Required Company Disclosures

Purpose of This Form

A Company that wants to raise money using Regulation Crowdfunding must give certain information to prospective Investors, so Investors will have a basis for making an informed decision. The Securities and Exchange Commission, or SEC, has issued regulations at 17 CFR §227.201 listing the information companies must provide. This form – Form C – is the form used to provide that information.

Each heading below corresponds to a section of the SEC’s regulations. In some cases, we’ve provided instructions for the Company completing this form.

§227.201(a) – Basic Information About the Company

Company Instructions

A company may create a separate entity to raise money in an offering, so that investors are investing in the separate entity rather than in the company itself. The result is that the company itself will have only one investor – the SPV – added to its cap table rather than all the individual investors in the offering. An SPV of this kind is subject to special rules and limitations.

Will the Company use a special purpose vehicle (SPV) in this offering?

YES ☐

NO ☒

§227.201(b) – Directors and Officers of the Company

Company Instructions

This question asks for information about each person who is an officer and director of the Company. By “officer,” we mean a President, Vice-President, Secretary, Treasurer, Chief Financial Officer, Comptroller, or Chief Accounting Officer.

- Include anyone who serves in the role of an officer or director even if he or she doesn’t have the title.

- If your Company is a limited liability company, include any individual who is a manager or an officer. If your LLC is managed by its members, include all members.
- If your Company is a general partnership, include any individual who is a general partner or an officer.
- Include officers and directors of the SPV if you are using one (and if they are different).

§227.201(d) – The Company’s Business and Business Plan

Company Highlights

- **Success to date.** Developed design and secured manufacturing partner to build a modular, prefabricated garage conversion living unit. Constructed a studio conversion in San Jose, CA. A second, 1-bedroom in Burlingame, CA has approved permits and is under construction.
- **Incentive programs launched.** Implemented a \$50,000 incentive program, in partnership with the City of San Jose, using Measure E funds for ADUs that maintain 100% Area Median Income (AMI) for 15 years.¹ In addition the California Housing Finance Agency (CalHFA) has approved SYMBIHOM as a preferred ADU provider statewide.² Homeowners can apply for a \$40,000 grant to build an ADU. The state is holding training and information sessions for homeowners, a majority in the Bay Area.
- **Construction approvals in hand.** Approvals in place include compliance with CA codes and from CA Housing and Community Development (HCD) for off-site fabrication and HCD inspection with the same approval available in 48 states. Construction permits received in Burlingame, CA and master permits secured in the City of San Jose CA and under review by the building department in the city of Fremont CA.
- **Targeted marketing.** Mailing lists targeting owners of rental homes in permitted cities are in hand with a broader audience being purchased and developed. We’re focusing on San Jose (~30,000 owners of single-family rentals) and Burlingame (~10,000 owners of single-family rentals) to start.
- **Engagement.** Created a video + newsletter campaign which is underway. A digital marketing firm has been engaged to further engage and expand our audience, focused on both demographics and need. A mailing list for 27,000 Santa Clara County Homeowners has been secured to which a newsletter brief with the Mayor of San José promotional video will be included
- **Financial progress.** Raised \$460,000 pre-seed funds with \$220, 000 in gross revenue to date.
- **Scaling up.** Plan to scale from 80 conversion kits sold in 2022 to 4,000 in 2026. Projections are based on distributions through contractors who will receive training and certification to install SYMBIHOM conversion kits in the San Francisco Bay region and expand to other regions per demand. It is worth noting that LA has approximately the same number of garages as the San Francisco Bay Area and that 30% of homeowners surveyed in our 2020 market survey indicated that an ADU was absolutely right for their home.³

Other opportunities being pursued included a potential partnership with EQUFI.com, who will provide cash to equity rich homeowners to build a SYMBIHOM ADU, in exchange for a share of

the equity in their home; and working on a pilot program with the CEO of County of Santa Clara County [Steve Preminger] and the office of aging [Diana Miller].

- **Female founder.** Last year, businesses solely led by women attracted just 2.3% of all capital raised by venture-backed firms in the U.S.⁴

The Mission

SYMBIHOM LLC (the “Company”) is on a mission to increase workforce rental housing, homeowner’s income, facilitate aging in place and provide multi-generational living at low cost.⁵

Rebecca Moller was inspired with the idea of a scalable solution for one of the largest issues facing the nation - affordable workforce housing.⁶ She saw a critical need that could not be addressed through traditional means and decided to pivot her real estate career to address the workforce housing shortage, starting in the state of California. Specifically, her passion is to provide the ability by which working class families and essential workers have the opportunity to live in the communities they serve, as well as provide an added income to homeowners. SYMBiHOM is a scalable, geographically agile solution to provide moderately priced rental housing within already existing communities; an untraditional method to real estate development--a garage that has been converted into a modern upscale commercial class, yet affordable, living space.

The population of the San Francisco Bay Area has increased by more than 1.5 million people since 1990. We’ve added nearly 1 million jobs in that time. But traditional construction has failed to keep pace with that growth. On average, the Bay Area has added 2 jobs to the economy for every available housing unit.

Housing permit rates in our community lag behind other comparable cities, and home prices have reached record highs throughout the region - there is just not enough to go around.⁷

We designed our patent pending prefabricated modular State approved Conversion ADU to fill the need for homeowners’ added income, workforce housing, multigenerational living and simplified aging in place by making it simple, convenient, and affordable for homeowners in the Bay Area to convert their existing under-utilized space into high-quality housing. We’ve done all the hard work - our unit complies with all applicable state and local codes, is delivered fully fabricated, and installs in less than 4 weeks. Now, we’re looking for homeowners and commercial property owners who are ready to join the mission by turning their extra space into opportunity - for additional income, for additional living space, and for hard-working members of our community looking for a secure housing solution.

Our commitment is to address the workforce housing shortage in the state of California and build strong, inclusive communities by repurposing existing real estate in communities to a higher and more meaningful use.

The Problem

“California state law recognizes that local governments play a vital role in developing affordable housing. In 1969, the state mandated that all California cities, towns and counties must plan for the housing needs of our residents—regardless of income.”

This state mandate is called the Housing Element and Regional Housing Needs Allocation (RHNA). As part of RHNA, the California Department of Housing and Community Development (HCD) determines the total number of new homes the Bay Area needs to build—and how affordable those homes need to be—in order to meet the housing needs of people at all income levels.”⁸

Cities need to meet RHNA mandates. Institutions and corporations need to ensure that workforce housing is available to attract and retain young talent and to grow.⁹ Home ownership is unaffordable for the average earner. An aging population needs to age in place with income to assist them. In California, one in three homeowners and renters are cost burdened, spending > 50% of their income on housing.^{10 11} 3.5 million market rate and affordable housing units are needed in California alone.^{12 13} New multifamily construction cannot meet demand.¹⁴ Workers cannot afford to live near work and half of our aging population needs an income subsidy. To make matters worse, the COVID-19 pandemic increased homeowner need for additional income.¹⁵

Increased land cost, land use laws, permitting, development processes, and rising construction costs have slowed the rate at which traditional new residential density can be built. In short, demand outweighs supply—most notably in metro areas where a lack of affordable housing has forced workers far away from their employers. At the same time, real estate prices continue to rise nationally.

The Solution

Transform garages and increase workforce housing, homeowner income, multifamily living and aging in place with income.

SYMBIHOM LLC (the “Company”) has developed the SYMBIHOM GARAGE CONVERSION ADU (“SYMBIHOM ADU”), a modular living unit ‘kit’.

The SYMBiHOM ADU converts a 1, 2 or 3 car garage into an upscale commercial grade living space built to make micro-living feel like luxury living. A garage can become an opportunity for additional income, additional living space, a home for an essential member of your community, or a place to age in place simply.

The Company has enlisted an ecosystem of service providers to serve each homeowner in a variety of ways. Providers can help with the decluttering process, removal of unwanted items, installation of alternate storage, legal counsel on managing tenant pre-qualifications and lease agreements, and even property management.

SYMBIHOM ADU floor plans are designed to maximize built-in storage and spaces for convertible furniture to maintain a sleek and uncluttered look. Depending on the size of the garage, the ADU can be a studio, 1-bedroom, or 2-bedroom living unit with a full bathroom and kitchen. Each ADU features modern finishes, a full suite of appliances, and many potential sources of natural light (like pivot doors mocking a glass garage door front, or large windows to replace your current garage door.) Utility connections are made to the home’s existing utilities. In addition, the SYMBIHOM ADU can be removed to return the garage to its original use.

The SYMBIHOM ADU is approved by The California Department of Housing and Community Development (HCD), which oversees alterations of existing manufactured homes required to bear a U.S. Department of Housing and Urban Development (HUD) label.¹⁶ It is built off-site and then assembled in an existing garage, quickly converting the garage into a commercial grade living unit. This solution leverages California laws which classify the SYMBIHOM ADU as an Accessory Dwelling Unit (ADU) exempt from zoning or parking ordinances.¹⁷

Each SYMBIHOM ADU provides +/- 500 sf of living space and is installed with a pre-approved permit to fit right inside the garage. Each unit takes two days to prep and just two weeks to install and can provide:

- Additional income to homeowners
- Workforce housing
- Multi-generational living OR
- An aging in place with income solution

With its SYMBIHOM ADU, the Company provides an end-to-end service to homeowners, municipalities, institutions and corporations and offers the following features:

Turnkey. Removes guesswork, complexity and risks associated with construction.

¹⁶ <https://www.hcd.ca.gov/>

¹⁷ https://www.hcd.ca.gov/policy-research/docs/adu_december_2020_handbook.pdf

Profitable. Homeowners increase income, communities attract and retain a workforce, and everyone enjoys reduced traffic since more people can be housed close in.

Scalable. Fast to deploy and scalable to multiple markets.

In order to streamline financing the Company offers two financing solutions to homeowners:

Equity purchase. We have aligned the Company with a third-party financial institution which provides funds to the homeowner based on their existing home equity. These funds can then be used to fund the purchase of a SYMBiHOM ADU. In addition to the value of the home appreciating with the added livable space, the investment in the SYMBiHOM ADU if rented is expected to double over 15 years with regular recurring income.

Lease agreements. Tenant lease agreements and management services to the homeowner through a third-party service provider. Institutions can lease garages as a 15-year land lease, and then offer the unit (along with management of it) to employees as part of their employment package. The homeowner can renew the lease with the Institution, furthering long term stable income.

Our partners and process

SYMBiHOM's contracted team consists of data analysts, logistics manager, project managers, carpenters and finishers along with licensed plumbers and electricians. All highly skilled, dependable and backed with a solid performance history. We have four field team categories - Site Assessment / Contracts, Utility Connection, ADU Installation and ADU Finishes.

The Company has a statewide master permit to build its units at an USA off-site location. The modular unit is then delivered to the homeowner in each municipality, the master permit allows for an expedited site-specific permit process. To ensure timely project completion and commitment to quality, each installation is overseen by a SYMBiHOM project lead to supervise the certified installation agents.

A national light gauge steel panel manufacturer with over 20 years of experience on commercial construction projects, partnered on the development of the SYMBiHOM modular product. They have manufactured the first two SYMBiHOM ADUs, and we have a contract with them to manufacture a minimum of 2500 additional ADUs.

We have partnered with ALOM, an award-winning, woman-owned global supply chain and logistics management firm, to ensure that materials are acquired and delivered with precision and timeliness.¹⁸ ALOM worked with SYMBiHOM to develop a team that specializes in construction materials. Operating out of 19 locations across the globe, Alom implements technology-driven supply chains ensuring that each order, no matter how complex or challenging, is seen through to completion.

¹⁸https://www.prweb.com/releases/alom_receives_highest_achiever_recognition_at_2022_manufacturing_leadership_awards/prweb18782694.htm

Additionally, each SYMBIHOM ADU is inspected by the CA Department of Housing and Community Development during assembly and receives proof of compliance, via an insignia, that can be viewed on site by any local building official.¹⁹

Finally, the Company has partnered with a national transportation company, JIT Transportation, to optimize the receipt of materials, then organize and deliver the entire SYBMBiHOM ADU to its destination, with all components accounted for and intact.²⁰ Our logistic partner is a company with a proven track record of delivery of time sensitive shipments with immediate response and guaranteed turnaround times.

All intellectual property is owned by SYMBiHOM LLC.

The Pipeline

The San Francisco Bay Area alone has approximately 1.2 million single-family owner-occupied homes with garages.²¹ The Los Angeles market offers similar numbers. In a Market Survey of single-family homeowners with attached garages of which there are 600K [600K detached], 37% of respondents indicated they had 'Strong Interest in converting their garage into an ADU, while 20% indicated 'Moderate Interest'. At 37% adoption, the market opportunity is \$90 billion. The Company estimates that if it transforms 2.5% of the 37% within the next five years in the San Francisco Bay Area alone, this will result in an estimated \$2.25 billion market opportunity. See Exhibit A - Business Plan, pages 14 - 16 for details of this market survey.

Our initial customer acquisition strategy focuses on cities, institutions and corporations who need affordable workforce housing—and interested homeowners seeking an additional revenue stream to combat the high cost of home ownership. Institutional and corporate funds are available to underwrite the low capital expenditure to then aggregate a quantity of housing units dedicated to the institutions' use and accelerate adoption in communities providing a zero out of pocket expense with recurring income to the Homeowners. This creates a rapid scaling wholesale approach to the sale of our units. Alliance partners, located in various geographical locations, each of whom is licensed and insured, will be certified to prep each garage and install the SYMBIHOM ADU throughout the State of California.

The Company is also developing SYMBIHOM Reef to quickly find their market. SYMBIHOM Reef is a matchmaking software currently in development. With it we will be able to collect community data to determine supply and demand, and to match employers with potential installation locations for the SYMBIHOM ADU. A non-provisional patent has been filed for SYMBIHOM ADU. All IP is owned by the Company.

¹⁹ <https://www.hcd.ca.gov/manufactured-and-factory-built>

²¹ Source: 2018 Comparative Housing Characteristics, U.S. Census Bureau; 2017 American Housing Survey (AHS), U.S. Census Bureau; National Association of Home Builders Housing Opportunity Index (HOI)

Existing stand-alone backyard ADU units come with an installation cost of \$250 - \$650,000 and a lengthy 27-year real estate depreciation. In contrast, the SYMBIHOM ADU is sold and installed for an estimated \$175,000 to \$220,000, is considered a personal asset, and can be depreciated over 15 years. The low cost of the SYMBIHOM ADU also allows for easier financing, lower tax assessment (because it does not add to the square footage of the property but is rather a remodel of existing) and greater ROI.²²

Presently, we know of no other ADU providers that are capable of building commercial grade low-cost living units by converting the garage in three weeks.

Revenue Model

SYMBiHOM'S revenue model is planned to be 100% sale to homeowners. The State of California and a number of cities offer incentive grants to build ADU's, in order to reduce the cost of housing and to encourage housing supply.

We've calculated Company's Total Addressable Market (TAM) based on the number of homes in the San Francisco Bay Area. The San Francisco, Hayward, Oakland Metro Area has 1.8 million homes, San Jose, Sunnyvale Santa Clara California Metro Area has .67 million homes, and the entire San Francisco Bay Metro Area has approximately 3 million housing units of which approximately 45% are rentals and 55% owned. 95% of these homes (1.14 million) are single family and 1.2 million overall homes (including townhomes) have garages.

See Exhibit I for detailed Bay area housing statistics.

Without including the institutional housing needs in this market and based on our survey results [Link to this], these 1.14 million single family homes project a market share of 185,000 homeowners who are very interested in our solution and another 100,000 who are moderately interested.

With funding to support staff and marketing efforts, we project being able to sell 60 units this year, 480 units in 2023, 1,000 in 2024, 2,000 in 2025 and increasing to 4,000 in 2026, (with expanded reach beyond the Bay area), by creating a SYMBiHOM ADU KIT that contractors can purchase and install.

Eventually we anticipate that institutions will underwrite the cost of these units and lease from each homeowner for a 15-year period to meet their employment needs, providing additional equity value to the homeowner and additional recurring income.

The Finances.

We estimate that the Company will have assets of approximately \$600 million and cash balance of over \$400 million at the end of five years. Startup operations have been and will continue to be funded by seed equity in the early years. That equity has been raised from our founder and through a friends and family offering and will be supplemented by this Reg CF offering. Since we started operations in 2020, we have

²² <https://www.newavenuehomes.com/blog/costs-to-design-and-build-adus>

deployed founder equity and loans of \$550,436 and \$400,000 of the additional \$500,000 in seed funds raised. \$220,000 of revenue has been earned to date.

We expect to expand our employees from 2 to 10 over the next year, and complete 60 garage conversions this year with another 200 next year. After that, as we start to distribute kits to certified contractors, we expect growth to double each year.

As we grow, we'll be able to fund our operations through cash from revenues. Once this offering is complete, we plan to raise further funds to meet our total goal of \$2 million through additional high net worth equity.

The table on page 19 of Exhibit A, our business plan, reflects projections for the Company over the next five years.

About the Offering

The Company is engaged in a Regulation Crowdfunding (Reg CF) offering (the “Offering”) to raise money for SYMBIHOM LLC, which converts garages into ADUs. The funds raised will be used to increase the core team, marketing reach, operations, legal and professional fees.

We are trying to raise a maximum of \$250,000, but we will move forward with the Project and use investor funds if we are able to raise at least \$100,000 (the “Target Amount”). If we have not raised at least the Target Amount by 11:59 pm on February 1, 2023, EST (the “Target Date”), we will terminate the Offering and return 100% of their money to anyone who has subscribed.

The minimum you can invest in the Offering is \$1,000. Investments above \$1,000 may be made in \$500 increments (e.g., \$1,100 or \$1,200, but not \$1,136). An investor may cancel his or her commitment up until 11:59 pm on January 29, 2023, EST (i.e., two days before the Target Date). If we have raised at least the Target Amount, we might decide to accept the funds before the Target Date; in that case we will notify you and give you the right to cancel.

After we accept the funds, whether on the Target Date or before, we will continue the Offering until we have raised the maximum amount.

Investments under Reg CF are offered by NSSC Funding Portal, LLC, a licensed funding portal.

About your investment.

The ‘securities’ we are selling are Simple Agreements for Future Equity, or SAFEs. A SAFE doesn’t really have a ‘price’ the way a share of stock or limited liability interest does. If you invest \$1,000 you get a SAFE with a face amount of \$1,000, and so forth.

If the Company raises money in the future from the sale of its shares (common or preferred) for a fixed price, where the Company receives gross proceeds of at least \$1,000,000, then your SAFE will convert into that same type of shares (common or preferred). The price of the conversion will be 80% of the price paid by the new investors.

For example, if the new investors pay \$1,000 per share, your shares will be converted at \$800 per share.

EXAMPLE: Suppose you invest \$5,000 in our SAFE, and an investor makes a \$2 million investment at the price of \$1.00 per share. Your SAFE will convert into 6,250 shares of Series A SAFE preferred shares (as described in the SAFE) as follows:

Type of Shares	Series A Preferred Shares
Price Based on 20% Discount	\$0.80/share
Amount of SAFE	\$5,000.00
Number of Shares Received	6,250 shares

If the Company liquidates before it raises at least \$1 million in gross proceeds for additional Company total shares, you will have the right to receive the amount you paid for your SAFE, without interest. However, your right to payment will be behind the rights of the Company's creditors, and on a par with others who hold SAFEs or preferred stock.

The SAFE does not give you any voting rights in the Company or other rights as a shareholder. For example, you do not have the right to receive any dividends for as long as you own your SAFE.

§227.201(e) – Number of Employees

Company Instructions

This question asks only for the *number* of your employees, not their names.

- This information should be based on current employees, not those you intend to hire with the proceeds of the offering.
- Include both full-time and part-time employees.
- Include only people who are W-2 employees for tax purposes. Don't include people who are 1099 independent contractors.

The Company currently has 1 employee.

§227.201(f) – Risks of Investing

Required Statement:

A crowdfunding investment involves risk. You should not invest any funds in this offering unless you can afford to lose your entire investment.

In making an investment decision, Investors must rely on their own examination of the issuer and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state securities commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document.

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

Additional statement:

There are numerous risks to consider when making an investment such as this one and financial projections are just that - projections. Returns are not guaranteed. Conditions that may affect your investment include unforeseen construction costs, changes in market conditions, and potential disasters that are not covered by insurance. Review the attached Exhibit B: Risks of Investing for a more expansive list of potential risks associated with an investment in this Company.

§227.201(g) – Target Offering Amount and Offering Deadline

Company Instructions

This question asks for the “target offering amount.” That means the *minimum* amount of money you’re trying to raise in this offering. For example, if you’re trying to raise a minimum of \$600,000 but would accept up to \$800,000, your “target offering amount” would be \$600,000. This question also asks for the “offering deadline.” That means the date when, if you haven’t raised at least the target offering amount, you’d call off the offering and return any money to Investors.

Target Offering Amount \$100,000

Offering Deadline February 1, 2023

Required Statement:

If the sum of the investment commitments does not equal or exceed the Target Offering Amount as of the Offering Deadline, no securities will be sold in the offering, investment commitments will be canceled, and all committed funds will be returned.

§227.201(h) – Commitments that Exceed the Target Offering Amount

Company Instructions:

This question asks whether the Company will accept more money from Investors once the Target Offering Amount is raised and, if so, how you will deal with “oversubscriptions.” The question deals only with this offering – it’s not asking whether you will try to raise more money in the future.

Will the Company accept commitments that exceed the Target Offering Amount?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
What is the maximum you will accept in this Offering (it may not exceed \$5,000,000)?	\$250,000
If Yes, how will the Company deal with the oversubscriptions?	<input type="checkbox"/> We will reduce the subscription of every Investor (including those whose

	commitments made up the Target Offering Amount) on a <i>pro-rata</i> basis, so that every Investor who subscribes will be able to participate. <input checked="checked" type="checkbox"/> We will accept subscriptions on a first-come, first-served basis. <input type="checkbox"/> Other (explain):

§227.201(i) – How the Company Intends to Use the Money Raised in the Offering

Company Instructions

If you're reasonably sure how you're going to use some or all of the money, use the first table below. If you're not yet sure, you should identify and describe each probable use and the factors you might consider in making a final decision. And if your answer to question 201(h) above was that Yes, you will accept commitments that exceed the Target Amount, then you should also briefly describe how you will spend those "extra" dollars in the second table.

The Company is Reasonably Sure it Will Use the Money as Follows:

If we raise the target amount of \$100,000:

Use of Money	How Much (approximately)
Marketing / Advertising	\$50,000
Staffing / Professional Fees	\$50,000
TOTAL	\$100,000

If we raise the maximum goal of \$250,000:

Use of Money	How Much (approximately)
Other Costs of the Offering (e.g., legal and accounting fees)	\$100,000
Pre-purchase of long lead electrical connectors	\$50,000
PR / Marketing and Advertising	\$50,000
Staffing / Professional Fees	\$50,000
TOTAL	\$250,000

§227.201(j) – The Investment Process

To Invest

- Review this Form C and the business plan, and the Campaign Page
- If you decide to invest, press the *Add Some Change* button
- Follow the instructions

To Cancel Your Investment

Send an email to hello@smallchange.co no later than 48 hours before the Offering Deadline. In your email, include your name and the name of the Company.

Note

For more information about the investment and cancellation process, see the Educational Materials on Small Change.²⁴ See also the Investment Agreement attached, Exhibit C: Investment Agreement.

Required Statements

Investors may cancel an investment commitment until 48 hours prior to the Offering Deadline.

Small Change will notify Investors when and if the Target Offering Amount has been raised.

If the Company reaches the Target Offering Amount before the Offering Deadline, it may close the offering early if it provides notice about the new Offering Deadline at least five business days before such new Offering Deadline, absent a material change that would require an extension of the offering and reconfirmation of the investment commitment.

If an Investor does not cancel an investment commitment before the 48-hour period before the Offering Deadline, the funds will be released to the Company upon closing of the offering and the Investor will receive securities in exchange for his or her investment.

§227.201(k) – Material Changes

Required Statement

If an Investor does not reconfirm his or her investment commitment after a material change is made to the offering, the Investor's investment commitment will be canceled, and the committed funds will be returned.

Explanation for Investors

A “material change” means a change that an average, careful Investor would want to know about before making an investment decision. A material change could be good or bad. If a material change occurs after you make an investment commitment but before the Offering closes, then the Company will notify you and ask whether you want to invest anyway. If you do not affirmatively choose to invest, then your commitment will be canceled, your funds will be returned to you, and you will not receive any securities.

§227.201(l) – Price of the Securities

The ‘securities’ we are selling are Simple Agreements for Future Equity, or SAFEs. A SAFE doesn’t really have a ‘price’ the way a share of stock does. If you invest \$250 you get a SAFE with a face amount of \$250, and so forth.

§227.201(m) – Terms of the Securities

We are offering securities in the form of a Simple Agreement for Future Equity, SAFE. The principal terms of our SAFE are as follows:

Conversion on Future Equity Raise

²⁴ www.smallchange.co

The ‘securities’ we are selling are Simple Agreements for Future Equity, or SAFEs. A SAFE doesn’t really have a ‘price’ the way a share of stock or limited liability interest does. If you invest \$1,000 you get a SAFE with a face amount of \$1,000, and so forth.

If the Company raises money in the future from the sale of its shares (common or preferred) for a fixed price, where the Company receives gross proceeds of at least \$1,000,000, then your SAFE will convert into that same type of shares (common or preferred). The price of the conversion will be 80% of the price paid by the new investors.

For example, if the new investors pay \$1,000 per share, your shares will be converted at \$800 per share.

EXAMPLE: Suppose you invest \$5,000 in our SAFE, and an investor makes a \$2 million investment at the price of \$1.00 per share. Your SAFE will convert into 6,250 shares of Shadow Series A Preferred Stock (as described in the SAFE) as follows:

Type of Shares	Series A Preferred Stock
Price Based on 20% Discount	\$0.80/share
Amount of SAFE	\$5,000.00
Number of Shares Received	6,250 shares

Liquidation

If the Company liquidates before it raises at least \$1 million in gross proceeds for additional Company total shares, you will have the right to receive the amount you paid for your SAFE, without interest. However, your right to payment will be behind the rights of the Company’s creditors, and on a par with others who hold SAFEs or preferred stock.

Voting and Shareholder Rights

The SAFE does not give you any voting rights in the Company or other rights as a shareholder. For example, you do not have the right to receive any dividends for as long as you own your SAFE.

Limits on Transfers

SAFES will be illiquid (meaning you might not be able to sell them) for four reasons:

- A SAFE may not be transferred without the Company’s consent.²⁵

²⁵ See Exhibit D: SAFE, Section 7: The Investor may not transfer this SAFE or any interest in this SAFE, with or without consideration, without the prior written consent of the Company, which may be withheld in the sole

- If you want to sell your SAFE the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.²⁶
- Even if a sale were permitted, there is no ready market for SAFEs, as there would be for a publicly traded stock.
- For a period of one year, you won't be allowed to transfer the SAFE except (i) to the Company itself, (ii) to an "accredited" Investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

Preemptive Rights

The holders of the SAFEs do not have preemptive rights.

Obligation to Contribute Capital

Once you pay for your SAFE, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company.

Other Classes of Securities

The Company has only one other class of securities outstanding, limited liability company interests denominated as "Units."

- Owners of the Units have the right to receive all distributions from the Company.
- Owners of the Units do not have the right to vote as such but do have the right to remove Managers with or without cause.
- Owners of the Units do not have preemptive rights.

The Person Who Controls the Company

Rebecca Möller owns substantially all of the interests in the Company, therefore, Ms. Möller effectively controls the Company as a Member and the sole Manager.

How the Manager's Exercise of Rights Could Affect You

The Manager has full control over the Company and the actions of the Manager could affect you in a number of different ways, including these:

- The Manager decides whether to raise capital for the Company and, if so, on what terms.
- The Manager decides whether and when to sell the Company, which affects when (if ever) you will get your money back.
- If the Manager sells the Company "too soon," you could miss out on the opportunity for greater appreciation. If the Manager sells the Company "too late," you could miss out on a favorable market.

discretion of the Company, provided that if the Investor is an individual, this SAFE may be assigned by the Investor to his or her estate upon death.

²⁶ See Exhibit D: SAFE, Section 8

- The Manager decides when to make distributions, and how much.
- You might want the Manager to distribute more money, but the Manager might decide to keep the money in reserve or invest it into the Company.
- The Manager could decide to hire herself or her relatives to perform services for the Company and establish rates of compensation higher than fair market value.
- The Manager could decide to refinance the Company. A refinancing could raise money to distribute, but it could also add risk to the Company.
- The Manager decides how much of her own time to invest in the Company.

Risks Associated with Minority Ownership

Owning a minority interest in a Company comes with risks, including these:

- The risk that the person running the Company will do a bad job.
- The risk that the person running the Company will die, become ill, or just quit, leaving the Company in limbo.
- The risk that your interests and the interests of the person running the Company aren't really aligned.
- The risk that you'll be "stuck" in the Company forever.
- The risks that the actions taken by the person running the Company – including those listed above under "How the Manager's Exercise of Rights Could Affect You" – won't be to your liking or in your interest.

§227.201(n) – The Funding Portal

The Company is offering its securities through NSSC Funding Portal, LLC, which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. The SEC File number is 007-00012 and the Funding Portal Registration Depository (FPRD) number is 282942.

§227.201(o) – Compensation of the Funding Portal

The Company will compensate NSSC Funding Portal, LLC as follows:

An administrative fee of \$2,500; plus

A success fee equal to 5% of the amount raised.

NSSC Funding Portal, LLC owns no interest in the Company, directly or indirectly, and will not acquire an interest as part of the Offering, nor is there any arrangement for NSSC Funding Portal, LLC to acquire an interest.

§227.201(p) – Indebtedness of the Company

Creditor	Amount	Interest rate	Maturity Date	Other Important Terms
Rebecca Moller	\$210,125	10 %	N/A	Loan from founder
Chase Ink & CapOne Spark	\$31,328	0 %	N/A	Zero Interest Credit Card

Explanation for Investors

The indebtedness listed in that table is our “material” indebtedness, meaning indebtedness that is significant relative to the value of the Company as a whole. In addition to the indebtedness listed in the table, we also have miscellaneous “trade debt,” meaning debt to trade creditors including lawyers, financial analyst, public relations company, architect and engineer, of about \$173,648 in total.

§227.201(q) – Other Offerings of Securities within the Last Three Years

Company Instructions

If you’ve raised money from third parties, then you’ve conducted an offering of securities. This question asks for all such offerings within the last three years.

- Don’t include money invested by the principals of the Company
- Don’t include money you’ve borrowed from banks or other financial institutions
- Don’t include credit card debt
- Third parties includes friends and family members
- Do include money you borrowed (not from banks or other financial institutions)
- Do not include this Regulation Crowdfunding offering

Date Offering Began	Offering Exemption	Type of Securities	Amount Sold	How the Money was Used

§227.201(r) – Transactions Between the Company and “Insiders”

Company Instructions

The term “transaction” means any business transaction, including stock purchases, salaries, property rentals, consulting arrangements, guaranties, etc.

- Include only transactions that occurred since the beginning of your last fiscal year (the one before the current fiscal year) and transactions that are currently planned.
- Include only transactions that involved an amount of money (or other value) greater than 5% of the total amount you’ve raised in Regulation Crowdfunding during the last 12 months, plus the Target Offering Amount for the current Offering. For example, if you haven’t raised money using Regulation Crowdfunding before, and your current Target Offering Amount is \$600,000, include only transactions that involved more than \$30,000 each.
- Include only transactions between the Company and:
 - Anyone listed in your answer to question 227.201(b); or
 - Anyone listed in your answer to question 227.201(c); or
 - If the Company was organized within the last three years, any promotor you’ve used; or

- Any family member of any of those people, meaning a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent (meaning someone you live with and can't stand), sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, including adoptive relationships; or
- Any corporation or other entity in which any of those people owns an interest.

Description of Transaction	Date of Transaction	Name of Insider	Relationship to Company	Value of Insider's Interest in Transaction

§227.201(s) – The Company's Financial Condition

Liquidity

The Company was organized under the Delaware Limited liability Company Act on June 9, 2020. As of now, we have not yet begun operations other than those associated with general start-up and organizational matters and some initial installations of ADUs. We have some initial revenues and very minimal liquid resources (cash).

We intend to use the proceeds of this Offering to increase the core team, marketing reach, operations, legal and professional fees, as soon as the Offering closes.

If we cannot raise money in this Offering, or cannot borrow money on the terms we expect, then the Company will try to raise funds through other avenues.

Capital Resources

As of now, we have purchased some equipment and entered into several financing agreements.

We expect that sales gross revenue will include profit and a percentage of overhead to cover ongoing costs. Other than the proceeds we hope to receive from the Offering, our only other source of capital planned may be financed loans as project contracts are executed .

Historical Results of Operations

The Company is in the process of launching operations, with research complete, product designed and some installation of ADUs complete and more underway. Webpage improvements to optimize traffic and engagement, along with an advertising and marketing campaign are also underway.

Changes and Trend

We are not aware of any changes or trends in the financial condition or operations of the Company since the date of the financial information provided in this Form C.

§227.201(t) – The Company's Financial Statements

Our financial statements are attached as Exhibit G: Financial Statements

§227.201(u) – Disqualification Events

Explanation for Investors

A Company is not allowed to raise money using Regulation Crowdfunding if certain designated people associated with the Company (including its directors or executive officers) committed certain prohibited acts (mainly concerned with violations of the securities laws) on or after May 16, 2016. (You can read more about those rules in the Educational Materials posted on SmallChange.co). This item requires a Company to disclose whether any of those designated people committed any of those prohibited acts before May 16, 2016.

A Company called CrowdCheck ran background checks on the principals of the Company (i.e., those covered by this rule). You can see the CrowdCheck reports attached as Exhibit H: Background Checks.

For the Company, the answer is No, none of the designated people committed any of the prohibited acts, ever.

§227.201(v) – Updates on the Progress of the Offering

You can track our progress in raising money on the Offering page.

227.201(w) – Annual Reports for the Company

We will file a report with the Securities and Exchange Commission annually and post the report on our website at <https://www.symbihom.com/> no later than 120 days after the end of each fiscal year.

It's possible that at some point, the Company won't be required to file anymore annual reports. We will notify you if that happens.

§227.201(x) – Our Compliance with Reporting Obligations

Explanation for Investors

This item requires a Company to disclose whether it has ever failed to file the reports required by Regulation Crowdfunding.

The Company has never raised money using Regulation Crowdfunding before, and therefore has never been required to file any reports.

§227.201(y) – Other Important Information Prospective Investors Should Know About

Company Instructions

Read through everything you've told prospective Investors on this Form C, in the business and in *Exhibit B: Risks of Investing*. Is there anything else important you would tell your grandmother if she were considering an investment? Something about the neighborhood where the project is located? The builder? The local economy? Anything at all? If so, list it here.

The Company has nothing else to add.

§227.201(z) – Testing the Waters Materials

Company Instructions

Under SEC Rule 206 a company that is considering a Regulation Crowdfunding offering may solicit indications of interest, while under SEC Rule 241 a company that is considering some offering of securities but hasn't decided what type of offering may also solicit indications of interest. This is often referred to as "testing the waters."

If you have relied on Rule 206 to solicit indications of interest you must include a copy of any written materials you used and a written transcript of any audio/visual materials.

If you have relied on Rule 241 to solicit indications of interest you must include a copy of any written materials you used and a written transcript of any audio/visual materials, but only for solicitations made within 30 days before your Regulation Crowdfunding offering goes live.

Explanation for Investors

This item requires a Company to provide certain materials it has used to solicit indications of interest in its offering (i.e., to "test the waters") before the offering became effective.

The Company did not test the waters.

'It all started when she saw a novel, replicable solution that would create housing at scale'...

Rebecca E Möller, Founder

SYMBiHOM was founded in 2020 by Rebecca E. Möller, a veteran of the commercial construction and real estate development industry. Rebecca has managed **22 million square feet of large commercial and residential real estate development and construction projects, from concept to completion**, across the USA for Fortune 500 Companies, leading teams on some of her client's most challenging projects.

“Proven Leadership,
While Creating Novel
Solutions”

Rebecca has taken her experience in the successful delivery of complex multi-million-dollar projects **and made it her mission to create a scalable platform for workforce housing in existing communities.**

In her pursuit to create high-rise residential units in Silicon Valley, she came to realize that **traditional methods of real estate development would never satisfy the demand** for Workforce Housing and certainly not at an affordable rent.

Major cities in California have a severe local rental housing shortage for health care, teachers, and/or public service professionals.

Many urban homeowners have substantial equity value in their homes that they would like to convert into income.

GARAGEHOME is a new company with a solution:

- 1) Affordable and convenient rental housing for working professionals
- 2) A new way for homeowners to generate monthly rental income by converting their garage into a legal, safe living space that can be rented out and easily be converted back into a garage

TYPICAL GARAGE SIZES

THE ELEVEN RULES OF THE GARAGE

Bill Hewlett and Dave Packard, 1939

1. Believe you can change the world.
2. Work quickly, keep the tools unlocked, work whenever.
3. Know when to work alone and when to work together.
4. Share tools, ideas. Trust your colleagues.
5. No Politics. No bureaucracy. (These are ridiculous in a garage).
6. The customer defines a job well done.
7. Radical ideas are not bad ideas.
8. Invent different ways of working.
9. Make a contribution every day. If it doesn't contribute, it doesn't leave the garage.
10. Believe that together we can do anything.
11. Invent.

EXHIBIT B: RISKS OF INVESTING

THE PURCHASE OF SECURITIES FROM THE COMPANY IS SPECULATIVE AND INVOLVES SIGNIFICANT RISK, INCLUDING THE RISK THAT YOU WILL LOSE SOME OR ALL OF YOUR MONEY. THIS INVESTMENT IS SUITABLE ONLY FOR INVESTORS WHO FULLY UNDERSTAND AND ARE CAPABLE OF BEARING THE RISKS.

SOME OF THE RISKS ARE DESCRIBED BELOW. THE ORDER IN WHICH THESE RISKS ARE DISCUSSED IS NOT INTENDED TO SUGGEST THAT SOME RISKS ARE MORE IMPORTANT THAN OTHERS.

Risks Associated with the Real Estate Industry.

Speculative Nature of Real Estate Investing. Real estate can be risky and unpredictable. For example, many experienced, informed people lost money when the real estate market declined in 2007-2008. Time has shown that the real estate market goes down without warning, sometimes resulting in significant losses. Some of the risks of investing in real estate include changing laws, including environmental laws; floods, fires, and other acts of God, some of which may not be insurable; changes in national or local economic conditions; changes in government policies, including changes in interest rates established by the Federal Reserve; and international crises. You should invest in real estate in general, and in the Company in particular, only if you can afford to lose your investment and are willing to live with the ups and downs of the real estate industry.

Environmental Risks. The Company has undertaken what it believes to be adequate testing of the property and is not aware of any environmental contamination. However, the nature of these tests is such that contamination cannot be entirely ruled out. Under Federal and State laws, a current or previous owner or operator of real estate may be required to remediate any hazardous conditions without regard to whether the owner knew about or caused the contamination. Similarly, the owner of real estate may be subject to common law claims by third parties based on damages and costs resulting from environmental contamination. The cost of investigating and remediating environmental contamination can be substantial, even catastrophic.

ADA Compliance. The Americans with Disabilities Act of 1990 (the “ADA”) requires all public buildings to meet certain standards for accessibility by disabled persons. Complying with the ADA can add significant time and costs to a project.

Regulation and Zoning. Like all real estate projects, this project is subject to extensive building and zoning ordinances and codes, which can change at any time. Complying with all of these rules could add significant time and costs to the project.

Casualty Losses. A fire, hurricane, mold infestation, or other casualty could materially and adversely affect the project.

Illiquidity of Real Estate. Real estate is not “liquid,” meaning it’s hard to sell. Thus, the Company might not be able to sell the project as quickly as it would like or on the terms that it would like.

Property Values Could Decrease. The value of the Company's real estate could decline, perhaps significantly. Factors that could cause the value of real estate to decline include, but are not limited to:

- Changes in interest rates
- Competition from other property
- Changes in national or local economic conditions
- Changes in zoning
- Environmental contamination or liabilities
- Changes in local market conditions
- Fires, floods, and other casualties
- Uninsured losses
- Undisclosed defects in property
- Incomplete or inaccurate due diligence

Inability to Attract and/or Retain Tenants. The Company will face significant challenges attracting and retaining qualified tenants. These challenges could include:

- Competition from other landlords
- Changes in economic conditions could reduce demand
- Existing tenants might not renew their leases
- The Company might have to make substantial improvements to the property, and/or reduce rent, to remain competitive
- Portions of the property could remain vacant for extended periods
- A tenant could default on its obligations, or go bankrupt, causing an interruption in rental income

Risks Associated with Development and Construction. The Company is or will be engaged in development and construction. Development and construction can be time-consuming and are fraught with risk, including the risk that projects will be delayed or cost more than budgeted.

Liability for Personal Injury. The Company might be sued for injuries that occur in or outside the project, *e.g.*, "slip and fall" injuries.

Risks Associated with Early Stage Companies

Early-Stage Companies Face Significant Challenges. The Company is an early-stage Company, and like all early-stage companies faces significant challenges, including:

- Understanding the marketplace and accurately identifying opportunities for growth
- Developing its products and services
- Developing its brands
- Responding effectively to the offerings of existing and future competitors
- Attracting, retaining, and motivating qualified executives and personnel
- Implementing business systems and processes, including technology systems
- Raising capital
- Controlling costs
- Managing growth and expansion
- Implementing adequate accounting and financial systems and controls
- Dealing with adverse changes in economic conditions

Unfortunately, the reality is that many early-stage companies never overcome these challenges, and there is no guarantee that the Company will prove to be an exception.

We Expect to Experience Operating Losses for the Foreseeable Future. We expect to experience losses, not profits, for the foreseeable future, as we develop our products and services and build out our operations.

Accurately Assessing the Value of A Private Start-Up Company Is Difficult. Putting a value on a security issued by a privately held startup or early-stage Company is extremely difficult. The price of our securities was determined arbitrarily and bears no relationship to established criteria of value such as the assets, earnings, or book value of the Company.

Lack of Professional Management. The Company is managed by its founder, Rebecca Möller. Ms. Möller does not have significant management training or experience.

Lack of Access to Capital. As a small business, the Company has very limited access to capital. If we need more capital in the future, as we probably will, there is no guarantee we will be able to find it.

Limited Products and Services. The Company offers only a limited number of [products] [services], making it vulnerable to changes in technology and/or customer preferences.

Limited Distribution Channels. An early-stage Company can find it very difficult to penetrate established distribution channels. For example, a small Company with only one or two products will find it very difficult to get into large retailers like Walmart.

Lack of Accounting Controls. Larger companies typically have in place strict accounting controls to prevent theft and embezzlement. In contrast, our Company has only limited controls.

Unproven Business Models. Our Company is trying to introduce what is effectively an entirely new [product] [service]. If we are successful, the rewards could be significant. But consumer behavior is very difficult to change, and successful business models are very difficult to build. There is no guaranty that consumers will embrace our new model.

No Ongoing Distributions. We do not intend to pay dividends for the foreseeable future. Instead, we will invest our profits back into the business.

Risks Common to Companies on the Platform Generally

Reliance on Management. Under our Operating Agreement, Investors will not have the right to participate in the management of the Company. Instead, Ms. Möller will manage all aspects of the Company and its business. Furthermore, if Ms. Möller or other key personnel of the issuer were to leave the Company or become unable to work, the Company (and your investment) could suffer substantially. Thus, you should not invest unless you are comfortable relying on the Company's management team. You will never have the right to oust management, no matter what you think of them.

Inability to Sell Your Investment. The law prohibits you from selling your securities (except in certain very limited circumstances) for one year after you acquire them. Even after that one-year period, a host of Federal and State securities laws may limit or restrict your ability to sell your securities. Even if you are permitted to sell, you will likely have difficulty finding a buyer because there will be no established market. Given these factors, you should be prepared to hold your investment for its full term (in the case of debt securities) or indefinitely (in the case of equity securities).

We Might Need More Capital. We might need to raise more capital in the future to fund new product development, expand its operations, buy property and equipment, hire new team members, market its products and services, pay overhead and general administrative expenses, or a variety of other reasons. There is no assurance that additional capital will be available when needed, or that it will be available on terms that are not adverse to your interests as an Investor. If the Company is unable to obtain additional funding when needed, it could be forced to delay its business plan or even cease operations altogether.

Changes in economic conditions could hurt Our businesses. Factors like global or national economic recessions, changes in interest rates, changes in credit markets, changes in capital market conditions, declining employment, decreases in real estate values, changes in tax policy, changes in political conditions, and wars and other crises, among other factors, hurt businesses generally and could hurt our business as well. These events are generally unpredictable.

No Registration Under Securities Laws. Our securities will not be registered with the SEC or the securities regulator of any State. Hence, neither the Company nor the securities will be subject to the same degree of regulation and scrutiny as if they were registered.

Incomplete Offering Information. Title III does not require us to provide you with all the information that would be required in some other kinds of securities offerings, such as a public offering of shares (for example, publicly-traded firms must generally provide Investors with quarterly and annual financial statements that have been audited by an independent accounting firm). Although Title III does require extensive information, it is possible that you would make a different decision if you had more information.

Lack of Ongoing Information. We will be required to provide some information to Investors for at least one year following the offering. However, this information is far more limited than the information that would be required of a publicly-reporting Company; and we are allowed to stop providing annual information in certain circumstances.

Breaches of Security. It is possible that our systems would be “hacked,” leading to the theft or disclosure of confidential information you have provided to us. Because techniques used to obtain unauthorized access or to sabotage systems change frequently and generally are not recognized until they are launched against a target, we and our vendors may be unable to anticipate these techniques or to implement adequate preventative measures.

Uninsured Losses. We might not buy enough insurance to guard against all the risks of our business, whether because it doesn’t know enough about insurance, because we can’t afford adequate insurance, or some combination of the two. Also, there are some kinds of risks that are simply impossible to insure against, at least at a reasonable cost. Therefore, the Company could incur an uninsured loss that could damage our business.

Unreliable Financial Projections. We might provide financial projections reflecting what we believe are reasonable assumptions concerning the Company and its future. However, the nature of business is that financial projections are rarely accurate. The actual results of investing in the Company will likely be different than the projected results, for better or worse.

Limits on Liability of Company Management. Our Operating Agreement limits the liability of management, making it difficult or impossible for Investors to sue managers successfully if they make mistakes or conduct themselves improperly. You should assume that you will never be able to sue the management of the Company, even if they make decisions you believe are stupid or incompetent.

Changes in Laws. Changes in laws or regulations, including but not limited to zoning laws, environmental laws, tax laws, consumer protection laws, securities laws, antitrust laws, and health care laws, could adversely affect the Company.

Conflicts of Interest. In many ways your interests and ours will coincide: you and we want the Company to be as successful as possible. However, our interests might be in conflict in other important areas, including these:

- You might want the Company to distribute money, while the Company might prefer to reinvest it back into the business.
- You might wish the Company would be sold so you can realize a profit from your investment, while management might want to continue operating the business.
- You would like to keep the compensation of managers low, while managers want to make as much as they can.
- You would like management to devote all their time to this business, while they might own and manage other businesses as well.

Your Interests Aren't Represented by Our Lawyers. We have lawyers who represent us. These lawyers have drafted our Operating Agreement and Investment Agreement, for example. None of these lawyers represents you personally. If you want your interests to be represented, you will have to hire your own lawyer, at your own cost.

Risks Associated with Equity Securities

Equity Comes Last in the Capital Stack. You will be buying “equity” securities in the Company. The holders of the equity interests stand to profit most if the Company does well but stand last in line to be paid when the Company dissolves. Everyone – the bank, the holders of debt securities, even ordinary trade creditors – has the right to be paid first. You might buy equity hoping the Company will be the next Facebook but face the risk that it will be the next Theranos.

Possible Tax Cost. The Company is a limited liability company and, as such, will be taxed as a partnership, with the result that its taxable income will “flow through” and be reported on the tax returns of the equity owners. It is therefore possible that you would be required to report taxable income of the Company on your personal tax return, and pay tax on it, even if the Company doesn't distribute any money to you. To put it differently, your taxable income from a limited liability company is not limited to the distributions you receive.

Your Interest Might be Diluted: As an equity owner, your interest will be “diluted” immediately, in the sense that (1) the “book value” of the Company is lower than the price you are paying, and (2) the founder of the Company, and possibly others, bought their stock at a lower price than you are buying yours. Your interest could be further “diluted” in the future if the Company sells stock at a lower price than you paid.

Future Investors Might Have Superior Rights: If the Company needs more capital in the future and sells stock to raise that capital, the new Investors might have rights superior to yours. For example, they might have the right to be paid before you are, to receive larger distributions, to have a greater voice in management, or otherwise.

Our Companies will not be Subject to the Corporate Governance Requirements of the National Securities Exchange: Any Company whose securities are listed on a national stock exchange (for example, the New York Stock Exchange) is subject to a number of rules about corporate governance that are

intended to protect Investors. For example, the major U.S. stock exchanges require listed companies to have an audit committee made up entirely of independent members of the board of directors (*i.e.*, directors with no material outside relationships with the Company or management), which is responsible for monitoring the Company's compliance with the law. Our Company is not required to implement these and other stockholder protections.

EXHIBIT C: INVESTMENT AGREEMENT

SYMBIHOM LLC

This is an Investment Agreement, entered into by and between SYMBIHOM LLC, a Delaware limited liability company (the “Company”) and _____ (“Purchaser”).

Background

The Company is offering for the sale certain securities on www.SmallChange.co, (the “Platform”).

NOW, THEREFORE, acknowledging the receipt of adequate consideration and intending to be legally bound, the parties hereby agree as follows:

1. Defined Terms. Capitalized terms that are not otherwise defined in this Investment Agreement have the meanings given to them in the Company’s Form C on the Platform (the “Disclosure Document”). The Company is sometimes referred to using words like “we” and “our,” and Purchaser is sometimes referred to using words like “you,” “your,” and “its.”

2. Purchase of SAFE.

2.1. In General. Subject to the terms and conditions of this Investment Agreement, the Company hereby agrees to sell to Purchaser, and Purchaser hereby agrees to purchase from the Company, a Simple Agreement for Future Equity for [hyperlink to investment amount] (the “SAFE”).

2.2 Reduction for Oversubscription. If the Company receives subscriptions from qualified investors for more than the amount we are trying to raise, we may reduce your subscription and therefore the amount of your SAFE. We will notify you promptly if this happens.

3. Right to Cancel. Once you sign this Subscription Agreement, you have the right to cancel under certain conditions described in the Educational Materials at the Platform. For example, you generally have the right to cancel (i) up to 48 hours before the closing of the offering, or (ii) if there is a material change in the offering.

4. Our Right to Reject Investment. In contrast, we have the right to reject your subscription for any reason or for no reason, in our sole discretion. If we reject your subscription, any money you have given us will be returned to you.

5. Your SAFE. You will not receive a paper certificate representing your SAFE. Instead, your SAFE will be available electronically.

6. Your Promises. You promise that:

6.1. Accuracy of Information. All of the information you have given to us, whether in this Investment Agreement or otherwise, is accurate and we may rely on it. If any of the information you have given to us changes before we accept your subscription, you will notify us immediately. If any of the information you have given to us is inaccurate and we are damaged (harm) as a result, you will indemnify us, meaning you will pay any damages.

6.2 Review of Information. You have read all of the information in the Disclosure Document, including all the exhibits. Without limiting that statement, you have reviewed and understand the SAFE.

6.3 Risks. You understand all the risks of investing, including the risk that you could lose all your money. Without limiting that statement, you have reviewed and understand all the risks listed under “Risks of Investing” in the Disclosure Document.

6.4 Escrow Account. You understand that your money might first be held in an escrow account in one or more FDIC-insured banks. If any of these banks became insolvent and the FDIC insurance is insufficient, your money could be lost.

6.5 No Representations. Nobody has made any promises or representations to you, except the information in the Disclosure Document. Nobody has guaranteed any financial outcome of your investment.

6.6 Opportunity to Ask Questions. You have had the opportunity to ask questions about the Company and the investment. All your questions have been answered to your satisfaction.

6.7 Your Legal Power to Sign and Invest. You have the legal power to sign this Investment Agreement and purchase the SAFE.

6.8 No Government Approval. You understand that no state or federal authority has reviewed this Investment Agreement or the SAFE or made any finding relating to the value or fairness of the investment.

6.9 No Transfer. You understand that under the SAFE may not be transferred without our consent. Also, securities laws limit transfer of the SAFE. Finally, there is currently no market for the SAFE, meaning it might be hard to find a buyer. As a result, you should be prepared to hold the SAFE indefinitely.

6.10. No Advice. We have not provided you with any investment, financial, or tax advice. Instead, we have advised you to consult with your own legal and financial advisors and tax experts.

6.11. Tax Treatment. We have not promised you any particular tax outcome from buying or holding the SAFE.

6.12. Past Performance. You understand that even if we have been successful with other projects, we might not be successful with this project.

6.13. Acting on Your Own Behalf. You are acting on your own behalf in purchasing the SAFE, not on behalf of anyone else.

6.14. Investment Purpose. You are purchasing the SAFE solely as an investment, not with an intent to re-sell or “distribute” any part of it.

6.15. Anti-Money Laundering Laws. Your investment will not, by itself, cause the Company to be in violation of any “anti-money laundering” laws, including, without limitation, the United States Bank Secrecy Act, the United States Money Laundering Control Act of 1986, and the United States International Money Laundering Abatement and Anti-Terrorist Financing Act of 2001.

6.16. Additional Information. At our request, you will provide further documentation verifying the source of the money used to purchase the SAFE.

6.17. Disclosure. You understand that we may release confidential information about you to government authorities if we determine, in our sole discretion after consultation with our lawyer, that releasing such information is in the best interest of the Company or if we are required to do so by such government authorities.

6.18. Additional Documents. You will execute any additional documents we request if we reasonably believe those documents are necessary or appropriate and explain why.

6.19. No Violations. Your purchase of the SAFE will not violate any law or conflict with any contract to which you are a party.

6.20. Enforceability. This Investment Agreement is enforceable against you in accordance with its terms.

6.21. No Inconsistent Statements. No person has made any oral or written statements or representations to you that are inconsistent with the information in this Investment Agreement and the Disclosure Document.

6.22. Financial Forecasts. You understand that any financial forecasts or projections are based on estimates and assumptions we believe to be reasonable but are highly speculative. Given the industry, our actual results may vary from any forecasts or projections.

6.23. Notification. If you discover at any time that any of the promises in this section 6 are untrue, you will notify us right away.

6.24. Non-U.S. Purchasers. If you are neither a citizen or a resident (green card) of the United States, then (i) the offer and sale of SAFEs is lawful in the country of your residence, and (ii) the Company is not required to register or file any reports or documents with the country of your residence.

6.25. Additional Promises by Individuals. If you are a natural person (not an entity), you also promise that:

6.25.1. Knowledge. You have enough knowledge, skill, and experience in business, financial, and investment matters to evaluate the merits and risks of the investment.

6.25.2. Financial Wherewithal. You can afford this investment, even if you lose your money. You don't rely on this money for your current needs, like rent or utilities.

6.25.3. Anti-Terrorism and Money Laundering Laws. None of the money used to purchase the SAFE was derived from or related to any activity that is illegal under United States law, and you are not on any list of "Specially Designated Nationals" or known or suspected terrorists that has been generated by the Office of Foreign Assets Control of the United States Department of Treasury ("OFAC"), nor are you a citizen or resident of any country that is subject to embargo or trade sanctions enforced by OFAC.

6.26. Entity Investors. If Purchaser is a legal entity, like a corporation, partnership, or limited liability company, Purchaser also promises that:

6.26.1. Good Standing. Purchaser is validly existing and in good standing under the laws of the jurisdiction where it was organized and has full corporate power and authority to conduct its business as presently conducted and as proposed to be conducted.

6.26.2. Other Jurisdictions. Purchaser is qualified to do business in every other jurisdiction where the failure to qualify would have a material adverse effect on Purchaser.

6.26.3. Authorization. The execution and delivery by Purchaser of this Investment Agreement, Purchaser's performance of its obligations hereunder, the consummation by Purchaser of the transactions contemplated hereby, and the purchase of the SAFE, have been duly authorized by all necessary corporate, partnership or company action.

6.26.4. Investment Company. Purchaser is not an "investment company" within the meaning of the Investment Company Act of 1940.

6.26.5. Information to Investors. Purchaser has not provided any information concerning the Company or its business to any actual or prospective investor, except the Disclosure Document, this Investment Agreement, and other written information that the Company has approved in writing in advance.

6.26.6. Anti-Terrorism and Money Laundering Laws. To the best of Purchaser's knowledge based upon appropriate diligence and investigation, none of the money used to purchase the SAFE was derived from or related to any activity that is illegal under United States law. Purchaser has received representations from each of its owners such that it has formed a reasonable belief that it knows the true identity of each of the ultimate investors in Purchaser. To the best of Purchaser's knowledge, none of its ultimate investors is on any list of "Specially Designated Nationals" or known or suspected terrorists that has been generated by the Office of Foreign Assets Control of the United States Department of Treasury ("OFAC"), nor is any such ultimate investor a citizen or resident of any country that is subject to embargo or trade sanctions enforced by OFAC.

7. Confidentiality. The information we have provided to you about the Company, including the information in the Disclosure Document, is confidential. You will not reveal such information to anyone or use such information for your own benefit, except to purchase the SAFE.

8. Re-Purchase of SAFE. If we decide that you provided us with inaccurate information or have otherwise violated your obligations, or if required by any applicable law or regulation related to terrorism, money laundering, and similar activities, we may (but shall not be required to) repurchase your SAFE for an amount equal to the amount you paid for it.

9. Governing Law. Your relationship with us shall be governed by Delaware law, without considering principles of conflicts of law.

10. Execution of SAFE. If we accept your subscription, then your execution of this Investment Agreement will also serve as your signature on the SAFE, just as if you had signed a paper copy of the SAFE in blue ink.

11. Arbitration.

11.1. Right to Arbitrate Claims. If any kind of legal claim arises between us as a result of your purchase of the SAFE, either of us will have the right to arbitrate the claim, rather than use the courts. There are only three exceptions to this rule. First, we will not invoke our right to arbitrate a claim you bring in Small Claims Court or an equivalent court, if any, so long as the claim is pending only in that court.

Second, we have the right to seek an injunction in court if you violate or threaten to violate your obligations. Third, disputes arising under the SAFE will be handled in the manner described in the SAFE.

11.2. Place of Arbitration; Rules. All arbitration will be conducted in Wilmington, Delaware, unless we agree otherwise in writing in a specific case. All arbitration will be conducted before a single arbitrator in accordance with the rules of the American Arbitration Association.

11.3. Appeal of Award. Within thirty (30) days of a final award by the single arbitrator, you or we may appeal the award for reconsideration by a three-arbitrator panel. If you or we appeal, the other party may cross-appeal within thirty (30) days after notice of the appeal. The panel will reconsider all aspects of the initial award that are appealed, including related findings of fact.

11.4. Effect of Award. Any award by the individual arbitrator that is not subject to appeal, and any panel award on appeal, shall be final and binding, except for any appeal right under the Federal Arbitration Act, and may be entered as a judgment in any court of competent jurisdiction.

11.5. No Class Action Claims. NO ARBITRATION SHALL PROCEED ON A CLASS, REPRESENTATIVE, OR COLLECTIVE BASIS. No party may join, consolidate, or otherwise bring claims for or on behalf of two or more individuals or unrelated corporate entities in the same arbitration unless those persons are parties to a single transaction. An award in arbitration shall determine the rights and obligations of the named parties only, and only with respect to the claims in arbitration, and shall not (i) determine the rights, obligations, or interests of anyone other than a named party, or resolve any claim of anyone other than a named party, or (ii) make an award for the benefit of, or against, anyone other than a named party. No administrator or arbitrator shall have the power or authority to waive, modify, or fail to enforce this paragraph, and any attempt to do so, whether by rule, policy, arbitration decision or otherwise, shall be invalid and unenforceable. Any challenge to the validity of this paragraph shall be determined exclusively by a court and not by the administrator or any arbitrator. If this paragraph shall be deemed unenforceable, then any proceeding in the nature of a class action shall be handled in court, not in arbitration.

12. Consent to Electronic Delivery. You agree that we may deliver all notices, tax reports and other documents and information to you by email or another electronic delivery method we choose. You agree to tell us right away if you change your email address or home mailing address so we can send information to the new address.

13. Notices. All notices between us will be electronic. You will contact us by email at hello@smallchange.co. We will contact you by email at the email address you provided on the Platform. Either of us may change our email address by notifying the other (by email). Any notice will be considered to have been received on the day it was sent by email, unless the recipient can demonstrate that a problem occurred with delivery. You should designate our email address as a “safe sender” so our emails do not get trapped in your spam filter.

14. Limitations on Damages. WE WILL NOT BE LIABLE TO YOU FOR ANY LOST PROFITS OR SPECIAL, CONSEQUENTIAL, OR PUNITIVE DAMAGES, EVEN IF YOU TELL US YOU MIGHT INCUR THOSE DAMAGES. This means that at most, you can sue us for the amount of your investment. You can’t sue us for anything else.

15. Waiver of Jury Rights. IN ANY DISPUTE WITH US, YOU AGREE TO WAIVE YOUR RIGHT TO A TRIAL BY JURY. This means that any dispute will be heard by an arbitrator or a judge, not a jury.

16. Effect of Acceptance. Even when we accept your subscription by counter-signing below, you will not acquire the SAFE until and unless we have closed on the Offering, as described in the Disclosure Document.

17. Miscellaneous Provisions.

17.1. No Transfer. You may not transfer your rights or obligations.

17.2. Right to Legal Fees. If we have a legal dispute with you, the losing party will pay the costs of the winning party, including reasonable legal fees.

17.3. Headings. The headings used in this Investment Agreement (*e.g.*, the word “Headings” in this paragraph), are used only for convenience and have no legal significance.

17.4. No Other Agreements. This Investment Agreement and the documents it refers to (including the LLC Agreement) are the only agreements between us.

17.5. Electronic Signature. You will sign this Investment Agreement electronically, rather than physically.

IN WITNESS WHEREOF, the undersigned has executed this Investment Agreement and the LLC Agreement effective on the date first written above.

EXHIBIT D: SIMPLE AGREEMENT FOR FUTURE EQUITY

THIS INSTRUMENT AND THE SECURITIES ISSUABLE UPON THE CONVERSION HEREOF HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED (THE “ACT”). THEY MAY NOT BE SOLD, OFFERED FOR SALE, PLEDGED, HYPOTHECATED OR OTHERWISE TRANSFERRED EXCEPT PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER THE ACT OR UPON RECEIPT BY THE COMPANY OF AN OPINION OF COUNSEL SATISFACTORY TO THE COMPANY THAT REGISTRATION IS NOT REQUIRED UNDER THE ACT.

SYMBIHOM, LLC SIMPLE AGREEMENT FOR FUTURE EQUITY

This SAFE has been granted by SYMBIHOM, LLC, a Delaware limited liability company (the “Company”) to _____ (the “Investor”) in exchange for payment by the Investor of \$_____ (the “Purchase Amount”) pursuant to an Investment Agreement between the Company and the Investor.

1. **Definitions.** Capitalized terms not otherwise defined in this SAFE will have the meanings set forth in this section 1.
 - 1.1. “Common Units” means the (i) Voting Common Units and (ii) Nonvoting Common Units.
 - 1.2. “Conversion Shares” (for purposes of determining the type of Equity Securities issuable upon conversion of this SAFE) means:
 - 1.2.1. With respect to a conversion pursuant to section 2.1, shares of Safe Preferred Units if the Equity Securities issued in the Next Financing are Preferred Units, and otherwise Nonvoting Common Units; and
 - 1.2.2. With respect to a conversion pursuant to section 2.2, shares of Nonvoting Common Units.
 - 1.3. “Conversion Price” means the product of (x) one hundred percent (100%) *less* the Discount and (y) the lowest per share purchase price of the Equity Securities issued in the Next Equity Financing.
 - 1.4. “Corporate Transaction” means:
 - 1.4.1. The closing of the sale, transfer or other disposition, in a single transaction or series of related transactions, of all or substantially all of the Company’s assets (but not including a Dissolution);
 - 1.4.2. The consummation of a merger or consolidation of the Company with or into another entity (except a merger or consolidation in which the holders of Units immediately prior to such merger or consolidation continue to hold a majority of the outstanding voting securities of the Company or the surviving or acquiring entity immediately following the consummation of such transaction); or
 - 1.4.3. The closing of the transfer (whether by merger, consolidation or otherwise), in a single transaction or series of related transactions, to a “person” or “group” (within the meaning of section 13(d) and section 14(d) of the Exchange Act), of the Company’s limited liability company interest if, after such closing, such

person or group would become the “beneficial owner” (as defined in Rule 13d-3 under the Exchange Act) of more than fifty percent (50%) of the outstanding voting securities of the Company (or the surviving or acquiring entity).

A transaction will not constitute a “Corporate Transaction” if its sole purpose is to change the state of the Company’s formation or to create a holding company that will be owned in substantially the same proportions by the persons who held the Company’s securities immediately prior to such transaction. Nor will the sale of Equity Securities in a bona fide financing transaction or a change in the Company’s structure from a limited liability company to a corporation be deemed a “Corporate Transaction.”

- 1.5. “Discount” means twenty percent (20%).
- 1.6. “Dissolution” means (i) a voluntary termination of the Company’s operations; (ii) a general assignment for the benefit of the Company’s creditors; or (iii) a liquidation, dissolution or winding up of the Company (other than a Corporate Transaction), whether voluntary or involuntary.
- 1.7. “Equity Securities” means (i) Common Units; (ii) any securities conferring the right to purchase Common Units; (iii) any securities directly or indirectly convertible into, or exchangeable for (with or without additional consideration) Common Units, or (iv) Preferred Units. Notwithstanding the foregoing, the following will not be considered “Equity Securities”: (i) any security granted, issued or sold by the Company to any director, officer, employee, consultant or adviser of the Company for the primary purpose of soliciting or retaining their services; (ii) any convertible promissory notes issued by the Company; and (iii) any SAFEs (including this SAFE) issued by the Company.
- 1.8. “Exchange Act” means the Securities Exchange Act of 1934, as amended.
- 1.9. “Fully Diluted Capitalization” means the number of issued and outstanding Common Units, assuming the conversion or exercise of all of the Company’s outstanding convertible or exercisable securities, including Units in the nature of convertible preferred stock and all outstanding vested or unvested options or warrants to purchase Common Units. Notwithstanding the foregoing, “Fully Diluted Capitalization” excludes: (i) any convertible promissory notes issued by the Company; (ii) any SAFEs (including this SAFE) issued by the Company; and (iii) any Equity Securities that are issuable upon conversion of any outstanding convertible promissory notes or SAFEs.
- 1.10. “Next Equity Financing” means the next sale (or series of related sales) by the Company of its Equity Securities following the date of issuance of this SAFE, where the Equity Securities are sold for a fixed price (although the price might vary from purchaser to purchaser), from which the Company receives gross proceeds of not less than US\$1,000,000 (excluding, for the avoidance of doubt, the aggregate investment amount of the SAFEs issued in this Offering).
- 1.11. “Nonvoting Common Units” means the Units most similar to the nonvoting common stock of a Delaware corporation, or if the Company has been converted to a corporation, its nonvoting common stock.

- 1.12. “Offering” means the offering of SAFEs in the aggregate amount of approximately Two Hundred and Fifty Thousand Dollars (\$250,000) beginning on or around August 18, 2022
 - 1.13. “Preferred Units” means the Units, if any, most similar to a series of preferred stock of a Delaware corporation or, if the Company has been converted to a corporation, any series of its preferred stock.
 - 1.14. “Requisite Investors” means the holders of a majority-in-interest of the aggregate purchase price of all SAFEs issued by the Company in the Offering.
 - 1.15. “SAFE” means any simple agreement for future equity (or other similar agreements) which are issued by the Company for bona fide financing purposes and which may convert into the Company’s Units in accordance with its terms.
 - 1.16. “SAFE Preferred Units” means the shares of the series Preferred Units issued to the Investor in the Next Equity Financing (if applicable), having the identical rights, privileges, preferences and restrictions as the Preferred Units, other than with respect to: (i) the per share liquidation preference and the initial conversion price for purposes of price-based anti-dilution protection, which will equal the Conversion Price; (ii) the basis for any dividend rights, which will be based on the Conversion Price and (iii) no voting rights.
 - 1.17. “Securities Act” means the Securities Act of 1933, as amended.
 - 1.18. “Subsequent Convertible Securities” means convertible securities that the Company may issue after the issuance of this instrument with the principal purpose of raising capital, including but not limited to, other SAFEs, convertible debt instruments and other convertible securities. “Subsequent Convertible Securities” excludes (i) options issued pursuant to any equity incentive or similar plan of the Company; (ii) convertible securities issued or issuable to (A) banks, equipment lessors, financial institutions or other persons engaged in the business of making loans pursuant to a debt financing or commercial leasing or (B) suppliers or third party service providers in connection with the provision of goods or services pursuant to transactions; and (iii) convertible securities issued or issuable in connection with sponsored research, collaboration, technology license, development, OEM, marketing or other similar agreements or strategic partnerships.
 - 1.19. “Voting Common Units” means the Units most similar to the voting common stock of a Delaware corporation or, if the Company has been converted to a corporation, its voting common stock.
 - 1.20. “Units” means the limited liability company interests of the Company.
2. **Conversion.** This SAFE will be convertible into Equity Securities pursuant to the following terms:
 - 2.1. **Next Equity Financing Conversion.** This SAFE will automatically convert into Conversion Shares upon the closing of the Next Equity Financing. The number of Conversion Shares the Company issues upon such conversion will equal the quotient (rounded down to the nearest whole share) obtained by dividing (i) the Investment Amount by (ii) the Conversion Price. At least five (5) days prior to the closing of the Next Equity Financing, the Company will notify the Investor in writing of the terms of the Equity Securities that are expected to be issued in such financing. The issuance of Conversion Shares pursuant to the conversion of this SAFE

will be on, and subject to, the same terms and conditions applicable to the Equity Securities issued in the Next Equity Financing.

- 2.2. **Corporate Transaction Conversion.** In the event of a Corporate Transaction prior to the conversion of this SAFE pursuant to section 2.1, at the closing of such Corporate Transaction, the Investor may elect that either (i) the Company will pay the Investor an amount equal to the Investment Amount, or (ii) this SAFE will convert into that number of Nonvoting Common Units equal to the quotient (rounded down to the nearest whole share) obtained by dividing (A) the Investment Amount by (B) the Conversion Price.

3. **Mechanics of Conversion.**

- 3.1. **Execution of Documents.** Upon the conversion of this SAFE pursuant to section 2.1, the Investor will execute and deliver to the Company all of the transaction documents related to the Next Equity Financing requested by the Company; *provided*, that such documents (i) are the same documents to be entered into with the new investors in such Next Equity Financing, and (ii) have customary exceptions to any drag-along applicable to the Investor, including (without limitation) limited representations, warranties, liability and indemnification obligations for the Investor.

- 3.2. **Certificates.** As promptly as practicable after the conversion of this SAFE and the issuance of the Conversion Shares, the Company (at its expense) will issue and deliver a certificate or certificates evidencing the Conversion Shares (if certificated) to the Investor, or if the Conversion Shares are not certificated, will deliver a true and correct copy of the Company's share register reflecting the Conversion Shares held by the Investor. The Company will not be required to issue or deliver the Conversion Shares until the Investor has surrendered this SAFE to the Company (or provided an instrument of cancellation or affidavit of loss). The conversion of this SAFE pursuant to section 2.1 and section 2.2 may be made contingent upon the closing of the Next Equity Financing and Corporate Transaction, respectively.

4. **Dissolution.** In the event of a Dissolution while this SAFE is outstanding, this SAFE shall be treated in the same manner as standard non-participating preferred stock of a corporation. Thus, the Company will pay the Investor an amount equal to the Investment Amount immediately prior to, or concurrently with, the consummation of the Dissolution. The Company's obligation will rank senior in right of payment to the Company's Common Units and *pari passu* with any convertible debt.
5. **No Rights as a Stockholder.** The Investor is not entitled by virtue of holding this SAFE to be deemed a member of the Company or an owner of Units for any purpose, nor will anything contained in this SAFE be construed to confer on the Investor, as such, any of the rights of a member of the Company or any right to vote on any matter, to receive distributions, or to receive information about the Company.
6. **Most Favored Nation for Convertible Securities.** If the Company issues any Subsequent Convertible Securities prior to termination of this SAFE, the Company will promptly provide the Investor with written notice thereof, together with a copy of all documentation relating to such Subsequent Convertible Securities and, upon written request of the Investor, any additional information related to such Subsequent Convertible Securities as may be reasonably requested by the Investor. In the event the Investor determines that the terms of the Subsequent Convertible Securities are preferable to the terms of this instrument, the Investor will notify the Company in writing. Promptly after receipt of such written notice from the Investor, the Company agrees to amend and restate

this instrument to be identical to the instrument(s) evidencing the Subsequent Convertible Securities.

7. **Restriction on Transfer.** The Investor may not transfer this SAFE or any interest in this SAFE, with or without consideration, without the prior written consent of the Company, which may be withheld in the sole discretion of the Company, provided that if the Investor is an individual, this SAFE may be assigned by the Investor to his or her estate upon death.
8. **First Right of Refusal.**
 - 8.1. **In General.** In the event the Investor receives an offer from a third party to acquire all or a portion of his, her, or its SAFE, then he, she, or it shall notify the Company, specifying the portion of the SAFE to be purchased, the purchase price, the approximate closing date, the form of consideration, and such other terms and conditions of the proposed transaction that have been agreed with the proposed purchaser (the "Sales Notice"). Within thirty (30) days after receipt of the Sales Notice the Company shall notify the Investor whether the Company or a person designated by the Company elects to purchase the SAFE on the terms set forth in the Sales Notice.
 - 8.2. **Special Rules.** The following rules shall apply for purposes of this section:
 - 8.2.1. If the Company elects not to purchase the SAFE or fails to respond to the Sales Notice within the thirty (30) day period described above, the Investor may proceed with the sale to the proposed purchaser, subject to section 7.
 - 8.2.2. If the Company elects to purchase the SAFE, it shall do so within thirty (30) days.
 - 8.2.3. If the Company elects not to purchase the SAFE, or fails to respond to the Sales Notice within the thirty (30) day period described above, and the Investor and the purchaser subsequently agree to a reduction of the purchase price, a change in the consideration from cash or readily tradable securities to deferred payment obligations or non-tradable securities, or any other material change to the terms set forth in the Sales Notice, such agreement between the Investor and the purchaser shall be treated as a new offer and shall again be subject to this section.
 - 8.2.4. If the Company elects to purchase the SAFE in accordance with this section, such election shall have the same binding effect as the then-current agreement between the Investor and the proposed purchaser. Thus, for example, if the Investor and the purchaser have entered into a non-binding letter of intent but have not entered into a binding definitive agreement, the election of the Company shall have the effect of a non-binding letter of intent with the Investor. Conversely, if the Investor and the purchaser have entered into a binding definitive agreement, the election of the Company shall have the effect of a binding definitive agreement. If the Investor and the Company are deemed by this subsection to have entered into only a non-binding letter of intent, neither shall be bound to consummate a transaction if they are unable to agree to the terms of a binding agreement.
9. **Application to Entities.** If the Investor is a Special Purpose Entity, the restrictions set forth in section 7 and section 8 shall apply to indirect transfers of interests in the Company by transfers of interests in such entity (whether by transfer of an existing interest or the issuance of new

interests), as well as to direct transfers. A “Special Purpose Entity” means (i) an entity formed or availed of principally for the purpose of acquiring or holding an interest in the Company, and (ii) any entity if the purchase price of its interest in the Company represents at least seventy percent (70%) of its capital.

10. **Amendment.** Any provision of this SAFE may be amended, waived or modified by written consent of the Company and either (i) the Investor, or (ii) the Requisite Investors; provided, however, that (x) the Purchase Amount may not be changed without the consent of the Investor, (y) the Investor’s consent shall be solicited for any proposed change, and (z) any change made without the Investor’s consent shall treat all investors in the same manner.
11. **Tax Treatment.** The parties acknowledge and agree that for United States federal and state income tax purposes this SAFE is, and at all times has been, intended to be characterized as equity for all income tax purposes under the Internal Revenue Code of 1986, as amended. Accordingly, the parties agree to treat this SAFE consistent with the foregoing intent for all United States federal and state income tax purposes (including, without limitation, on their respective tax returns or other informational statements).
12. **Governing Law.** This SAFE shall be governed by the internal laws of Delaware without giving effect to the principles of conflicts of laws. Each Member hereby (i) consents to the personal jurisdiction of the Delaware courts or the Federal courts located in or most geographically convenient to Santa Clara County, California, (ii) agrees that all disputes arising from this Agreement shall be prosecuted in such courts, (iii) agrees that any such court shall have in personam jurisdiction over such Member, and (iv) consents to service of process by notice sent by regular mail to the address on file with the Company and/or by any means authorized by Delaware law.
13. **Notices.** Any notice or document required or permitted to be given under this SAFE may be given by a party or by its legal counsel and shall be deemed to be given (i) one day after being deposited with an overnight delivery service (unless the recipient demonstrates that the package was not delivered to the specified address), or (ii) on the date transmitted by electronic mail (unless the recipient demonstrates that such electronic mail was not received into the recipient’s Inbox), to the principal business address of the Company, if to the Company, to the email address of the Investor provided by the Investor in his, her, or its Investment Agreement, or such other address or addresses as the parties may designate from time to time by notice satisfactory under this section.
14. **Waiver of Jury Trial.** ANY CONTROVERSY THAT MAY ARISE UNDER THIS SAFE IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES AND, THEREFORE, THE INVESTOR AND THE COMPANY IRREVOCABLY AND UNCONDITIONALLY WAIVE ANY RIGHT TO A TRIAL BY JURY IN RESPECT OF ANY LEGAL ACTION ARISING OUT OF OR RELATING TO THIS SAFE.
15. **Signatures.** This SAFE may be signed (i) in counterparts, each of which shall be deemed to be a fully executed original; and (ii) electronically, *e.g.*, via DocuSign. An original signature transmitted by facsimile or email shall be deemed to be original for purposes of this SAFE.

EXHIBIT F: SYMBIHOM LLC AGREEMENT

SECOND AMENDED AND RESTATED OPERATING AGREEMENT OF SYMBIHOM, LLC A DELAWARE LIMITED LIABILITY COMPANY

This Second Amended and Restated Operating Agreement (together with the Exhibit attached hereto (the "Restated Agreement") of Symbihom, LLC, a Delaware limited liability company (the "Company"), is entered into this 16th day of February, 2022, by and among those Persons (the "Members") identified in Exhibit A.

RECITALS

WHEREAS, Rebecca E. Möller, the initial sole member of the Company, adopted an Operating Agreement dated as of January 10, 2020 (the "Original Operating Agreement");

WHEREAS, additional members were admitted to the Company and such members adopted an Amended and Restated Operating Agreement dated as of June 7, 2021 (the "First A&R Operating Agreement"); and

WHEREAS, additional members are being admitted to the Company and the parties desire to amend and restate the First A&R Operating Agreement.

NOW, THEREFORE, in consideration of the agreements and obligations set forth herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree amend and restate the First A&R Operating Agreement as follows:

In consideration of the mutual covenants and conditions herein, the Members agree as follows:

1. ORGANIZATION.

1.1 Formation and Qualification. The Company was formed as a limited liability company under the Delaware Limited Liability Company Act (currently Chapter 18 of Title 6 of the Delaware Code) (the "Act") by filing a Certificate of Formation (the "Certificate") with the Delaware Secretary of State on January 9, 2020.

1.2 Governing Law. This Restated Agreement shall be governed by and construed and interpreted in accordance with the laws of the State of Delaware as amended from time to time, including the Act, without regard to Delaware's conflicts of laws principles. The rights and liabilities of the Members shall be determined pursuant to the Act and this Restated Agreement. EXHIBIT H: BACKGROUND CHECKS

1. **Name of covered person:** Rebecca E. Moller
2. **Date:** August 11, 2022

This Bad Actor Report summarizes the results obtained from a search of court, regulatory, and agency records that cover each of the enumerated events that would trigger disqualification from offering securities under the claimed exemption from registration or require disclosure.

Summary: Our investigation revealed that Rebecca E. Moller is likely: Not disqualified	
Criminal Convictions: Felony or misdemeanor conviction in connection with the purchase or sale of a security, involving the making of any false filing with the SEC, or arising out of the conduct of the business of an underwriter, broker, dealer, municipal securities dealer, investment adviser, or paid solicitor of purchasers of securities. Details: No information indicating a criminal conviction was found.	
Civil Orders, Judgments, and Decrees: Order, judgment or decree of any court of competent jurisdiction that restrains or enjoins a the covered person from engaging or continuing to engage in any conduct or practice in connection with the purchase or sale of a security, involving the making of any false filing with the SEC, or arising out of the conduct of the business of an underwriter, broker, dealer, municipal securities dealer, investment adviser, or paid solicitor of purchasers of securities. Details: No information indicating a civil order, judgment, or decree was found.	
Regulatory Authority Orders: Final order of a state securities commission, state banking regulator, state insurance commission, federal banking regulator, the U.S. Commodity Futures Trading Commission, or the National Credit Union Administration that bars the covered person from association with any entity regulated by such commission, authority, agency, or officer; engaging in the business of securities, insurance or banking; engaging in savings association or credit union activities; or that constitutes a final order based on a violation of any law or regulation that prohibits fraudulent, manipulative or deceptive conduct. Details: No information indicating a regulatory order was found.	

<p>SEC Regulated Person Orders: Order of the SEC entered pursuant to Section 15(b) or 15B(c) of the Securities Exchange Act, or Section 203(e) or (f) of the Investment Advisers Act of 1940 that suspends or revokes the covered person's registration as a broker, dealer, municipal securities dealer or investment adviser; places limitations on the activities, functions or operations of the covered person; or bars the covered person from being associated with any entity or participating in the offering of any penny stock.</p> <p>Details: No information indicating a regulated person order was found.</p>	
<p>SEC Cease-and-Desist Orders: Order of the SEC that orders the covered person to cease and desist from committing or causing a violation of or future violation of any scienter-based anti-fraud provision of the federal securities laws; or Section 5 of the Securities Act.</p> <p>Details: No information indicating a SEC cease-and-desist order was found.</p>	
<p>Self-Regulatory Organization Orders: Suspension or expulsion from membership in, or suspension or bar from association with a member of, a registered national securities exchange or a registered national or affiliated securities association for any act or omission to act constituting conduct inconsistent with just and equitable principals of trade.</p> <p>Details: No information indicating a self-regulatory organization order was found.</p>	
<p>SEC Stop Orders: Participation in any registration statement or Regulation A offering statements filed with the SEC that was the subject of a refusal order, stop order, or order suspending the Regulation A exemption.</p> <p>Details: No information indicating a SEC stop order was found.</p>	
<p>USPO Orders: United States Postal Service false representation order, or any temporary restraining order or preliminary injunction with respect to conduct alleged by the United States Postal Service to constitute a scheme or device for obtaining money or property through the mail by means of false representations.</p> <p>Details: No information indicating a USPO order was found.</p>	
<p>Other Information: Results for searches covering nationwide arrests, federal and county criminal records, sex offender registry, other civil litigation, bankruptcy records, international watch lists, and derogatory news searches. This information does not impact the ability to undertake any particular securities offering.</p> <p>Details: No derogatory other information was found.</p>	

Important information: Bad Actor Report by CrowdCheck is provided as a tool to help securities issuers and intermediaries establish that they have conducted "reasonable care" to discover whether any covered persons involved in the offering trigger any of the "Bad Actor" disqualifications that prevent the issuer from conducting certain securities offerings or require disclosure. While the search conducted by CrowdCheck is robust, CrowdCheck does not guarantee that the search will identify all disqualifying events. A more complete search would only be possible with expensive in-person investigation and would be affected by the locations in which the subject person had lived. Additionally, false positives may occur due to similarity in names of individuals that will require further efforts on the part of the issuer and intermediary. CrowdCheck only checks persons that are identified to it as "covered persons" and is not responsible for establishing whether any given individual is a "covered person." The results of the Bad Actor Report do not constitute legal advice or investment advice of any kind. By using the Bad Actor Report by CrowdCheck, you agree to hold CrowdCheck harmless from any and all claims, responsibility, or liability that may result from the information provided by Bad Actor Report.
