SIXTY SIX OILFIELD SERVICES, INC.
NOTES TO THE FINANCIAL STATEMENTS
(UNAUDITED)
Period Ended December 31, 2023

Note 1 - SUMMARY DESCRIPTION OF BUSINESS

General Development and Narrative Description of Business

As used herein, the “Company” refers to Sixty Six Oilfield Services, Inc. a holding company. Historically, the company has operated under the following names:

Travel Masters until May 11, 1999
Progress Watch Corporation, Inc. effective May 11, 2014
Mobile Broadcasting Holding, Inc. effective December 31, 2015
Medically Minded Holding Corp effective December 23, 2016
Sixty Six Oilfield Services, Inc. effective March 30, 2017.
Six Six Five Energy, Inc. effective September 21, 2018

Re-domiciled to Florida on December 13, 2019 with Articles of Incorporation that changing the name to Zimmerman BioPharma Holding, Inc.; which was then amended back to Sixty Six Oilfield Services, Inc.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Revenue Recognition

Revenues are generally recognized when the products are shipped to the customers.

Inventories

Inventories are measured at the lower of cost and net realizable value. The cost of inventory is based on the weighted average principle for finished goods and on the standard cost principle for raw materials and work-in-progress for inventories that are manufactured. Cost includes expenditure incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their existing location and condition. In the case of manufactured inventories and work in progress, cost includes an appropriate share of production overheads based on normal operating capacity. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and selling expenses.

Cash and Cash Equivalents –

All highly liquid investments with original maturities of nine months or less are classified as cash and cash equivalents. The fair value of cash and cash equivalents approximates the amounts shown on the financial statements.

Use of Estimates –

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements

and the reported amounts of revenues and expenses during the reporting period. These estimates and assumptions are used in, but not limited to, certain receivables and accounts payable and the provision for uncertain liabilities. Actual results could differ materially from those estimates.

Income Taxes

The Company is subject to income taxes in the United States. Income tax expense (benefit) is provided for using the asset and liability method. Deferred income taxes are recognized at currently enacted tax rates for the expected future tax consequences attributable to temporary differences between amounts reported for income tax purposes and financial reporting purposes. Deferred taxes are provided for the undistributed earnings as if they were to be distributed. The tax rate for the period is affected by the estimated valuation allowance against the Company's deferred tax assets. The Company regularly reviews its deferred tax assets for recoverability taking into consideration such factors as recurring operating losses, projected future taxable income and the expected timing of the reversals of existing temporary differences. The authoritative guidance issued by the FASB requires the Company to record a valuation allowance when it is more likely than not that some portion or all of the deferred tax assets will not be realized. In determining a conclusion that a valuation allowance is not needed is difficult when there is negative evidence such as cumulative losses in recent years. Based on the level of deferred tax assets as of December 31, 2023 the level of historical losses realized and the fact that the Company not filed any income tax returns until recently, the Company has determined that the uncertainty regarding the realization of these assets is sufficient to warrant the establishment of a full valuation allowance against the Company's net deferred tax assets.

Recently Adopted Accounting Standards

The Company has adopted all recently issued accounting pronouncements. The adoption of the accounting pronouncements, include those not yet effective, is not anticipated to have a material effect on the financial position or results of operation of the Company.

Note 3 - SHAREHOLDERS' EQUITY

At December 31, 2023 the total number of shares of all classes of stock, which the Company shall have authority to issue is 710,050,000, consisting of 700,000,000 common shares and 10,050,000 preferred shares. The Company has designated 3,000,000 as Series A-1 Preferred Shares which has voting rights and is convertible into Common Stock equal to 80% of the total issued and outstanding common stock at the time of vote and conversion.

The Company has no stock-based compensation plans for employees and non-employee members of the Board of Directors.

Note 4 - COMMITMENTS AND CONTINGENCY

The Company has no commitments or contingencies.

Note 5 - LITIGATION

Judgement was entered against the Company in or about August 2020 for approximately \$605,000, subject to increase for attorney's fees and pre and post judgment interest. This is recorded as Lawsuit expense on the income statement and lawsuit liability in liabilities on the balance sheet. This litigation was settled during Q1 2022.

Note 6 - CONTRACTUAL ARRANGEMENTS

The Company has no contractual arrangements.

Note 7 – GOING CONCERN

The Company's financial statements are prepared using the generally accepted accounting principles applicable to a going concern, which contemplates the realization of assets and liquidation of liabilities in the normal course of business. Continued losses may adversely affect the liquidity of the Company in the future. In view of the matters described in the preceding paragraph, recoverability of a major portion of the recorded asset amounts shown in the accompanying balance sheet is dependent upon continued operations of the Company, which in turn is dependent upon the Company's ability to raise additional capital, obtain financing and to succeed in its future operations. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern. Management has taken the following steps to revise its operating and financial requirements, which it believes are sufficient to provide the Company with the ability to continue as a going concern.

Note 8 – SUBSEQUENT EVENTS

In accordance with FASB ASC Topic 855, Subsequent Events, the Company evaluates events and transactions that occur after the balance sheet date for potential recognition in the financial statements. The effects of all subsequent events that provide additional evidence of conditions that existed at the balance sheet date are recognized in the financial statements as of December 31, 2023.

In preparing these financial statements, the Company evaluated the events and transactions that occurred through the date these financial statements were issued. Nothing was noted that would require disclosure..
