(D) The Company's Business and Business Plan

Intended Use of Funds

Nippon Curry is launching a new location in Berkeley, California. We signed a lease to develop a new shop which will occupy an 800+ square foot second-generation storefront at 2512 Bancroft (formerly Ladle & Leaf) right across the street from the Main (Sather Gate) Entrance to the UC Berkeley campus at the intersection of Telegraph and Bancroft. Our new shop is next to a boba tea, Jamba Juice and Chase bank. If you're familiar with Berkeley, you'll know that we could not have secured a better location! We forecast our Berkeley location to post sales figures of about \$1.2 million in year 1.

- Pay general contractor and architect for buildout, interior design & renovation
- Purchase equipment and supplies
- Pay for marketing and signage
- Most visible corner in entire city of Berkeley
- 46,000 students and 13,000 faculty study and work in Berkeley

Our Story

After over 25+ years living in Japan, both Thomas and Barry left our wives and kids to pursue our dream of bringing Japanese curry to the American mainstream. We left Japan on December 12, 2020 and opened our first shop two months later on Saturday, February 13, 2021, at the height of the pandemic. The first day of our soft opening was a chilly, winter day, and a line began forming an hour before we opened. By the time our doors opened, 100 people had lined up Fillmore Street and around the corner along Lombard Street. We could not believe the support we received. For three days in a row during our soft opening, we sold out of everything we had prepared in a mere 90 minutes! We had to turn people away because we did not have enough food. Fast forward to 2022, since opening in February 2021, Nippon Curry has built up a loyal fanbase of Japanese curry enthusiasts in our local Marina neighborhood, San Francisco and the greater Bay Area. Nippon Curry is the highest-rated Japanese Curry shop in San Francisco on both Google Maps (4.8) and Yelp (4.5). For FY2021, we had over \$640,000 in sales despite the fact that we were only open 3.5 days a week for the 10 months ending December 31, 2021. From June 1, 2022, we fortified our staff and began operating 7 days a week. Our monthly sales continue to trend upwards, which means we are still growing. We expect to finish 2022 with approximately \$1,100,000 in sales.

- Opened at height of pandemic February 2021
- Opened 7 days/week from June 1, 2022
- Top-rated Japanese curry in San Francisco on Google Maps and Yelp

The Team

Thomas Uehara, CEO

Thomas is from San Francisco and went to Japan in 1990 after graduating from University of California, Berkeley. What was supposed to be a one year trip turned into 30+ years. During his time in Japan, he mastered the language and the culture.

Thomas held leadership roles throughout his career and brought solutions to bridge gaps that exist especially in organizations working in a diverse global environment. By possessing a bi-cultural perspective, Thomas excelled at identifying gaps or "opportunities".

Japanese food has seen a wide acceptance around the world in the past few decades with ramen

being the recent craze in the U.S. Thomas realized that most popular dishes in Japan were available in the U.S.; however, Japanese curry was not widely known by most people. When people think of curry, they associate it to Indian or Thai, but not Japanese. This "gap" was the starting point of the journey to bring an authentic Japanese curry to the U.S.

Barry Louie, COO

Barry spent his childhood in Hawaii and his formative years in Sacramento. After graduating from University of California, Davis, he moved to Japan in 1994 and spent the next 26 years streamlining operations for Japanese and international organizations in hospitality and travel tech. Barry brings relevant experience from travel tech and online sales to scale an organization for rapid growth.

Our Mission

Nippon Curry was established to introduce an authentic Japanese curry culture to mainstream America. Curry is the most widely consumed food in Japan - more plates of curry are eaten annually than even sushi and ramen. We focus on the following core values to ensure we bring exceptional experience in Japanese hospitality - "Omotenashi".

- Authenticity - We serve an award-winning Japanese curry from Tokyo
- Quality - Simple and consistent
- Service - Service with a smile. The Japanese service model in America

Explanation

A “material change” means a change that an average, careful investor would want to know about before making an investment decision. If a material change occurs after you make an investment commitment but before the Offering closes, then the Company will notify you and ask whether you want to invest anyway. If you do not affirmatively choose to invest, then your commitment will be cancelled, your funds will be returned to you, and you will not receive any securities.

(L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as “Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

(M) Terms of the Securities

Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

Summary of Terms

Revenue Percentage ¹	1.9 - 4.8% ²
Payment Deadline	2030-03-31
Maximum Payment Multiple ³ - Early Investors - All Other Investors	1.7 X 1.5 X
Sharing Start Date	The first day after disbursement that the company has revenues greater than one (\$1) dollar
First Payment Date	The last day of the calendar quarter ending not less than 90 days after the Sharing Start Date
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	3.12%

¹ as defined in the note agreement included in Appendix A

² The rate of revenue sharing is calculated on a linear scale with a minimum rate of 1.9% and a maximum rate of 4.8% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$100,000	1.9%
\$137,500	2.6%
\$175,000	3.3%
\$212,500	4.1%
\$250,000	4.8%

³ To reward early participation, the investors who contribute the first \$100,000.0 raised in the offering will receive a 1.7x cap. Investors who contribute after \$100,000.0 has been raised in the offering will receive a 1.5x cap.

Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document

called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company's offering page.

Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company's consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

Other Classes of Securities

Name of Security	Limited Liability Company Interests
Number of Shares Outstanding	N/A
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	N/A
How these securities differ from the revenue sharing notes being offered to investors	Limited Liability Company Interests are an equity interest, whereas Revenue Sharing Notes are a debt obligation of the Company.

Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
Barry Louie	20%
Thomas Uehara	51%

How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

(N) The Funding Portal

The Company is offering its securities through MainVest, Inc., which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. MainVest Inc.'s Central Index Key (CIK) number is 0001746059, their SEC File number is 007-00162, and their Central Registration Depository (CRD) number is 298384.

(O) Compensation of the Funding Portal

Upon successful funding of the Offering, the Funding Portal will receive as the "Revenue Securement Fee"; 4.5% of the amount of the Offering raised by In-Network Users of the Platform plus 9.0% of the amount of the Offering raised by all other investors. "In-Network Users" means a user of Mainvest.com who who have utilized the Company's specified in-network link on the Site.

(S) The Company’s Financial Condition

No other outstanding debt or equity

The capital raised through Mainvest will make up the entirety of the Nippon Curry’s fundraising. However, Nippon Curry may require additional funds from alternate sources at a later date.
