Amendment No. 10 to Registration Statement on Form F-1

Capitalization, page 58

1. Note (1) sets forth that the "As Adjusted" cash has been reduced for all expenses of the offering, but the actual cash of \$1,637,283 and the net proceeds of \$5,603,544 does not add to \$8,667,283. The difference appears to be the expenses of the offering identified on page 161. Please correct the As Adjusted cash amount if necessary or clarify the reason for the difference.

2. We note your updated disclosure that as of May 1, 2024, approximately \$2,630,000 of accounts receivable outstanding as of September 30, 2023 has been subsequently collected in cash, with approximately \$700,000 remaining outstanding, net. In prior disclosure, we

note that as of February 5, 2024 approximately \$2,580,0000 of accounts receivable outstanding as of September 30, 2023 has been subsequently collected in cash. Accordingly, approximately \$50,000 of collections occurred over the recent three month period. Please revise your disclosure to address whether collections have slowed and whether you expect to collect the remaining September 30, 2023 amounts still outstanding. Please also disclose the amount of any accounts receivable outstanding as of September 30, 2023 that have been subsequently determined to be uncollectible and that will be recorded as bad debt expense.

Lock-Up Agreements, page 158

3.
