Founder at Sports Matching

Summary

I am a full-time student at High Point University as well as being an Entrepreneur. My current focus is developing and launching Sports Matching, an app coming to the market. I have entrepreneurial spirit. When I set my mind on something, I do it. I would describe myself as trustworthy, humble, and open-minded; I pride myself on being an independent thinker in all aspects of life.

My favorite Entrepreneur is Elon Musk and he once said. "When something is important enough, you do it even if the odds are not in your favor."
