The Company and its Business

Company Overview

Company Overview

Cann-Ade Corporation ("Cann-Ade®" or the "Company") is a rapidly growing leader in the functional beverage industry, within a niche emerging category, that being the cannabis-infused segment. Cann-Ade® Corporation owns extensive IP including but not limited to trademarks, closely held trade secrets and proprietary formulations.

Business Model

B2B: We sell to beverage distributors who then sell into the retail accounts that they service.

OTC: We sell Cann-Ade® on our company website and on Amazon as well.

Company Owned IP

The Company was granted a U.S Trademark, filed with the USPTO on July 14, 2021.

Competitors and Industry

Competitors

The goal was clear from the beginning: To make a hemp-infused beverage whose unwavering standard of quality was unmatched. As of Fall 2022, that goal was recognized on a global scale, with Cann-Ade® products being what we believe as the first in the world to achieve the title of USDA Organic in the Hemp-Infused Beverage space. This title is not only a huge accomplishment for Cann-Ade® and its loyal consumers, but will also progress the whole industry forward as the bar has, and will continue to be, raised by Cann-Ade® Corporation.

Competitors include Recess, VYBES, and CloudWater. Cann-Ade® stacks up against these competitors by being, to our knowledge, the only product that is USDA Certified Organic. Cann-Ade® has a larger size at 16.9 oz in comparison to its competitors, and a longer shelflife of 2 years, contains 20mg of USA-Grown Broad-Spectrum CBD, has a super premium glass bottle with UV protection, is made with real, organic juices, and does not contain sugar alcohols, sugar replacements, or acidifying additives.

Industry

The cannabidiol (CBD) infused beverages market, which was valued at US\$ 2.83 billion, is expected to reach the value of US\$ 8.96 billion by 2029, at a CAGR of 15.50% during the forecast period of 2022-2029.*

Cannabis is becoming more widely accepted in all aspects while consumers are demanding super products that are easy to consume, health-conscious, helpful, and safe! Cann-Ade® delivers this.

The Company is currently in-market, live-stage, and rapidly selling through in multiple markets. We're also growing into new markets and expanding our retail footprint city by city.

Cann-Ade is also featured on Amazon.com with its own Cann-Ade branded store, paired with nationwide distribution via Amazon PRIME and two day shipping to the entire nation.

In addition to achieving USDA organic certification, all three of our delicious flavors, which come packaged in eco-friendly glass bottles, are extremely low-calorie, vegan, gluten-free, and Kosher, making it the perfect beverage for any lifestyle.

Risk Factors

The SEC requires the company to identify risks that are specific to its business and its financial condition. The company is still subject to all the same risks that all companies in its business, and all companies in the economy, are exposed to. These include risks relating to economic downturns, political and economic events and technological developments (such as hacking and the ability to prevent hacking). Additionally, early-stage companies are inherently more risky than more developed companies. You should consider general risks as well as specific risks when deciding whether to invest.

These are the risks that relate to the Company:

Uncertain Risk

An investment in the Company (also referred to as “we”, “us”, “our”, or the “Company”) involves a high degree of risk and should only be considered by those who can afford the loss of their entire investment. Furthermore, the purchase of any securities should only be undertaken by persons whose financial resources are sufficient to enable them to indefinitely retain an illiquid investment. Each investor in the Company should research thoroughly any offering before making an investment decision and consider all of the information provided regarding the Company as well as the following risk factors, in addition to the other information in the Company’s Form C. The following risk factors are not intended, and shall not be deemed to be, a complete description of the commercial, financial, and other risks inherent in the investment in the Company.

Our business projections are only projections

There can be no assurance that the Company will meet its projections. There can be no assurance that the Company will be able to find sufficient demand for its product or service, that people think it’s a better option than a competing product or service, or that we will be able to provide a product or service at a level that allows the Company to generate revenue, make a profit, or grow the business.

Any valuation is difficult to assess

The valuation for the offering was established by the Company. Unlike listed companies that are independently valued through market-driven stock prices, the valuation of private companies, especially startups, is difficult to assess, may not be exact, and you may risk overpaying for your investment.

The transferability of the Securities you are buying is limited

You should be prepared to hold this investment for several years or longer. For the 12 months following your investment, there will be restrictions on the securities you purchase. More importantly, there are a limited number of established markets for the resale of these securities. As a result, if you decide to sell these securities in the future, you may not be able to find, or may have difficulty finding, a buyer, and you may have to locate an interested buyer when you do seek to resell your investment. The Company may be acquired by an existing player in the industry. However, that may never happen or it may happen at a price that results in you losing money on this investment.

Your investment could be illiquid for a long time

You should be prepared to hold this investment for several years or longer. For the 12 months following your investment, there will be restrictions on how you can resell the securities you receive. More importantly, there are limited established markets for these securities. As a result, if you decide to sell these securities in the future, you may not be able to find a buyer. The Company may be acquired by an existing player in the same or a similar industry. However, that may never happen or it may happen at a price that results in you losing money on this investment.

The Company may undergo a future change that could affect your investment

The Company may change its business, management or advisory team, IP portfolio, location of its principal place of business or production facilities, or other change that may result in adverse effects on your investment. Additionally, the Company may alter its corporate structure through a merger, acquisition, consolidation, or other restructuring of its current corporate entity structure. Should such a future change occur, it would be based on management’s review and determination that it is in the best interests of the Company.

Your information rights are limited with limited post-closing disclosures

The Company is required to disclose certain information about the Company, its business plan, and its anticipated use of proceeds, among other things, in this offering. Early-stage companies may be able to provide only limited information about their business plan and operations because it does not have fully developed operations or a long history to provide more disclosure. The Company is also only obligated to file information annually regarding its business, including financial statements. In contrast to publicly listed companies, investors will be entitled only to that post-offering information that is required to be disclosed to them pursuant to applicable law or regulation, including Regulation CF. Such disclosure generally requires only that the Company issue an annual report via a Form C-AR. Investors are generally not entitled to interim updates or financial information.

Some early-stage companies may lack professional guidance

Some companies attribute their success, in part, to the guidance of professional early-stage advisors, consultants, or investors (e.g., angel investors or venture capital firms). Advisors, consultants, or investors may play an important role in a company through their resources, contacts, and experience in assisting early-stage companies in executing their business plans. An early-stage company primarily financed through Regulation Crowdfunding may not have the benefit of such professional investors, which may pose a risk to your investment.

If the Company cannot raise sufficient funds it will not succeed

The Company is offering Common Stock in the amount of up to \$618,000 in this offering and may close on any investments that are made. Even if the maximum amount is raised, the Company is likely to need additional funds in the future in order to grow, and if it cannot raise those funds for whatever reason, including reasons relating to the Company itself or the broader economy, it may not survive. If the Company manages to raise only the minimum amount of funds sought, it will have to find other sources of funding for some of the plans outlined in "Use of Proceeds."

We may not have enough capital as needed and may be required to raise more capital.

We anticipate needing access to credit in order to support our working capital requirements as we grow. It is a difficult environment for obtaining credit on favorable terms. If we cannot obtain credit when we need it, we could be forced to raise additional equity capital, modify our growth plans, or take some other action. Issuing more equity may require bringing on additional investors. Securing these additional investors could require pricing our equity below its current price. If so, your investment could lose value as a result of this additional dilution. In addition, even if the equity is not priced lower, your ownership percentage would be decreased with the addition of more investors. If we are unable to find additional investors willing to provide capital, then it is possible that we will choose to cease our sales activity. In that case, the only asset remaining to generate a return on your investment could be our intellectual property. Even if we are not forced to cease our sales activity, the unavailability of credit could result in the Company performing below expectations, which could adversely impact the value of your investment.

Terms of subsequent financings may adversely impact your investment

We will likely need to engage in common equity, debt, or preferred stock financings in the future, which may reduce the value of your investment in the Company. Interest on debt securities could increase costs and negatively impact operating results. Preferred stock could be issued in series from time to time with such designation, rights, preferences, and limitations as needed to raise capital. The terms of preferred stock could be more advantageous to those investors than to the holders of common stock or other securities. In addition, if we need to raise more equity capital from the sale of Common Stock, institutional or other investors may negotiate terms that are likely to be more favorable than the terms of your investment, and possibly a lower purchase price per security.

Management's Discretion as to Use of Proceeds

Our success will be substantially dependent upon the discretion and judgment of our management team with respect to the application and allocation of the proceeds of this offering. The Use of Proceeds described below is an estimate based on our current business plan. We, however, may find it necessary or advisable to re-allocate portions of the net proceeds reserved for one category to another, and we will have broad discretion in doing so.

Projections: Forward Looking Information

Any projections or forward-looking statements regarding our anticipated financial or operational performance are hypothetical and are based on management's best estimate of the probable results of our operations and may not have been reviewed by our independent accountants. These projections are based on assumptions that management believes are reasonable. Some assumptions invariably will not materialize due to unanticipated events and circumstances beyond management's control. Therefore, actual results of operations will vary from such projections, and such variances may be material. Any projected results cannot be guaranteed.

The amount raised in this offering may include investments from company insiders or immediate family members. Officers, directors, executives, and existing owners with a controlling stake in the Company (or their immediate family members) may make investments in this offering. Any such investments will be included in the raised amount reflected on the campaign page.

Reliance on a single service or product

All of our current services are variants of one type of service and/or product. Relying heavily on a single service or product can be risky, as changes in market conditions, technological advances, shifts in consumer preferences, or other changes can adversely impact the demand for the product or service, potentially leading to revenue declines or even business failure.

Supply Chain and Logistics Risks

The availability of raw materials, transportation costs, and supply chain disruptions can all impact the ability to manufacture and distribute products or services, leading to lost revenue or increased costs. Products and services that are not available when customers need them can lead to lost sales and damage to the brand's reputation.

Quality and Safety of our Product and Service

The quality of a product or service can vary depending on the manufacturer or provider. Poor quality can result in customer dissatisfaction, returns, and lost revenue. Furthermore, products or services that are not safe can cause harm to customers and result in liability for the manufacturer or provider. Safety issues can arise from design flaws, manufacturing defects, or improper use.

Minority Holder; Securities with Voting Rights

The Common Stock that an investor is buying has voting rights attached to them. However, you will be part of the minority shareholders of the Company and have agreed to appoint the Chief Executive Officer of the Company (the "CEO"), or his or her successor, as your voting proxy. You are trusting in management discretion in making good business decisions that will

grow your investments. Furthermore, in the event of a liquidation of our Company, you will only be paid out if there is any cash remaining after all of the creditors of our Company have been paid out.

You are trusting that management will make the best decision for the company

You are trusting in management's discretion. You are buying securities as a minority holder and therefore must trust the management of the Company to make good business decisions that grow your investment.

Insufficient Funds

The Company might not sell enough securities in this offering to meet its operating needs and fulfill its plans, in which case it may cease operating and result in a loss on your investment. Even if we sell all the Common Stock we are offering now, the Company may need to raise more funds in the future, and if unsuccessful in doing so, the Company will fail. Even if we do make a successful offering in the future, the terms of that offering might result in your investment in the Company being worth less, if later investors have better terms than those in this offering.

This offering involves "rolling closings," which may mean that earlier investors may not have the benefit of information that later investors have.

Once we meet our target amount for this offering, we may request that StartEngine instruct the escrow agent to disburse offering funds to us. At that point, investors whose subscription agreements have been accepted will become our investors. All early-stage companies are subject to a number of risks and uncertainties, and it is not uncommon for material changes to be made to the offering terms, or to companies' businesses, plans, or prospects, sometimes with little or no notice. When such changes happen during the course of an offering, we must file an amendment to our Form C with the SEC, and investors whose subscriptions have not yet been accepted will have the right to withdraw their subscriptions and get their money back. Investors whose subscriptions have already been accepted, however, will already be our investors and will have no such right.

Non-accredited investors may not be eligible to participate in a future merger or acquisition of the Company and may lose a portion of their investment

Investors should be aware that under Rule 145 under the Securities Act of 1933 if they invest in a company through Regulation Crowdfunding and that company becomes involved in a merger or acquisition, there may be significant regulatory implications. Under Rule 145, when a company plans to acquire another and offers its shares as part of the deal, the transaction may be deemed an offer of securities to the target company's investors, because investors who can vote (or for whom a proxy is voting on their behalf) are making an investment decision regarding the securities they would receive. All investors, even those with non-voting shares, may have rights with respect to the merger depending on relevant state laws. This means the acquirer's "offer" to the target's investors would require registration or an exemption from registration (such as Reg. D or Reg. CF), the burden of which can be substantial. As a result, non-accredited investors may have their shares repurchased rather than receiving shares in the acquiring company or participating in the acquisition. This may result in investors' shares being repurchased at a value determined by a third party, which may be at a lesser value than the original purchase price. Investors should consider the possibility of a cash buyout in such circumstances, which may not be commensurate with the long-term investment they anticipate.

Our new product could fail to achieve the sales projections we expect

Our growth projections are based on the assumption that with an increased advertising and marketing budget, our products will be able to gain traction in the marketplace at a faster rate than our current products have. It is possible that our new products will fail to gain market acceptance for any number of reasons. If the new products fail to achieve significant sales and acceptance in the marketplace, this could materially and adversely impact the value of your investment.

We face significant market competition

We will compete with larger, established companies that currently have products on the market and/or various respective product development programs. They may have much better financial means and marketing/sales and human resources than us. They may succeed in developing and marketing competing equivalent products earlier than us, or superior products than those developed by us. There can be no assurance that competitors will not render our technology or products obsolete or that the products developed by us will be preferred to any existing or newly developed technologies. It should further be assumed that competition will intensify.

We are competing against other recreational activities

Although we are a unique company that caters to a select market, we do compete against other recreational activities. Our business growth depends on the market interest in the Company over other activities.

We are an early stage company and have limited revenue and operating history

The Company has a short history, few customers, and effectively no revenue. If you are investing in our company, it's because you think that our product is a good idea, that the team will be able to successfully market, and sell the product or service, and that we can price them right and sell them to enough people so that the Company will succeed. Further, we have never turned a profit and there is no assurance that we will ever be profitable.

We are an early stage company operating in a new and highly competitive industry

The Company operates in a relatively new industry with a lot of competition from both startups and established companies. As other companies flood the market and reduce potential market share, Investors may be less willing to invest in a

company with a declining market share, which could make it more challenging to fund operations or pursue growth opportunities in the future.

Intense Market Competition

The market in which the Company operates may be highly competitive, with established players, emerging startups, and potential future entrants. The presence of competitors can impact the Company's ability to attract and retain customers, gain market share, and generate sustainable revenue. Competitors with greater financial resources, brand recognition, or established customer bases may have a competitive advantage, making it challenging for the Company to differentiate itself and achieve long-term success.

Vulnerability to Economic Conditions

Economic conditions, both globally and within specific markets, can significantly influence the success of early-stage startups. Downturns or recessions may lead to reduced consumer spending, limited access to capital, and decreased demand for the Company's products or services. Additionally, factors such as inflation, interest rates, and exchange rate fluctuations can affect the cost of raw materials, operational expenses, and profitability, potentially impacting the Company's ability to operate.

Uncertain Regulatory Landscape

Due to the unestablished nature of the market the business operates within, the potential introduction of new laws or industry-specific standards can impose additional costs and operational burdens on the Company. Non-compliance or legal disputes may result in fines, penalties, reputational damage, or even litigation, adversely affecting the Company's financial condition and ability to operate effectively.

We have existing patents that we might not be able to protect properly

One of the Company's most valuable assets is its intellectual property. The Company owns trademarks, copyrights, Internet domain names, and trade secrets. We believe one of the most valuable components of the Company is our intellectual property portfolio. Due to the value, competitors may misappropriate or violate the rights owned by the Company. The Company intends to continue to protect its intellectual property portfolio from such violations. It is important to note that unforeseeable costs associated with such practices may invade the capital of the Company.

We have pending patent approval's that might be vulnerable

One of the Company's most valuable assets is its intellectual property. The Company's intellectual property such as patents, trademarks, copyrights, Internet domain names, and trade secrets may not be registered with the proper authorities. We believe one of the most valuable components of the Company is our intellectual property portfolio. Due to the value, competitors may misappropriate or violate the rights owned by the Company. The Company intends to continue to protect its intellectual property portfolio from such violations. It is important to note that unforeseeable costs associated with such practices may invade the capital of the Company due to its unregistered intellectual property.

Our trademarks, copyrights and other intellectual property could be unenforceable or ineffective

Intellectual property is a complex field of law in which few things are certain. It is possible that competitors will be able to design around our intellectual property, find prior art to invalidate it, or render the patents unenforceable through some other mechanism. If competitors are able to bypass our trademark and copyright protection without obtaining a sublicense, it is likely that the Company's value will be materially and adversely impacted. This could also impair the Company's ability to compete in the marketplace. Moreover, if our trademarks and copyrights are deemed unenforceable, the Company will almost certainly lose any potential revenue it might be able to raise by entering into sublicenses. This would cut off a significant potential revenue stream for the Company.

The cost of enforcing our trademarks and copyrights could prevent us from enforcing them

Trademark and copyright litigation has become extremely expensive. Even if we believe that a competitor is infringing on one or more of our trademarks or copyrights, we might choose not to file suit because we lack the cash to successfully prosecute a multi-year litigation with an uncertain outcome; or because we believe that the cost of enforcing our trademark(s) or copyright(s) outweighs the value of winning the suit in light of the risks and consequences of losing it; or for some other reason. Choosing not to enforce our trademark(s) or copyright(s) could have adverse consequences for the Company, including undermining the credibility of our intellectual property, reducing our ability to enter into sublicenses, and weakening our attempts to prevent competitors from entering the market. As a result, if we are unable to enforce our trademark(s) or copyright(s) because of the cost of enforcement, your investment in the Company could be significantly and adversely affected.

The loss of one or more of our key personnel, or our failure to attract and retain other highly qualified personnel in the future, could harm our business

Our business depends on our ability to attract, retain, and develop highly skilled and qualified employees. As we grow, we will need to continue to attract and hire additional employees in various areas, including sales, marketing, design, development, operations, finance, legal, and human resources. However, we may face competition for qualified candidates, and we cannot guarantee that we will be successful in recruiting or retaining suitable employees. Additionally, if we make hiring mistakes or fail to develop and train our employees adequately, it could have a negative impact on our business, financial condition, or operating results. We may also need to compete with other companies in our industry for highly skilled and qualified employees. If we are unable to attract and retain the right talent, it may impact our ability to execute

our business plan successfully, which could adversely affect the value of your investment. Furthermore, the economic environment may affect our ability to hire qualified candidates, and we cannot predict whether we will be able to find the right employees when we need them. This would likely adversely impact the value of your investment.

Our ability to sell our product or service is dependent on outside government regulation which can be subject to change at any time

Our ability to sell our products is subject to various government regulations, including but not limited to, regulations related to the manufacturing, labeling, distribution, and sale of our products. Changes in these regulations, or the enactment of new regulations, could impact our ability to sell our products or increase our compliance costs. Furthermore, the regulatory landscape is subject to regular change, and we may face challenges in adapting to such changes, which could adversely affect our business, financial condition, or operating results. In addition to government regulations, we may also be subject to other laws and regulations related to our products, including intellectual property laws, data privacy laws, and consumer protection laws. Non-compliance with these laws and regulations could result in legal and financial liabilities, reputational damage, and regulatory fines and penalties. It is also possible that changes in public perception or cultural norms regarding our products may impact demand for our products, which could adversely affect our business and financial performance, which may adversely affect your investment.

We rely on third parties to provide services essential to the success of our business

Our business relies on a variety of third-party vendors and service providers, including but not limited to manufacturers, shippers, accountants, lawyers, public relations firms, advertisers, retailers, and distributors. Our ability to maintain high-quality operations and services depends on these third-party vendors and service providers, and any failure or delay in their performance could have a material adverse effect on our business, financial condition, and operating results. We may have limited control over the actions of these third-party vendors and service providers, and they may be subject to their own operational, financial, and reputational risks. We may also be subject to contractual or legal limitations in our ability to terminate relationships with these vendors or service providers or seek legal recourse for their actions. Additionally, we may face challenges in finding suitable replacements for these vendors and service providers, which could cause delays or disruptions to our operations. The loss of key or other critical vendors and service providers could materially and adversely affect our business, financial condition, and operating results, and as a result, your investment could be adversely impacted by our reliance on these third-party vendors and service providers.

The Chief Executive Officer does not currently receive a salary for his role with the Company

Benjamin Daniel Mogul, the CEO of Cann-Ade Corporation (Cann-Ade), does not currently receive a salary for his work at Cann-Ade. Although Benjamin is a majority owner of Cann-Ade, there is some level of risk in investing in a company whose day-to-day operations are managed by an individual who does not receive a salary. As the Company raises more money and generates more revenue Benjamin will begin to be paid a commercially appropriate salary based on the Company's capital resources available at that time and taking into account amounts raised and revenue generated. This may include but is not limited to a monthly or annual fee, health insurance, and/or stock options. However, if the Company does not raise substantial amounts or begin to generate substantial revenue, there is no guarantee Benjamin will be paid a salary for his work at Cann-Ade.

What it means to be a minority holder

As a minority holder of Common Stock of this offering, you have granted your votes by proxy to the CEO of the Company. Even if you were to receive control of your voting rights, as a minority holder, you will have limited rights in regards to the corporate actions of the Company, including additional issuances of securities, company repurchases of securities, a sale of the Company or its significant assets, or company transactions with related parties. Further, investors in this offering may have rights less than those of other investors and will have limited influence on the corporate actions of the Company.

Dilution

Investors should understand the potential for dilution. The investor's stake in a company could be diluted due to the Company issuing additional shares. In other words, when the Company issues more shares, the percentage of the Company that you own will go down, even though the value of the Company may go up. You will own a smaller piece of a larger company. This increase in the number of shares outstanding could result from a stock offering (such as an initial public offering, another crowdfunding round, a venture capital round, or angel investment), employees exercising stock options or by conversion of certain instruments (e.g. convertible bonds, preferred shares or warrants) into stock. If the Company decides to issue more shares, an investor could experience value dilution, with each share being worth less than before, and control dilution, with the total percentage an investor owns being less than before. There may also be earnings dilution, with a reduction in the amount earned per share (though this typically occurs only if the Company offers dividends, and most early-stage companies are unlikely to offer dividends, preferring to invest any earnings into the Company).

Transferability of securities

For a year, the securities can only be resold:

- In an IPO;
- To the company;
- To an accredited investor; and
- To a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

Financial Condition and Results of Operations

Financial Condition

You should read the following discussion and analysis of our financial condition and results of our operations together with our financial statements and related notes appearing at the end of this Offering Memorandum. This discussion contains forward-looking statements reflecting our current expectations that involve risks and uncertainties. Actual results and the timing of events may differ materially from those contained in these forward-looking statements due to a number of factors, including those discussed in the section entitled “Risk Factors” and elsewhere in this Offering Memorandum.

Results of Operations

Circumstances which led to the performance of financial statements:

Year ended December 31, 2023 compared to year ended December 31, 2022

Revenue

Revenue for fiscal year 2023 was \$281,104 compared to \$171,918 in fiscal year 2022. Revenue for fiscal year 2023 significantly increased in comparison to fiscal year 2022. We believe that this performance was primarily driven by three factors: increased sales and availability of our products at retail locations; an aggressive, multi-pronged digital marketing campaign; and the addition of Amazon Prime sales and the addition of Jeff Charney.

Cost of Sales

Cost of sales increased in fiscal year 2023 to \$100,678 due to our significant uptick in revenue from fiscal year 2022 total of \$39,048. Furthermore, we had a significant increase in fiscal year 2023 with regard to retail sales that required increased customer acquisition costs.

Gross margins

Margins for fiscal year 2023 compared to fiscal year 2022 improved from \$132,871 in 2022 to \$181,426 in 2023 due to improved relationships with our vendors and the volume of orders. We continue to work to improve our gross margins as unit economics improve alongside the volume of purchase orders.

Expenses

Expenses decreased slightly for fiscal year 2023 compared to fiscal year 2022, from \$212,947 to \$201,482, due to less initial

startup costs.

Historical results and cash flows:

The Company is currently post revenue and showing signs of strong product market fit. We are of the opinion the historical cash flows will not be indicative of the revenue and cash flows expected for the future because we are still just recently emerging out of the research and development phase, and rolling out the product in a strategically lean fashion at retail and direct to consumer via our company website and Amazon. We hope to generate more revenue by growing our market share on retail shelves and increasing our digital presence on both social media and various online marketplaces including Amazon. Past cash was primarily generated through sales and equity investments. Our goal is to improve sales and cash flows. We recently emerged out of the research and development phase, and have been fully launched into the market, post revenue for just over twelve months.

Liquidity and Capital Resources

What capital resources are currently available to the Company? (Cash on hand, existing lines of credit, shareholder loans, etc...)

The Company has capital resources available in the form of existing credit lines and \$43,000 cash on hand.

How do the funds of this campaign factor into your financial resources? (Are these funds critical to your company operations? Or do you have other funds or capital resources available?)

We believe the funds of this campaign are critical to our company operations. These funds are required to support product production, and purchase order fulfillment.

Are the funds from this campaign necessary to the viability of the company? (Of the total funds that your company has, how much of that will be made up of funds raised from the crowdfunding campaign?)

We believe the funds from this campaign are necessary to the viability of the Company. Of the total funds that our Company has, 92% will be made up of funds raised from the crowdfunding campaign, if it raises its maximum funding goal.

How long will you be able to operate the company if you raise your minimum? What expenses is this estimate based on?

If the Company raises the minimum offering amount, we anticipate the Company will be able to operate for 3 months. This is based on expected expenses related to inventory, sales consultants, marketing, legal, and insurance fees.

How long will you be able to operate the company if you raise your maximum funding goal?

If the Company raises the maximum offering amount, we believe the Company will be able to operate for 1.5 years. Expected expenses may include but are not limited to marketing, operations, raw materials, and R&D.

Are there any additional future sources of capital available to your company? (Required capital contributions, lines of credit, contemplated future capital raises, etc...)

Currently, the Company has contemplated future capital raises by continuing crowdfunding via Reg CF, and is actively contemplating additional lines of credit to support purchase orders.

Cash and Cash Equivalents

Cash and cash equivalents include all cash in banks. The Company's cash is deposited in demand accounts at financial institutions that management believes are creditworthy. The Company's cash and cash equivalents in bank deposit accounts, at times, may exceed federally insured limits. As of December 31, 2023, and December 31, 2022, the Company's cash and cash equivalents did not exceed FDIC insured limits.

Concentration of Credit Risk

The Company is subject to concentrations of credit risks primarily from cash, cash equivalents and accounts receivable. At various times during the years, the Company may have bank deposits in excess of Federal Deposit Insurance Corporation insurance limits. Management believes any credit risk is low due to the overall financial strength of the financial institutions. Accounts receivable consist of uncollateralized receivables from customers/clients primarily located throughout the United States of America.

Accounts Receivable

Accounts receivable are carried net of allowance for expected credit losses. The allowance for expected credit losses is increased by provision charged to expense and reduced by accounts charged off, net of recoveries. The allowance is maintained at a level considered adequate to provide for potential account losses based on management's evaluation of the anticipated impact on the balance of current economic conditions, changes in character and size of the balance, past and expected future loss experience and other pertinent factors.

CANN-ADE CORPORATION

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED TO DECEMBER 31, 2023 AND DECEMBER 31, 2022

In June 2016, the FASB issued ASU No. 2016-13, "Financial Instruments – Credit Losses.". This ASU, and the related ASUs issued subsequently by the FASB, introduce a new model for recognizing credit loss on financial assets not accounted for at fair values through net income, including loans, debt securities, trade receivables, net investment in leases and available-for-sale debt securities. The new ASU broadens the information that an entity must consider in developing estimates of expected credit losses and requires an entity to estimate credit losses over the life of an exposure based on historical information, current information and reasonable supportable forecasts.

The Company adopted this ASU on January 1, 2023, using the modified retrospective approach. The adoption of this ASU did not have a material impact on financial statements as the Company's customers are direct consumers and pay at the time of purchase. As of December 31, 2023, and 2022, the Company determined an allowance for expected credit loss of \$30,086 and \$26,720, respectively.

Inventories

Inventories are valued at the lower of cost or net realizable value. Costs related to finished goods are determined using a FIFO (first-in-first-out) method.

Income Taxes

Cann-Ade Corporation is a C corporation for income tax purposes. The Company accounts for income taxes under the liability method, and deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying values of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled. A valuation allowance is provided on deferred tax assets if it is determined that it is more likely than not that the deferred tax asset will not be realized. The Company records interest, net of any applicable related income tax benefit, on potential income tax contingencies as a component of income tax expense. The Company records tax positions taken or expected to be taken in a tax return based upon the amount that is more likely than not to be realized or paid, including in connection with the resolution of any related appeals or other legal processes. Accordingly, the Company recognizes liabilities for certain unrecognized tax benefits based on the amounts that are more likely than not to be settled with the relevant taxing authority. The Company recognizes interest and/or penalties related to unrecognized tax benefits as a component of income tax expense.

Concentration of Credit Risk

The Company maintains its cash with a major financial institution located in the United States of America which it believes to be creditworthy. Balances are insured by the Federal Deposit Insurance Corporation up to \$250,000. At times, the Company may maintain balances in excess of the federally insured limits.

Revenue Recognition

The Company recognizes revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. In determining when and how revenue is to be recognized from contracts with customers, the Company performs the following five step analysis laid under Accounting Standard Codification ("ASC") 606, Revenue from Contracts with Customers: (1) identification of contract with customers, (2) determination of performance obligations, (3) measurement of the transaction price, (4) allocation of transaction price to the performance obligations, and (5) recognition of revenue when or as the company satisfies each performance obligation.

Revenue is recognized at the point in time when control of the goods is transferred to the customer, which typically occurs at the following times:

- Online Sales: Revenue is recognized at a point-in-time when the goods are delivered to the customer.

CANN-ADE CORPORATION

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED TO DECEMBER 31, 2023 AND DECEMBER 31, 2022

- Wholesale Transactions: Revenue is recognized at a point-in-time when the goods are shipped or delivered to the wholesale customer.

Cost of sales

Costs of goods sold include the cost of product manufactured, product packaging, and processing.

Advertising and Promotion

Advertising and promotional costs are expensed as incurred. Advertising and promotional expenses for the years ended December 31, 2023, and December 31, 2022, amounted to \$70,995 and \$61,404, which is included in sales and marketing expenses.

Fair Value of Financial Instruments

The carrying value of the Company's financial instruments included in current assets and current liabilities (such as cash and cash equivalents, restricted cash and cash equivalents, accounts receivable, accounts payable, and accrued expenses approximate fair value due to the short-term nature of such instruments).

The inputs used to measure fair value are based on a hierarchy that prioritizes observable and unobservable inputs used in valuation techniques. These levels, in order of highest to lowest priority, are described below:

Level 1—Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities.

Level 2—Observable prices that are based on inputs not quoted on active markets but corroborated by market data.

Level 3—Unobservable inputs reflecting the Company's assumptions, consistent with reasonably available assumptions made by other market participants. These valuations require significant judgment.

Subsequent Events

The Company considers events or transactions that occur after the balance sheet date, but prior to the issuance of the financial statements to provide additional evidence relative to certain estimates or to identify matters that require additional disclosure. Subsequent events have been evaluated through October 17, 2024, which is the date the financial statements were issued.

Preferred Stock: Preferred stockholders usually do not have voting rights, but in some cases, they may be granted limited voting rights under specific conditions, such as when dividends are not paid.

Liquidity Rights

Common Stock: Generally, more liquid, as common stock is freely traded on public markets (if the company is publicly traded). However, liquidity depends on market demand.

Preferred Stock: May be less liquid than common stock, as it is often issued in smaller quantities and may have restrictions on transfer. However, preferred stockholders may receive priority in the event of liquidation.

Dividend Rights:

Common Stock: Dividends are paid to common stockholders after preferred stockholders have received their fixed dividends. Common stock dividends are variable and depend on the company's profitability and board decisions.

Preferred Stock: Holders are entitled to fixed dividends that must be paid before any dividends are distributed to common stockholders. Preferred dividends are often cumulative, meaning if they are missed, they must be paid in arrears before common stockholders receive dividends

5. DEBT

Forward Financing

During fiscal year 2023, the Company entered into a future receipts sale agreement with Forward Financing LLC in the amount of \$29,800 (purchase price). The processing fee is \$695. The lender provides the company with the advance amount in exchange for the sale of receivables to the lender. As of December 31, 2023, the outstanding balance of this kind of financing is in the amount of \$9,355, and the entire amount is classified as the current portion.

On March 1, 2023, the Company entered into a future receipts sale agreement with Forward Financing LLC in the amount of \$28,600 (purchase price). The processing fee is \$695. The lender provides the company with the advance amount in exchange for the sale of receivables to the lender. As of December 31, 2023, the outstanding balance of this kind of financing is in the amount of \$13,458, and the entire amount is classified as the current portion.

6. INCOME TAXES

The provision for income taxes for the year ended December 31, 2023 and December 31, 2022 consists of the following:

For The Year Ended December 31,	2023	2022
Net Operating Loss	\$ (18,333)	\$ (19,839)
Valuation Allowance	18,333	19,839
Net Provision For Income Tax	\$ -	\$ -

Significant components of the Company's deferred tax assets and liabilities at December 31, 2023, and December 31, 2022 are as follows:

As of December 31,	2023	2022
Net Operating Loss	\$ (54,704)	\$ (36,371)
Valuation Allowance	54,704	36,371
Total Deferred Tax Asset	\$ -	\$ -

Management assesses the available positive and negative evidence to estimate if sufficient future taxable income will be generated to use the existing deferred tax assets. On the basis of this evaluation, the Company has determined that it is more likely than not that the Company will not recognize the benefits of the federal and state net deferred tax assets, and, as a result, a full valuation allowance has been set against its net deferred tax assets as of December 31, 2023, and December 31, 2022. The amount of the deferred tax asset to be realized could be adjusted if estimates of future taxable income during the carry-forward period are reduced or increased.

For the fiscal year ending December 31, 2023, the Company had a federal cumulative net operating loss ("NOL") carryforwards of \$214,880. Utilization of some of the federal and state NOL carryforwards to reduce future income taxes will depend on the Company's ability to generate sufficient taxable income prior to the expiration of the carryforwards. The federal net operating loss carryforward is subject to an 80% limitation on taxable income, does not expire, and will carry on indefinitely.

The Company recognizes the impact of a tax position in the financial statements if that position is more likely than not to be sustained on a tax return upon examination by the relevant taxing authority, based on the technical merits of the position. As of December 31, 2023, and December 31, 2022, the Company had no unrecognized tax benefits.

CANN-ADE CORPORATION

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED TO DECEMBER 31, 2023 AND DECEMBER 31, 2022

The Company recognizes interest and penalties related to income tax matters in income tax expense. As of December 31, 2023, and December 31, 2022, the Company had no accrued interest and penalties related to uncertain tax positions.

7. RELATED PARTY

As of December 31, 2022, the Company had a Receivable of \$961 from its founder and shareholder, Benjamin Mogul. This amount was collected in 2023.

8. COMMITMENTS AND CONTINGENCIES

Contingencies

The Company's operations are subject to a variety of local and state regulations. Failure to comply with one or more of those regulations could result in fines, restrictions on its operations, or loss of permits that could result in the Company ceasing operations.

Litigation and Claims

From time to time, the Company may be involved in litigation relating to claims arising out of operations in the normal course of business. As of December 31, 2023 and December 31, 2022, there were no pending or threatened lawsuits that could reasonably be expected to have a material effect on the results of the Company's operations.

9. GOING CONCERN

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company has a net operating loss of \$20,056, operating cash outflow of \$69,605, and has minimal liquid assets in cash. These factors normally raise doubt about the Company's ability to continue as a going concern.

The Company's ability to continue as a going concern in the next twelve months following the date the financial statements were available to be issued is dependent upon its ability to produce revenues and/or obtain financing sufficient to meet current and future obligations and deploy such to produce profitable operating results.

Management has evaluated these conditions and plans to generate revenues and raise capital as needed to satisfy its capital needs. During the next twelve months, the Company intends to fund its operations through debt and/or equity financing.

There are no assurances that management will be able to raise capital on terms acceptable to the Company. If it is unable to obtain sufficient amounts of additional capital, it may be required to reduce the scope of its planned development, which could harm its business, financial condition, and operating results. The accompanying financial statements do not include any adjustments that might result from these uncertainties.

**In order to receive perks from an investment, one must submit a single investment in the same offering that meets the minimum perk requirement. Bonus shares from perks will not be granted if an investor submits multiple investments that, when combined, meet the perk requirement. All perks occur when the offering is completed. Crowdfunding investments made through a self-directed IRA cannot receive perks due to tax laws. The Internal Revenue Service (IRS) prohibits self-dealing transactions in which the investor receives an immediate, personal financial gain on investments owned by their retirement account. As a result, an investor must refuse those perks because they would be receiving a benefit from their IRA account.*

The 10% StartEngine Venture Club Bonus

Cann-Ade Corporation will offer 10% additional bonus shares for all investments that are committed by investors who are eligible for the StartEngine Venture Club.

This means eligible StartEngine shareholders will receive a 10% bonus for any shares they purchase in this offering. For example, if you buy 100 shares of Common Stock at \$2.15 / share, you will receive 110 shares of Common Stock, meaning you'll own 110 shares for \$215. Fractional shares will not be distributed and share bonuses will be determined by rounding down to the nearest whole share.

This 10% Bonus is only valid during the investor's eligibility period. Investors eligible for this bonus will also have priority if they are on a waitlist to invest and the company surpasses its maximum funding goal. They will have the first opportunity to invest should room in the offering become available if prior investments are canceled or fail.

Investors will receive the highest single bonus they are eligible for among the bonuses based on the amount invested and the time of offering elapsed (if any). Eligible investors will also receive the Venture Club Bonus and the Loyalty Bonus in addition to the aforementioned bonus.

income of 10% of their net worth per year, whichever is greater. There are no restrictions for accredited investors.

With Regulation Crowdfunding, non-accredited investors with an annual income or net worth less than \$124,000, are limited to invest a maximum of 5% of the greater of those two amounts. For those with an annual income and net worth greater than \$124,000, he/she is limited to investing 10% of the greater of the two amounts.

When will I receive my shares?

At the close of an offering, all investors whose funds have “cleared” by this time will be included in the disbursement. At this time, each investor will receive an email from StartEngine with their Countersigned Subscription Agreement, which will serve as their proof of purchase moving forward.

Please keep in mind that a company can conduct a series of “closes” or withdrawals of funds throughout the duration of the campaign. If you are included in that withdrawal period, you will be emailed your countersigned subscription agreement and proof of purchase immediately following that withdrawal.

What will the return on my investment be?

StartEngine assists companies in raising capital, and once the offering is closed, we are no longer involved with whether the company chooses to list shares on a secondary market, or what occurs thereafter. Therefore, StartEngine has no control or insight into your investment after the close of the live offering. In addition, we are not permitted to provide financial advice. You may want to contact a financial professional to discuss possible investment outcomes.

Can I cancel my investment?

For Regulation Crowdfunding, investors are able to cancel their investment at any point throughout the campaign up until 48 hours before the closing of the offering. Note: If the company does a rolling close, they will post an update to their current investors, giving them the opportunity to cancel during this timeframe. If you do not cancel within this 5-day timeframe, your funds will be invested in the company, and you will no longer be able to cancel the investment. If your funds show as ‘Invested’ on your account dashboard, your investment can no longer be canceled.

For Regulation A+, StartEngine allows for a four-hour cancelation period. Once the four-hour window has passed, it is up to each company to set their own cancelation policy. You may find

within 10 business days.

Refunds that are made through ACH payments can take up to 10 business days to clear. Unfortunately, we are at the mercy of the bank, but we will do everything we can to get you your refund as soon as possible. However, every investment needs to go through the clearing process in order to get sent back to the account associated with the investment.

What is the difference between Regulation Crowdfunding and Regulation A+?

Both Title III (Regulation Crowdfunding) and Title IV (Reg A+) help entrepreneurs crowdfund capital investments from unaccredited and accredited investors. The differences between these regulations are related to the investor limitations, the differing amounts of money companies are permitted to raise, and differing disclosure and filing requirements. IN MAKING AN INVESTMENT DECISION, INVESTORS MUST RELY ON THEIR OWN EXAMINATION OF THE ISSUER AND THE TERMS OF THE OFFERING, INCLUDING THE MERITS AND RISKS INVOLVED. INVESTMENTS ON STARTENGINE ARE SPECULATIVE, ILLIQUID, AND INVOLVE A HIGH DEGREE OF RISK, INCLUDING THE POSSIBLE LOSS OF YOUR ENTIRE INVESTMENT.

www.StartEngine.com is a website owned and operated by StartEngine Crowdfunding, Inc. ("StartEngine"), which is neither a registered broker-dealer, investment advisor nor funding portal.

Unless indicated otherwise with respect to a particular issuer, all securities-related activity is conducted by regulated affiliates of StartEngine: StartEngine Capital LLC, a funding portal registered [here](#) with the US Securities and Exchange Commission (SEC) and [here](#) as a member of the Financial Industry Regulatory Authority (FINRA), or StartEngine Primary LLC ("SE Primary"), a broker-dealer registered with the SEC and [FINRA](#) / [SIPC](#). You can review the background of our broker-dealer and our investment professionals on FINRA's BrokerCheck [here](#). StartEngine Secondary is an alternative trading system (ATS) regulated by the SEC and operated by SE Primary. SE Primary is a member of SIPC and explanatory brochures are available upon request by contacting SIPC at (202) 371-8300.

StartEngine facilitates three types of primary offerings:

1) Regulation A offerings (JOBS Act Title IV; known as Regulation A+), which are offered to non-accredited and accredited investors alike. These offerings are made through StartEngine Primary, LLC (unless otherwise indicated). 2) Regulation D offerings (Rule 506(c)), which are offered only to accredited investors. These offerings are made through StartEngine Primary, LLC. 3) Regulation Crowdfunding offerings (JOBS Act Title III), which are offered to non-accredited and accredited investors alike. These offerings are made through StartEngine Capital, LLC. Some of these offerings are open to the general public, however there are important differences and risks.

Investing in private company securities is not suitable for all investors. An investment in private company securities is highly speculative and involves a high degree of risk. It should only be considered a long-term investment. You must be prepared to withstand a total loss of your investment. Private company securities are also highly illiquid, and there is no guarantee that a market will develop for such securities. Each investment also carries its own specific risks, and you should complete your own independent due diligence regarding the investment. This includes obtaining additional information about the company, opinions, financial projections, and legal or other investment advice. Accordingly, investing in private company securities is appropriate only for those investors who can tolerate a high degree of risk and do not require a liquid investment. StartEngine Marketplace

StartEngine Marketplace ("SE Marketplace") is a website operated by StartEngine Primary, LLC ("SE Primary"), a broker-dealer that is registered with the SEC and a member of FINRA and the SIPC.

StartEngine Secondary ("SE Secondary") is our investor trading platform. SE Secondary is an SEC-registered Alternative Trading System ("ATS") operated by SE Primary that matches orders for buyers and sellers of securities. It allows investors to trade shares purchased through Regulation A+, Regulation Crowdfunding, or Regulation D for companies who have engaged StartEngine Secure LLC as their transfer agent. The term "Rapid," when used in relation to transactions on SE Marketplace, specifically refers to transactions that are facilitated on SE Secondary. This is because, unlike with trades on the StartEngine Bulletin Board ("SE BB"), trades on SE Secondary are executed the moment that they are matched.

StartEngine Bulletin Board ("SE BB") is a bulletin board platform on which users can indicate to each other their interest to buy or sell shares of private companies that previously executed Reg CF or Reg A offerings not necessarily through SE Primary. As a bulletin board platform, SE BB provides a venue for investors to access information about such private company offerings and connect with potential sellers. All investment opportunities on SE BB are based on indicated interest from sellers and will need to be confirmed. Even if parties express mutual interest to enter into a trade on SE BB, a trade will not immediately result because execution is subject to additional contingencies,

VIDEO TRANSCRIPT

Hey everyone, Donovan McNabb here with Cann-Ade. After 13 years as an NFL quarterback, I know that fueling your body with the right nutrients is essential to performing at your best. Cann-Ade, hemp infused water is a healthy and refreshing alternative to sugary sports drinks. They use all natural low calorie ingredients and infuse it with the best USDA organic hemp. Not only does Cann-Ade help me recover faster, but it makes me feel more relaxed, focused, and balanced. Cann-Ade.

Meet Cann-Ade. What we believe is the first and only USDA-certified organic cannabis-infused beverage in the world. As an investor in Cann-Ade Corporation, you're getting, the opportunity to own equity in a company that has quickly become a leader in the extremely hot cannabis-infused beverage market.

Cann-Ade is led by a senior strategic management team that we believe has a proven winning and trusted history, including personnel with multiple exits to Fortune 100 and Fortune 500 companies.

Our product line consists of three flagship flavors: Positively Peach, Zen Lemon, and Strawberry Lime Sublime. From the very first formulation, our goal was clear: to become a leader in the market by providing the gold standard of hemp-infused beverages. Well, we believe that we've done that.

In Fall of 2022, we believe Cann-Ade gained global recognition for its USDA organic certification. And we continue to raise the bar through aggressively transformative and trailblazing practices.

With a two-year shelf life, we also have what we believe is the longest shelf-stable product on the cannabis-infused beverage market, without the addition of any artificial preservatives.

So what's in the bottle? Let's take a look. In every eco-friendly 16.9 ounce glass bottle of Cann-Ade, you'll find 20 milligrams of organic American-grown hemp organic fruit juice and triple-filtered water. Together these ingredients create a delicious and ultra low calorie beverage that consumers are hailing as life-altering, the perfect alcohol alternative, and a powerful anti-inflammatory.

Cann-Ade has earned its place on the shelves and the numbers prove it in the nine months since our launch we have become integrated into over 600 retail locations on the East Coast.

Together we can enjoy a healthier happier existence. I wanna be your favorite.

STARTENGINE SUBSCRIPTION PROCESS (Exhibit E)

Platform Compensation

- As compensation for the services provided by StartEngine Capital, the issuer is required to pay to StartEngine Capital a fee consisting of a 5.5-13% (five and one-half to thirteen) commission based on the dollar amount of securities sold in the Offering and paid upon disbursement of funds from escrow at the time of closing. The commission is paid in cash and in securities of the Issuer identical to those offered to the public in the Offering at the sole discretion of StartEngine Capital. Additionally, the issuer must reimburse certain expenses related to the Offering. The securities issued to StartEngine Capital, if any, will be of the same class and have the same terms, conditions, and rights as the securities being offered and sold by the issuer on StartEngine Capital's website.
- As compensation for the services provided by StartEngine Capital, investors are also required to pay StartEngine Capital a fee consisting of a 0-3.5% (zero to three and a half percent) service fee based on the dollar amount of securities purchased in each investment.

Information Regarding Length of Time of Offering

- Investment Cancellations: Investors will have up to 48 hours prior to the end of the offering period to change their minds and cancel their investment commitments for any reason. Once within 48 hours of ending, investors will not be able to cancel for any reason, even if they make a commitment during this period.
- Material Changes: Material changes to an offering include but are not limited to: A change in minimum offering amount, change in security price, change in management, material change to financial information, etc. If an issuer makes a material change to the offering terms or other information disclosed, including a change to the offering deadline, investors will be given five business days to reconfirm their investment commitment. If investors do not reconfirm, their investment will be canceled and the funds will be returned.

Hitting The Target Goal Early & Oversubscriptions

- StartEngine Capital will notify investors by email when the target offering amount has hit 25%, 50%, and 100% of the funding goal. If the issuer hits its goal early, the issuer can create a new target deadline at least 5 business days out. Investors will be notified of the

new target deadline via email and will then have the opportunity to cancel up to 48 hours before the new deadline.

- **Oversubscriptions:** We require all issuers to accept oversubscriptions. This may not be possible if: 1) it vaults an issuer into a different category for financial statement requirements (and they do not have the requisite financial statements); or 2) they reach \$5M in investments. In the event of an oversubscription, shares will be allocated at the discretion of the issuer, with priority given to StartEngine Owners Bonus members.
- If the sum of the investment commitments does not equal or exceed the target offering amount at the offering deadline, no securities will be sold in the offering, investment commitments will be canceled and committed funds will be returned.
- If a StartEngine issuer reaches its target offering amount prior to the deadline, it may conduct an initial closing of the offering early if they provide notice of the new offering deadline at least five business days prior to the new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). StartEngine will notify investors when the issuer meets its target offering amount. Thereafter, the issuer may conduct additional closings until the offering deadline.

Minimum and Maximum Investment Amounts

- In order to invest, commit to an investment or communicate on our platform, users must open an account on StartEngine Capital and provide certain personal and non-personal information including information related to income, net worth, and other investments.
- **Investor Limitations:** There are no investment limits for investing in crowdfunding offerings for accredited investors. Non-accredited investors are limited in how much they can invest in all crowdfunding offerings during any 12-month period. The limitation on how much they can invest depends on their net worth (excluding the value of their primary residence) and annual income. If either their annual income or net worth is less than \$124,000, then during any 12-month period, they can invest either \$2,500 or 5% of their annual income or net worth, whichever is greater. If both their annual income and net worth are equal to or more than \$124,000, then during any 12-month period, they can invest up to 10% of annual income or net worth, whichever is greater, but their investments cannot exceed \$124,000.

1.1 Registered Office. The registered office and registered agent of the Corporation shall be as from time to time set forth in the Corporation's Articles of Incorporation.

1.2 Other Offices. The Corporation may also have offices at such other places, both within and without the State of Nevada, as the Board of Directors may from time to time determine or the business of the Corporation may require.

ARTICLE II
STOCKHOLDERS

2.1 Place of Meetings. All meetings of the stockholders for the election of Directors shall be held at such place, within or without the State of Nevada, as may be fixed from time to time by the Board of Directors. Meetings of stockholders for any other purpose may be held at such time and place, within or without the State of Nevada, as shall be stated in the notice of the meeting or in a duly executed waiver of notice thereof.

2.2 Annual Meeting. An annual meeting of the stockholders shall be held at such time as may be determined by the Board of Directors, at which meeting the stockholders shall elect a Board of Directors and transact such other business as may properly be brought before the meeting.

2.3 Special Meetings. Special meetings of the stockholders, for any purpose or purposes, unless otherwise prescribed by law, by the Articles of Incorporation or by these Bylaws, may be called by the Chief Executive Officer or the President, or shall be called by the President or Secretary at the request in writing of a majority of the Board of Directors or at the request in writing of the holders of a majority of all the shares issued, outstanding and entitled to vote. Such request shall state the purpose or purposes of the proposed meeting. Business transacted at all special meetings shall be confined to the purposes stated in the notice of the meeting unless all stockholders entitled to vote are present and consent.

2.4 Notice. Written or printed notice stating the place, day and hour of any meeting of the stockholders and, in case of a special meeting, the purpose or purposes for which the meeting is called, shall be delivered not less than ten nor more than sixty days before the date of the meeting, either personally or by mail, by or at the direction of the Chief Executive Officer, the President, the Secretary, or the officer or person calling the meeting, to each stockholder of record entitled to vote at the meeting. If mailed, such notice shall be deemed to be delivered when deposited in the mail, addressed to the stockholder at his address as it appears on the stock transfer books and records of the Corporation or its transfer agent, with postage thereon prepaid.

2.5 List of Stockholders. At least ten days before each meeting of stockholders, a complete list of the stockholders entitled to vote at such meeting, arranged in alphabetical order, with the address of and the number of voting shares registered in the name of each, shall be prepared by the officer or agent having charge of the stock transfer books. Such list shall be kept on file at the registered office of the Corporation (or at such other location determined by the Board of Directors) for a period of ten days prior to such meeting and shall be subject to inspection by any stockholder at any time during usual business hours. Such list shall be produced and kept open at the time and place of the meeting during the whole time thereof, and shall be subject to the inspection of any stockholder who may be present.

2.6 Quorum. At all meetings of the stockholders, the presence in person or by proxy of the holders of one-third (1/3rd) of the shares issued and outstanding and entitled to vote shall be necessary and sufficient to constitute a quorum for the transaction of business except as otherwise provided by law, by the Articles of Incorporation or by these Bylaws. If, however, such quorum shall not be present or represented at any meeting of the stockholders, the stockholders entitled to vote thereat, present in person or represented by proxy, shall have power to adjourn the meeting from time to time, without notice other than announcement at the meeting, until a quorum shall be present or represented. If the adjournment is for more than thirty days, or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to each stockholder of record entitled to vote at the meeting. At such adjourned meeting at which a quorum shall be present or represented, any business may be transacted which might have been transacted at the meeting as originally notified.

2.7 Voting. When a quorum is present at any meeting of the Corporation's stockholders, the vote of the holders of a majority of the shares having voting power present in person or represented by proxy at such meeting shall decide any questions brought before such meeting, unless the question is one upon which, by express provision of law, the Articles of Incorporation or these Bylaws, a different vote is required, in which case such express provision shall govern and control the decision of such question. The stockholders present at a duly organized meeting may continue to transact business until adjournment, notwithstanding the withdrawal of enough stockholders to leave less than a quorum.

2.8 Method of Voting. Each outstanding share of the Corporation's capital stock shall be entitled to one vote on each matter submitted to a vote at a meeting of stockholders, except to the extent that the voting rights of the shares of any class or classes are otherwise provided by applicable law or the Articles of Incorporation, as amended from time to time. At any meeting of the stockholders, every stockholder having the right to vote shall be entitled to vote in person or by proxy appointed by an instrument in writing subscribed by such stockholder or by his duly authorized attorney-in-fact and bearing a date not more than six months prior to such meeting, unless such instrument provides for a longer period. Each proxy shall be revocable unless expressly provided therein to be irrevocable and if, and only so long as, it is coupled with an interest sufficient in law to support an irrevocable power. Such proxy shall be filed with the Secretary of the Corporation prior to or at the time of the meeting. Voting for directors shall be in accordance with Article III of these Bylaws. Voting on any question or in any election may be by voice vote or show of hands unless the presiding officer shall order or any stockholder shall demand that voting be by written ballot.

2.9 Record Date; Closing Transfer Books. The Board of Directors may fix in advance a record date for the purpose of determining stockholders entitled to notice of or to vote at a meeting of stockholders, such record date to be not less than ten nor more than sixty days prior to such meeting, or the Board of Directors may close the stock transfer books for such purpose for a period of not less than ten nor more than sixty days prior to such meeting. In the absence of any action by the Board of Directors, the date upon which the notice of the meeting is mailed shall be the record date.

2.10 Action By Consent. Any action required or permitted by law, the Articles of Incorporation, or these Bylaws to be taken at a meeting of the stockholders of the Corporation may be taken without a meeting if a consent or consents in writing, setting forth the action so taken, shall be signed by stockholders holding at least a majority of the voting power; provided that if a different proportion of voting power is required for such an action at a meeting, then that proportion of written consents is required. Such signed consents shall be delivered to the Secretary for inclusion in the Minute Book of the Corporation.

ARTICLE III BOARD OF DIRECTORS

3.1 Management. The business and affairs of the Corporation shall be managed by or under the direction of the Board of Directors, who may exercise all such powers of the Corporation and do all such lawful acts and things as are not by law, the Articles of Incorporation, a stockholders' agreement or these Bylaws directed or required to be exercised or done by the stockholders.

3.2 Qualification; Election; Term. None of the directors need be a stockholder of the Corporation or a resident of the State of Nevada. The directors shall be elected by plurality vote at the annual meeting of the stockholders, except as hereinafter provided, and each director elected shall hold office until his successor shall be elected and qualified.

3.3 Number. The initial number of directors of the Corporation shall be one (1). Thereafter, the number of directors of the Corporation shall be fixed as the Board of Directors may from time to time designate. No decrease in the number of directors shall have the effect of shortening the term of any incumbent director.

3.4 Removal. Any director may be removed either for or without cause at any special meeting of stockholders by the affirmative vote of at least two-thirds of the voting power of the issued and outstanding stock entitled to vote; provided, however, that notice of intention to act upon such matter shall have been given in the notice calling such meeting.

3.5 Vacancies. Any vacancy occurring in the Board of Directors by death, resignation, removal or otherwise may be filled by an affirmative vote of at least a majority of the remaining directors though less than a quorum of the Board of Directors. A director elected to fill a vacancy shall be elected for the unexpired term of his predecessor in office. A directorship to be filled by reason of an increase in the number of directors may be filled by the Board of Directors for a term of office only until the next election of one or more directors by the stockholders.

3.6 Place of Meetings. Meetings of the Board of Directors, regular or special, may be held at such place within or without the State of Nevada as may be fixed from time to time by the Board of Directors.

3.7 Annual Meeting. The first meeting of each newly elected Board of Directors shall be held without further notice immediately following the annual meeting of stockholders and at the same place, unless by unanimous consent or unless the directors then elected and serving shall change such time or place.

3.8 Regular Meetings. Regular meetings of the Board of Directors may be held without notice at such time and place as shall from time to time be determined by resolution of the Board of Directors.

3.9 Special Meetings. Special meetings of the Board of Directors may be called by the Chief Executive Officer or President on oral or written notice to each director, given either personally, by telephone, by telegram, by mail, by facsimile or by e-mail at least forty-eight hours prior to the time of the meeting. Special meetings shall be called by the Chief Executive Officer, the President or the Secretary in like manner and on like notice on the written request of two-thirds of directors. Except as may be otherwise expressly provided by law, the Articles of Incorporation or these Bylaws, neither the business to be transacted at, nor the purpose of, any special meeting need to be specified in a notice or waiver of notice.

3.10 Quorum and Voting. At all meetings of the Board of Directors the presence of a majority of the number of directors shall be necessary and sufficient to constitute a quorum for the transaction of business, and the affirmative vote of at least a majority of the directors

present at any meeting at which there is a quorum shall be the act of the Board of Directors, except as may be otherwise specifically provided by law, the Articles of Incorporation or these Bylaws. If a quorum shall not be present at any meeting of directors, the directors present thereat may adjourn the meeting from time to time without notice other than announcement at the meeting, until a quorum shall be present.

3.11 Interested Directors. No contract or transaction between the Corporation and one or more of its directors or officers, or between the Corporation and any other corporation, partnership, association, or other organization in which one or more of its directors or officers are directors or officers or have a financial interest, shall be void or voidable solely for this reason, solely because the director or officer is present at or participates in the meeting of the Board of Directors or committee thereof which authorizes the contract or transaction, or solely because his or their votes are counted for such purpose, if: (1) the fact as to his relationship or interest and as to the contract or transaction is known to the Board of Directors or the committee, and the Board of Directors or committee in good faith authorizes the contract or transaction by the affirmative vote of a majority of the disinterested directors, even though the disinterested directors be less than a quorum; or (2) the fact as to his relationship or interest and as to the contract or transaction is known to the stockholders entitled to vote thereon, and the contract or transaction is specifically approved in good faith by vote of the stockholders; or (3) the contract or transaction is fair as to the Corporation as of the time it is authorized, approved, or ratified by the Board of Directors, a committee thereof, or the stockholders. Common or interested directors may be counted in determining the presence of a quorum at a meeting of the Board of Directors or of a committee which authorizes the contract or transaction.

3.12 Action by Consent. Any action required or permitted to be taken at any meeting of the Board of Directors may be taken without such a meeting if a consent or consents in writing, setting forth the action so taken, is signed by all the members of the Board of Directors.

3.13 Compensation of Directors. Directors shall receive such compensation for their services, and reimbursement for their expenses as the Board of Directors, by resolution, shall establish; provided that nothing herein contained shall be construed to preclude any director from serving the Corporation in any other capacity and receiving compensation therefor.

ARTICLE IV COMMITTEES

4.1 Designation. The Board of Directors may, by resolution passed by a majority of the whole Board, designate committees, each committee to consist of one or more directors of the Corporation, which committees shall have such power and authority and shall perform such functions as may be provided in such resolution.

4.2 Authority. Each committee, to the extent provided in such resolution, shall have and may exercise all of the authority of the Board of Directors in the management of the business and affairs of the Corporation, except where action of the full Board of Directors is required by statute or by the Articles of Incorporation.

4.3 Change in Number. The number of committee members may be increased or decreased (but not below one) from time to time by resolution adopted by a majority of the whole Board of Directors.

4.4 Removal. Any committee member may be removed by the Board of Directors by the affirmative vote of a majority of the whole Board, whenever in its judgment the best interests of the Corporation will be served thereby.

4.5 Vacancies. A vacancy occurring in any committee (by death, resignation, removal or otherwise) may be filled by the Board of Directors in the manner provided for original designation in Section 4.1.

4.6 Meetings. The time, place and notice (if any) of all committee meetings shall be determined by the respective committee. Unless otherwise determined by a particular committee, meetings of the committees may be called by the Chief Executive Officer or President on oral or written notice to each member, given either personally, by telephone, by telegram, by mail, by facsimile or by e-mail at least forty-eight hours prior to the time of the meeting and special meetings shall be called by the Chief Executive Officer, the President or the Secretary in like manner and on like notice on the written request of any committee member. Neither the business to be transacted at, nor the purpose of, any meeting need be specified in a notice or waiver of notice of any meeting.

4.7 Quorum; Majority Vote. Unless otherwise determined by a particular committee, at any meeting a majority of the committee members shall constitute a quorum for the transaction of business and the act of a majority of the members present at any meeting at which a quorum is present shall be the act of the committee, except as otherwise specifically provided by statute or by the Articles of Incorporation or by these Bylaws. If a quorum is not present at a meeting of the committee, the members present thereat may adjourn the meeting from time to time, without notice other than an announcement at the meeting until a quorum is present.

4.8 Action by Consent. Any action required or permitted to be taken at any committee meeting may be taken without such a meeting if a consent or consents in writing, setting forth the action so taken, is signed by all the members of such committee.

4.9 Compensation. Compensation of committee members shall be fixed pursuant to the provisions of Section 3.13.

ARTICLE V NOTICE

5.1 Form of Notice. Whenever required by law, the Articles of Incorporation or these Bylaws, notice is to be given to any director or stockholder, and no provision is made as to how such notice shall be given, such notice may be given: (a) in writing, by mail, postage prepaid, addressed to such director or stockholder at such address as appears on the books and records of the Corporation or its transfer agent; or (b) in any other method permitted by law. Any notice required or permitted to be given by mail shall be deemed to be given at the time when the same shall be deposited in the United States mail.

5.2 Waiver. Whenever any notice is required to be given to any stockholder or director of the Corporation as required by law, the Articles of Incorporation or these Bylaws, a waiver thereof in writing signed by the person or persons entitled to such notice, whether before or after the time stated in such notice, shall be equivalent to the giving of such notice. Attendance of a stockholder or director at a meeting shall constitute a waiver of notice of such meeting, except where such stockholder or director attends for the express purpose of objecting to the transaction of any business on the ground that the meeting is not lawfully called or convened.

ARTICLE VI OFFICERS AND AGENTS

6.1 In General. The officers of the Corporation shall be elected by the Board of Directors and shall be a Chairman of the Board of Directors, a President, a Treasurer and a Secretary. The Board of Directors may also elect a Chairman of the Board, a Chief Executive Officer, a Chief Operating Officer, a Chief Financial Officer, and one or more Vice Presidents, Assistant Vice Presidents, Assistant Secretaries and Assistant Treasurers. None of the officers need be a member of the Board of Directors. Any two or more offices may be held by the same person.

6.2 Election. The Board of Directors, at its first meeting after each annual meeting of stockholders, shall elect a President, a Treasurer, a Secretary and such other officers and agents as it shall deem necessary, who shall be elected and appointed for such terms and shall exercise such powers and perform such duties as shall be determined from time to time by the Board.

6.3 Salaries. The salaries of all officers and agents of the Corporation shall be fixed by the Board of Directors or any committee of the Board, if so authorized by the Board.

6.4 Term of Office and Removal. Each officer of the Corporation shall hold office until his death, or his resignation or removal from office, or the election and qualification of his successor, whichever shall first occur. Any officer or agent elected or appointed by the Board of Directors may be removed at any time, for or without cause, by the affirmative vote of a majority of the whole Board of Directors, but such removal shall be without prejudice to the contract rights, if any, of the person so removed. If the office of any officer becomes vacant for any reason, the vacancy may be filled by the Board of Directors.

6.5 Employment and Other Contracts. The Board of Directors may authorize any officer or officers or agent or agents to enter into any contract or execute and deliver any instrument in the name or on behalf of the Corporation, and such authority may be general or confined to specific instances. The Board of Directors may, when it believes the interest of the Corporation will best be served thereby, authorize executive employment contracts which will contain such terms and conditions as the Board of Directors deems appropriate.

6.6 Chairman of the Board. The Chairman of the Board, subject to the direction of the Board of Directors, shall perform such executive, supervisory and management functions and duties as from time to time may be assigned to him or her by the Board of Directors. The Chairman of the Board shall preside at all meetings of the stockholders of the Corporation and all meetings of the Board of Directors.

6.7 Chief Executive Officer. The Chief Executive Officer shall have general and active management of the business of the Corporation and shall see that all orders and resolutions of the Board of Directors are carried into effect. The Chief Executive Officer shall preside at all meetings of the stockholders of the Corporation and all meetings of the Board of Directors in the absence of the Chairman of the Board.

6.8 President. The President shall be subject to the direction of the Board of Directors and the Chief Executive Officer and shall have general charge of the business, affairs and property of the Corporation and general supervision over its other officers and agents. The President shall see that the officers carry all other orders and resolutions of the Board of Directors into effect. The President shall execute all authorized conveyances, contracts, or other obligations in the name of the Corporation except where required by law to be otherwise signed and executed and except where the signing and execution shall be expressly delegated by the Board of Directors to some other officer or agent of the Corporation or reserved to the Board of Directors or any committee thereof. The President shall preside at all meetings of the stockholders of the Corporation and all meetings of the Board of Directors in the absence of the Chairman of the Board and the Chief Executive Officer. The President shall perform all duties incident to the office of the President and such other duties as may be prescribed by the Board of Directors from time to time.

6.9 Chief Operating Officer. The Chief Operating Officer shall be subject to the direction of the Chief Executive Officer, the President and the Board of Directors and shall have day-to-day managerial responsibility for the operation of the Corporation.

6.10 Chief Financial Officer. The Chief Financial Officer shall be subject to the direction of the Chief Executive Officer, the President and the Board of Directors and shall have day-to-day managerial responsibility for the finances of the Corporation.

6.11 Vice Presidents. Each Vice President shall have such powers and perform such duties as the Board of Directors or any committee thereof may from time to time prescribe, or as the President may from time to time delegate to him. In the absence or disability of the President, any Vice President may perform the duties and exercise the powers of the President.

6.12 Secretary. The Secretary shall attend all meetings of the stockholders and record all votes and the minutes of all proceedings in a book to be kept for that purpose. The Secretary shall perform like duties for the Board of Directors when required. He shall give, or cause to be given, notice of all meetings of the stockholders and special meetings of the Board of Directors and shall perform such other duties as may be prescribed by the Board of Directors under whose supervision he shall be. He shall keep in safe custody the seal of the Corporation. He shall be under the supervision of the President. He shall perform such other duties and have such other authority and powers as the Board of Directors may from time to time prescribe or as the President may from time to time delegate.

6.13 Assistant Secretaries. Each Assistant Secretary shall have such powers and perform such duties as the Board of Directors may from time to time prescribe or as the President may from time to time delegate to him.

6.14 Treasurer. The Treasurer shall have the custody of all corporate funds and securities, shall keep full and accurate accounts of receipts and disbursements of the Corporation, and shall deposit all moneys and other valuable effects in the name and to the credit of the Corporation in such depositories as may be designated by the Board of Directors. He shall disburse the funds of the Corporation as may be ordered by the Board of Directors, taking proper vouchers for such disbursements, shall render to the Directors, at the regular meetings of the Board of Directors, or whenever they may require it, an account of all his transactions as Treasurer and of the financial condition of the Corporation, and shall perform such other duties as the Board of Directors may prescribe or the President may from time to time delegate.

6.15 Assistant Treasurers. Each Assistant Treasurer shall have such powers and perform such duties as the Board of Directors may from time to time prescribe or as the President may from time to time delegate to him.

6.16 Bonding. If required by the Board of Directors, all or certain of the officers shall give the Corporation a bond, in such form, in such sum, and with such surety or sureties as shall be satisfactory to the Board of Directors, for the faithful performance of the duties of their office and for the restoration to the Corporation, in case of their death, resignation, retirement or removal from office, of all books, papers, vouchers, money and other property of whatever kind in their possession or under their control belonging to the Corporation.

ARTICLE VII LEGENDS; CERTIFICATES OF SHARES

7.1 Form of Certificates. The Corporation may, but is not required to, deliver to each stockholder a certificate or certificates, in such form as may be determined by the Board of Directors, representing shares to which the stockholder is entitled. Such certificates shall be consecutively numbered and shall be registered on the books and records the Corporation or its transfer agent as they are issued. Each certificate shall state on the face thereof the holder's name, the number, class of shares, and the par value of such shares or a statement that such shares are without par value.

7.2 Shares without Certificates. The Board of Directors may authorize the issuance of uncertificated shares of some or all of the shares of any or all of its classes or series. The issuance of uncertificated shares has no effect on existing certificates for shares until surrendered to the Corporation, or on the respective rights and obligations of the stockholders. Unless otherwise provided by the Nevada Revised Statutes, the rights and obligations of stockholders are identical whether or not their shares of stock are represented by certificates. Within a reasonable time after the issuance or transfer of uncertificated shares, the Corporation shall send the stockholder a written statement containing the information required on the certificates pursuant to Section 7.1. At least annually thereafter, the Corporation shall provide to its stockholders of record, a written statement confirming the information contained in the informational statement previously sent pursuant to this Section.

7.3 Lost Certificates. The Board of Directors may direct that a new certificate be issued, or that uncertificated shares be issued, in place of any certificate theretofore issued by the Corporation alleged to have been lost or destroyed, upon the making of an affidavit of that fact by the person claiming the certificate to be lost or destroyed. When authorizing such issue of a new certificate or uncertificated shares, the Board of Directors, in its discretion and as a condition precedent to the issuance thereof, may require the owner of such lost or destroyed certificate, or his legal representative, to advertise the same in such manner as it shall require and/or to give the Corporation a bond, in such form, in such sum, and with such surety or sureties as it may direct as indemnity against any claim that may be made against the Corporation with respect to the certificate alleged to have been lost or destroyed. When a certificate has been lost, apparently destroyed or wrongfully taken, and the holder of record fails to notify the Corporation within a reasonable time after he has notice of it, and the Corporation registers a transfer of the shares represented by the certificate before receiving such notification, the holder of record is precluded from making any claim against the Corporation for the transfer or a new certificate or uncertificated shares.

7.4 Transfer of Shares. Subject to Article VIII below, shares of stock shall be transferable only on the books of the Corporation or its transfer agent by the holder thereof in person or by his duly authorized attorney. Upon surrender to the Corporation or the transfer agent of the Corporation of a certificate representing shares duly endorsed or accompanied by proper evidence of succession, assignment or authority to transfer, it shall be the duty of the Corporation or the transfer agent of the Corporation to issue a new certificate to the person entitled thereto, cancel the old certificate and record the transaction upon its books.

7.5 Registered Stockholders. The Corporation shall be entitled to treat the holder of record of any share or shares of stock as the holder in fact thereof and, accordingly, shall not be bound to recognize any equitable or other claim to or interest in such share or shares on the part of any other person, whether or not it shall have express or other notice thereof, except as otherwise provided by law.

7.6 Legend on Stock. Until the amendment and restatement of these Bylaws or such earlier date on which these Bylaws are no longer applicable to the underlying shares of stock, each certificate representing shares of stock held by a stockholder or issued to any subsequent Transferee of such shares of stock shall be endorsed with the following legend:

THE VOTING, SALE, PLEDGE, HYPOTHECATION OR TRANSFER OF THE SECURITIES REPRESENTED BY THIS CERTIFICATE IS SUBJECT TO THE TERMS AND CONDITIONS OF THE COMPANY'S BYLAWS. COPIES OF SUCH BYLAWS MAY BE OBTAINED UPON WRITTEN REQUEST TO THE SECRETARY OF THE COMPANY.

7.7 Stock Certificates and Copies of these Bylaws. The Corporation agrees that it will cause the certificates evidencing shares of stock to bear the legend required by Section 7.6, and it shall supply, free of charge, a copy of these Bylaws to any holder of a certificate evidencing shares of stock upon written request from such holder to the Corporation at its principal office. The failure to cause the certificates evidencing the shares of stock to bear the legend required by Section 7.6 or the failure of the Corporation to supply, free of charge, a copy of these Bylaws as provided under this Section 9.2 shall not affect the validity or enforcement of these Bylaws.

ARTICLE VIII: RESTRICTIONS ON TRANSFER

8.1 General Restrictions. No stockholder shall transfer any shares of stock except pursuant to and in accordance with the provisions of these Bylaws. Any purported transfer of shares of stock by a stockholder in violation of these Bylaws shall be null and void ab initio and the Corporation shall not recognize the purported Transferee of such shares of stock on its stock transfer books.

8.2 Permitted Transfers. Notwithstanding anything to the contrary in these Bylaws, a stockholder, may, with or without consideration, transfer shares of stock to a member of the stockholder's immediate family, or to a custodian, trustee (including a trustee of a voting trust), executor or other fiduciary, or a trust, family LLC or family limited partnership for the benefit of a member of the stockholder's immediate family, the stockholder's own self or a charitable remainder trust, provided that any such transfer shall only be effective and permissible under these Bylaws if, prior to the closing of the transfer, the Transferee shall have duly executed and delivered to the Corporation an agreement satisfactory to the Corporation pursuant to which the Transferee becomes subject to these Bylaws and assumes all of the obligations of the stockholder under these Bylaws with respect to the shares of stock that are transferred to the Transferee. Any shares of stock that are transferred pursuant to this Article VIII shall remain subject to all of the restrictions set forth in these bylaws.

ARTICLE IX: RIGHT OF FIRST REFUSAL

9.1 Transfer Notice. If, at any time, any stockholder (the "Selling Stockholder") proposes to transfer any of its shares of stock to one or more Persons (a "Transferee"), other than pursuant to a Drag-Along Sale or in connection with a Termination Event, the Selling Stockholder shall give to the Corporation and each other stockholder written notice of the Selling Stockholder's intention to make the transfer (the "Initial Transfer Notice"), which shall include: (a) a description of the shares of stock to be transferred (the "Offered Stock"); (b) the identity of the prospective Transferee(s); and (c) the purchase price and other material terms and conditions upon which the proposed transfer is to be made. The Initial Transfer Notice shall certify that the Selling Stockholder has received a firm offer from the Transferee and in good faith reasonably believes that a binding agreement for the transfer is obtainable on the terms set forth in the Initial Transfer Notice. The Initial Transfer Notice shall also include a copy of any written proposal, term sheet, letter of intent or other agreement relating to the proposed transfer.

9.2 Corporation Right of First Refusal. With respect to any proposed transfer of Offered Stock by a Selling Stockholder, the Corporation shall have the right, exercisable for a period of thirty (30) days after its receipt of the Initial Transfer Notice, to purchase all or any portion of the Offered Stock at the same purchase price and, except as provided below, otherwise subject to the same terms and conditions as are described in the Initial Transfer Notice for such Offered Stock. The Corporation may exercise such first refusal right by providing written notice thereof to the Selling Stockholder before expiration of such thirty (30) day period. If the Corporation exercises its first refusal right hereunder with respect to any proposed transfer of Offered Stock, it may make payment for such Offered Stock either: (i) in full upon closing by check or wire transfer; or (ii) in three (3) equal installments of principal, the first of which will occur upon the closing and the second and third of which will occur on the first and second anniversaries of the closing, with interest accruing on unpaid installment amounts from the date of the closing until paid at the then-current Mid-Term Applicable Federal Rate under Section 1274(d) of the Code for the month in which the first installment payment is made, in order to fully amortize the purchase price over the three (3) installment payments. If the Corporation does not fully-exercise its first refusal right with respect to any proposed transfer of Offered Stock, the Corporation shall provide written notice thereof (the "Subsequent Transfer Notice") to each of the stockholders other than the Selling Stockholder (the "ROFR Rights Holders"), which shall describe the Offered Stock not purchased by the Corporation and include a copy of the Initial Transfer Notice.

9.3 ROFR Rights Holder Right of First Refusal. With respect to any proposed transfer of Offered Stock by a Selling Stockholder with respect to which the Corporation has not fully-exercised its first refusal right under Section 4.2, each ROFR Rights Holder shall have the right, exercisable for a period of thirty (30) days after its receipt of the Subsequent Transfer Notice, to purchase its pro rata share of the Offered Stock not purchased by the Corporation (subject to the following sentences of this Section 9.3) at the same purchase price and otherwise subject to the

same terms and conditions as described in the Initial Transfer Notice for such Offered Stock. A ROFR Rights Holder may exercise such first refusal right by providing written notice thereof to the Corporation and the Selling Stockholder before expiration of such thirty (30) day period. If any ROFR Rights Holder does not purchase its full pro rata share of the Offered Stock in a transfer subject to this Section 9.3, such declined Offered Stock shall be offered to the other ROFR Rights Holders on a pro rata basis.

9.4 Closing. The closing of the purchase of Offered Stock by the Corporation and any ROFR Rights Holder exercising their respective first refusal rights under Sections 9.2 and 9.3 shall occur no later than thirty (30) days after expiration of the thirty (30) day period set forth in Section 9.2 or Section 9.3 (as applicable).

9.5 Effect of Non-Exercise of Rights of First Refusal. To the extent that the Corporation and the ROFR Rights Holders do not collectively purchase all of the Offered Stock proposed to be transferred in a transfer subject to this Article IX, the Selling Stockholder may, not later than ninety (90) days after expiration of the thirty (30) day period set forth in Section 9.2 or Section 9.3 (as applicable), consummate the transfer of the Offered Stock not purchased by the Corporation and the ROFR Rights Holders to the Transferee at the purchase price described in the Initial Transfer Notice and otherwise on terms and conditions that are the same, in all material respects, as those set forth in the Initial Transfer Notice. If the Selling Stockholder does not, within such ninety (90) day period, consummate such transfer of Offered Stock to the Transferee, or such transfer would not be at the purchase price described in the Initial Transfer Notice or not be on other terms and conditions that are the same, in all material respects, as those set forth in the Initial Transfer Notice, the Offered Stock shall again be subject to the first refusal rights set forth in Sections 9.2 and 9.3.

9.6 "Person" means any natural person, firm, partnership, association, corporation, company, limited liability company, trust, business trust, governmental authority or other entity.

9.7 "Termination Event" means, with respect to a stockholder: (i) the death or permanent disability of such stockholder (if a natural person) or the liquidation, dissolution or other termination or cessation of such stockholder (if not a natural person); (ii) the transfer or proposed transfer of a stockholder's shares of stock or any interest therein to such stockholder's spouse (or, with respect to a stockholder that is not a natural person, the spouse of any beneficial owner of such stockholder) pursuant to a divorce or similar action, proceeding or settlement; (iii) the termination of such stockholder's employment (or, with respect to a stockholder that is not a natural person, the termination of the employment of any beneficial owner of such Stockholder) with the Corporation or any direct or indirect subsidiary of the Corporation; or (iv) the bankruptcy of such stockholder.

ARTICLE X: TAG-ALONG

10.1 Tag-Along Right. With respect to any proposed transfer by a stockholder (the "Tag-Along Seller") of all or any portion of its shares of stock to a third party (the "Tag-Along Purchaser"), other than pursuant to a Drag-Along Sale or in connection with a Termination Event, in which such shares of stock have not been purchased by the Corporation and/or the ROFR Rights Holders in exercise of their respective first refusal rights under Article IX (a "Tag-Along Sale"), the Tag-Along Seller shall provide prompt written notice of the purchase price and other terms and conditions of such proposed transfer (the "Tag-Along Notice") to the other stockholders (collectively, the "Tagging Stockholders") and each of the Tagging Stockholders shall have the right, but not the obligation to, at the same purchase price and otherwise on the same terms and conditions as are contained in the Tag-Along Notice, sell up to an amount of shares of stock held by such Tagging Stockholder equal to the product of: (i) the fraction determined by dividing the number of shares of stock held by such Tagging Stockholder by the number of shares of stock held by all stockholders participating in such Tag-Along Sale (including the shares of stock proposed to be transferred by the Tag-Along Seller in the Tag-Along Sale), multiplied by (ii) the number of shares of stock proposed to be transferred by the Tag-Along Seller in the Tag-Along Sale. To exercise its rights with respect to a Tag-Along Sale, a Tagging Stockholder shall provide written notice thereof to the Tag-Along Seller (a "Tag-Along Notice") within thirty (30) days after its receipt of the Tag-Along Notice. If the Tag-Along Purchaser declines to purchase all of the shares of stock of the Tag-Along Seller and all Tagging Stockholders participating in the Tag-Along Sale, then the Tag-Along Seller shall reduce the number of shares of stock that it sells in the Tag-Along Sale to enable such Tagging Stockholders to sell their shares of stock.

10.2 Procedure for Exercise. Each Tagged Stockholder that elects to participate in a Tag-Along Sale shall, upon request of the Tag-Along Seller, deliver to the Tag-Along Seller any certificates evidencing such shares of stock and all other documentation required by the Tag-Along Purchaser in connection with the Tag-Along Sale and otherwise comply with all terms and conditions of the Tag-Along Sale. If a proposed Tag-Along Sale is not consummated within ninety (90) days after the date of delivery of the Tag-Along Notice, or would not be at the same purchase price and otherwise on the same terms and conditions as are contained in the Tag-Along Notice, then the Tag-Along Seller shall not consummate the Tag-Along Sale without again first complying with the provisions of this Article X.

ARTICLE XI: DRAG-ALONG

11.1 Drag-Along.

(a) If stockholder(s) collectively holding a Majority in Interest (the "Dragging Stockholders") receive a bona fide written offer from a third party (the "Drag-Along Purchaser") providing for a Sale of the Corporation that is approved by the Board of Directors of the Corporation (a "Drag-Along Sale"), the Dragging Stockholders may present such offer to the other stockholders (the "Dragged Stockholders") and each of the Dragged Stockholders shall: (A) to the extent that such Drag-Along Sale requires a vote of the stockholders, vote their respective shares of stock in favor of the Drag-Along Sale (including by execution of a written consent in lieu of meeting of the stockholders) and waive

any applicable dissenters' or similar rights with respect thereto; and (B) with respect to any Drag-Along Sale structured as sale of stock, sell their respective shares of stock to the Drag-Along Purchaser in such Drag-Along Sale; provided that the proceeds of the Drag-Along Sale, after deduction of transaction-related fees and expenses incurred in connection with the Drag-Along Sale, shall be allocated among the shares of stock held by stockholders on a pro rata basis.

(b) Each Dragged Stockholder shall, upon request of the Dragging Stockholders: (i) deliver to the Dragging Stockholders any certificates evidencing its shares of stock; (ii) execute and deliver all documentation required by the Drag-Along Purchaser in connection with the Drag-Along Sale; and (iii) otherwise comply with all terms and conditions of the Drag-Along Sale.

(c) Each Dragged Stockholder hereby grants to the Dragging Stockholders or their designee: (i) an irrevocable proxy to vote its shares of stock in favor of a Drag-Along Sale; and (ii) a binding power of attorney, which is durable and coupled with an interest and shall survive the dissolution or death, as applicable, or disability of such Dragged Stockholder, to execute and deliver any and all documents (including written consent of the Stockholders in lieu of meeting), and to take any and all other actions, as are reasonably necessary in connection with a Drag-Along Sale pursuant to this Article XI.

(d) "Majority in Interest" means stockholder(s) collectively holding a majority of the outstanding shares of stock of the Corporation.

(e) "Sale of the Corporation" means any: (i) merger, consolidation or similar transaction involving the Corporation that results in the holders of the Corporation's equity securities, as of immediately prior to the consummation of such transaction, not holding equity securities representing a majority of the voting power of the Corporation or (if not the Corporation) the surviving entity of such transaction, as of immediately after the consummation of such transaction; (ii) sale of the outstanding equity securities of the Corporation constituting a majority of the voting power of the Corporation; or (iii) sale of all or substantially all of the Corporation's assets. For the avoidance of doubt, a "Sale of the Corporation" does not include a bona fide equity financing in which the Corporation (rather than the equityholders of the Corporation) receives the proceeds thereof.

ARTICLE XII: REPURCHASE UPON TERMINATION EVENT

12.1 Termination Event.

(a) Upon the occurrence of a Termination Event with respect to a stockholder (a "Terminated Stockholder"), the Corporation shall have the right, but not the obligation, to repurchase all or any portion of the shares of stock held by such Terminated Stockholder on the terms and conditions set forth in this Article XII. With respect to any Termination Event resulting from the death or disability of the Terminated Stockholder, all references herein to "Terminated Stockholder" shall be deemed to refer to such Terminated Stockholder's heirs, executors or legal representatives.

(b) To exercise its right to repurchase a Terminated Stockholder's shares of stock, the Corporation shall provide written notice thereof to such Terminated Stockholder within ninety (90) days after it first becomes aware of the occurrence of the Termination Event.

(c) The purchase price payable by the Corporation for a Terminated Stockholder's shares of stock hereunder (the "Purchase Price") shall be the fair market value thereof, without incorporating any minority interest discount or control premium (the "Fair Market Value"), as reasonably agreed upon by the Corporation and the Terminated Stockholder; provided, however, that, if the Corporation and the Terminated Stockholder do not so agree on the Fair Market Value of the Terminated Stockholder's shares of stock within thirty (30) days after the date on which the Corporation provides to the Terminated Stockholder notice of its exercise of its repurchase option, the Fair Market Value of the Terminated Stockholder's shares of stock shall be determined by an independent appraiser qualified to make a valuation of the Corporation and its stock having no direct or indirect relationship with the Corporation or any of the stockholders. The determination of the Fair Market Value of the Terminated Stockholder's shares of stock by the appraiser shall be set forth in a written report issued by the appraiser to the Corporation and the Terminated Stockholder and be final and binding upon the Corporation and the Terminated Stockholder. The Corporation and the Terminated Stockholder shall equally bear the cost of the appraiser.

(d) The closing of the repurchase by the Corporation of a Terminated Stockholder's shares of stock hereunder (the "Repurchase Closing") shall occur as soon as reasonably practicable and in any event within thirty (30) days after the Fair Market Value of the Terminated Stockholder's shares of stock has been determined pursuant to Section 12.1(c). The Corporation shall pay the Purchase Price for the Terminated Stockholder's shares of stock repurchased hereunder to the Terminated Stockholder in three (3) equal installments of principal, the first of which will occur upon the Repurchase Closing and the second and third of which will occur on the first and second anniversaries of the Repurchase Closing. Interest shall accrue on unpaid installment amounts from the date of the Repurchase Closing until paid at the then-current Mid-Term Applicable Federal Rate under Section 1274(d) of the Code for the month in which the first installment payment is made, in order to fully amortize the Purchase Price over the three (3) installment payments.

ARTICLE XIII GENERAL PROVISIONS

13.1 Dividends. Dividends upon the outstanding shares of the Corporation, subject to the provisions of the Articles of Incorporation, if any, may be declared by the Board of Directors at any regular or special meeting. Dividends may be declared and paid in cash, in property, or in shares of the Corporation, subject to the provisions of the Nevada Revised Statutes and the Articles of Incorporation. The Board of Directors may

fix in advance a record date for the purpose of determining stockholders entitled to receive payment of any dividend, such record date to be not more than sixty days prior to the payment date of such dividend, or the Board of Directors may close the stock transfer books for such purpose for a period of not more than sixty days prior to the payment date of such dividend. In the absence of any action by the Board of Directors, the date upon which the Board of Directors adopts the resolution declaring such dividend shall be the record date.

13.2 Reserves. There may be created by resolution of the Board of Directors out of the surplus of the Corporation such reserve or reserves as the directors from time to time, in their discretion, think proper to provide for contingencies, or to equalize dividends, or to repair or maintain any property of the Corporation, or for such other purpose as the directors shall think beneficial to the Corporation, and the directors may modify or abolish any such reserve in the manner in which it was created. Surplus of the Corporation to the extent so reserved shall not be available for the payment of dividends or other distributions by the Corporation.

13.3 Telephone and Similar Meetings. Stockholders, directors and committee members may participate in and hold a meeting by means of conference telephone or similar communications equipment by which all persons participating in the meeting can hear each other. Participation in such a meeting shall constitute presence in person at the meeting, except where a person participates in the meeting for the express purpose of objecting to the transaction of any business on the ground that the meeting is not lawfully called or convened.

13.4 Books and Records. The Corporation shall keep correct and complete books and records of account and minutes of the proceedings of its stockholders and Board of Directors, and shall keep at its registered office or principal place of business, or at the office of its transfer agent or registrar, a record of its stockholders, giving the names and addresses of all stockholders and the number and class of the shares held by each.

13.5 Checks and Notes. All checks or demands for money and notes of the Corporation shall be signed by such officer or officers or such other person or persons as the Board of Directors may from time to time designate.

13.6 Loans. No loans shall be contracted on behalf of the Corporation and no evidence of indebtedness shall be issued in its name unless authorized by a resolution of the Board of Directors. Such authority may be general or confined to specific instances.

13.7 Fiscal Year. The fiscal year of the Corporation shall be fixed by resolution of the Board of Directors.

13.8 Seal. The Corporation may have a seal, and such seal may be used by causing it or a facsimile thereof to be impressed or affixed or reproduced or otherwise. Any officer of the Corporation shall have authority to affix the seal to any document requiring it.

13.9 Indemnification. The Corporation shall indemnify its directors and officers to the fullest extent permitted by the Nevada Revised Statutes and may, if and to the extent authorized by the Board of Directors, so indemnify any other person whom it has the power to indemnify against liability, reasonable expense or other matter whatsoever.

13.10 Power of Attorney. Each stockholder hereby grants to the Corporation and its designees, with full power of substitution, a binding power of attorney to execute and deliver any instrument, agreement, stockholder resolution or consent, restructuring or reorganization agreement or documents, and/or any other document that the Corporation and its designees determines is necessary or appropriate in connection with each stockholder's ownership of capital stock in the Corporation and/or any successor company to the Corporation or any current or future direct or indirect parent company, subsidiary company or other affiliated company of the Corporation and take all actions necessary or appropriate in the judgment of the Corporation and its designees for the accomplishment of the foregoing. The foregoing power of attorney is irrevocable and coupled with an interest and, to the fullest extent permitted by law, shall survive and not be affected by the death, disability, incapacity, dissolution, bankruptcy, insolvency or termination of any stockholder or the transfer of all or any portion of such stockholder's shares of stock, and shall extend to such stockholder's successors, assigns, heirs, executors, administrators and legal representatives.

13.11 Insurance. The Corporation may at the discretion of the Board of Directors purchase and maintain insurance on behalf of any person who holds or who has held any position identified in Section 13.9 against any and all liability incurred by such person in any such position or arising out of his status as such.

13.12 Resignation. Any director, officer or agent may resign by giving written notice to the President or the Secretary. Such resignation shall take effect at the time specified therein or immediately if no time is specified therein. Unless otherwise specified therein, the acceptance of such resignation shall not be necessary to make it effective.

13.13 Off-Shore Offerings. In all offerings of securities pursuant to Regulation S of the Securities Act of 1933, as amended (the "Act"), the Corporation shall require that its stock transfer agent refuse to register any transfer of securities not made in accordance with the provisions of Regulation S, pursuant to registration under the Act or an available exemption thereunder.

13.14 Amendment of Bylaws. The Board of Directors or the stockholder(s) collectively holding a Majority in Interest shall have power to amend, modify or repeal these Bylaws, or adopt any new provision.

13.15 Invalid Provisions. If any part of these Bylaws shall be held invalid or inoperative for any reason, the remaining parts, so far as possible and reasonable, shall be valid and operative.

13.16 Relation to Articles of Incorporation. These Bylaws are subject to, and governed by, the Articles of Incorporation.
