Kanchanjangha Tea Estate is Nepal's first certified organic tea company. The garden lies at the foothills of Mt. Kanchenjunga which covers the largest vegetation area with a combination of unique blends of natural factors for the growth of exclusive aromatic teas.

The enterprise was launched in 1984 by the local farmers on a cooperative model. Over 100 farmers joined hands, pooled in their marginal land holdings and became owners of the first orthodox tea plantation covering nearly 94 hectares of land. The land which was barely enough to sustain them is now utilized to produce High-Quality Organic Orthodox Tea of the Himalayas.
