ABRAMS INDUSTRIES, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
OCTOBER 31, 2001, AND APRIL 30, 2001
(UNAUDITED)

NOTE 1. UNAUDITED STATEMENTS

The accompanying unaudited consolidated financial statements have been prepared by the Company in accordance with generally accepted accounting principles, pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements have been condensed or omitted pursuant to such rules and regulations, although management believes that the disclosures are adequate to make the information presented not misleading. In the opinion of management, the accompanying financial statements contain all adjustments, which consist solely of normal recurring accruals, necessary for a fair statement of the results for the interim periods presented. These financial statements should be read in conjunction with the consolidated financial statements and the notes thereto included in the Company's Annual Report to Shareholders for the year ended April 30, 2001. Results of operations for interim periods are not necessarily indicative of annual results.

NOTE 2. RECEIVABLES

All net contract and trade receivables are expected to be collected within one year.

NOTE 3. DISCONTINUED OPERATIONS

During the quarter ended January 31, 2000, the Board of Directors of the Company decided to discontinue the operations of the Manufacturing Segment. The remaining assets and liabilities of the Manufacturing Segment were consolidated and presented as Net liabilities of discontinued operations on the Consolidated Balance Sheet at April 30, 2001, which included a \$2.76 million deferred gain, a current liability, related to the amount awarded to the Company in connection with the Georgia World Congress Center Authority's condemnation of the Company's former manufacturing facility. The award was under appeal by both parties at April 30, 2001, and was settled in October 2001. Earnings from discontinued operations for the quarter and six-month period ended October 31, 2001, represent the gain related to the condemnation.

At October 31, 2001, Cash on the Consolidated Balance Sheet includes \$526,345 formerly included in discontinued operations.

NOTE 4. OPERATING SEGMENTS

In May 2001, the Company formed a third operating segment, Energy Management, and subsequently acquired substantially all of the assets of Servidyne Systems, Inc., an energy management and engineering services company. Through this new segment, the Company offers its institutional customers energy efficiency products and engineering services that reduce energy consumption, labor, equipment maintenance, and capital costs in commercial buildings.

The table below exhibits selected financial data on a segment basis. Earnings (loss) from continuing operations before income taxes is total revenue less operating expenses of continuing operations, including depreciation and interest. Parent expenses have not been allocated to the subsidiaries.

NOTE 7. EARNINGS PER SHARE

Basic earnings per share are computed by dividing net earnings by the weighted average shares outstanding during the reporting period. In May 2001, the Company issued 150,616 incentive stock options with an exercise price of \$4.00 per share to certain employees. The options issued are not currently dilutive.

NOTE 8. NEW ACCOUNTING PRONOUNCEMENTS

During June 2001, the Financial Accounting Standards Board (“FASB”) issued Statement of Financial Accounting Standards No. 141, “Business Combinations” (“SFAS 141”). Under the provisions of SFAS 141, all business combinations initiated after June 30, 2001, must be accounted for using the purchase method of accounting. The adoption of SFAS 141 is not expected to have a material impact on the Company’s financial statements.

Also during June 2001, the FASB issued Statement of Financial Accounting Standards No. 142, “Goodwill and Other Intangible Assets” (“SFAS 142”). Under the provisions of SFAS 142, there will be no amortization of goodwill and other intangible assets that have indefinite useful lives. Instead, these assets must be tested for impairment annually and when events or changes in

circumstances indicate that impairment may have occurred. The Company has elected to adopt SFAS 142 as of May 1, 2001, and therefore goodwill and a trademark with an indefinite useful life acquired in the transaction described below have not been amortized.

During August 2001, the FASB issued Statement of Financial Accounting Standards No. 144, “Accounting for the Impairment or Disposal of Long-Lived Assets” (“SFAS 144”). SFAS 144 supercedes FASB Statement No. 121, “Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of.” In addition, SFAS 144 supercedes the accounting and reporting provisions of APB Opinion No. 30, “Reporting the Results of Operations—Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions” for segments of a business to be disposed of. SFAS 144 addresses the treatment of assets held for sale or to be otherwise disposed of, the evaluation of impairment for long-lived assets, and the reporting of discontinued operations. The provisions of SFAS 144 are effective for financial statements issued for fiscal years beginning after December 15, 2001. The Company is currently evaluating the impact of SFAS 144.

NOTE 9. ACQUISITION

In May 2001, the Company acquired substantially all of the assets and employed all of the personnel of an energy management and engineering services company, Servidyne Systems, Inc., and acquired certain intellectual property from an affiliated company, Servidyne, Incorporated, for approximately \$3.1 million, including the costs associated with completing the acquisition, in an all cash transaction (the “Servidyne transaction”). This acquisition was accounted for as a purchase, and accordingly, the purchase price was allocated to the underlying assets acquired and liabilities assumed, based upon their estimated fair market values as of the date of acquisition. The results of operations related to the acquired assets have been included in the Company’s financial statements since May 2001. Servidyne has offered its expertise, products and services to its institutional customers for more than 27 years. In pursuit of growth and improved shareholder returns, the Company will seek opportunities to leverage Servidyne’s reservoir of knowledge in order to assist the now combined customer base in making building infrastructures more efficient.

The following table summarizes the estimated fair values of the assets acquired and liabilities assumed at the date of acquisition:

Current assets	\$ 149,163
Furniture, fixtures and equipment	13,321
Intangible assets	1,200,034
Goodwill	1,741,831

	<hr/>
Current liabilities	(132,686)
	<hr/>
Net assets acquired	\$2,971,663
	<hr/>

Of the \$1,200,034 of acquired intangible assets, \$315,261 was assigned to a registered trademark that is not subject to amortization. The remainder of the intangible assets consists of computer-based work management products (5-year weighted-average useful life) in the amount of \$856,113, and other intangible assets of \$28,660 (10-year useful life). The weighted-average useful life of all acquired intangible assets subject to amortization is 5 years.

The goodwill amount has been assigned to the Energy Management Segment. All of the goodwill is expected to be amortized and deductible for tax purposes.

The following table displays the consolidated unaudited current results for the quarter and six-month period ended October 31, 2001, and the consolidated unaudited proforma results for the quarter and six-month period ended October 31, 2000, as if the acquisition had been completed on May 1, 2000:

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

Changes in CONSOLIDATED BALANCE SHEETS between April 30, 2001, and October 31, 2001.

Accounts receivable increased by \$7,033,602, Billings in excess of costs and earnings increased by \$522,731, and Trade and subcontractors payable increased by \$5,707,946, primarily because of the timing of the submission and payment of invoices for construction work performed.

Property held for sale increased by \$12,831,542 and Real estate held for future development or sale decreased by \$12,537,647, primarily as a result of the reclassification of the shopping center in Englewood, Florida, and an outlot at the shopping center in North Ft. Myers, Florida, as contracts have been executed for the sale of these properties. See Note 5 to the Consolidated Financial Statements.

Accrued expenses decreased by \$1,051,715, primarily due to the payment of year-end accruals.

Current maturities of long-term debt increased by \$12,122,279 and Mortgage notes payable decreased by \$12,564,741, primarily due to the reclassification of the mortgage debt related to the shopping center in Englewood, Florida, in connection with its planned sale, as discussed above.

Results of operations of second quarter and first six months of fiscal 2002 compared to second quarter and first six months of fiscal 2001.

REVENUES from Continuing Operations

For the second quarter 2002, Consolidated REVENUES from continuing operations, including Interest income and Other income, and net of intersegment eliminations, were \$33,036,739, compared to \$53,604,848 for the second quarter 2001, a decrease of 38%. For the first six months of fiscal 2002, Consolidated REVENUES from continuing operations were \$73,119,231, compared to \$104,530,757 for the first six months of fiscal 2001, a decrease of 30%.

NOTES TO CHART A

- (1) REVENUES for the second quarter and first six months 2002 were lower than those of the same periods of 2001, primarily due to a reduction in the number of construction jobs available, which is the result of a decrease or elimination of current capital spending by most of the Construction Segment’s existing customers. The Company anticipates this trend will continue in the short-term. During fiscal 2002, however, the Construction Segment has added several new institutional customers who already have awarded jobs to the Company, as it continues its efforts to expand and diversify its customer base.
- (2) The Energy Management Segment was formed in May 2001. See Note 9 to the Consolidated Financial Statements.

The following table indicates the backlog of contracts and rental income for the next twelve months by industry segment.

	October 31,	
	2001	2000
Construction (1)	\$23,890,000	\$43,877,000
Real Estate-rental income (2)	9,761,000	11,255,000
Real Estate-sales	15,465,000	—
Energy Management (3)	555,000	—
Total Backlog	\$49,671,000	\$55,132,000

- (1) See Note 1 to Chart A above.
- (2) Backlog decreased due to the anticipated sale of the Englewood, Florida, shopping center. See Note 5 to the Consolidated Financial Statements.
- (3) Any Energy Management contracts that can be cancelled with less than one year’s notice are not included in backlog. As of October 31, 2001, such contracts total \$1.229 million in potential revenue over the next twelve months, assuming cancellation provisions are not invoked.

COSTS AND EXPENSES: Applicable to REVENUES from Continuing Operations

As a percentage of total Segment REVENUES from Continuing Operations (See Chart A) for the second quarter 2002 and 2001, the total applicable COSTS AND EXPENSES (See Chart B) were 92% and 91%, respectively. As a percentage of total Segment REVENUES from Continuing Operations (See Chart A) for the first six months 2002 and 2001, the total applicable COSTS AND EXPENSES were 92% for both periods.

The figures in Chart B are net of Intersegment eliminations.

NOTES TO CHART B

- (1) The increase in the percentage of COSTS AND EXPENSES: Applicable to REVENUES for second quarter and first six months 2002 compared to the same period of 2001 was primarily

- attributable to intense competitive pressure on margins, which is a result of a significant decrease in the number of potentially available construction jobs due to the decline or absence of current capital spending by the Company’s customers. In addition, costs have increased due to certain subcontractors’ defaults on their contractual obligations.
- (2) The Energy Management Segment was formed in May 2001. See Note 9 to the Consolidated Financial Statements.

SELLING, GENERAL AND ADMINISTRATIVE EXPENSES
FROM CONTINUING OPERATIONS

For the second quarter 2002 and 2001, Selling, general and administrative expenses from continuing operations, net of intersegment eliminations, were \$1,882,102 and \$2,547,555, respectively. As a percentage of Consolidated REVENUES from Continuing Operations, these expenses were 6% and 5%, respectively. For the first six months 2002 and 2001, Selling, general and administrative expenses from continuing operations, net of intersegment eliminations, were \$3,793,380 and \$4,607,577, respectively. As a percentage of Consolidated REVENUES from Continuing Operations, these expenses were 5% and 4%, respectively. In reviewing Chart C, the reader should recognize that the volume of revenues generally will affect the amounts and percentages. The percentages in Chart C are based upon expenses as they relate to Segment REVENUES from Continuing Operations (Chart A), except that Parent and Total expenses relate to Consolidated REVENUES from Continuing Operations.

NOTES TO CHART C

- (1) On a dollar basis, Selling, general and administrative expenses were lower for second quarter and first six months 2002 compared to the same periods of 2001 primarily because of a decrease in incentive compensation costs.
- (2) On a dollar and percentage basis, Selling, general and administrative expenses were lower for second quarter and first six months 2002 compared to the same periods of 2001 primarily due to a decrease in personnel costs associated with the Company’s outsourcing of its asset and property management functions.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

As of October 31, 2001, in connection with the contract to sell the Company’s shopping center in Englewood, Florida (See Note 5 to the Company’s Consolidated Financial Statements), approximately \$12.3 million of related fixed rate debt would be repaid in the current fiscal year upon the completion of the sale. As of April 30, 2001, approximately \$12.2 million of this debt was expected to mature in fiscal 2003.
