Women in the tech industry receive less than 3% of the total VC funding. It is super important for women such as myself to take a grassroots approach to fundraising. This is why I decided to offer an amazing incentive for those who support me early on. For the next 6 days friends and family will receive a 40% discount as a thank you for your support. It is a \$100 minimum investment in exchange for equity in our company.

If you would like to learn more about GigEngyn and this opportunity please reach out. I'm happy to jump on a call anytime to answer questions or share more details about our company.
