50,000+ mobile app downloads since launching in App Stores in mid-January 2024, 101,000+ new accounts created since our last Crowdfund in June 2022 (with \$0 spent on marketing/user acquisition), and an additional \$300,000 raised from a family office and software dev firm.

These are just a few of the things we have accomplished at [Bracketology.tv](https://bracketology.tv) over the past year and a half. I'm incredibly proud of the work we've done, and we couldn't have accomplished it without the support of our friends/family, user base, and investors.

We're incredibly excited to announce that we've just launched a new equity Crowdfund round and an opportunity to become a Bracketology stakeholder while we are still in our early stages of growth! For as little as \$100, you can have a vested interest in our company's success. If you want to take advantage of our Early Bird discount - get your reservation in ASAP!
