Form F-4

U.S. Federal Income Tax Consequences of the Business Combination to U.S. Holders, page 202

1. We note that it is intended that the Domestication qualify as a Reorganization for U.S. federal income tax purposes and that you filed a tax opinion as exhibit 8.1. Given your representation that there is an absence of direct guidance on the application of Section 367(a) and 368 of the Code with regards to indirect stock transfers in cross-border reorganizations, the tax opinion should address the degree of uncertainty, state the key factors used in the analysis, and discuss the risks to investors of the uncertain tax treatment. Please revise as appropriate.

Consolidated Statements of Cash Flows, page F-44

2. Please clarify why interest paid and payment of deferred transaction costs related to pending business combination are presented as financing activities instead of operating activities. We refer you to ASC 230-10-20: "Cash flows from operating activities are generally the cash effects of transactions and other events that enter into the determination

3. Please clarify whether whether the investment in shares of Arisz common stock, including the amounts classified as prepayments, should be eliminated in the pro forma combining balance sheet (your page 176).

We remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff.
