3. Please disclose prominently on the prospectus cover page that you are not a Chinese operating company but a British Virgin Islands holding company with operations conducted by your subsidiaries based in China and that this structure involves unique risks to investors. If true, disclose that these contracts have not been tested in court. Provide a cross-reference to your detailed discussion of risk factors facing the company and the offering as a result of this structure.
4. Please disclose whether your auditor is subject to the determinations announced by the PCAOB on December 16, 2021 and whether and how the Holding Foreign Companies Accountable Act and related regulations will affect your company.
5. Clearly disclose how you will refer to the holding company, subsidiaries, and other entities when providing the disclosure throughout the document so that it is clear to investors which entity the disclosure is referencing and which subsidiaries or entities are conducting the business operations. Refrain from using terms such as "we" or "our" when describing activities or functions of a subsidiary or other entity. For example, disclose, if true, that your subsidiaries and/or other entities conduct operations in China, that the other entity is consolidated for accounting purposes but is not an entity in which you own equity, and that the holding company does not conduct operations. Disclose clearly the entity (including the domicile) in which investors are purchasing an interest.
6. Provide a clear description of how cash is transferred through your organization and disclose your intentions to distribute earnings or settle amounts owed under applicable agreements. Prospectus Summary, page 1

8. In your summary of risk factors, disclose clearly the risks that your corporate structure and being based in or having the majority of the company's operations in China poses to investors. In particular, describe the significant regulatory, liquidity, and enforcement risks with cross-references to the more detailed discussion of these risks in the prospectus. For example, specifically discuss risks arising from the legal system in China, including risks and uncertainties regarding the enforcement of laws and that rules and regulations in China can change quickly with little advance notice; and the risk that the Chinese government may intervene or influence your operations at any time, or may exert more control over offerings conducted overseas and/or foreign investment in China-based issuers, which could result in a material change in your operations and/or the value of the securities you are registering for sale. Acknowledge any risks that any actions by the Chinese government to exert more oversight and control over offerings that are conducted overseas and/or foreign investment in China-based issuers could significantly limit or completely hinder your ability to offer or continue securities to investors and cause the value of such securities to significantly decline or be worthless.
9. Disclose each permission or approval that you or your subsidiaries are required to obtain from Chinese authorities to operate your business and to offer the securities being registered to foreign investors. State whether you or your subsidiaries are covered by permissions requirements from the China Securities Regulatory Commission (CRSC), Cyberspace Administration of China (CAC) or any other governmental agency that is required to approve your or your subsidiaries' operations, and state affirmatively whether you have received all requisite permissions or approvals and whether any permissions or approvals have been denied. Please also describe the consequences to you and your investors if you or your subsidiaries: (i) do not receive or maintain such permissions or approvals, (ii) inadvertently conclude that such permissions or approvals are not required, or (iii) applicable laws, regulations, or interpretations change and you are required to obtain such permissions or approvals in the future.
10. Provide a clear description of how cash is transferred through your organization. Disclose your intentions to distribute earnings or settle amounts owed under your operating structure. Quantify any cash flows and transfers of other assets by type that have occurred between the holding company and its subsidiaries, and direction of transfer. Quantify any dividends or distributions that a subsidiary has made to the holding company and which entity made such transfer, and their tax consequences. Similarly quantify dividends or distributions made to U.S. investors, the source, and their tax consequences. Your disclosure should make clear if no transfers, dividends, or distributions have been made to

date. Describe any restrictions on foreign exchange and your ability to transfer cash between entities, across borders, and to U.S. investors. Describe any restrictions and limitations on your ability to distribute earnings from the company, including your subsidiaries, to the parent company and U.S. investors as well as the ability to settle amounts owed under applicable agreements.

11. Disclose that trading in your securities may be prohibited under the Holding Foreign Companies Accountable Act if the PCAOB determines that it cannot inspect or investigate completely your auditor, and that as a result an exchange may determine to delist your securities. Disclose whether your auditor is subject to the determination announced by the PCAOB on December 16, 2021.

Risk Factors, page 10

12. In light of recent events indicating greater oversight by the Cyberspace Administration of China (CAC) over data security, particularly for companies seeking to list on a foreign exchange, please revise your disclosure to explain how this oversight impacts your business and your offering and to what extent you believe that you are compliant with the regulations or policies that have been issued by the CAC to date.
