act Sections 13(a) or 15(d);
2. the issuer has filed at least one annual report and has fewer than 300 holders of record;
3. the issuer has filed at least three annual reports and has total assets that do not exceed \$10 million;
4. the issuer or another party purchases or repurchases all of the securities issued pursuant to Section 4(a)(6), including any payment in full of debt securities or any complete redemption of redeemable securities; or the issuer liquidates or dissolves in accordance with state law.
