December 2015 - April 2017 (1 year 5 months)

Dubai, United Arab Emirates

The GAC Group is committed to ensuring customers' needs for quality shipping, logistics and marine services are understood and met. And with over 9,000 professionals working around the clock at more than 300 offices in over 50 countries, we deliver on that promise.

- Understand business requirements through meetings with business analysts and product managers
- Create wireframes to set the direction of UI
- Creating interactive prototypes
- Facilitate a Usability Testing with the actual users
- Building HTML/CSS for applications
- Designing and building Front-End framework to simplify applications development process

NextMart Holdings Limited

Designer & Co-Founder

February 2015 - January 2016 (1 year)

NextMart is the web and mobile application which allows the user to see, select and order products and goods from their nearest, neighborhood supermarket.

- Created web-site. Design, UI/UX Design, Front-End Development. Fully responsive.
- Created iOS/Android hybrid application. Design, UI/UX Design, Front-End Development.
- Planned and created CMS, PMS and other tools to simplify working process.

Virtual Market Holdings Limited

Product Designer / Front-End Developer

March 2014 - January 2015 (11 months)

s-Mart is a super-Intuitive retail business software designed for touchscreens and targeted towards commercial outlets. It is a huge touchscreen display with all the real size products on it. The customer can swipe the whole wall through thousands of products, search for them easily, filter them out, select desired ones and order them as easy as just a tap on a touchscreen. s-Marts will be allocated in the malls, metro stations, hotels and hotel lobbies.

- I was Product Manager and partner of s-Mart.
- I have created UI/UX design for s-Mart.

- Developed Front-end and CMS. You can see s-Mart sample for flowers shop on this

Presto Development

Front-End Developer / UX Designer

August 2013 - October 2014 (1 year 3 months)

Georgia

Presto is one of the leading web development companies in Georgia. The company's services include Web Solutions, Websites, Facebook Applications, Virtual Tours. Presto worked with the brands such as Johnnie Walker, Samsung, Buddha-Bar, etc.

- I was a Creative Director / UX/UI designer. My responsibility was to build the product from idea to production.
- I was generating ideas for customers, sketching, designing and building Front-End.

Virtual World LTD

Founder

February 2010 - October 2014 (4 years 9 months)

Georgia

Virtual World was the first company making interactive Virtual Tours in Georgia. We were creating interactive HQ 360x180 degree virtual tours for restaurants, universities, schools, etc. We also worked with the government.

- I was taking 360x180 panoramic photos, processed in photoshop and writing code for virtual tours.
- I created Game with a virtual tour for one of the restaurants in Georgia. The idea was to find hidden objects in the venue and get perks in a restaurant.
- We introduced to the restaurants the service of booking the table from the virtual tour

Company for Demand Administration LTD

Web Developer

November 2008 - January 2010 (1 year 3 months)

Georgia

The company provided legal services to banks (Bank of Georgia, TBC Bank, etc.) and other financial organizations.

- I created CRM software (Developed in C#) for the company.
- Managed the IT team.

Bank of Georgia

Junior Art Director

October 2007 - November 2008 (1 year 2 months)

The company was a subsidiary of "Bank of Georgia". The company had 42 inch LCD displays in every branch of the bank - renting them out for advertising.

- I was working with our clients and creating commercials for them.
- During this job, I have created several commercials that got local recognition and awards.

Here are some of my works:

Chevrolet Spark - "You just need a spark" - <http://vimeo.com/24674773>

Borjomi – "Borjomi - my water" - <http://vimeo.com/23545832>

Tbilisi State University – "Unforgettable way of success" - <http://vimeo.com/24674604>
