General

6. We note that your subscription agreement includes a forum selection clause that designates the Court of Chancery of the State of Delaware or, alternatively, a federal court of competent jurisdiction in the State of Delaware for all actions or proceedings relating to the subscription agreement. However, the forum selection provision in Article VII of your Certificate of Incorporation identifies the Court of Chancery of the State of Delaware as the exclusive forum for certain litigation, including any "derivative action." Please reconcile these potentially conflicting provisions. In addition, please disclose whether the forum selection provision in your Certificate of Incorporation applies to actions arising under the Securities Act or Exchange Act. In that regard, we note that Section 27 of the Exchange Act creates exclusive federal jurisdiction over all suits brought to enforce any duty or liability created by the Exchange Act or the rules and regulations thereunder, and Section 22 of the Securities Act creates concurrent jurisdiction for federal and state courts over all suits brought to enforce any duty or liability created by the Securities Act or the rules and regulations thereunder. If the provision applies to Securities Act claims, please also revise your offering circular to state that there is uncertainty as to whether a court would enforce such provision and that investors cannot waive compliance with the federal

securities laws and the rules and regulations thereunder. If this provision does not apply to actions arising under the Securities Act or Exchange Act, please also ensure that the exclusive forum provision in the governing documents states this clearly, or tell us how you will inform investors in future filings that the provision does not apply to any actions arising under the Securities Act or Exchange Act.

7. Please revise the Summary and Business sections of your offering statement to describe the current status of your operations, including whether you have commenced any pre-feasibility work or obtained any regulatory approvals, and discuss material hurdles and expected operating costs. In that regard, we note you disclose on page 4 that you have a limited operating history and have not commenced production on any property.

We will consider qualifying your offering statement at your request. If a participant in your offering is required to clear its compensation arrangements with FINRA, please have FINRA advise us that it has no objections to the compensation arrangements prior to qualification.

We remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff. We also remind you that, following qualification of your Form 1-A, Rule 257 of Regulation A requires you to file periodic and current reports, including a Form 1-K which will be due within 120 calendar days after the end of the fiscal year covered by the report.
