(D) The Company's Business and Business Plan

Our Offerings

We're self-proclaimed "dessert extremists" inspired by our love of indulgent desserts, 90's hip-hop, and humor, and this is reflected in our offerings. We specialize in over the top decadent brownies and cookies using the highest quality and most creative ingredients possible. All products are FDA and USDA compliant, preservative free, and carefully packaged to maximize quality and freshness.

- Classic brownie line: one pound average brownies and blondies always in stock
- Bites: bite sized four-ounce offerings of our classic brownie line
- Classic cookie line: baseball sized cookies, including chocolate chip, snickerdoodle, oatmeal, and peanut butter
- Limited edition line: rotating monthly seasonal flavors, such as pumpkin spice cheesecake blondies
- Merchandise: coffee mugs, beer glasses, apparel with unique hip-hop themed lyrics or quotes

Traction & Validation

Our success as an online brand put us in an excellent position to expand. Milestones to date include:

- \$122,000 gross revenue in the first year

- 7,000 orders in the first two years
- 10,000 social media followers in the first year
- Subscription program launched within the first 6 months
- Brand affiliate program
- Strategic partner sponsorship with a nationally recognized fitness competition

Location

We already have a well-recognized, strong brand, and our storefront will help us take that brand to the next level by providing an unforgettable in-person experience with freshly baked desserts.

- The retail bakery will offer the same menu as our online offerings, but plated, warmed, and served with ice cream or toppings.
- Takeout options will be pre-sealed and packaged
- We'll also include a full espresso bar and offer coffee beans for sale.
- In the future, we'd hope to feature craft beer and boutique wines sourced from local breweries and wineries.

Investment Opportunity

We're looking to open our first retail location that will start a new revenue stream in addition to doubling our production potential. We also plan on expanding our online offerings. The long term goals include opening multiple locations and a production warehouse to capitalize on the growing online marketplace.

- The company has experienced rapid growth, with sales revenues of \$260,807 in its current year with only a staff of 2. The company projects 573,049 in 2022 and 630,354 in 2023 by creating a well-staffed production and retail facility in addition to expanding marketing efforts.
- Online dessert companies have been unable to provide the size, quality, or experience that West Coast Confection offers. Market research indicates a dissatisfaction with the competitor's overall taste and freshness. West Coast Confection's growing reputation for delivering high quality desserts sets the company apart from its competition.
- Our storefront is located 1 mile from San Diego State University, in a popular college town neighborhood with a walk score of 98.

It was all a dream

We're Chris and Tanya, and we founded West Coast Confection after realizing the opportunity for extraordinary desserts in the online marketplace. We offer a full product line of staple flavors, in addition to monthly limited-edition flavors. We also offer made to order custom desserts. The emphasis remains on continuous improvement in quality, flavor, and new and exciting products. We hope you join us for our next chapter: a brick and mortar location in sunny San Diego.

- Grew X% e-commerce during the pandemic
- growing community of 20k+ supporters on social media
- Raising funds to help with buildout of first brick&mortar location

(K) Material Changes

In the event the issuer undergoes a material change, the Investor will be notified of such change. The investor will have five (5) business days from the receipt of such notice to reconfirm their investment. [Explanation](#)

A “material change” means a change that an average, careful investor would want to know about before making an investment decision. If a material change occurs after you make an investment commitment but before the Offering closes, then the Company will notify you and ask whether you want to invest anyway. If you do not affirmatively choose to invest, then your commitment will be cancelled, your funds will be returned to you, and you will not receive any securities.

(L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as “Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

(M) Terms of the Securities

Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

Summary of Terms

Revenue Percentage ¹	1.5 - 2.7% ²
Payment Deadline	2029-12-31
Maximum Payment Multiple ³ - Early Investors - All Other Investors	1.6 x 1.5 x
Sharing Start Date	The first day after disbursement that the company has revenues greater than one (\$1) dollar
First Payment Date	The last day of the calendar quarter ending not less than 90 days after the Sharing Start Date
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	2.9%

¹ as defined in the note agreement included in Appendix A

² The rate of revenue sharing is calculated on a linear scale with a minimum rate of 1.5% and a maximum rate of 2.7% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$55,000	1.5%
\$66,250	1.8%
\$77,500	2.1%
\$88,750	2.4%
\$100,000	2.7%

³ To reward early participation, the investors who contribute the first \$55,000.0 raised in the offering will receive a 1.6x cap. Investors who contribute after \$55,000.0 has been raised in the offering will receive a 1.5x cap.

Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document

called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company's offering page.

Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company's consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

Other Classes of Securities

Name of Security	Limited Liability Company Interests
Number of Shares Outstanding	N/A
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	N/A
How these securities differ from the revenue sharing notes being offered to investors	Limited Liability Company Interests are an equity interest, whereas Revenue Sharing Notes are a debt obligation of the Company.

Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
Christopher Greene	90%

How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

(N) The Funding Portal

The Company is offering its securities through MainVest, Inc., which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. MainVest Inc.'s Central Index Key (CIK) number is 0001746059, their SEC File number is 007-00162, and their Central Registration Depository (CRD) number is 298384.

(O) Compensation of the Funding Portal

Upon successful funding of the Offering, the Funding Portal will receive as the "Revenue Securement Fee"; 3.0% of the amount of the Offering raised by In-Network Users of the Platform plus 9.0% of the amount of the Offering raised by all other investors. "In-Network Users" means a user of Mainvest.com who who have utilized the Company's specified in-network link on the Site.

(P) Indebtedness of the Company

Creditor	Amount	Interest Rate	Maturity Date	Other Important Terms

Because Banks may not be willing to do business with a cannabis entity for the reasons discussed above, any repayments owed under the Revenue Sharing Note will be fully administered by the Company likely not processed by a financial institution. This means it is unlikely that the Company will be able to provide payments via ACH returns, and may need to rely on other sources, such as personal checks and/or third party financial applications. This other sources may subject repayments to additional fees or risks, and will be subject to any applicable terms and conditions

The Issuer may offer "Perks" as a means of showing appreciation to investors for supporting small community businesses. The offering of "Perks" by issuers is done purely on a voluntary basis and have no influence upon the terms of the Offering. As such, Investor "Perks" are not contractual conditions governed by "the Note" and are not enforceable under "the Note".
